Telstra Orders \$2M of Beam Iridium Handset & Docking Accessory Bundles

World Reach Limited is pleased to announce today that its wholly owned subsidiary, Beam Communications Pty Ltd, has received a significant order from Telstra Corporation with a value of \$2M

This order for Beam's "SatDOCK" In-vehicle Hands-free Docking Station and an Iridium Satellite Telephone follows the initial order in December 2009 and will also include the latest Beam IntelliDOCK and Beam RapidSAT solutions.

These units will be distributed through Telstra's extensive Australia wide sales channels.

Beam has experienced strong acceptance in the market for its Iridium based docking solutions and this additional major order from Telstra further demonstrates the demand for these bundled solutions for the Australian market place.

Deliveries will commence in September and will be completed by February 2011

Yours faithfully

A handwritten signature in black ink, appearing to be "Michael Capocchi", written over a horizontal line.

Michael Capocchi
Managing Director
