

JOINT ANNOUNCEMENT

WESTGOLD TO MERGE WITH METALS X AT SUBSTANTIAL PREMIUM

PERTH, 14 MAY 2012

Westgold and Metals X have today agreed to merge by way of scheme of arrangement

Westgold shareholders to receive 11 Metals X shares for every 10 Westgold shares held

Based on the closing price of Metals X shares on 9 May 2012, the merger implies an offer price of \$0.22 per Westgold share, representing a premium of 33.3% to the closing price of Westgold shares on 9 May 2012, and a substantial premium over the past 6 months.

The combined Westgold and Metals X companies will include:

- **A strong and more diversified portfolio of growth assets including the producing Renison Tin Project (Metals X share 50%) and the Rentails Tin Project in Tasmania, the massive Wingellina Nickel Project and Central Murchison Project in WA and the Rover 1 Copper-gold Project in NT**
- **An experienced evaluation and development team comprising members of both companies capable of rapidly progressing the combined assets of the two groups**
- **Cash and listed investments in excess of A\$100 million**
- **A market capitalisation in excess of A\$330 million with the potential for a marketing re-rating**

The non-conflicted directors of Westgold intend to recommend that Westgold shareholders vote in favour of the merger in the absence of a superior proposal and subject to an independent expert concluding that the Scheme is in the best interests of Westgold shareholders..

Westgold Resources Limited ("Westgold") and Metals X Limited ("Metals X") are pleased to announce that they have executed a Merger Implementation Agreement ("MIA") pursuant to which Metals X proposes to acquire all of the issued shares in Westgold that it does not already own by way of Scheme of Arrangement ("Scheme").

Under the proposal Westgold shareholders will receive 11 Metals X shares for every 10 Westgold shares held at the record date for the merger. This will result in Metals X acquiring 304,638,921 Westgold shares, being the number of shares it does not already own or control.

Westgold's Chairman Michael Atkins said today:

"Westgold's Board has held the view for some time that the Company's projects are not receiving appropriate recognition in the equity market and that there are significant funds required to bring both the Central Murchison Gold Project and the Rover 1 Project into development and subsequently production. This is an attractive proposal from Metals X, which brings the financial strength to rapidly progress these assets and expose Westgold shareholders to a diversified range of commodities as part of a larger, well-funded mining house."

Metals X Managing Director Warren Hallam said

“Metals X has been an active supporter and major shareholder of Westgold for a number of years and the merger is in-line with the company’s strategy of supporting its strategic investments through to production. The merger provides continued diversification and growth to our current portfolio and presents an excellent opportunity to leverage of Metals X’s financial and balance sheet strength to develop the Central Murchison gold project to the benefit of both companies shareholders.”

Metals X is currently the largest shareholder of Westgold with a shareholding interest of 26.98% and has been Westgold’s largest shareholder since 2007. Metals X currently holds two nominee director positions on the board of Westgold, being Mr Peter Cook and Mr Warren Hallam.

In Westgold’s deliberation and subsequent voting on the Scheme, the Board of Westgold excluded Messrs Cook and Hallam due to their potential or perceived conflict of interest because of their positions on both Boards.

The Directors of both Metals X and Westgold believe that the proposed merger provides Westgold shareholders with an attractive premium for its shares (in the absence of a superior proposal).

The Directors, other than Messrs Cook and Hallam, have given full consideration to the Scheme Proposal and intend to recommend that Westgold shareholders vote in favour of the proposed Scheme, and each of those Directors intends to vote all of the Westgold shares they own or control in favour of the Scheme, in the absence of a superior proposal and subject to an independent expert concluding that the Scheme is in the best interests of Westgold shareholders.

Benefits to shareholders

The proposed merger offers shareholders:

- A material premium to Westgold Shareholders to the current market prices of Westgold shares;
- The opportunity to develop the Central Murchison Gold Project and Rover 1 Copper-Gold Project through the strong balance sheet and substantial cash reserves of Metals X, rather than through dilutive equity capital raisings in what is currently a very difficult market for junior and emerging mining companies;
- A strong and more diversified portfolio of growth assets that includes the producing Renison Tin project (Metals X share 50%) and the Rentails Tin project in Tasmania, the massive Wingellina Nickel Project and Central Murchison Project in WA and the Rover 1 Copper-gold Project in NT, along with Metals X’s current investments in Madagascar and Mongolia ;
- A larger, well-funded and technically capable mining house with exposure and interests across a number of commodities and countries
- An experienced evaluation and development team comprising members of both companies capable of rapidly progressing the combined assets of the two groups; and
- Financial strength, with the merged group having a pro forma market capitalisation in excess of A\$330 million including cash and listed investments in excess of A\$100 million.

Westgold share premium

The transaction values Westgold at approximately \$91.5 million, or A\$0.22 per share based on the closing price of Metals X shares on 9 May 2012.

The offer represents the following premium to volume-weighted average prices (“VWAP”):

- 33.3% premium over the last closing price of Westgold shares on 9 May 2012
- 34.6% premium on comparative 1 month VWAP of Westgold shares.
- 28.2% premium on comparative 6 month VWAP of Westgold shares.

Merger implementation agreement

Under the MIA, each party has agreed to take the steps necessary to implement the Scheme.

The Scheme is subject to a number of conditions, which are customary for a transaction of this type, including the following:

- The directors of Westgold, other than Messrs Cook and Hallam, recommending to Westgold shareholders to vote in favour of the Scheme, in the absence of a superior proposal and subject to the independent expert concluding that the Scheme is in the best interests of Westgold shareholders;
- The independent expert concluding that the Scheme is in the best interests of Westgold shareholders, and does not change or withdraw its report;
- A resolution in favour of the Scheme being passed by the requisite majorities of Westgold shareholders;
- Court approval of the Scheme;
- Obtaining relevant regulatory approvals;
- There being no material adverse change to the business, financial condition, results or operations of either Westgold or Metals X;
- No prescribed occurrences (such as insolvency) in relation to either Westgold or Metals X; and
- Obtaining any relevant approval of the Foreign Investment Review Board by reason of Metals X's majority foreign ownership.

A full copy of the executed MIA is set out at Annexure A to this announcement.

Treatment of Westgold options and performance rights

Westgold currently has 29,650,000 unlisted options and 3,050,000 performance rights on issue.

Westgold and Metals X will cooperate with each other to ensure that all Westgold options and performance rights are either acquired by Metals X, vest and are converted into Westgold shares before the merger is effected or are otherwise dealt with to Metals X's satisfaction.

Board, management and workforce

It is intended that Westgold management and workforce will be integrated into the existing Metals X structure.

It is proposed that Mr Scott Huffadine, the current Managing Director of Westgold, will join the Metals X Board.

Indicative timetable

A Scheme Booklet will be provided to Westgold shareholders in connection with the proposed merger. This booklet will include full details of the Scheme, transaction terms and an independent expert's report assessing whether the merger is in the Westgold shareholders' best interests.

It is expected that a meeting of Westgold shareholders will be held in August 2012 to vote on the merger. If the Scheme is approved, final implementation is likely to occur in late August or early September 2012.

Operative Provisions

1. Definitions and interpretation

1.1 Definitions

Deed means this Share Scheme Deed Poll.

Terms that are not defined in this Deed and that are defined in the Implementation Agreement have the same meaning in this Deed as given to the term in the Implementation Agreement, unless the context makes it clear that a definition is not intended to apply.

1.2 Interpretation

The rules specified in clause 1.2 of the Implementation Agreement apply in interpreting this Deed, unless the context makes it clear that a rule is not intended to apply.

1.3 Nature of Deed Poll

Metals X acknowledges that this Deed may be relied on and enforced by any Scheme Shareholder in accordance with its terms even though the Scheme Shareholders are not party to it.

2. Condition precedent and termination

2.1 Condition

Metals X's obligations under clause 3 are subject to the Share Scheme becoming Effective.

2.2 Termination

If the Share Scheme does not become Effective on or before the Sunset Date, or the Implementation Agreement is terminated, Metals X's obligations under this Deed will automatically terminate and the terms of this Deed will be of no further force or effect, unless Metals X and Westgold otherwise agree in writing.

2.3 Consequences of termination

If this Deed is terminated under clause 2.2, then, in addition and without prejudice to any other rights, powers or remedies available to it:

- (a) Metals X is released from its obligations to further perform this Deed except those obligations contained in clause 8.3; and
- (b) each Scheme Shareholder retains any rights it has against Metals X in respect of any breach of this Deed which occurred before it is terminated.

3. Payment of Scheme Consideration

3.1 Undertaking to pay Scheme Consideration

Subject to clauses 2, 3.3 and 3.4, in consideration of the transfer of each Westgold Share to Metals X, Metals X must:

- (b) A waiver or consent given by a party under this Deed is only effective and binding on that party if it is given or confirmed in writing by that party.
