Digislide Signs for Distribution through Ingram Micro

Digislide Holdings Limited is pleased to announce that it has executed a contract with Global Marketing Partners for distribution through Ingram Micro.

Ingram Micro is a Fortune 100 company and the world's largest technology distributor and leading technology sales, marketing and logistics company for the IT industry worldwide.

Digislide's initial contract is for the U.S. distribution of the three new ultra portable Digislide Gaming Products.

1. XRay®480 – a companion to the Microsoft Xbox360®

2. Sii® - a companion to the Nintendo Wii®

3. StingRay® - a companion to the Sony Playstation® suite

Digislide will initially target markets in the USA, but anticipates a rapid ramp up to include Canada and Europe.

Ms Luceille Outhred, Digislide's CEO said "Ingram Micro serves thousands of resellers around the globe. We are opening the relationship with the Digislide Gaming Projectors which are now market ready. We aim to follow through with our mobile gaming projectors, the WeSii® and XRay® in June and July. It is our hope that we can catch the Christmas 2011 market with these 5 great products."

"digishow® and miniPRO® are currently being enhanced both technologically and aesthetically, and we anticipate seeing those upgraded products released to the

market early in Q1, 2012FY." Ms Outhred added, "Of course, we will be keen to see those products added to the Ingram Micro list."

About Ingram Micro

As a vital link in the technology value chain, Ingram Micro creates sales and profitability opportunities for vendors and resellers through unique marketing programs, outsourced logistics, technical and financial support, managed and cloud-based services, and product aggregation and distribution. The company is the only global broad-based IT distributor, serving more than 150 countries on six continents with the world's most comprehensive portfolio of IT products and services. About Digislide

Digislide (ASX:DGI) is an innovative Australian company with an impressive Intellectual Property portfolio and proven capacity to design, develop and commercialise complex projection products. Digislide has received national, regional, international and global awards from governments, industry and technology analysts.

Industry analysts, Pacific Media Associates¹, estimate the USD750B pico projection market to grow at over 100% per annum, year on year, for the next 4 years.

Digislide's strategy is to licence manufacturers to produce miniature projection systems for embedding in mobile and/or hand held communication devices, such as mobile phones, PDA's and notebook computers, and its tactical focus has been to design hand held projectors which complement and interface with 5 of the world's biggest selling electronic devices; Apple's IPHONE™ and IPOD™, Nintendo's Wii™, Sony's Playstation™ suite and Microsoft's XBox 360™.
