#### RESULTS FOR ANNOUNCEMENT TO THE MARKET

		ne 2012 000	30 Jun A\$'	ne 2011 000
Revenue from ordinary activities	43,647	Up 10%	From	39,865
Profit from ordinary activities after tax attributable to members	8,381	Up 2%	From	8,229
Net profit for the period attributable to members	8,381	Up 2%	From	8,229

Dividends	Amount per Security	Franked amount per Security
Final Dividend	45 cents	100%
The directors have declared a fully franked final dividend of 45 cents per share. The directors have also declared that the dividend reinvestment plan (DRP) will operate for this dividend. The share price to be used for the DRF will be calculated based on the volume weighted average price of EQT traded shares on the first 5 days of EQT share trading after Record Date. A discount of 2.5% will be applied.		

Record Date for determining entitlements to the dividend.	18 September 2012
Payment date for dividend	16 October 2012

The 2012 Annual General meeting is to be held at 11.00am, Friday 26 October 2012 at Level 2 RACV Club, 501 Bourke Street, Melbourne.

This full year report should be read in conjunction with the 2012 Annual Financial Report.

#### ASX ADDITIONAL INFORMATION

Additional information, current as at 30 June 2012, and not shown elsewhere in this report, follows:

	<b>30 June 2012</b>	<b>30 June 2011</b>
Net tangible asset backing / per share		
Net tangible asset backing per share, based on shares on		
issue of 8,907,676 (2011: 8,566,384).	1.72	1.45

#### Control gained or lost over entities during the period

EQT Aged Care Services Pty Limited

This entity was incorporated on 20 July 2011 and it acquired the Lifetime Planning and Tender Living Care businesses on 1 August 2011.

Contribution to consolidated profit from ordinary activities since the date on which control was acquired is not material to the understanding of the financial report.

There were no entities where control was lost during the period (June 2011: nil).

#### Audit

The Financial Statements for the year ended 30 June 2012 have been audited and an unqualified opinion provided.

#### Commentary

# For a comprehensive overview of the 2012 results please refer to the separate ASX release covering the Announcement of Results and Shareholder Presentation.

#### Summary comments are as follows:

The profit after tax of \$8.4mil (2011:\$8.2mil) represents an increase of 2%. The undiluted earnings per share of 96.74 cents (2011: 97.01) represents a decrease of 0.27%.

The final dividend of 45 cents per share brings the total dividend for the 2012 year to 85 cents (2011: 100 cents) fully franked.

Shareholders funds have increased by 7.3%, from \$55.4mil to \$59.5mil.

This full year report should be read in conjunction with the 2012 Annual Financial Report.

## **Equity Trustees Limited**

ABN 46 004 031 298

### Directors' Report for the financial year ended 30 June 2012

The directors of Equity Trustees Limited (EQT, or the Company) submit herewith the annual financial report for the financial year ended 30 June 2012. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

The names of directors of the Company during or since the end of the financial year are:

J A (Tony) Killen OAM, Chairman Robin B O Burns, Managing Director David F Groves, Deputy Chairman Alice J M Williams The Hon Jeffrey G Kennett AC Anne M O'Donnell Kevin J Eley (appointed 25 November 2011) John R McConnell (retired on 28 October 2011)

Details of directorships and experience are summarised in the Board of Directors' Profiles, following this report.

#### **COMPANY SECRETARIES**

Mr Terry Ryan, Chartered Accountant, held the office of joint Company Secretary during and since the end of the financial year. Mr Ryan joined Equity Trustees Limited in 2003 and previously held senior finance, administration and secretarial roles in the financial services industry and is a fellow of the Institute of Chartered Accountants and the Financial Services Institute of Australasia.

Mr Philip B Maddox, Lawyer, held the office of joint Company Secretary during and since the end of the financial year. Mr Maddox joined Equity Trustees Limited in 2001 and previously held senior managerial and operational roles in the trustee industry. He is a member of the Law Institute of Victoria and currently holds a Legal Corporate Practising certificate.

#### PRINCIPAL ACTIVITIES

The principal activities of the Equity Trustees Limited Group (the Group) during the course of the financial year involved the provision of a range of financial services to clients of the Private Wealth Services and Corporate Fiduciary & Financial Services (CFFS) business units. During the year, the Private Clients and Superannuation business units were combined, resulting in the Private Wealth Services business unit. Further details pertaining to the activities of the business units is summarised below.

#### **REVIEW OF OPERATIONS**

For the year ended 30 June 2012, the Group earned a profit after tax of \$8,381,113 (2011: \$8,228,812) Apart from the creation of the Private Wealth Services business unit, as noted above, there was no change to the strategic operation of the business units during the 2012 financial year.

The Group earns a major portion of its revenue from fees based on funds under management/administration, with such fees fluctuating in line with investment market volatility.

The two business units, their function and 2012 revenue performance is summarised as follows:

Business unit	Key functions	2012 performance
Private Wealth Services	The provision of personal financial and superannuation services including:  — wealth management;	Operating revenue up 14.6% to \$23.5m (2011: \$20.5m)
	<ul> <li>trust management;</li> <li>estate planning;</li> <li>executorial;</li> <li>taxation;</li> <li>philanthropic services; and</li> <li>superannuation trustee and administration</li> </ul>	Funds/Assets under management up 0.3% to \$2,288m (2011: \$2,281m)
	via a "fund of funds" Master Trust  The above services are supported by an inhouse asset management team providing investment advice.	
Corporate Fiduciary & Financial Services	The distribution and marketing of Equity Trustees co-branded retail and wholesale funds managed by external specialist investment managers.	Operating revenue up 6.4% to \$18.3m (2011: \$17.2m)  Funds under management/
	The provision of responsible entity services to the funds management industry and corporate trust services generally.	administration up 9.9% to \$21,415m (2011: \$19,485m)

#### **CHANGES IN THE STATE OF AFFAIRS**

During the financial year, there was no significant change in the state of affairs of the Group other than that referred to in the financial statements or notes thereto.

#### SUBSEQUENT EVENTS

There has not been any matter or circumstance that has arisen since the end of the financial year, that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

#### **FUTURE DEVELOPMENTS**

Disclosure of information regarding likely developments in the operations of the Group in future financial years and the expected results of those operations is likely to result in unreasonable prejudice to the Group. Accordingly, this information has not been disclosed in this report.

#### **DIVIDENDS**

In respect of the financial year ended 30 June 2011:

- i. An interim dividend of 50 cents per share, franked to 100% at 30% corporate income tax rate, was paid to holders of fully paid ordinary shares on 15 April 2011.
- ii. A final dividend of 50 cents per share, franked to 100% at 30% corporate income tax rate, was paid to holders of fully paid ordinary shares on 14 October 2011.

In respect of the financial year ended 30 June 2012:

- iii. An interim dividend of 40 cents per share, franked to 100% at 30% corporate income tax rate, was paid to holders of fully paid ordinary shares on 17 April 2012.
- iv. Subsequent to 30 June 2012, the directors declared a final dividend of 45 cents per share, franked to 100% at 30% corporate income tax rate, payable to holders of fully paid ordinary shares on 16 October 2012.

#### INDEMNIFICATION OF DIRECTORS, OFFICERS AND AUDITORS

During the financial year, the Company paid a premium in respect of a contract insuring the directors,

company secretaries and officers of the Group against a liability incurred as a director, secretary or officer to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The Company has not otherwise, during or since the financial year, indemnified or agreed to indemnify a director, a company secretary, an officer or auditor of the Company or any related body corporate against a liability incurred as such a director, company secretary, officer or auditor.

#### **DIRECTORS' MEETINGS**

The following table sets out the number of directors' meetings (including meetings of committees of directors) held during the financial year and the number of meetings attended by each director (while they were a director or committee member). During the financial year, 16 Board meetings, 12 Committee of the Board meetings, 5 Remuneration, Human Resources & Nominations Committee meetings and 13 Audit & Compliance Committee (A&CC) meetings were held.

Directors in attendance	Board meetings		Committee of the Board meetings <sup>1</sup>		Remuneration, Human Resources & Nominations Committee meetings		Audit & Compliance Committee meetings	
	Eligible to attend <sup>2</sup>	Attended	Eligible to attend	Attended	Eligible to attend <sup>2</sup>	Attended	Eligible to attend <sup>2</sup>	Attended
J A (Tony) Killen	16	16	6	6	5	5	-	-
R B O Burns	16	16	12	12	-	-	13	13
D F Groves	16	16	11	11	-	-	13	13
A J M Williams <sup>3</sup>	16	15	7	7	5	5	9	7
J G Kennett	16	16	4	4	5	5	-	-
A M O'Donnell	16	16	9	9	-	-	13	13
K J Eley <sup>4</sup>	10	10	6	6	-	-	7	7
J R McConnell⁵	6	6	2	2	-	-	6	6

- 1 Committee of the Board meetings are constituted by at least any two directors acting pursuant to the authority of the full Board.
- Meetings held that the director was eligible to attend whilst holding office.
- Ms A J M Williams ceased to be an A&CC member after 24 February 2012.
- Mr K J Eley was appointed as a director on 25 November 2011.
   Mr J R McConnell retired on 28 October 2011.

#### **DIRECTORS' SHAREHOLDING**

The following table sets out each director's relevant interest in shares as at 30 June 2012. All shares are fully paid ordinary shares.

Director	Number of shares
D F Groves	617,900
K J Eley	20,226
J G Kennett	17,857
J A Killen	7,580
R B O Burns	1,000
A M O'Donnell	640
A J M Williams	411

#### REMUNERATION REPORT

The Board's policy on executive remuneration is designed to attract and retain high calibre staff and to reward executives for achieving financial and other business goals, which in turn, increases shareholder wealth.

Executive remuneration is structured in a manner that:

- aligns it with short and long-term business targets of the Group,
- aligns the interests of executives and shareholders by providing rewards to executives for creating shareholder value, and
- is market competitive in order to attract and retain high calibre executives.

Remuneration of all executives is reviewed on an annual basis by the Board Remuneration, Human Resources & Nominations Committee (Remuneration Committee) and determined with regard to current market rates, Group performance and executive performance. The committee is guided by market and industry data through subscriptions to remuneration survey data (Haygroup/Hewitt) to which the Company is also an annual data contributor.

Executive remuneration packages contain the following key elements:

- Salary This fixed remuneration component is set annually based on the level of responsibility and market competitiveness for individual executives;
- ii. Short-term Performance Incentives This annual at-risk component is based on the achievement of key performance criteria. Achievement of company and business unit prerequisite measures is required for any incentive amount to be awarded. Maximum cash awards are capped at up to 60% of Total Employment Cost (TEC) for each executive;
- iii. Non-monetary includes eligible salary sacrificed items and fringe benefits tax. This includes any sacrificed amounts into EQT shares, as noted under vii, below;
- iv. Termination benefits includes leave entitlements on termination;
- v. Post employment includes Superannuation Guarantee Charge (SGC), and other superannuation payments;
- vi. Other long-term employee benefits includes the movement in accrual for long service leave; and
- vii. Share-based payments Long-term Incentive Plan (LTiP), Employee Share Acquisition Plan (ESAP) and EQT Salary Sacrifice Share Plan:
  - The LTiP awards (Awards) may be granted each year to selected executives under the Executive Performance Share Plan 1999. Maximum annual share-based awards are capped at up to 60% of TEC for each executive.
  - The ESAP may be granted each year and if granted provides for eligible employees to receive up to \$1,000 of EQT shares per annum. These shares are held in escrow for three years, or until cessation of employment, if earlier than three years. Eligible employees are those with over three months service and who have satisfactorily completed their probation as at 30 June 2012.
  - Commencing for the 2010/11 year employees were able to sacrifice up to \$5,000 of salary per annum into EQT shares. The sacrificed amount is included in non-monetary items, as per iii above.

In summary, the EQT executive remuneration structure comprises fixed salary and short and long-term variable components. Executive package components are reviewed and structured annually to focus individuals on, and to reward achievement of, specific measures and targets with both short and medium-term horizons.

#### **Details of Incentive Plans**

#### **Short-term Performance Incentives:**

These are calculated by reference to agreed key performance indicators for the year ended 30 June 2012. These include group profitability, revenue growth, expense control, and other performance criteria specific to the respective executive's responsibilities. These performance criteria were chosen so as to provide a suitable incentive for executive performance for the benefit of shareholders and other stakeholders. The measurement of criteria is assessed by adopting a balanced scorecard approach, with each criterion given a threshold representing the minimum incentive and a stretch threshold representing an excellent achievement, for which the maximum incentive is paid. In all cases the Remuneration Committee confirms the

appropriateness of the criteria, appropriate thresholds and, at the conclusion of the measurement period, confirms the level of achievement.

The maximum short-term incentive opportunity is in the range of 15% to 60% of TEC.

For the year ended 30 June 2012 the key performance criteria being group profitability and revenue were partially achieved. Accordingly, approximately 31% of the maximum short-term incentive opportunity was accrued or paid.

#### **Long-term Performance Incentives:**

These are offered to executives via the grant of Awards which confer the right to acquire shares at no cost subject to meeting prescribed performance hurdles. The details of these incentives are outlined below under the heading, Executive Performance Share Plan. The accounting cost of long-term performance incentives is spread over the measurement (vesting) period, with a cost of \$147,515 accrued for the year to 30 June 2012 (2011: \$84,909).

The maximum share based long-term performance incentive is in the range of 15% to 60% of TEC.

The Board believes that the operational and financial performance of the Group over the last five years has been solid, relative to economic conditions, and it is of the view that the remuneration policy has enabled the Group to attract and retain high quality management, and that financial rewards to executives are considered appropriate having regard to the Group's relative performance.

The table below provides summary information about the Group earnings and movements in shareholder wealth for the five years to 30 June 2012:

Table 1

· •··• · ·										
	30 June 2012	30 June 2011	30 June 2010	30 June 2009	30 June 2008

Diluted earnings per share	95.99cps	96.34cps	96.02cps	97.93cps	131.79cps

All dividends are franked to 100% at 30% corporate income tax rate.

Declared after balance date and not reflected in the financial statements as at 30 June.

#### **Directors Remuneration**

The following table discloses the directors of Equity Trustees Limited during the year, together with remuneration entitlements.

Directors fees were increased effective 1 July 2011 after 3 years of no increases and to reflect renewal of the Board and market rate movements.

Directors fees are reviewed annually by the Remuneration Committee having regard to analysis of the market and industry based data and trends. Fees are set to attract and retain high calibre directors and to reflect the contribution required, attendance at the significant number of meetings scheduled each year and their role on the various committees of the Board.

2011	22,000	-	-	1,980	-	-	-	23,980
Executive Director								
R B O Burns, Managing Director								
<b>2012</b> 2011	<b>420,238</b> 402,402	<b>91,800</b> 86,700	<b>13,987</b> 7,399	<b>15,775</b> 15,199	-	<b>4,563</b> 1,573	<b>80,618</b> 63,682	<b>626,981</b> 576,955

Non-monetary amounts relate to the sacrifice of directors fees into EQT shares in accordance with the EQT Salary Sacrifice Share Plan, parking and other sacrificed items and fringe benefits tax.

Superannuation includes the SGC and, in some cases, additional superannuation payments that have been sacrificed from directors fees and entitlements.

Directors Retiring Allowance (DRA) represents the movement in the accrual for directors' retiring allowance and is calculated in accordance with the accounting policy as outlined in note 3.8 to the financial statements. At the 2005 AGM, shareholders approved an increase in the directors' fees cap on the condition that the DRA scheme was grandfathered for existing directors and closed to future directors. The DRA for then participating directors was frozen as at 31 December 2005, however the frozen amounts are inflation adjusted annually for the movement in CPI. Upon retirement, directors participating in the DRA scheme are paid their DRA balance. These amounts are recorded as separate footnotes to the above table.

Ms A O'Donnell was appointed a director on 8 September 2010.

<sup>&</sup>lt;sup>5</sup> Mr K J Eley was appointed a director on 25 November 2011.

Mr J R McConnell retired as a director on 28 October 2011 and was paid a DRA of \$93,068 from the frozen DRA balance plus a CPI adjustment, where the annual CPI adjustment has been included in each annual Remuneration Report since the fund was frozen in 2005.

Mr B J Jackson retired as a director on 29 October 2010 and was paid a DRA of \$50,897 from the frozen DRA balance plus a CPI adjustment, where the annual CPI adjustment has been included in each annual Remuneration Report since the fund was frozen in 2005. In the Remuneration Report for the year ended 30 June 2011, the DRA payment of \$50,897 was recorded as a benefit within the annual remuneration, however this approach is inconsistent with the approach adopted in prior years. As such, the 2011 treatment has been corrected to be consistent with the current and prior years, so that the DRA payment is now covered by footnote.

n/a Not Applicable

Non-monetary items include eligible salary sacrificed items and fringe benefits tax. This includes any sacrificed amounts into EQT shares in accordance with the EQT Salary Sacrifice Share Plan.

Superannuation includes the SGC and, in some cases, additional superannuation payments that have been sacrificed from salary. Share-based payments relate to the value of LTiP share awards. The value attributable to LTiP share awards is based on the accounting cost, using the fair value at grant date. For the Earnings Per Share (EPS) criterion an assessment is made of the likely achievement of performance hurdles over the three year measurement period and the accounting cost is adjusted accordingly. The EPS criterion was not achieved for the 2009/10 Series ended on 30 June 2012. For the Total Shareholder Return (TSR) criterion the accounting standard requires the accounting cost to be spread over the measurement period regardless of the extent of achievement of the criterion. The TSR for the 2008/09 Series which ended on 30 June 2011 was not achieved, and a 4<sup>th</sup> year test undertaken at 31 December 2011 and 30 June 2012 was also not achieved. Regardless of the outcome of TSR Awards,

100% of the accounting cost is charged against executive remuneration packages, even though the executive may receive a lesser award when measures are finalised.

Mr PJ Galagher became a key management person effective 14 July 2010.

Mr RE Bessemer became a key management person effective 1 July 2011. Therefore, comparative figures are not applicable.

Apart from the payment of \$93,068 made to Mr JR McConnell upon his retirement, there were no termination payments made during the year ended 30 June 2012 (2011: Retirement payment to Mr BJ Jackson of \$50,897).

#### Link between Profit Outcomes and Executive Remuneration

In line with the short-term incentive criteria, short-term incentives and sales related bonuses, were earned by members of the executive team. Based on 2011/12 criteria, when compared to actual 2011/12 performance, approximately 31% of the maximum short-term incentive opportunity has been awarded to eligible employees. Individual awards were in the range of 22% to 43% of maximum possible short-term incentives.

In relation to the long-term incentive measurement criteria, as described below, the 2009/10 Series long-term incentives which ended 30 June 2012, were not earned.

#### **Employment Agreements**

The employment agreements for the Managing Director and key management personnel are ongoing, permanent full-time agreements which do not have a stipulated fixed term. The designated notice period for the Managing Director is six months. Otherwise, notice periods are based on minimum statutory standards.

#### **Executive Performance Share Plan**

LTiP incentives (Awards) are offered to executives under the Equity Trustees Limited Executive Performance Share Plan 1999 (the Plan). The first issue of Awards commenced with the 2005/06 Series and has continued in each subsequent year.

The structure of the Plan approved by the Equity Trustees Limited Remuneration Committee forms part of the remuneration structure of eligible executives, in particular, the long-term incentive component of remuneration.

The following is an overview of the key features of the Plan as determined by the Remuneration Committee and approved by the Board:

- the Remuneration Committee will consider and approve participants under the Plan;
- the value of the Award is determined by the Remuneration Committee;
- the number of share entitlements issued to each participant for a particular Series is calculated by dividing the value of the Award by the weighted average share price of Equity Trustees Limited shares traded during the three month period to 30 June of each year;
- the performance criteria are based on:
  - Total Shareholder Return (TSR) for the Managing Director only; and
  - Earnings Per Share (EPS) for all participants;
- the criteria are selected as they are aligned to long-term growth in shareholder value;
- TSR is defined as the increase in share price over the three year measurement period, plus dividends reinvested over the three year period. This is compared to a Comparator Group based on the ASX200 Index and a vesting scale applied;.
  - the vesting scale for live TSR Awards for series 2010/11and 2011/12 is:
    - a TSR ranking of 50th percentile achieves 50% of the available Award; or
    - a TSR ranking of 75th percentile achieves 100% of the available Award;
- EPS is based on normalised operating profit before tax, which excludes approved non-operating items, such as profits/losses on the sale of investments. The EPS is compared to the base year and a vesting scale applied to calculate earned entitlements;
- the vesting scale for live EPS Awards is:
  - growth in pretax operating earnings per share of 5% pa over the three year measurement period achieves 25% of the available Award; or
  - growth in pretax operating earnings per share of 15% pa over three year measurement period achieves 100% of the available Award;
- the term of each Award series is a three year period, with additional performance assessments during the fourth year, if applicable. In relation to Awards aligned to the TSR criterion, if the full Award is not achieved after the initial three year period, a fourth year measurement period is undertaken. There is no fourth year EPS performance assessment, regardless of the outcome after the initial three year period;
- each share entitlement converts to one ordinary share of Equity Trustees Limited on exercise;

- no amounts are paid or payable by participants on receipt of the share entitlements;
- the share entitlements carry neither rights to dividends nor voting rights;
- the number of share entitlements on issue is adjusted for any capital reconstructions during the measurement period;
- holders of share entitlements do not have a right, by virtue of the entitlements held, to participate in any new share issue of the Company;
- the participant must be employed within the Group for the duration of the measurement period to exercise any share entitlements;
- shares are subject to forfeiture conditions during the three year measurement period;
- shares can be assigned disposal restrictions of between zero and four years which will apply to shares issued following the three year measurement period;
- dividends are received by participants once awards are vested into shares;
- the use of hedging or derivative techniques is not permitted until shares are released from the forfeiture condition. If hedging or derivative techniques are used during the period when there is still a forfeiture condition in place, then the shares are forfeited; and
- the EQT Securities Dealing Policy also makes reference to the ban on hedging or derivative techniques and applies to all EQT employees.

In accordance with the Plan, variations to the above features may apply, where approved by the Board. The grant date for the 2011/12 Series was 12 August 2011 for executives and 28 October 2011 for the Managing Director. There were no alterations to terms or conditions of the 2011/12 Series compared to the prior year.

In relation to the 2009/10 Series, the EPS criterion was not achieved at the conclusion of the three year measurement period ended 30 June 2012. This has resulted in the forfeiture of 42,161 EPS awards. In relation to the 2008/09 Series, the fourth year testing of the TSR criterion was not achieved in the period to 30 June 2012, resulting in the forfeiture of 4,697 TSR Awards.

The following unvested share-based payment arrangements under the LTiP were in existence during the period:

Award Series	Number at 30 June 2012	Grant date	Expiry date	Exercise price	Fair value at grant date	Total maximum future accounting value of Grant*
				\$	\$	\$
2011/12 Series	63,770	**	30/06/2014	Nil	9.64	409,694
2010/11 Series	54,622	***	30/06/2013	nil	12.27	419,616
2009/10 Series	42,161	23/06/2009	30/06/2012	nil	12.12	-

<sup>\*</sup> The minimum future accounting value of each Grant is nil.

The share entitlements were valued by PricewaterhouseCoopers using an adjusted form of the Black-Scholes Option Pricing Model that incorporates a Monte Carlo simulation analysis. The model has been modified (for Award Series prior to the 2011/12 Series) to incorporate an estimate of the probability of achieving the TSR hurdle and the number of share entitlements vesting.

	20	011/12 Series	2010	0/11 Series	2009/10 Series
	Managing	Other	Managing	Other	AII
Inputs into the model	Director	participants	Director p	articipants	participants**
Grant date share price	\$13.15	\$11.54	\$15.85	\$14.74	\$13.45
Exercise price	Nil	Nil	Nil	Nil	Nil
Expected volatility	30%	30%	35%	35%	35%
Share entitlement life*	3 years	3 years	3 years	3 years	3 years
Dividend yield	6.5%	6.5%	6.0%	6.0%	3.5%
Risk-free interest rate	3.94%	3.75%	4.87%	4.56%	4.51%

<sup>\*</sup>In accordance with the Plan, the measurement of performance criteria is at the end of the three year period ending 30 June, however if the \*\* The Managing Director did not participate in this Series.

<sup>\*\*</sup> The Grant date for executives was 12 August 2011 and for the Managing Director, 28 October 2011.

<sup>\*\*\*</sup> The Grant date for executives was 3 August 2010 and for the Managing Director, 29 October 2010.

TSR performance criterion is not fully achieved a further assessment at the end of the fourth year will apply.

The following reconciles the outstanding share entitlements granted under the Plan at the beginning and end of the financial year:

	2012	2011
	Number of share	Number of share
	entitlements	entitlements
Balance of Awards not vested at beginning of the financial year	101,480	64,322
New Awards granted during the financial year	63,770	54,622
Awards exercised into shares during the financial year	-	-
Awards vested during the financial year	-	-
Awards forfeited during the year	(46,858)	(17,464)
Balance of Awards not vested at end of the financial year <sup>1</sup>	118,392	101,480
Vested and Exercisable Awards – Balance at end of the financial year <sup>1</sup>	44,888	44,888

The share entitlements outstanding at the end of the financial year had an exercise price of nil. The share entitlements outstanding at the end of the financial year, excluding the share entitlements exercisable at the end of financial year, had a weighted average remaining contractual life of 561 days (2011: 572 days). For TSR, a further test may be available at the end of the fourth year if the performance criteria is not achieved at the end of the three year measurement period.

The following is a summary of movements in Awards in respect of key management personnel:

2012	Balance of Awards at 1 July 2011	Awards granted as compensation	Awards exercised into shares	Awards forfeited <sup>1</sup>	Balance of Awards at 30 June 2012	Awards vested & exercisable (excluding those already exercised)	Balance of Awards not vested at 30 June 2012 <sup>2</sup>	Vested during 2012 year

AD Young	342	-	-	(342)	-	-	-	-

Mr RBO Burns was appointed Managing Director on 1 March 2010. Participation in long-term incentive awards was approved by shareholders at the 2010 AGM, held on 29 October 2010.

<sup>&</sup>lt;sup>2</sup> The value of awards forfeited for key management personnel during the year ended 30 June 2011 was \$61,340 for the 2007/08 Series and \$240,219 for the 2008/09 Series.

The balance of awards not vested at 30 June 2011 does not necessarily represent awards that will be vested in the future. The balance will remain until the respective measurement periods have been completed and a final assessment is made.

#### **NON-AUDIT SERVICES**

The directors are satisfied that the provision of non-audit services, during the year, by the auditor (or by another person or firm on the auditor's behalf) is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in note 11 to the financial statements.

#### **AUDITORS' INDEPENDENCE DECLARATION**

The auditors' independence declaration is included on page 15 of the financial report.

#### STATUTORY TRUSTEE

Equity Trustees Limited is authorised by the law of the state of Victoria to take in its name a Grant of Probate of the will of a deceased person. Assets and liabilities of trusts, estates and agencies for which the Company acts as trustee, executor or agent, are not included in the Company's financial statements.

On behalf of the directors

Mr Robin B O Burns Managing Director

Dated 30 August 2012

#### **BOARD OF DIRECTORS' PROFILES**

The qualifications and experience of the Board of Directors of Equity Trustees Limited, before, during and since the year ended 30 June 2012 is as follows:

#### JA (Tony) Killen OAM - Chairman

BA, FAICD, FAIM

Chairman - Appointed 30 August 2007

Non-Executive Director – Appointed September 2002

Member of Equity Trustees' Remuneration, Human Resources & Nominations Committee since September 2004

Tony is Chairman of CCI Investment Management Ltd and Sisters of Charity Community Care Ltd. He is also a non-executive director of listed company Templeton Global Growth Fund Ltd and Catholic Church Insurances Ltd.

Tony is a former Group Managing Director and Chief Executive Officer of AXA Asia Pacific Holdings Ltd, having had a 36 year career with the National Mutual/AXA group. He was also Chairman of Australia's largest not-for-profit health services provider, Sisters of Charity Health Service Ltd. Tony was also a non-executive director of listed company IRESS Market Technology Ltd.

In 2010, Mr Killen was awarded the Medal of the Order of Australia.

#### Robin B O Burns - Managing Director

DipAcc, FAICD

Executive Director since 1 March 2010

Robin was appointed Managing Director of Equity Trustees on 1 March 2010. Before joining Equity Trustees he was, from 2002, Chief Executive Officer of Equipsuper Pty Ltd, the trustee company for the Equipsuper multi-employer superannuation fund. Robin is a non-executive director of the Financial Services Council.

Robin previously worked for AXA Asia Pacific, where he held the positions of General Manager, Corporate Affairs and Chief Executive, Risk Insurance and for the stockbroking firm Prudential-Bache Securities (Australia), where he was Managing Director, having joined the firm as Chief Financial Officer. Robin has 26 years of experience in the financial services industry. He gained his initial professional qualification as a chartered accountant in the UK in 1981.

#### **David F Groves - Deputy Chairman**

BCom, MCom, CA, FAICD

Deputy Chairman since December 2007

Non-Executive Director since November 2000

Chairman of Equity Trustees' Audit & Compliance Committee since January 2003.

David is a director of Pipers Brook Vineyard Pty Ltd and Kambala, a leading girls' school in Sydney. He is also an executive director of a number of private companies.

David is a former director of Tassal Group Limited, GrainCorp Limited, Mason Stewart Publishing, and Camelot Resources NL, and a former executive with Macquarie Bank Limited and its antecedent, Hill Samuel Australia.

#### Alice J M Williams - Director

BCom, FCPA, FAICD, ASFA AIF, CFA

Non-Executive Director – Appointed September 2007

Member of Equity Trustees' Remuneration, Human Resources & Nominations Committee since July 2011. Appointed Chairman in August 2011.

Member of Equity Trustees' Audit & Compliance Committee between September 2007 and February 2012.

Alice has over 25 years' senior management and Board level experience in the corporate and Government sectors specialising in investment management, corporate advisory and equity fundraising. Other non-executive directorships include; Djerriwarrh Investments Ltd, Defence Health, Guild Group Holdings Limited, Strategic Analytics (Australia) Pty Ltd and Victorian Funds Management Corporation. Alice is also a council member at the Cancer Council of Victoria.

Alice was formerly a director of Avion Technology Pty Ltd, State Trustees, NM Rothschild and Sons (Australia) Limited, Director of Strategy and Planning for Ansett Australia Holdings Limited and a Vice President at JP Morgan Australia.

#### The Hon Jeffrey G Kennett AC - Director

HonDBus (Ballarat)

Non-Executive Director – Appointed September 2008

Member of Equity Trustees' Remuneration, Human Resources & Nominations Committee since September 2008.

Jeff was an Officer in the Royal Australian Regiment, serving at home and overseas. He was a Member of the Victorian Parliament for 23 years, and was Premier of Victoria from 1992 to 1999.

Jeff is currently Chairman of Open Windows Australia Proprietary Limited, CT Management Group Pty Ltd and beyondblue, the national depression initiative. He is also Chairman of the Board of Management of PFD Food Services Pty Ltd and a Director of Jumbuck Entertainment Limited.

He is currently patron of a number of community organisations and was formerly President of the Hawthorn Football Club.

In 2005, Mr Kennett was awarded the Companion of the Order of Australia.

#### Anne M O'Donnell - Director

BA (Bkg & Fin), MBA, FAICD, F Fin

Non-Executive Director – Appointed September 2010

Member of Equity Trustees' Audit & Compliance Committee since December 2010.

Anne has some 30 years' experience in the finance sector. She is an experienced executive and non-executive director in the listed, not-for-profit, and mutual sectors.

Anne is the former Managing Director of Australian Ethical Investment Ltd. Anne was formerly a director of the Financial Services Council, The Centre for Australian Ethical Research Pty Ltd, and the ANZ Staff Superannuation Fund.

Current directorships include: Australian Institute of Company Directors, Community CPS Australia Ltd, Eastwoods Pty Ltd and The Grain Growers Association Ltd and an alternate director on the Board of Corporate Analysis Enhance Responsibility (CAER). Anne is also an external member of the UBS Global Asset Management (Australia) Ltd Compliance Committee and a member of IP Australia Audit and Evaluation Committee.

#### **Kevin J Eley - Director**

CA, F FIN

Non-Executive Director – Appointed November 2011

Member of Equity Trustees' Audit & Compliance Committee since November 2011

Kevin is a Chartered Accountant and a Fellow of the Financial Services Institute of Australia. He has over 30 years experience in management, financing and investment and has worked for a major international accounting firm, two investment banks and was CEO of HGL Limited and remains as a non-executive director.

Other public company directorships were Desane Group Holdings Limited, Solander Holdings Limited, Leutenneger Limited, Laubman and Pank Limited and Sabre Group Limited.

Other current non-executive directorships include: Kresta Holdings Limited, Milton Corporation Limited and PO Valley Energy Limited.

The Board of Directors Equity Trustees Limited Level 2, 575 Bourke Street MELBOURNE VIC 3000

30 August 2012

**Dear Board Members** 

#### **Equity Trustees Limited**

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Equity Trustees Limited.

As lead audit partner for the audit of the financial statements of Equity Trustees Limited for the financial year ended 30 June 2012, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

DELOITTE TOUCHE TOHMATSU

### Directors' Declaration for the financial year ended 30 June 2012

The directors declare that:

- a) in the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- b) the attached financial statements are in compliance with International Financial Reporting Standards, as stated in note 3 to the financial statements;
- c) in the directors' opinion, the attached financial statements and notes thereto are in accordance with the Corporations Act 2001, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the Company and the Group; and
- d) the directors have received from the Managing Director and the Chief Financial Officer the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of the directors made pursuant to section 295(5) of the Corporations Act 2001.

On behalf of the directors

Mr Robin B O Burns Managing Director

Melbourne, 30 August 2012

#### 1. General information

Equity Trustees Limited (the Company) is a public company listed on the Australian Securities Exchange (trading under the symbol "EQT"), incorporated in Australia and operating solely in Australia.

Equity Trustees Limited's registered office and its principal place of business is Level 2, 575 Bourke St, Melbourne, Victoria 3000, Australia. Equity Trustees Limited and its subsidiaries (refer note 32) are referred to as 'the Group' in the following notes.

#### 2. Application of new and revised Accounting Standards

#### 2.1 Standards and Interpretations affecting amounts reported in the current period (and/or prior periods)

The following new and revised Standards and Interpretations have been adopted in the current period. Details of other Standards and Interpretations adopted in these financial statements but that have had no effect on the amounts reported are set out in section 2.2.

#### Standards affecting presentation and disclosure

Amendments to AASB 7 'Financial Instruments: Disclosure'	The amendments (part of AASB 2010-4 'Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project'1) clarify the required level of disclosures about credit risk and collateral held and provide relief from disclosures previously required regarding renegotiated loans. The Group does not have any renegotiated loans.
Amendments to AASB 101 'Presentation of Financial Statements'	The amendments (part of AASB 2010-4 'Further Amendments to Australian Accounting Standards arising from the Annual Improvements Project'1) clarify that an entity may choose to present the required analysis of items of other comprehensive income either in the statement of changes in equity or in the notes to the financial statements. The Group has continued to present this information in the statement of changes in equity which is consistent with prior years.
AASB 1054 'Australian Additional Disclosures' and AASB 2011-1 'Amendments to Australian Accounting Standards arising from Trans-Tasman Convergence Project'	AASB 1054 sets out the Australian-specific disclosures for entities that have adopted Australian Accounting Standards. This Standard contains disclosure requirements that are in addition to IFRSs in areas such as compliance with Australian Accounting Standards, the nature of financial statements (general purpose or special purpose), audit fees, imputation (franking) credits and the reconciliation of net operating cash flow to profit (loss). AASB 2011-1 makes amendments to a range of Australian Accounting Standards and Interpretations for the purpose of closer alignment to IFRSs and harmonisation between Australian and New Zealand Standards. The Standard deletes various Australian-specific guidance and disclosures from other Standards (Australian-specific disclosures retained are now contained in AASB 1054), and aligns the wording used to that adopted in IFRSs. The application of AASB 1054 and AASB 2011-1 in the current year has resulted in the simplification of disclosures in regards to audit fees, franking credits and capital and other expenditure commitments as well as an additional disclosure on whether the Group is a for-profit or not-for-profit entity.
AASB 124 'Related Party Disclosures' (revised December 2009)	AASB 124 (revised December 2009) has been revised on the following two aspects: (a) AASB 124 (revised December 2009) has changed the definition of a related party and (b) AASB 124 (revised December 2009) introduces a partial exemption from the disclosure requirements for government-related entities. The Company and its subsidiaries are not government-related entities. The application of the revised definition of related party set out in AASB 124 (revised December 2009) in the current year has resulted in the identification of related parties that were not identified as related parties under the previous Standard. Specifically, associates of the ultimate holding company of the Company are treated as related parties of the Group under the revised Standard whilst such entities were not treated as related parties of the Group under the previous Standard. The related party disclosures set out in note 36 have not been materially affected by this change.

Standards and Interpretations affecting the reported results or financial position

There were no new or revised Standards or Interpretations adopted in the current period that affected reported results or financial position.

### Equity Trustees Limited ABN 46 004 031 298

## Notes to the financial statements for the financial year ended 30 June 2012

#### 2. Application of new and revised Accounting Standards (cont'd)

#### 2.2 Standards and Interpretations adopted with no effect on financial statements

The following new and revised Standards and Interpretations have also been adopted in these financial statements. Their adoption has not had any significant impact on the amounts reported in these financial statements or on the presentation and disclosure of amounts in the financial statements but may affect the accounting for future transactions or arrangements.

AASB 2009-14 'Amendments to Australian Interpretation – Prepayments of a Minimum Funding Requirement'	Interpretation 114 addresses when refunds or reductions in future contributions should be regarded as available in accordance with paragraph 58 of AASB 119; how minimum funding requirements might affect the availability of reductions in future contributions; and when minimum funding requirements might give rise to a liability. The amendments now allow recognition of an asset in the form of prepaid minimum funding contributions. The application of the amendments to Interpretation 114 has not had material effect on the Group's consolidated financial statements.
AASB 2009-12 'Amendments	The application of AASB 2009-12 makes amendments to AASB 8 'Operating
to Australian Accounting	Segments' as a result of the issuance of AASB 124 'Related Party Disclosures'
Standards'	(2009). The amendment to AASB 8 requires an entity to exercise judgement in
Standards	
	assessing whether a government and entities known to be under the control of that
	government are considered a single customer for the purposes of certain operating
	segment disclosures. The Standard also makes numerous editorial amendments to a
	range of Australian Accounting Standards and Interpretations. The application of
	AASB 2009-12 has not had any effect on amounts reported in the Group's
	consolidated financial statements.
AASB 2010-5 'Amendments	The Standard makes numerous editorial amendments to a range of Australian
to Australian Accounting	Accounting Standards and Interpretations. The application of AASB 2010-5 has not
Standards'	had any material effect on amounts reported in the Group's consolidated financial
Standards	statements.
AASB 2010-6 'Amendments	The application of AASB 2010-6 makes amendments to AASB 7 'Financial
to Australian Accounting	Instruments – Disclosures' to introduce additional disclosure requirements for
Standards – Disclosures on	transactions involving transfer of financial assets. These amendments are intended to
Transfers of Financial Assets'	provide greater transparency around risk exposures when a financial asset is
	transferred and derecognised but the transferor retains some level of continuing
	exposure in the asset. To date, the Group has not entered into any transfer
	arrangements of financial assets that are derecognised but with some level of
	continuing exposure in the asset. Therefore, the application of the amendments has
	not had any effect on the disclosures made in the consolidated financial statements.

#### 2.3 Standards and Interpretations in issue not yet adopted

At the date of authorisation of the financial statements, the Standards and Interpretations listed below were in issue but not yet effective.

Standard/Interpretation	Effective for annual reporting periods	Expected to be initially applied in
	beginning on or	the financial year
	after	ending
AASB 9 'Financial Instruments', AASB 2009-11 'Amendments to	1 January 2013	30 June 2014
Australian Accounting Standards arising from AASB 9' and AASB		
2010-7 'Amendments to Australian Accounting Standards arising		
from AASB 9 (December 2010)'		
AASB 10 'Consolidated Financial Statements'	1 January 2013	30 June 2014
AASB 11 'Joint Arrangements'	1 January 2013	30 June 2014
AASB 12 'Disclosure of Interests in Other Entities'	1 January 2013	30 June 2014
AASB 127 'Separate Financial Statements' (2011)	1 January 2013	30 June 2014
AASB 128 'Investments in Associates and Joint Ventures' (2011)	1 January 2013	30 June 2014
AASB 13 'Fair Value Measurement' and AASB 2011-8 Amendments	1 January 2013	30 June 2014
to Australian Accounting Standards arising from AASB 13'		

## Equity Trustees Limited ABN 46 004 031 298

## Notes to the financial statements for the financial year ended 30 June 2012

#### 2. Application of new and revised Accounting Standards (cont'd)

Standard/Interpretation	Effective for annual reporting periods beginning on or	Expected to be initially applied in the financial year ending
	after	
AASB 119 'Employee Benefits' (2011) and AASB 2011-10 'Amendments to Australian Accounting Standards arising from AASB 119 (2011)'	1 January 2013	30 June 2014
AASB 2010-8 'Amendments to Australian Accounting Standards -	1 January 2012	30 June 2013
Deferred Tax: Recovery of Underlying Assets'		
AASB 2011-4 'Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirements'	1 July 2013	30 June 2014

arising from the Consolidation and Joint Arrangements standards'	1 variatify 2013	50 vane 2011
AASB 2011-9 'Amendments to Australian Accounting Standards – Presentation of Items of Other Comprehensive Income'	1 July 2012	30 June 2013
Interpretation 20 'Stripping Costs in the Production Phase of a Surface Mine' and AASB 2011-12 'Amendments to Australian Accounting Standards arising from Interpretation 20'	1 January 2013	30 June 2014
AASB 2012-5 Amendments to Australian Accounting Standards arising from Annual Improvements 2009–2011 Cycle	1 January 2013	30 June 2014
AASB 2012-3 Amendments to Australian Accounting Standards – Offsetting Financial Assets and Financial Liabilities (Amendments to AASB 132)	1 January 2014	30 June 2015
AASB 2012-2 Amendments to Australian Accounting Standards – Disclosures – Offsetting Financial Assets and Financial Liabilities (Amendments to AASB 7)	1 January 2013	30 June 2014

At the date of authorisation of the financial statements, the following IASB Standards and IFRIC Interpretations were also in issue but not yet effective, although Australian equivalent Standards and Interpretations have not yet been issued.

Standard/Interpretation		Expected to be initially applied in the financial year ending
Mandatory Effective Date of IFRS 9 and Transition Disclosures (Amendments to IFRS 9 and IFRS 7)	1 January 2015	30 June 2016

#### Future changes in accounting policies

A number of Australian Accounting Standards and Interpretations are in issue but are not effective for the current year end. The following existing group accounting policies will change on adoption of these pronouncements:

#### AASB 9

AASB 9 'Financial Instruments' issued in December 2009 introduces new requirements for the classification and measurement of financial assets. AASB 9 amended in December 2010 includes the requirements for the classification and measurement of financial liabilities and for derecognition. Key requirements of AASB 9 are described as follows:

AASB 9 requires all recognised financial assets that are within the scope of AASB 139 'Financial Instruments: Recognition and Measurement' to be subsequently measured at amortised cost or fair value. Under AASB 9 debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost. All other debt investments and equity investments are measured at their fair values. Also under AASB 9, for financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss.

#### 2. Application of new and revised Accounting Standards (cont'd)

Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Previously, under AASB 139, the entire amount of the change in the fair value of the financial liability designated as at fair value through profit or loss was recognised in profit or loss. In relation to Equity Trustees, it is anticipated the main impact will be in relation to the classification and measurement of financial assets. In broad terms, the amendments require financial assets to be measured at fair value through profit and loss unless the criteria for amortised cost measurement are met or the entity qualifies and elects to recognise gains and losses on equity securities that are not held for trading directly in other comprehensive income. Currently, the Group's investments are designated as available for sale and any unrealised movements are taken to an investment revaluation reserve. Where an available for sale investment suffers a significant or prolonged impairment it must be written down through the profit and loss. However, any reversal of an unrealised impairment loss on equities is not taken to profit and loss but directly to reserves. On adoption of the Standard the non-equity investments in the portfolio will be measured at fair value through the profit and loss (if they do not qualify for amortised cost accounting) and all realised and unrealised gains and losses will be taken to the income statement. The equity investments will either be measured at fair value through the profit and loss, or if an election is made, at fair value through the statement of other comprehensive income. In the latter case the realised and unrealised movements will be taken up through the statement of other comprehensive income and will not be reclassified to profit and loss on disposal of the equity investments.

The directors anticipate that AASB 9 that will be adopted in the Group's consolidated financial statements for the annual period beginning 1 July 2013 and that the application of the new Standard will have an impact on amounts reported in respect of the Groups' financial assets. However, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

#### AASB 10, AASB 11, AASB 12, AASB 127 (2011), AASB 128 (2011) and AASB 2011-7

In August 2011, a package of six Standards on consolidation, joint arrangements, associates and disclosures was issued, including AASB 10, AASB 11, AASB 12, AASB 127 (2011), AASB 128 (2011) and AASB 2011-7. Key requirements of these six Standards are described below.

AASB 10 replaces the parts of AASB 127 'Consolidated and Separate Financial Statements' that deal with consolidated financial statements. Interpretation 112 'Consolidation – Special Purpose Entities' has been withdrawn upon the issuance of AASB 10. Under AASB 10, there is only one basis for consolidation, that is control. In addition, AASB 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. Extensive guidance has been added in AASB 10 to deal with complex scenarios.

AASB 11 replaces AASB 131 'Interests in Joint Ventures'. AASB 11 deals with how a joint arrangement of which two or more parties have joint control should be classified. Interpretation 113 'Jointly Controlled Entities – Non-monetary Contributions by Venturers' has been withdrawn upon the issuance of AASB 11. Under AASB 11, joint arrangements are classified as joint operations or joint ventures, depending on the rights and obligations of the parties to the arrangements. In contrast, under AASB 131, there are three types of joint arrangements: jointly controlled entities, jointly controlled assets and jointly controlled operations.

In addition, joint ventures under AASB 11 are required to be accounted for using the equity method of accounting, whereas jointly controlled entities under AASB 131 can be accounted for using the equity method of accounting or proportionate consolidation.

AASB 12 is a disclosure standard and is applicable to entities that have interests in subsidiaries, joint arrangements, associates and/or unconsolidated structured entities. In general, the disclosure requirements in AASB 12 are more extensive than those in the current standards.

AASB 2011-7 contains consequential amendments to a range of Australian Accounting Standards and Interpretations in light of the issuance of the five Standards above.

These six standards are effective for annual periods beginning on or after 1 January 2013. Earlier application is permitted provided that all of these six standards are applied early at the same time. The directors anticipate that these six standards will be adopted in the Group's consolidated financial statements for the annual period ending 30 June 2014. Based on the Group's current structure, the application of these six standards is not expected to have significant impact on amounts reported in the consolidated financial statements. It is anticipated application of AASB 12 may result in more extensive disclosures in the financial statements.

#### 2. Application of new and revised Accounting Standards (cont'd)

#### AASB 13

AASB 13 establishes a single source of guidance for fair value measurements and disclosures about fair value measurements. The Standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The scope of AASB 13 is broad; it applies to both financial instrument items and non-financial instrument items for which other Australian Accounting Standards require or permit fair value measurements and disclosures about fair value measurements, except in specified circumstances. In general, the disclosure requirements in AASB 13 are more extensive than those required in the current standards. For example, quantitative and qualitative disclosures based on the three-level fair value hierarchy currently required for financial instruments only under AASB 7 'Financial Instruments: Disclosures' will be extended by AASB 13 to cover all assets and liabilities within its scope. AASB 13 is effective for annual periods beginning on or after 1 January 2013, with earlier application permitted.

The directors anticipate that AASB 13 will be adopted in the Group's consolidated financial statements for the annual period ending 30 June 2014 and that the application of the new Standard may affect the amounts reported in the financial statements and result in more extensive disclosures in the financial statements.

#### Amendments to AASB 101

The amendments to AASB 101 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to AASB 101 require additional disclosures to be made in the other comprehensive income section such that items of other comprehensive income are grouped into two categories: (a) items that will not be reclassified subsequently to profit or loss; and (b) items that will be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis. The amendments to AASB 101 are effective for annual periods beginning on or after 1 July 2012. The presentation of items of other comprehensive income will be modified accordingly when the amendments are applied in the future accounting periods.

Other than as noted above, the adoption of the various Australian Accounting Standards and Interpretations in issue but not yet effective will not impact the group's accounting policies. However, the pronouncements will result in changes to information currently disclosed in the financial statements. The Group does not intend to adopt any of these pronouncements before their effective dates.

#### 3. Significant accounting policies

#### 3.1 Statement of compliance

These financial statements are general purpose financial statements which have been prepared in accordance with the Corporations Act 2001, Accounting Standards and Interpretations, and comply with other requirements of the law. The financial statements includes the separate financial statements of the Company and the consolidated financial statements of the Group. For the purposes of preparing the consolidated financial statements, the Company is a for-profit entity. Accounting Standards include Australian Accounting Standards. Compliance with Australian Accounting Standards ensures that the financial statements and notes of the Group and the Company comply with International Financial Reporting Standards (IFRS).

The financial statements were authorised for issue by the directors on 30 August 2012.

### 3.2 Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain financial instruments that are measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars unless otherwise noted.

The following significant accounting policies have been adopted in the preparation and presentation of the financial report:

#### 3.3 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including special purpose entities) controlled by the Company (its subsidiaries) (referred to as 'the Group' in these financial statements). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

#### 3. Significant accounting policies (cont'd)

The income and expenses of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the effective date of acquisition or up to the effective date of disposal, as appropriate. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group. All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. When assets of the subsidiary are carried at revalued amounts or fair values and the related cumulative gain or loss has been recognised in other comprehensive income and accumulated in equity, the amounts previously recognised in other comprehensive income and accumulated in equity are accounted for as if the Company had directly disposed of the relevant assets (i.e. reclassified to profit or loss or transferred directly to retained earnings as specified by applicable Standards). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under AASB 139 'Financial Instruments: Recognition and Measurement' or, when applicable, the cost on initial recognition of an investment in an associate or jointly controlled entity.

#### 3.4 Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value which is calculated as the sum of the acquisition date fair values of assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity instruments issued by the Group in exchange for control of the acquiree. Acquisition related costs are recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with AASB 112 'Income Taxes' and AASB 119 'Employee Benefits' respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with AASB 2 'Share-based Payment' at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with AASB 5 'Noncurrent Assets Held for Sale and Discontinued Operations' are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction by transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another Standard.

### Equity Trustees Limited ABN 46 004 031 298

## Notes to the financial statements for the financial year ended 30 June 2012

#### 3. Significant accounting policies (cont'd)

Where the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition date fair value. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or liability is remeasured at subsequent reporting dates in accordance with AASB 139, or AASB 137 'Provisions, Contingent Liabilities and Contingent Assets', as appropriate, with the corresponding gain or loss being recognised in profit or loss.

Where a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date. The policy described above is applied to all business combinations that take place on or after 1 July 2009.

#### 3.5 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of the acquisition of the business (see 3.4 above) less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss in the consolidated income statement. An impairment loss recognised for goodwill is not reversed in subsequent periods. On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

#### 3.6 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable on an accruals basis. Revenue is reduced for rebates and other similar allowances.

#### Fee and commission income

Fee and commission income is recognised when the related service has been performed. In relation to corpus commission a percentage of revenue is recognised on completion of each stage of the estate administration starting with the grant of probate and ending with the finalisation of the estate.

#### Dividend and interest revenue

Dividend and interest revenue are recognised when it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably. Dividend revenue from investments is recognised when the Group's right to receive payment has been established. Interest revenue is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

## Equity Trustees Limited ABN 46 004 031 298

## Notes to the financial statements for the financial year ended 30 June 2012

#### 3. Significant accounting policies (cont'd)

#### 3.7 Leased assets

Leases are classified as finance leases when the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the leased asset to the lessee. All other leases are classified as operating leases.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefits of incentives are recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

#### 3.8 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave, and directors' retiring allowance when it is probable that settlement will be required and they are capable of being measured reliably. The directors' retiring allowance was frozen as at 31 December 2005 except for an annual inflation adjustment in line with the movement in CPI.

Liabilities recognised in respect of short-term employee benefits, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement. Liabilities recognised in respect of long term employee benefits are measured as the present value of the estimated future cash outflows to be made by the Group in respect of services provided by employees up to reporting date.

Payments to defined contribution superannuation plans are expensed when employees have rendered service entitling them to the contributions.

#### 3.9 Share-based payments

Equity-settled share-based payments to employees are measured at the fair value of the equity instrument at the grant date. The Group has two types of equity settled share-based payments: the Long-term Incentive Awards and the Employee Share Acquisition Plan.

Fair value of the Long-term Incentive Awards is measured by using an adjusted form of the Black-Scholes option pricing model that incorporates a Monte Carlo simulation analysis. The model has been modified to incorporate an estimate of the probability of achieving the performance hurdle and the number of Awards vesting. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of shares that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

The policy described above is applied to all equity-settled share-based payments that were granted after 7 November 2003 and vested after 1 January 2006. No amounts have been recognised in the financial statements in respect of other equity-settled shared-based payments.

Shares issued under the Employee Share Acquisition Plan are valued at fair value determined at the date of issue to employees and this amount is expensed in the income statement with a corresponding entry in issued capital.

#### 3.10 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

#### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated income statement because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### 3. Significant accounting policies (cont'd)

#### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

#### Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

#### Tax consolidation

The Company and all its wholly-owned Australian resident entities are part of a tax-consolidated group under Australian taxation law. Equity Trustees Limited is the head entity in the tax-consolidated group and the other members are identified in note 32. Tax expense/income, deferred tax liabilities and deferred tax assets arising from temporary differences of the members of the tax-consolidated group are recognised in the separate financial statements of the members of the tax-consolidated group using the 'separate taxpayer within group' approach by reference to the carrying amounts in the separate financial statements of each entity and the tax values applying under tax consolidation. Current tax liabilities and assets and deferred tax assets arising from unused tax losses and tax credits of the members of the tax-consolidated group are recognised by the Company (as head entity in the tax-consolidated group).

Due to the existence of a tax funding arrangement between the entities in the tax-consolidated group, amounts are recognised as payable to or receivable by each member of the tax-consolidated group in relation to the tax contribution amounts paid or payable between the parent entity and the other members of the tax-consolidated group in accordance with the arrangement.

Entities within the tax-consolidated group have entered into a tax funding arrangement and a tax sharing agreement with the head entity. The Company and each of the entities in the tax-consolidated group have agreed to pay a tax equivalent payment to or from the head entity, based on the current tax liability or current tax asset of the entity. The tax sharing agreement entered into between members of the tax-consolidated group provides for the determination of the allocation of income tax liabilities between the entities should the head entity default on its tax payment obligations or if an entity should leave the tax-consolidated group. The effect of the tax sharing agreement is that each member's liability for the tax payable by the tax-consolidated group is limited to the amount payable to the head entity under the tax funding arrangement.

## Equity Trustees Limited ABN 46 004 031 298

## Notes to the financial statements for the financial year ended 30 June 2012

#### 3. Significant accounting policies (cont'd)

#### Investment in tax-consolidated group

Under Australian tax law, the taxable profit made by a tax-consolidated group in relation to an entity leaving the Group depends on a range of factors, including the tax values and/or carrying values of assets and liabilities of the leaving entity, which vary in line with the transactions and events recognised in each entity. The taxable profit or loss ultimately made on any disposal of the investments within the tax-consolidated group will therefore depend upon when each entity leaves the tax-consolidated group and the assets and liabilities that the leaving entity holds at that time.

Because the consolidated entity has no current intention to dispose of any subsidiaries within the Group, a deferred tax liability has not been recognised in relation to investments within the tax-consolidated group. Furthermore, temporary differences that might arise on disposal of the entities in the tax-consolidated group cannot be reliably measured because of their inherent uncertainties surrounding the nature of any future disposal that might occur.

#### 3.11 Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and have a maturity of three months or less at the date of acquisition.

#### 3.12 Plant, equipment and leasehold improvements

Plant, equipment and leasehold improvements are stated at cost less accumulated depreciation and accumulated impairment losses. Depreciation on plant and equipment is recognised so as to write off the cost or valuation of the assets less their residual values over their useful lives using the straight line method. Leasehold improvements are depreciated over the period of the lease or estimated useful life, whichever is the shorter, using the straight line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period, with the effect of any changes recognised on a prospective basis.

An item of plant, equipment or leasehold improvement is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The gain or loss arising on disposal or retirement of an item of plant, equipment or leasehold improvement is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The following useful lives are used in the calculation of depreciation:

Computer and telecommunication equipment 2-8 years Office furniture and equipment 1-15 years Leasehold improvements 3-6 years

#### 3.13 Intangible assets

#### Intangible assets acquired separately

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

#### Intangible assets acquired in a business combination

Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation (if finite life intangible) and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

#### Management rights

Management rights relating to the EquitySuper Master Trust business and the Apex business (acquired in 2011 and transferred into the EquitySuper Master Trust business) are carried at cost as a non-current intangible asset. The asset has an indefinite useful life and is accordingly not amortised but is subject to an ongoing impairment test (refer note 3.14). Management rights relating to the Freedom of Choice, Equity Superannuation Management, Holdfast Fund Services and Aged Care (refer note 33) businesses are recorded at cost less accumulated amortisation and accumulated impairment. Amortisation is charged on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method is reviewed at the end of each annual reporting period, with any changes in these accounting estimates being accounted for on a prospective basis.

## Equity Trustees Limited ABN 46 004 031 298

## Notes to the financial statements for the financial year ended 30 June 2012

#### 3. Significant accounting policies (cont'd)

#### Useful lives of finite life intangible assets

The following useful lives are used in the calculation of amortisation expense:

Software 2-10 years Management rights 5-12 years Makegood asset 5 years

#### Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

#### 3.14 Impairment of tangible and intangible assets other than goodwill

At each reporting date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cashgenerating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

#### 3.15 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cashflows estimated to settle the present obligation, its carrying amount is the present value of those cashflows (where the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### 3.16 Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### 3. Significant accounting policies (cont'd)

#### 3.17 Financial assets

Financial assets are classified into the following specified categories: financial assets 'at fair value through profit or loss', 'held-to-maturity' investments, 'available-for-sale' financial assets and 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. The Group does not have any financial assets classified as at 'fair value through profit or loss' or 'held-to-maturity'. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or (where appropriate) a shorter period, to the net carrying amount on initial recognition. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at fair value through profit or loss.

#### Available-for-sale financial assets

Australian listed shares, and investments in managed investment schemes held by the Group are classified as being available-for-sale and are stated at fair value. Fair value is determined in the manner described in note 39. Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the investments revaluation reserve, with the exception of impairment losses, interest calculated using the effective interest method, and foreign exchange gains and losses on monetary assets, which are recognised in profit or loss. Where the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss. Dividends on available-for-sale equity instruments are recognised in profit and loss when the Group's right to receive payments is established.

#### Loans and receivables

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short term receivables when the recognition of interest would be immaterial.

#### <u>Impairment of financial assets</u>

Financial assets, other than those at fair value through profit or loss, are assessed for indicators of impairment at each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

For equity instruments, including listed or unlisted shares, objective evidence of impairment includes information about significant changes with an adverse effect that have taken place in the technological, market, economic or legal environment in which the issuer operates, and indicates that the cost of the investment in the equity instrument may not be recovered. A significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of impairment for unlisted shares classified as available-for-sale.

For all other financial assets objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

# Notes to the financial statements for the financial year ended 30 June 2012

### 3. Significant accounting policies (cont'd)

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables where the carrying amount is reduced through the use of an allowance account. When a trade receivable is uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

When an available-for-sale financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss in the period. With the exception of available-for-sale equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. In respect of available-for-sale equity instruments, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income and accumulated in the investment revaluation reserve.

### Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset or retains a residual interest that does not result in the retention of substantially all the risks and rewards of ownership and the Group retains control), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

# 3.18 Financial liabilities and equity instruments

# Classification as debt or equity

Debt and equity instruments are classified as either liabilities or as equity in accordance with the substance of the contractual arrangement.

### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

### Financial guarantee contract liabilities

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

# Notes to the financial statements for the financial year ended 30 June 2012

# 3. Significant accounting policies (cont'd)

Financial guarantee contract liabilities are measured initially at their fair values and, if not designated fair value through the profit and loss, are subsequently at the higher of:

- the amount of the obligation under the contract, as determined under AASB 137 'Provisions, Contingent Liabilities and Contingent Assets'; and
- the amount initially recognised less, where appropriate, cumulative amortisation in accordance with AASB 118 Revenue.

### Other financial liabilities

The financial liabilities of the Group are classified as other financial liabilities. There are no financial liabilities classified as fair value through the profit and loss. Other financial liabilities are initially measured at fair value, net of transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

# Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### 3.19 Goods and services tax

Revenues, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except:

- where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the
  cost of acquisition of an asset or as part of an item of expense; or
- for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables. Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

# 4. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 3, the directors are required to make judgments, estimates, and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgements and key sources of estimation uncertainty used in the preparation of the financial statements that have a significant impact on the amounts recognised in the financial statement or that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

# **Employee Entitlements**

Judgement is applied in determining the following key assumptions used in the calculation of long service leave at balance date:

- future increases in wages and salaries;
- future increases in on-costs; and
- experience of employee departures and probability of period of service being achieved.

# Equity Trustees Limited ABN 46 004 031 298 Notes to the financial statements for the financial year ended 30 June 2012

# 4. Critical accounting judgements and key sources of estimation uncertainty (cont'd)

# Impairment of goodwill and indefinite life management rights

Determining whether goodwill or the indefinite life management rights are impaired requires an estimation of the value in use of the cash-generating units to which goodwill and the indefinite life management rights have been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value.

The carrying amount of goodwill is \$9,432,878 and \$29,298,889 for the management rights at 30 June 2012 (2011: \$8,272,592 goodwill and \$29,202,243 management rights). No impairment has been identified (30 June 2011: nil).

### **Intangible assets**

The useful lives of intangible assets with finite lives are reviewed annually. Any reassessment of useful lives in a particular year will affect the amortisation expense (either increasing or decreasing) through to the end of the reassessed useful life for both the current and future years.

# Useful lives of plant, equipment and leasehold improvements

As described in note 3.12, the Group reviews the estimated useful lives of plant and equipment and leasehold improvements at the end of each annual reporting period. During this financial year, the directors have not determined any changes should be made to the useful lives of plant and equipment and leasehold improvements.

### **Provisions**

As referred to in note 3.15, the amounts included in provisions represents the directors' best estimate of the future outflow of economic benefits that will be required to settle identified outstanding issues.

## 5. Discontinued operations

The Group did not have any discontinued operations (2011: nil)

The 'Other services' amounts paid to Deloitte Touche Tohmatsu are in accordance with the Company's auditor independence policy as outlined in the Corporate Governance Statement.

The above fees for managed funds and superannuation funds were paid by the individual managed funds and superannuation funds.

# Notes to the financial statements for the financial year ended 30 June 2012

12 Current trade and other receivables	nd other receivables Consolidated		Compa	ıny
	2012	2011	2012	2011
	\$	\$	<u> </u>	\$
Trade receivables	3,085,021	2,070,006	2,724,302	1,790,774
Allowance for doubtful debts	(46,354)	(10,747)	(46,354)	(10,747)
Other	1,832,199	1,856,685	2,217,640	2,215,569
	4,870,866	3,915,944	4,895,588	3,995,596

The trade receivables disclosed above are classified as loans and receivables and are therefore measured at amortised cost.

The terms of payment for all trade receivables is 14 days from invoice date. All accounts receivable outstanding more than 30 days are monitored and actively managed. No interest is charged on the trade receivables. An allowance has been made for estimated irrecoverable amounts relating to outstanding trade receivables as determined by a specific review of outstanding accounts. Factors considered in this review include the nature of the debtor, the relationship with the debtor, length of time the debt has been outstanding and knowledge of the reason for the delaying in payment.

Before accepting significant new clients the credit worthiness of these clients is assessed by either executive management or the Due Diligence Committee (DDC) depending on the type of client. Other new client credit worthiness is assessed by business managers as is appropriate to the size and nature of those clients and also whether the client has funds deposited with the Company/Group from which the Company/Group is permitted to withdraw payment of its fees.

Included within the Group's trade receivable balance are debtors with a carrying amount of \$805,202 (2011: \$731,522) which are past due at the reporting date but these have not been provided for as there has not been a significant change in credit quality and the amounts are considered recoverable. The Group does not hold any collateral over these balances.

Other receivables include corpus commission, dividends and interest receivable. These receivables are with Australian Securities Exchange listed companies, Australian banks, Australian managed investment schemes and client accounts administered by the Company. These amounts are all considered recoverable.

Balance at end of year	(46,354)	(10,747)	(46,354)	(10,747)

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the reporting date. The concentration of credit risk is limited due to the customer base being large and unrelated. Accordingly, the directors believe that there is no further credit provision required in excess of the allowance for doubtful debts.

## Significant intangible assets

The Group holds the following management rights. The EquitySuper Master Trust and Apex Superannuation management rights have an indefinite life and the other management rights have finite lives.

	Consolidated		Com	pany
	2012	2011	2012	2011
	\$	\$	\$	\$
EquitySuper Master Trust	17,937,616	17,937,616	-	-
Apex Superannuation	10,250,000	10,250,000	-	-
Freedom of Choice	589,097	674,537	-	-
Equity Superannuation Management Pty Limited	125,766	165,483	-	-
Holdfast Fund Services Pty Limited	102,493	174,607	-	-
Aged Care	293,917	-	-	-
	29,298,889	29,202,243	-	

The indefinite life management rights (EquitySuper and Apex) have been allocated for impairment testing purposes to the Equity Trustees Superannuation Limited Group (ETSL Group) cash-generating unit. The carrying amount of the indefinite life management rights allocated to the ETSL Group cash-generating unit is \$28,187,616.

Details of the ETSL Group cash-generating unit, the value-in-use calculation of the recoverable amount and key assumptions are contained in note 18.

Management has reviewed the useful life of the indefinite life management rights and has determined that these management rights continue to have an indefinite life. In undertaking this review management has considered the economic, competitor and political environment in relation to the superannuation industry, the contractual rights and contractual relationships in relation to these management rights, and ability of the management rights to continue to have value into the foreseeable future.

# Notes to the financial statements for the financial year ended 30 June 2012

18 Goodwill	Consolid	ated		Company		
	2012	2011	_	2012	2011	
	\$	\$	_	\$	\$	
Cost	8,272,592	8,272,592		-	-	
Accumulated impairment losses		<u> </u>	_	_	<u>-</u>	
	8,272,592	8,272,592	_	_		
Balance at beginning of the financial year Amounts recognised from business combinations occurring	8,272,592	8,230,331		-	-	
during the year	1,160,286	42,261		-	-	
Balance at end of the financial year	9,432,878	8,272,592	_	_		

There are no accumulated impairment losses (2011: nil).

During the financial year the Group assessed the recoverable amount of goodwill and determined that no impairment had occurred (2011: nil).

#### Allocation of goodwill to cash-generating units

Goodwill has been allocated for impairment testing purposes to the following cash-generating units:

- Equity Trustees Superannuation Limited Group (ETSL Group)
- Corporate Fiduciary and Financial Services (CFFS)
- Wealth Management and Administration Services (WS)

The carrying amounts of goodwill allocated to ETSL Group, CFFS and WS are significant in comparison with the total carrying amount of goodwill. The carrying amount of goodwill was allocated to the following cash-generating units.

	Consolid	ated
	2012	2011
	\$	\$
ETSL Group	4,592,849	4,592,849
CFFS	3,679,743	3,679,743
WS	1,160,286	-
	9,432,878	8,272,592

#### Group of cash-generating units

Equity Trustees Superannuation Limited Group (ETSL Group).

ETSL Group comprises of Equity Trustees Superannuation Limited (ETSL), Equity Superannuation Management Pty Limited (ESM), Equity Investment Management Limited (EIML), four non-trading subsidiaries and Simple Wrap Pty Ltd. These companies effectively operate as a single business to provide superannuation services.

The recoverable amount of the ETSL Group is determined based on a value-in-use calculation which uses cash flow projections based on management's forecast covering a five year period, together with a further 25 year period based on a conservative rate of growth. These cashflows are discounted at an appropriate risk adjusted rate. Management believes that any reasonable possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the ETSL Group.

The key assumptions used in the value-in-use calculations are the growth rate of funds under management, basis point fee levels, and expense growth rate.

### Corporate Fiduciary and Financial Services (CFFS)

The recoverable amount of the CFFS operating segment is determined based on a value-in-use calculation which uses cash flow projections based on management's forecast covering a five year period, together with a further 25 year period based on a conservative rate of growth. These cashflows are discounted at an appropriate risk adjusted rate. Management believes that any reasonable possible change in the key assumptions on which the recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the CFFS operating segment.

The key assumptions used in the value-in-use calculations are the growth rate of funds under management, basis point fee levels, and expense growth rate.

### Wealth Management and Administration Services (WS)

The goodwill relating to the Aged Care Services business (refer note 33) has been allocated to the WS operating segment due to synergistic benefits between the WS operating segment and Aged Care Services business (which is part of that operating segment). The recoverable amount of the WS operating segment is determined based on a value-in-use calculation which uses cash flow projections based on management's forecast covering a five year period, together with a further 25 year period based on a conservative rate of growth. These cashflows are discounted at an appropriate risk adjusted rate. Management believes that any reasonable possible change in the key assumptions on which the recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the WS operating segment.

The key assumptions used in the value-in-use calculations are the growth in rate of funds under management and growth in ongoing services revenue, growth in one-off advisory services and expense growth rate.

Balance at end of financial year	8,907,676	47,481,389	8,566,384	43,489,257

Fully paid ordinary shares carry one vote per share and carry the right to dividends.

#### **Share Awards**

In accordance with the provisions of the Equity Trustees Limited Executive Performance Share Plan 1999 (the Plan), as at 30 June 2012, eligible executives have share entitlements over 118,392 ordinary shares (2011: 101,480), in aggregate. Further details of the Plan are contained in the remuneration report within the Directors' Report.

26 Other Reserves	Consolid	ated	Company	
	2012	2011	2012	2011
	\$	\$	\$	\$
Employee equity-settled benefits reserve	846,017	515,502	846,017	515,502

The movements in the above reserve account is shown in the statement of changes in equity.

### Employee equity-settled benefits reserve

The employee equity-settled benefits reserve arises on the granting of share entitlements to eligible employees under the Equity Trustees Limited Executive Performance Share Plan 1999 (the Plan) (refer Directors' Report) and on the provision for shares to be issued to staff under the Employee Share Acquisition Plan (ESAP). The ESAP is in place to allow eligible employees to participate in share allotments as approved by the Board on an ongoing basis as deemed appropriate. There is \$183,000 provided for ESAP in 2012 (2011: Nil)

### 27 Investment revaluation reserve

The movement in the investment revaluation reserve account is shown in the Statement of Changes in Equity.

The investment revaluation reserve arises on the revaluation of investment financial assets that are accounted for as available-for-sale (refer note 3.17). Where a revalued asset is sold, that part of the revaluation reserve that relates to the sold asset is transferred to the income statement and where a revalued asset is impaired, the portion of the reserve which exceeds the fair value of the impaired asset is transferred to the income statement.

### Operating lease commitments

The Group has operating leases relating to leases of office premises with lease terms of between one and five years. The leases are subject to annual rent reviews.

The Group has a printer lease with an expiry date of 30 April 2015 which covers a number of printers. These leases have minimum monthly lease payments and additional charges if usage exceeds a set number of monthly prints.

	Consolidated		Comp	any

	399,406	463,545	399,406	463,545

The Group has no onerous lease contracts.

There are no non-cancellable operating sub-leases (2011: no non-cancellable operating sub-lease).

### 31 Contingent liabilities and assets

Contingent liabilities exist in respect of certain trust and estate accounts that are overdrawn, however, these contingent liabilities are mitigated by the assets held by these trust and estate accounts which are considered ample to cover any contingent liability. This position is unchanged from 30 June 2011.

There are no contingent assets (2011: nil).

Equity Trustees Limited is the head entity within the tax consolidated group.

All the above subsidiaries except for Simple Wrap Pty Ltd are members of the tax-consolidated group.

Simple Wrap Pty Ltd was formed on 20 May 2011 and the Group owns 75% of the shares.

Refer to note 33 for details regarding subsidiaries acquired during the year.

# Notes to the financial statements for the financial year ended 30 June 2012

#### 33 Business combinations

#### Acquisition of businesses

#### Year ended 30 June 2012

Effective 1 August 2011, the Group acquired 100% of an advisory business specialising in the aged care sector (Aged Care business). This business trades under the names Lifetime Planning, Tender Living Care and Aged Care Pathways.

#### Year ended 30 June 2011

On 1 November 2010, the Group acquired a 100% interest in Equity Superannuation Administration Pty Ltd (formerly OAMPS Superannuation Management Pty Ltd) and Apex Super Limited (formerly OAMPS Superannuation Ltd) (the ESA companies).

These companies acted as administrator and trustee respectively for a superannuation master fund prior to the completion of the successor fund transfer in May 2011.

Consideration	2012 \$	2011 \$
Cash	1,384,589	10,782,509

Acquisition-related costs amounting to \$65,960 have been excluded from the consideration transferred and have been recognised as an expense in the period in the income statement (2011: \$206,158).

Assets acquired and liabilities assumed at the date of acquisition	2012	2011
Current assets	\$	\$
Cash and cash equivalents		166,303
Trade and other receivables	-	211,784
Other current assets	10,306	25,680
Non-current assets		
Property, plant and equipment	7,761	129,961
Intangible assets	331,953	10,250,000
Deferred tax assets	20,664	31,945
Current liabilities		
Trade and other payables	-	(33,199)
Employee entitlements	(131,241)	(42,226)
Non-current liabilities		
Provisions	(2,500)	-
Employee entitlements	(12,640)	_
	224,303	10,740,248

No trade receivables were acquired (2011: Trade receivables acquired with a fair value of \$211,784 had gross contractual amounts of \$211,784. The best estimate at acquisition date of the contractual cashflows not expected to be collected is nil.)

	2012	2011
Goodwill arising on acquisition	\$	\$
Consideration	1,384,589	10,782,509
Less fair value of identifiable net assets acquired	(224,303)	(10,740,248)
Goodwill arising on acquisition	1,160,286	42,261

Goodwill arose in relation to the acquisition of the Aged Care business (2011: ESA companies) because the acquisition results in synergies that cannot be separately recognised from goodwill as they are not capable of being separated. None of the goodwill arising in relation to this acquisition is expected to be tax deductible.

	2012	2011
Net cash outflow arising on acquisition	\$	\$
Consideration paid in cash	1,384,589	10,782,509
less cash and cash equivalent balances acquired		(166,303)
	1,384,589	10,616,206

## Impact of acquisition on the results of the Group

The directors of the Group consider that providing profit figures for the Aged Care business would not be in the best interests of the Group as this information is commercially sensitive. Therefore, no disclosure has been made (2011: no disclosure)

The directors of the Group consider that providing proforma numbers representing an approximate measure of the performance of the combined Group on an annualised basis would not be in the best interests of the Group as this information is commercially sensitive. Therefore, no disclosure has been made (2011: no disclosure).

#### 35 Segment information

Information reported to the Group's Chief Executive Officer for the purpose of resource allocation and assessment of performance is focused on the categories of services provided to customers. The principal categories of services are Private Wealth Services and Corporate Fiduciary and Financial Services. The Group's reportable segments under AASB 8 are as follows:

### Private Wealth Services

The provision of personal financial and superannuation services, including wealth management, trust management, estate planning, executorial, taxation, philanthropic services, and superannuation trustee and administration services via a 'fund of funds' Master Trust.

### Corporate Fiduciary and Financial Services

A range of services to Australian managed investment schemes and corporate trusts including management, facilitation of distribution, responsible entity and trustees roles, compliance and risk management.

The following is an analysis of the Group's revenue and results from continuing operations by reportable segment. There were no discontinued operations (2011: nil).

	Consolidated	
	2012	2011
	\$	\$
Segment revenue		
Private Wealth Services	23,508,235	20,549,412
Corporate Fiduciary and Financial Services	18,282,299	17,187,341
	41,790,534	37,736,753
Unallocated	1,856,207	2,127,795
Total revenue per income statement	43,646,741	39,864,548

The revenue reported above represents revenue generated from external customers. There were no inter-segment sales (2011: nil). No single customer accounts for 10% or more of the Group's revenue.

## Segment net profit before tax

Private Wealth Services	6,516,501	5,508,478
Corporate Fiduciary and Financial Services	9,817,687	9,484,535
	16,334,188	14,993,013
Unallocated	(4,643,261)	(3,509,288)
Total net profit before tax per income statement	11,690,927	11,483,725

The accounting policies of the reportable segments are the same as the Group's accounting policies described in note 3. Segment profit represents the contribution earned by each segment without the allocation of central administration or support business unit costs, investment portfolio income, or income tax. This is the measure reported to the chief operating decision maker for the purpose of resource allocation and assessment of segment performance.

	Consonuateu	
	2012	2011
Revenue by product and service	\$	\$
Private Wealth Management and Administration Services	10,629,060	9,323,947
Superannuation	12,879,175	11,225,465
Corporate Fiduciary and Financial Services	18,282,299	17,187,341
	41,790,534	37,736,753

For the purpose of monitoring performance the chief operating decision maker reviews balance sheet items for the Group as a whole. The Group's assets and liabilities are not allocated to the reportable segments for management reporting purposes.

### Geographic segment

The Group operates only in Australia which is treated as one geographic segment.

Concolidated

# Notes to the financial statements for the financial year ended 30 June 2012

# 36 Related party disclosures

### Equity interests in related parties

Details of the percentage of ordinary shares held in subsidiaries are disclosed in note 32 to the financial statements.

The Company does not hold any interests in associates, joint ventures or other related parties.

### Transactions with key management personnel

### (a) Key management personnel remuneration

Details of key management personnel remuneration are disclosed in note 10 to the financial statements and in the Directors' Report.

### (b) Loans to key management personnel

The Group had nil key management personnel loans as at 30 June 2012 (2011: nil).

### (c) Director and key management personnel equity holdings

Director and key management personnel relevant interests in fully paid ordinary shares of Equity Trustees Limited are as follows:

#### 36 Related party disclosures (cont'd)

#### (d) Entitlements to shares of Equity Trustees Limited issued under the Executive Performance Share Plan 1999.

Details of entitlements to Equity Trustees Limited shares issued under the Executive Performance Share Plan 1999, are disclosed in the Directors' Report.

#### (e) Vested shares awards

Details of vested share awards are disclosed in the Directors' Report.

#### (f) Other transactions with key management personnel

Some directors, key management personnel and their associates have investments in managed investment schemes for which the Company acts as responsible entity. These investments are made at arms length and in the ordinary course of business. Some directors, key management personnel and their associates receive wealth management, superannuation and other financial services from the Group. These services are provided at arms length and in the ordinary course of business except the directors, key management personnel and their associates are entitled to receive the normal available staff discount or other customary discount available in relation to size of business.

Ms Williams is a director of Victorian Funds Management Corporation (VFMC) which, on behalf of VFMC clients, invests in various managed investment schemes, some of which have the Company as responsible entity. In her role as director of VFMC, Ms Williams is not actively involved in investment selections or the appointment of the Company as responsible entity to managed investment schemes in which VFMC invests.

There were no other related party transactions between the Group or the parent entity and key management personnel or their related entities apart from the above (2011: nil).

### Transactions with other related parties

Balances and transactions between the Company and its subsidiaries, which are related parties of the Company, have been eliminated on consolidation and are not disclosed in this note. Details of transactions between the Group and other related parties are disclosed below.

The Company had an interest free intercompany account with each of its controlled entities. The total amount owed to the Company by its controlled entities are disclosed in note 15.

The Company and its controlled entities have entered into a tax sharing arrangement, as disclosed in note 3.10.

Controlled entities act as trustee and administrator for the EquitySuper Master Trust (including Apex Super and Mutual Super sub-plans), the Public Eligible Rollover Fund, EquitySuper Pooled Superannuation Trust, and the Freedom of Choice Superannuation Masterfund from which they receive trustee and administration fees. These fees are contractually agreed with members.

A controlled entity receives fees and commissions from the EquitySuper Master Trust and the Freedom of Choice Masterfund for work undertaken on behalf of the EquitySuper Master Trust. Another controlled entity is the Trustee of these Trusts.

A controlled entity, Equity Investment Management Limited, receives administration and service charges from its subsidiary company, Equity Trustees Superannuation Limited.

All other transactions took place on normal commercial terms and conditions.

### Parent Entity

The parent entity of the Group is Equity Trustees Limited.

The ultimate Australian parent entity and ultimate parent entity is Equity Trustees Limited.

### **Investments in Managed Investment Schemes**

Included in the investment portfolio of the Company are investments in managed investment schemes where the Company acts as responsible entity. These investments are made on normal commercial terms and conditions.

Net cash generated by operating activities	7,915,421	8,545,048	3,703,385	5,371,650

# (c) Non-cash financing activities

Non-cash financing activities during the year were dividend reinvestments of \$1,591,253 (2011:\$2,385,422) and employee salary sacrifice share issues \$45,988 (2011 \$20,553).

### (d) Business acquired

Effective 1 August 2011, the Group acquired 100% of an advisory business specialising in the aged care sector (Aged Care business). This business trades under the names Lifetime Planning, Tender Living Care and Aged Care Pathways. The amount paid was \$1,384,589.

### 38 Subsequent events

There has not been any matter or circumstance that has arisen since the end of the financial year, that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years (2011: nil).

# Equity Trustees Limited ABN 46 004 031 298 Notes to the financial statements for the financial year ended 30 June 2012

### 39 Financial instruments

#### (a) Capital risk management

The Group manages its capital to ensure that entities in the Group will be able to continue as going concerns while balancing achieving shareholder returns with prudential management of resources, achieving its long-term strategy and meeting the Net Tangible Asset (NTA) requirements imposed by regulatory authorities.

The Group's overall strategy remains unchanged from 2011. The Group has met its NTA requirements throughout the 2012 year as well as throughout the 2011 year.

The capital structure consists only of equity (refer note 25 for details regarding equity instruments issued). The Group operates only in Australia and is subject to a requirement under its RSE licence to maintain NTA of \$5m. There are no other externally imposed capital requirements (2011: nil).

Operating cashflows are used to maintain and expand the Group's financial services activities including providing funds for acquiring suitable businesses that align with the existing financial services activities of the Group. Operating cashflows are also used to fund routine payments of tax and dividends.

The Group's current policy is to fund its activities, including business acquisitions by using accumulated surplus operating cashflow and raising funds through the issue of ordinary shares in the head company, Equity Trustees Limited. This policy is periodically reviewed in light of the Group's long-term strategy, prudential management of resources, dividend policy, market conditions, and NTA requirements and achieving shareholder returns.

#### (b) Significant accounting policies

Details of the significant accounting policies and methods adopted (including the criteria for recognition, the bases of measurement and the bases for recognition of income and expenses) for each class of financial assets, financial liability and equity instrument are disclosed in note 3.

(c) Categories of financial instruments	Consolid	Company		
	2012	2011	2012	2011
	\$	\$	\$	\$
Financial assets				
Cash and cash equivalents	9,898,656	6,252,593	9,408,226	5,441,905
Loans and receivables -trade receivables	3,038,667	2,059,259	2,677,948	1,780,027
Available-for-sale financial assets	2,855,198	4,870,526	2,855,198	4,870,526
	15,792,521	13,182,378	14,941,372	12,092,458
Financial liabilities				
Amortised at cost	116,981	15,784	108,403	3,422

During the 2012 financial year there were no financial assets or liabilities designated as at fair value through profit or loss for either the Group or the Company (2011: nil). No financial assets have been pledged as collateral for either liabilities or contingent liabilities (2011: nil). No assets are held as collateral (2011: nil).

### (d) Financial risk management objectives

The Group's and the Company's main financial instrument risk exposures relate to market risk (including price and interest rate risk), credit risk, and liquidity risk. Neither the Group nor the Company has any borrowings. The Group and the Company manage financial instrument risk through a combination of executive management monitoring key financial risks and the use of committees that manage and monitor particular activities and their related financial risks.

Both the executive management and committees report to the Board on a regular basis regarding their activities and the related financial risks. The committees include a Due Diligence Committee (DDC) and an Investment Management Committee (IMC). The DDC reviews new business proposals including the credit risk associated with the counter parties. The IMC responsibilities include reviewing and managing the Group's investment portfolio and its associated financial risks.

The liquidity position of the Group and Company are continuously monitored by executive management and the impact on liquidity of any significant transaction, such as payment of a dividend, acquisition of a new business, and purchase of capital assets is considered prior to the transaction being approved.

The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The Group's investment policy is to hold financial instruments for the long-term to support capital and NTA requirements. The asset allocation of the portfolio is conservative and any changes to investments are approved by the Board. The Group does not use hedging to manage its financial risks.

### (e) Market risk

The Group's and the Company's primary exposure in relation to financial instruments is to interest rate risk and price risk. These exposures primarily arise in relation to the Group's and Company's investment portfolio. Neither the Group nor the Company has any borrowings nor do they have any exposure to foreign currency risk in relation to their financial instruments. Neither the Group nor the Company uses derivatives to manage market risks as executive management do not believe these risks warrant the use of derivatives due to their nature and relative low level of risk.

At both the Group and Company level, market risks in relation to financial instruments are managed by executive management and IMC monitoring and review which includes sensitivity analysis. There has been no change from the previous period to the Group's or the Company's exposure to market risk or the manner in which these risks are managed and measured.

### (f) Interest rate risk management

The Group and the Company are exposed to interest rate risk in relation to their financial instruments as they have funds invested in variable interest rate investments. Neither the Group nor the Company has any borrowings. The risk is primarily managed by maintaining prudent asset allocations within the investment portfolio, to minimise the impact of movements in interest rates on the overall portfolio whilst maintain acceptable levels of returns, and by continuously monitoring the quality and performance of the investments. These investment processes and reviews are managed by the IMC.

# Equity Trustees Limited ABN 46 004 031 298 Notes to the financial statements for the financial year ended 30 June 2012

### 39 Financial instruments (cont'd)

#### (f) Interest rate risk management (cont'd)

Interest rate sensitivity analysis

A sensitivity analysis in relation to the Group's and Company's exposure to interest rate movements is set out below. Management has assessed the reasonably possible change in interest rates to be plus/minus 100 basis points for 2012 (2011: plus/minus 100 basis points) based on a review of market conditions. This assumes both long and short-term interest rates will have the same basis point movement.

The sensitivity analysis is calculated using the end of year balance of the financial instrument where this balance is representative of the balance throughout the year. If the end of year balance is not representative of the balance throughout the year, then the sensitivity analysis is calculated using the average balance (calculated on a quarterly basis) held throughout the year.

	Carrying		Interest rate risk				
Consolidated	amount at	-1%	, 0	+1%	<u>/o</u>

Cash and cash equivalents	5,441,905	(39,080)	n/a	39,080	n/a		

### (g) Other price risk

The Group and the Company are exposed to other price risk from their investment in Australian equities and Australian managed investment schemes. These investments are held for long-term investment purposes and support the NTA requirement. These investments are not held for trading purposes and they are not actively traded.

The risk is primarily managed by maintaining prudent asset allocations within the investment portfolio, to minimise the impact of movements in equity prices on the overall portfolio whilst maintaining acceptable levels of returns, and by continuously monitoring the quality and performance of the investments. These investment processes and reviews are managed by the IMC.

### Price sensitivity analysis

A sensitivity analysis in relation to the Group's and Company's exposure to other price movements is set out below. This sensitivity analysis has been determined based on the exposure to Australian equities and Australian managed investment schemes. Management has assessed the reasonably possible change in Australian equities to be plus/minus 10%, and Australian managed investment scheme plus/minus 5% or plus/minus 10% (depending on type of underlying assets) based on a review of market conditions.

The sensitivity analysis is calculated using the end of year balance of the financial instrument where this balance is representative of the balance throughout the year. If the end of year balance is not representative of the balance throughout the year, then the sensitivity analysis is calculated using the average balance (calculated on a quarterly basis) held throughout the year.

#### (h) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group and the Company have adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The main source of credit risk in relation to financial instruments is from outstanding accounts receivables and investments with banks and managed investment schemes.

Executive management and where applicable the DDC reviews significant new clients before the take on of these clients is approved. The review process includes establishing the credit worthiness of the client. Other new clients are reviewed by business managers for credit worthiness as is appropriate to the size and nature of the client. The IMC reviews and monitors the investments with Banks and managed investment schemes including any credit risk issues.

Accounts receivable consists of a large number of customers. Ongoing evaluation is performed on the financial condition of outstanding accounts receivables by the applicable business managers.

The Group does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The credit risk on liquid funds is limited because the Group holds its liquid funds with counterparties that are banks with high credit-ratings assigned by international credit-rating agencies and in managed investment schemes which have a low risk of default.

As outlined in note 36, included in the investment portfolio of the Company and Group are investments in managed investment schemes where the Company acts as responsible entity. Although the Company has a prima facie credit exposure from these investments, this risk is not significant due to the existence of suitable controls including monitoring by the IMC of the quality and security of these investments.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Company's and Group's maximum exposure to credit risk without taking account of any collateral obtained.

### (i) Fair value of financial instruments

The directors consider that the carrying amount of financial assets and financial liabilities recorded in the financial statements approximates their fair values.

The fair values of financial assets and financial liabilities are determined as follows:

- the fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices (Financial assets valued using quoted prices are Australian equities. Managed investment schemes are valued using daily published unit prices.);
- the fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The Group's investment portfolio, classified as available-for-sale financial assets (refer note 3.17) is measured at fair value. Fair value is determined with reference to quoted market prices including transaction costs.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (ie as prices) or indirectly (ie derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobserved inputs).

### (j) Liquidity risk management

Available-for-sale investments:

Managed investment schemes

Australian equities

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who have put in place a suitable risk management framework to manage the Group's and Company's short, medium and long-term funding and liquidity management requirements.

2,018,887

2,134,873

4,153,760

716,766

716,766

The Group and Company manage liquidity risk by maintaining adequate reserves and banking facilities. The liquidity position of the Group and Company are continuously monitored by executive management and the impact on liquidity of any significant transaction, such as payment of a dividend, acquisition of a new business, and purchase of capital assets is considered prior to the transaction being approved.

Neither the Group nor the Company has any derivative financial instruments.

### Liquidity and interest risk table

The following tables detail the Company's and the Group's remaining contractual maturity for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company/Group can be required to pay. None of the amounts in the table are interest bearing.

Consolidated	Weighted average effective interest rate %	Less than 1 month	1-3 months	3 months to 1 year	1-5 years	5+ years
2012	-	\$	\$	\$	\$	\$
Non-interest bearing -trade creditors	0%	116,981	-	-	-	-
Financial guarantee contracts	0%_	-	-	-	-	-
	_	116,981	-	_	-	-

# Independent Auditor's Report to the Members of Equity Trustees Limited

# **Report on the Financial Report**

We have audited the accompanying financial report of Equity Trustees Limited, which comprises the statement of financial position as at 30 June 2012, the income statement, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity, comprising the company and the entities it controlled at the year's end as set out on pages 16 to 58.

# Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 3, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with International Financial Reporting Standards.

# Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control, relevant to the company's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# **Deloitte**

Auditor's Independence Declaration

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Equity Trustees Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion, the financial report of Equity Trustees Limited is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2012 and of their performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

# **Report on the Remuneration Report**

We have audited the Remuneration Report included in pages 5 to 11 of the directors' report for the year ended 30 June 2012. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act* 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion the Remuneration Report of Equity Trustees Limited for the year ended 30 June 2012, complies with section 300A of the *Corporations Act 2001*.
