Review of Operations

Clover Corporation Limited ("Clover") has reported a profit after tax of \$1.95 million for the half year ended 31 December 2010 (2009: \$1.91 million) an increase of 2.2%. The result was affected by the following:

- Sales revenue decreased to \$14.03 million (2009: \$16.35 million). This result was affected by
 a significant amount of sales (\$2.00 million) being deferred, at customer requests, from
 December 2010 to January 2011 and the cessation of sales of NuSoya products. Whilst the
 sales were below the prior corresponding period, they represent an increase of 54% on those
 of the half-year ended 31 December 2008.
- NuSoya sales of \$312,000 (2009: \$768,000) were made prior to the business being closed in October 2010. NuSoya sales for the whole of FY10 were \$1.25 million.
- There was continued growth of sales into China.
- The development of sales in the Americas and Europe by GTC Nutrition (GTC) continues to be slower than anticipated. Clover has been assured that the sales, marketing and technical organization currently being formed by GTC and its parent Corn Products International to support the sale of nutritional ingredients, including Nu-Mega Ingredients products, will move aggressively to meet sales targets.
- Expenditure on Research and Development increased by 20.8% to \$622,000 (2009: \$515,000) in support of the expanding innovation pipeline. In FY11 the R&D program has resulted in 3 new microencapsulated products that are currently under evaluation by customers. A further 3 products, demonstrating a number of new technologies, are on schedule for release in the third quarter of the financial year. Where appropriate, patent applications have been filed to protect the intellectual property inherent in these differentiated products.
- Other cost increases relate mainly to the provision of personnel necessary for the growth of the business and include the appointment of a Chief Financial Officer.

DIRECTORS' REPORT (Continued)

Future Food Ingredients Pty Limited (FFI) ceased operation in October 2010 and activities have been undertaken to sell the business located in Moree, which comprises the land, building and equipment. The stock of soybeans is currently in the process of being sold. A number of interested parties have inspected the site and activities directed towards the sale of the business continue. A review of the value of the assets and liabilities associated with FFI has indicated that no additional provision needs to be made at this time.

Traditionally, performance of the Company in the second half has been stronger than in the first half and this trend is expected to continue in the current financial year.

After careful consideration the Board has decided that no interim dividend will be paid.

Rounding of Amounts

The economic entity has applied the relief available to it in ASIC Class Order 98/0100 and accordingly amounts in the financial report and the directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

Auditors Independence Declaration

The lead auditor's independence declaration for the half-year ended 31 December 2010 has been received and is set out on page 20.

This report is signed in accordance with a resolution of the directors.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF YEAR TO 31 DECEMBER 2010 (continued)

1. Significant accounting policies

Statement of Compliance

This financial report for the half-year ended 31 December 2010 is a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001*, and Australian Accounting Standard AASB 134: Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

The half-year financial report does not include notes of the type normally included in an annual financial report, therefore, it cannot be expected to provide as full an understanding of the income statement, balance sheet and cash flow statement of Clover Corporation Limited and its controlled entities ('the Company') as the full financial report. It is recommended that this half- year financial report be read in conjunction with the annual financial report for the year ended 30 June 2010 and any public announcements made by Clover Corporation Limited and its controlled entities during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001.

Basis of preparation

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of consideration given in exchange for assets. All amounts are presented in Australian dollars unless otherwise noted.

The economic entity has applied the relief available to it in ASIC Class Order 98/0100 and accordingly amounts in the financial report and the directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

The accounting policies and methods of computation have been consistently applied by the entities in the economic entity and are consistent with those applied in the 30 June 2010 annual report and the corresponding interim reporting period.

6. Associates

Future Food Ingredients Pty Ltd ("FFI")

On 8 July 2010 the directors announced their decision to fully impair the Company's investment in, and loans owing from, its associate company Future Food Ingredients Pty Ltd. The effect of the impairment was reflected in the Company's financial result for the year ended 30 June 2010. The directors' announcement on 8 July 2010 also referenced their intention to divest this investment.

Since this announcement, Clover and its 50% joint venture partner ("the Joint Venture Partners") have been actively engaged in the sale of this business. As reported at the Annual General Meeting on 23 November 2010, negotiations with interested parties had begun, and these negotiations are continuing as at the date of this report.

Following ongoing production issues in the first quarter of this financial year the Joint Venture Partners took the decision to discontinue manufacturing and the plant subsequently closed on 15 October 2010. Since this date, and up to the date of this report, costs have been minimised to those associated with the security and maintenance of the plant and all remaining finished inventory has been sold. FFI produced an (unaudited) operating loss of \$0.69m (EBITDA \$0.5m loss).

The Company has not recognised its share of this loss of \$0.35m (31 December 2009: \$0.44m loss), as the Company has now fully impaired its investment in the Associate.

As at 31 December 2010 the assets of FFI include the land, buildings, plant and equipment, approximately 840 tonnes of unprocessed soy beans, offset by liabilities which include loans from the Joint Venture Partners of \$3.11m (30 June 2010, \$2.61m) and loans owing to FFI's debt provider of \$2.94m (30 June 2010: \$3.35m).

Clover has provided guarantees to the Associate's debt provider to underwrite the Company's share of any potential shortfall between the proceeds from sale of the business and the current debt obligations. The Associate's debt provider has agreed to a continuation of all current credit facilities until at least 31 March 2011.

The directors estimate that the net proceeds from the sale process, will be sufficient to meet FFI's debt obligations to its external debt providers and ongoing maintenance and security costs up to the date of sale, but will be insufficient to repay, wholly or partly, the loans owing to the Joint Venture Partners.

Based on the above the directors consider that the loans provided to the Associate by Clover of \$2.6m at 31 December 2010 (30 June 2010: \$2.6m) and Clover's investment in the Associate should remain fully impaired.

7. Related party transactions

Clover Corporation Limited is the ultimate parent entity of the economic entity.

Other related parties and director related entities with whom the economic entity continues to transact are:

- Corporate & Administrative Services Pty Limited accounting fees
- Washington H. Soul Patterson & Company Limited company secretarial fees

8. Segment information

Identification of reportable segments

The consolidated entity has identified its operating segments based on the internal reports that are reviewed and used by the Chief Executive Officer and the Board of Directors in assessing performance and in determining the allocation of resources.

The consolidated entity operates entirely in the industry of manufacturing tuna oils and related products in Australia. The operating segments are identified by management based on the oil derived omega-3 oils and microencapsulated powders.

The reportable operating segments are split between the omega-3 oil and soy bean products. Financial information about each of these segments is reported to the Chief Executive Officer and Board of Directors on a monthly basis.

In addition to the operating segments, an investment / treasury segment is reported. The assets within this segment are cash and cash equivalents and other financial assets. Interest income is allocated to this segment.

No segments are identified or reported on the basis of major customers. Disclosure of this information would be prejudicial against the consolidated entity.

Accounting policies and inter-segment transactions

Segment revenues and expenses are those directly attributable to the segments and include any joint revenue and expenses where a reasonable basis of allocation exists. An internally determined transfer price is set for all inter-segment sales. This price is based on what would be realised in the event the sale was made to an external party at arm's length. All such transactions are eliminated on consolidation of the consolidated entity's financial statements.

Segment assets include all assets used by a segment and consist principally of cash, receivables, inventories, intangibles and property, plant and equipment, net of allowances and accumulated depreciation and amortisation. While most such assets can be directly attributed to individual segments, the carrying amount of certain assets used jointly by two or more segments is allocated to the segments on a reasonable basis.

Segment liabilities consist principally of payables, employee benefits, accrued expenses, provisions and borrowings.

The accounting policies used by the consolidated entity in reporting segments are the same as those contained in note 1 to the accounts and in the prior period. The following items are not allocated to operating segments as they are not considered part of the core operations of any segment:

- Income tax expense
- Current tax liability
- Deferred tax asset
- Deferred tax liability

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Clover Corporation Limited, I state that:

In the opinion of the directors:

- (a) the financial statements and notes of the consolidated entity as set out in this financial report:
 - 1. give a true and fair view of the consolidated entity's financial position as at 31 December 2010 and of its performance for the half year ended on that date; and
 - 2. comply with Accounting Standards and the Corporations Act 2001; and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

INDEPENDENT REVIEW REPORT

TO THE MEMBERS OF CLOVER CORPORATION LIMITED

Report on the Half Year Financial Report

We have reviewed the accompanying half-year financial report of Clover Corporation Limited (the consolidated entity) which comprises the statement of financial position as at 31 December 2010, and the statement of comprehensive income, statement of changes in equity and cash flow statement for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the consolidated entity are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Auditing Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2010 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Clover Corporation Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*
