Politis signs seven year contract with Bravura Solutions

Sydney, 12 October 2011 (ASX: BVA) – Bravura Solutions Limited (Bravura) - a leading global supplier of transfer agency and wealth management software applications and professional services – today announced a seven year contract with existing client, Politis Investment Strategies (Politis), for the use of Garradin, Bravura's private wealth and portfolio administration system.

Following a thorough review of solutions available on the market, Politis, a boutique private client investment firm, has elected to extend its existing five year partnership with Bravura.

Gregory Politis, Politis' Director commented: "After evaluating the solutions available to us, we believe that Bravura continues to offer the most comprehensive and effective solution for our needs. Garradin has consistently met our expectations and we believe it is the best product for administering our self-managed super fund, managed discretionary accounts and high-net-worth client business.

"We sought to secure a long-term partnership with Bravura, to ensure sustained operational stability for our organisation, and to allow for the continued provision of high-quality efficient service to our clients."

Jason Tong, Bravura's Chief Operating Officer – Global Wealth Management said, "We are delighted that Politis has chosen to continue to partner with us for the use of Garradin. We continually invest in our product range, ensuring that our solutions grow and adapt to our clients' future requirements.

"It is testament to both Bravura as a partner, and Garradin as a high quality offering that even after an external market review, Garradin was found to be the best fit for Politis."

Garradin is a comprehensive, multi-currency investment management system with integrated asset management, registry and tax management functions. It is a single, fully modular system that can be deployed across multiple sectors.
