39	Class of +securities for which quotation is sought	Ordinary Shares	
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: - the date from which they do - the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment - the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	These securities were allotted as partly paid unquoted shares under the terms of the Employee Share Ownership Plan (ESOP). On the date of allotment partly paid shares do not rank equally with existing quoted ordinary shares. The shares rank equally with all existing quoted ordinary shares from the date when the final call is paid and they become fully paid ordinary shares.	
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	The shares were issued to an eligible employee under the terms of the ESOP (and so held on trust in accordance with the ESOP following allotment). At the allocation date the purchase price of the shares was the market value plus a 20% premium. The shares remained registered in the name of the Plan Company until the balance of the issue price was paid in accordance with the ESOP rules and the 2 year escrow period had passed. The balance of the issue price has now been paid. Full rights now attach to these shares.
