ASX ANNOUNCEMENT – 2 July 2012

Moranbah Commences Production of Ammonium Nitrate (AN)

Incitec Pivot Limited (**ASX: IPL**) today advised it had achieved a further milestone at its ammonium nitrate complex at Moranbah in Queensland's Bowen Basin.

The downstream plants Nitric Acid, AN Solution and AN Emulsion, have produced the initial tonnes of Ammonium Nitrate. As previously announced, this production was based on imported ammonia. The commissioning of the Ammonia Plant continues according to plan and will be brought on line in the fourth quarter of IPL's financial year, after the downstream plants are stabilised.
