Sydney Airport Release of 2012 Analyst Package

Sydney Airport today released the 2012 Analyst Package ("the pack").

Given the sole focus on Sydney Airport, management developed the pack to present the significantly simplified business model and cash flows to the market. The pack includes operational and financial information on Sydney Airport, and a financial model to assist current and potential investors and analysts in the development of their own models.

For an electronic copy of the pack, please email investors@syd.com.au or call Lisa Knezevic on +61 2 9667 9871

For further information, please contact:
