**Decmil Signs Strategic Alliance Agreement with
Goolarabooloo Jabirr Jabirr James Price Point Claim Group**

Decmil Group Limited (**ASX: DCG**) ("DGL") today announced its wholly-owned subsidiary Decmil Australia Ltd has signed a five year agreement with Nyimarr Ltd ("Nyimarr") to create the Nyimarr Decmil Strategic Alliance to deliver multiple building and civil Joint Venture projects throughout the Kimberly Region.

Nyimarr is a commercial entity established by Traditional Owners, the Goolarabooloo Jabirr Jabirr claim group, and is responsible for developing sustainable business for Kimberley communities.

DGL CEO Scott Criddle said signing of the Nyimarr Decmil Strategic Alliance agreement is the culmination of two years' endeavour by the signatories to establish a working relationship and develop a business model that is both aligned with the culture of the two organisations and is mutually beneficial.

"Further, the alliance strongly positions Decmil Australia to deliver building and construction works related to projects in the Western Australian Government's Browse Liquefied Natural Gas (LNG) Precinct at James Price Point and to assist in the development of strong, economically independent Aboriginal industries", Mr Criddle said

Decmil Australia is expanding its operations in the Kimberley Region and will work with Nyimarr to maximise the benefits back to its community through funds made available to Traditional Owners over the 30 year life of the proposed LNG projects.

The Nyimarr Decmil Strategic Alliance 5-year plan has identified target Government, Private and Resource project opportunities in the Kimberley Region. This business plan sets both commercial and social Key Performance Indicators (KPIs) which will enable the Alliance to deliver outstanding construction project outcomes, while maximising benefits including education, training, business development and employment to the region's Indigenous community.
