Dear Sir/Madam

FEDERAL COURT OF AUSTRALIA PROCEEDINGS

Further to OM Holdings Limited's ("the Company") previous announcement on 19 April 2011, the Company advises that the proceedings brought by Stratford Sun Limited against the Company in respect of the Company's recent AGM and proposal to dual list in Hong Kong were heard in the Federal Court of Australia today.

Stratford Sun Limited sought orders, amongst others, that resolutions 6, 7 and 8 were not validly passed at the AGM and are of no effect.

The Company was represented at the hearing to oppose the making of such orders.

The Court has reserved its decision. The Company will update the market on the impact, if any, of the outcome of those proceedings on its plans to dual list in Hong Kong once the Court's judgement is handed down.

Yours faithfully

OM HOLDINGS LIMITED

Company Secretary

BACKGROUND PROFILE OF OM HOLDINGS LIMITED

OMH listed on the ASX in March 1998 and has its foundations in metals trading – incorporating the sourcing and distribution of manganese ore products and subsequently in processing ores into ferro-manganese intermediate products. The OMH Group now operates commercial mining operations – leading to a fully integrated operation covering Australia, China and Singapore.

Through its wholly owned subsidiary, OM (Manganese) Ltd, OMH controls 100% of the Bootu Creek Manganese Mine (“Bootu Creek”) located 110 km north of Tennant Creek in the Northern Territory.

Bootu Creek has the capacity to produce 1,000,000 tonnes of manganese product annually. Bootu Creek has further exploration potential given that its tenement holdings extend over 2,600km².

Bootu Creek's manganese product is exclusively marketed by the OMH Group's own trading division with a proportion of the product consumed by the OMH Group's wholly-owned Qinzhou smelter located in south west China.

Through its Singapore based commodity trading activities, OMH has established itself as a significant manganese supplier to the Chinese market. Product from Bootu Creek has strengthened OMH's position in this market.

OMH is a constituent of the S&P/ASX 200 a leading securities index.

OMH holds a 26% investment in Ntsimbintle Mining (Proprietary) Ltd, which holds a 50.1% interest in the world class Tshipi Borwa manganese project in South Africa.

OMH also holds the following strategic shareholding interests in ASX listed entities:

- 16% shareholding in **Northern Iron Limited** (ASX Code: NFE), a company presently producing iron ore from its Sydvaranger iron ore mine located in northern Norway;
- 10% shareholding in **Shaw River Resources Limited** (ASX Code: SRR), a company presently exploring for manganese in Western Australia and Ghana; and
- 19% shareholding in **Scandinavian Resources Ltd** (ASX Code: SCR), a company presently exploring for iron ore, manganese, gold and copper in Sweden and Norway.

OMH has also announced plans for a listing on the Main Board of The Stock Exchange of Hong Kong Limited (“HKEx”) to further broaden the Company's shareholder base internationally and give the Company access to future capital raising opportunities in the growing Asian market to support its longer term growth strategy.
