MONADELPHOUS AWARDED MAJOR IRON ORE CONSTRUCTION CONTRACT

Leading engineering group Monadelphous Group Limited (ASX: MND) ("Monadelphous") today announced it has secured a major construction contract at the Hope Downs 4 Iron Ore Project for Rio Tinto and Hancock Prospecting Pty Ltd.

The contract is valued at approximately \$150 million for the project which is 30km north-west of Newman in Western Australia.

The work involves structural, mechanical and piping for the supply, installation and commissioning of the 15 million tonnes per annum greenfields mine processing plant. Construction will include facilities for primary and secondary crushing and dry screening, waste fines thickening and discharge return lines, stockpiling of lump and fines product, reclaiming and train load out.

"Monadelphous has a long track record for the safe and reliable delivery of large-scale construction projects for blue-chip iron ore customers," Monadelphous Managing Director Rob Velletri said.

"We look forward to delivering results on this important project which continues our extensive support for Rio Tinto Iron Ore in the expansion and maintenance of its Pilbara operations over many years."

Project work will commence immediately and is scheduled for completion by the second quarter of 2013.
