### **Accommodation Services Agreement – Rio Tinto**

In June 2011 Fleetwood entered into an agreement to provide accommodation services to Rio Tinto at Searipple Village in Karratha. Under the terms of the agreement, Rio Tinto has rolling options to extend the term at six month intervals.

Fleetwood and Rio Tinto have now agreed to extend the term of the agreement for six months commencing 1 July 2012. Under the terms of the extension, Rio Tinto will take a minimum of 350 rooms over the six month period.

Searipple Village is near fully committed, underpinned by a mix of short and long term contracts for accommodation.
