RESPONSE TO AIM REQUEST

Further to a request from the AIM Exchange in London, Range Resources Limited ("**Range**" or the "**Company**") notes the trading halt on the ASX and suspension on AIM in relation to trading in the shares of Red Emperor Resources NL ("**RMP**"), one of Range's (20% interest) joint venture partners in the Puntland exploration project, pending the release of a drilling update on the Shabeel North well. Puntland operations are RMP's main undertaking whilst Range's key projects are in Trinidad.

Range advises that final downhole logging is currently underway but that no results are yet available from the operator, Horn Petroleum Corp. Range will release any final results as soon as they become available.

Yours faithfully
