Digislide Holdings Limited and Controlled Entities

ABN: 75 105 012 066

Independent Auditor's Review Report to the members of Digislide Holdings Limited and Controlled Entities

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Digislide Holdings Limited and Controlled Entities, which comprises the consolidated statement of financial position as at 31 December 2010, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated cash flow statement for the half-year ended on that date, the accounting policies and other selected explanatory notes and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of Digislide Holdings Limited are responsible for the preparation of the half-year consolidated financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year consolidated financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the consolidated financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of Digislide Holdings Limited and Controlled Entities' financial position as at 31 December 2010 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Digislide Holdings Limited and Controlled Entities, ASRE 2410 requires that we comply with all ethical requirements relevant to the audit of the annual financial report.

A review of a half-year consolidated financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of Digislide Holdings Limited and Controlled Entities on 28 February 2011.

ABN: 75 105 012 066

Independent Auditor's Review Report to the members of Digislide Holdings Limited and Controlled Entities

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year consolidated financial report of Digislide Holdings Limited and Controlled Entities is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of company and controlled entities' financial position as at 31 December 2010 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Regulations 2001.

Inherent Uncertainty Regarding Going Concern

Without qualification to the conclusion expressed above, attention is drawn to the following matter.

As indicated in note 1(b) to the financial statements, the business operated by Digislide Holdings is not yet selling sufficient volumes of products to cover costs, and as such the going concern assumption is significantly uncertain due to the following factors:

- the business currently does not generate sufficient trading revenues to meet its current cost structure and is reliant on capital injections and loans from shareholders; and
- the current liabilities of the company exceed the current assets by \$1,880,829; and
- the Group has a cash position of only \$5,453

The going concern basis has been adopted on the basis that there is a reasonable expectation that the Group will be able to raise sufficient funds from shareholders until the Group is in a position of generating sufficient cash from the commercialisation of its products going forward.

Hayes Knight (SA)

Graeme Rodda Director

ABN: 75 105 012 066 Directors' Report

31 December 2010

Your directors present their report on the company and its controlled entities for the financial half year ended 31 December 2010.

1. General information

Directors

The names of the directors in office at any time during, or since the end of, the half year are:

NamesPositionMr Leon MilfordChairmanMs Luceille OuthredCEO

Mr Malcolm Leahy
Mr Grant Chapman
Non-Executive Director
Non-Executive Director

2. Business review

Review of operations

Over the past six months Digislide has continued its investment into research and development and early stage commercialisation of several new products.

For the period ahead to 30 June 2011, the company looks to the licensing of new distribution channels for products to be released to global markets in the next two quarters, ie

- enhanced digishow™ with a new ergonomic form, SD card interface and a 50% increase in light output
- WeSii™ composite and WeSii™ audio docking station and projector
- digiPRO™ SVGA pocket projector with ergonomic and aesthetic form and 20 lumens
- XRay[™] composite and XRay[™] audio docking station and projector

Digislide is also undertaking the commercialisation of StingRay™ and Sii®, which are 150 lumens projectors, suitable for gamers and home theatre enthusiasts.

The addition of the above products to the Digislide suite, coupled with new distribution channels should generate considerable improvements in revenues from new markets whilst existing distributors can offer a wider range of products, expanding the awareness in other regions, and increasing revenue streams.

Digislide has opened up additional distribution channels into the massive USA and Indian markets as announced previously to the ASX and continues negotiation with additional parties in China and USA.

The completion of a number of major technology developments, coupled with tightly managed costs over this period has reduced the quarterly cash burn rate significantly. The loss for the half-year to 31 December 2010 is \$1.6M against that reported for the corresponding period in 2009 of \$3.9M reflecting the non-repetitive nature of numerous costs associated with the IPO and tight cost management.

ABN: 75 105 012 066

Directors' Report

31 December 2010

2. Business review continued

Review of operations continued

Digislide continues to work with potential partners towards securing a licence for Digismart Miniature Projection Technologies[™] and Digislide Inside®, embedding of the miniature projection technologies within other hand held devices, including mobile phones and laptops.

Mid year, Digismart Commerce was incorporated in Hong Kong as a Joint Venture with Allied Animation Technologies Pty Ltd, long term partner for the development of Digismart Swap™ technologies. The Joint Venture partners will actively seek investment over the next 12 months, to ensure commercialisation of the finalisation of design and commercialisation of the Digismart Swap™ products.

Digislide has been successful in securing a licence agreement with a Global Licensor of IPTV technologies. It has incorporated a new entity, VSDN Australia Pty Ltd for the commercialisation of the Virtual Streaming Distribution Network technologies. VSDN Australia Pty Ltd is working to commercial leading Open Video Delivery Platform technologies. The VSDN network will monetize the technologies within their discrete markets through forming strategic alliances with the telecommunications and broadcasting industries, content providers, investment partners, licensees and retailers.

VSDN Australia Pty Ltd will commence actively seeking strategic industry partners, and investment partners to assist in the rapid monetization of these leading IPTV technologies over the next 12 months.

3. Other items

After balance date events

Austrade Appeal

In 2008-2009 Financial Year, Digislide expended over \$500,000 in international market development, and claimed Export Market Development Grants against those expenditures. Austrade denied the Company's claim based on the "size of the commercial return received or receivable in the grant year", "the company's financial position" at the time, its "resources to maintain its international business" and the "net economic benefits for Australia" that the Company offered.

Digislide is rigorously appealing this decision arguing that Austrade must take into account the effects of the Global Financial Crisis (on companies and countries) and the considerable funds injected since 30th June 2008, and additional commitments received since that time for international marketing. A Conciliation Meeting is set aside for May.

Fortrend \$5M Agreement

On the 25th February 2011 the company announced to the market the formalisation of a Standby Subscription Agreement for \$5.0M with Fortrend Securities Pty Ltd a boutique Melbourne based broking house. This facility will enable the company to access cash flows for the company whilst substantial amounts are still owed to the company by the Australian Government being the ATO and Austrade.

ABN: 75 105 012 066 Directors' Report 31 December 2010

3. Other items continued

After balance date events continued

Rights Commerce Ltd

In February 2011 the company received a Notice for Winding-up of the company that was promptly settled. A supporting creditor, Rights Commerce Ltd (UK), applied to join the action and the matter has been set down for hearing on the 1 March 2011. Digislide has always disputed the debt to Rights Commerce Ltd, and when they attempted the same process in Melbourne last year the matter was dismissed by the Court with costs awarded in Digislides' favour "with indemnity". The company is vigorously defending its rights and will seek redress regarding the disputed debt claims, and losses the company alleges were caused through Rights Commerce breaching its contract with Digislide.

Except for the above, no other matters or circumstances have arisen since the end of the financial half year which significantly affected or could significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

Auditors Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out at page 20.

Notes to the Financial Statements

For the Period Ended 31 December 2010

1 Basis of Preparation

(a) Introduction

These general purpose financial statements for the interim half-year reporting period ended 31 December 2010 have been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standard AASB 134: Interim Financial Reporting.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Digislide Holdings Limited and its controlled entities (the Group). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2010, together with any public announcements made during the half-year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

(b) Going Concern

The business operated by Digislide Holdings Limited is transitioning into the commercialisation of its products and does not yet produce sufficient trading revenue to cover its on-going costs and as such there is some material uncertainty regarding the Group's status as a going concern

The going concern assumption is affected by:

- the business currently does not generate sufficient revenue to meet its current cost structure and is reliant on shareholder loans and capital raising to fund cash flow; and
- the current liabilities exceed the current assets; and
- the nature of the liquidity of the Group is limited by the ability of the trade dollars and stock to be readily converted to cash within a reasonable time to assist in repayment of debts as they fall due.

However there are certain factors which mitigate the above as follows:

- currently the Group's cash flow is being met by funds from investors which have been sufficient to meet essential outgoings; and
- the Group is able to draw down on a \$2.3M commitment from its largest shareholder by way
 of a converting note when required; and
- the Group has subsequently established a \$5M standby equity facility available for three years; and
- there is an increased range of products ready for sale; and

ABN: 75 105 012 066

Notes to the Financial Statements

For the Period Ended 31 December 2010

1 Basis of Preparation continued

(b) Going Concern continued

 the Group is also in discussion for lucrative contracts which are expected to enable the Group to increase sales sufficiently to cover its costs and operate as a going concern.

The financial statements have been prepared on a going concern basis on the understanding that there is reasonable expectation sufficient share proceeds and borrowings will continue to be forthcoming until trading revenues are strong enough to meet ongoing expenditure.

16 Australian Taxation Office Audit

The parent entity is currently undergoing an ATO audit of their GST account. For this reason, the related balances in the financial report may not be accurate. The directors do not believe that any adjustments that may be required will be of a material nature.

17 Contingent Liabilities and Contingent Assets

During the six months to 31 December 2010, the Group has claimed another \$23,975 of the SAIIF grant leaving a further \$1,087,018 available until 30 June 2011.

18 Events after the end of the reporting period

Austrade Appeal

In 2008-2009 Financial Year, Digislide expended over \$500,000 in international market development, and claimed Export Market Development Grants against those expenditures. Austrade denied the Company's claim based on the "size of the commercial return received or receivable in the grant year", "the company's financial position" at the time, its "resources to maintain its international business" and the "net economic benefits for Australia" that the Company offered.

Digislide is rigorously appealing this decision arguing that Austrade must take into account the effects of the Global Financial Crisis (on companies and countries) and the considerable funds injected since 30th June 2008, and additional commitments received since that time for international marketing. A Conciliation Meeting is set aside for May.

Notes to the Financial Statements

For the Period Ended 31 December 2010

18 Events after the end of the reporting period continued

Fortrend \$5M Agreement

On the 25th February 2011 the company announced to the market the formalisation of a Standby Subscription Agreement for \$5.0M with Fortrend Securities Pty Ltd a boutique Melbourne based broking house. This facility will enable the company to access cash flows for the company whilst substantial amounts are still owed to the company by the Australian Government being the ATO and Austrade.

Rights Commerce Ltd

In February 2011 the company received a Notice for Winding-up of the company that was promptly settled. A supporting creditor, Rights Commerce Ltd (UK), applied to join the action and the matter has been set down for hearing on the 1 March 2011. Digislide has always disputed the debt to Rights Commerce Ltd, and when they attempted the same process in Melbourne last year the matter was dismissed by the Court with costs awarded in Digislides' favour "with indemnity". The company is vigorously defending its rights and will seek redress regarding the disputed debt claims, and losses the company alleges were caused through Rights Commerce breaching its contract with Digislide.

Except for the above, no other matters or circumstances have arisen since the end of the financial half year which significantly affected or could significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

The financial report was authorised for issue on 28 February 2011 by the board of directors.
