# Business & Operating Overview

# Rental in the Mining Production Phase

Customer requirements vary but Emeco's solution is used at all stages of mine life

Celebrating  
1972-2012 **40 YEARS**

Emeco's  
Mining cycle  
leverage:

**Mine Development**  
**7%**

**Overburden**  
**20%**

**Production**  
**73%**

Customers  
Needs:

**Flexibility**

**Equipment  
Availability**

**Mechanical  
Availability**

**Capital  
Management**

**Avoid Residual  
Risk**

Percentage leverage to mining cycle indicative of FY13 plan and comprises 95% of group rental revenue

Earthmoving equipment solutions

# Geographic & Commodity Diversification

Well diversified revenue streams from multiple regions and commodities with fleet redeployment opportunities

Celebrating  
1972-2012 **40 YEARS**

## Canada

- ♦ Oil sands
- ♦ Coal
- ♦ Gold

## Australia

- ♦ Thermal Coal
- ♦ Gold
- ♦ Metallurgical Coal
- ♦ Iron Ore

## Indonesia

- ♦ Thermal Coal
- ♦ Gold

## Chile

- ♦ Copper
- ♦ Gold

# Global Fleet Profile

Production focused fleet, suitable for variety of customers across markets

Celebrating  
1972-2012 **40 YEARS**

- ♦ Fleet reconfiguration complete with incremental fleet growth driven by mining customer needs
- ♦ Emeco's large and small mining fleets commonly used across Emeco's markets
- ♦ Historical profit on sale of sale of mining rental assets

Notes:

Civil defined as <70 tn artic trucks and related small ancillary equipment;  
Small mining defined as <150 tn trucks and related mining equipment;  
Large mining defined as 190+ tn trucks and related mining equipment.

Earthmoving equipment solutions

# Customer Strategy

Targeting customers in each market which align with Emeco's strategic objectives

Celebrating  
1972-2012 **40 YEARS**

## Customer objectives by region:

| Australia                                                                                                                                                                                                                             | Canada                                                                                                                                                                                                                | Indonesia                                                                                                                                                                                                |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><li>♦ Targeting customers requiring fleets on long-term fully maintained basis (project sites)</li><li>♦ Achieve mix of mid-tier &amp; large miners and contractors across bulks and gold</li></ul> | <ul style="list-style-type: none"><li>♦ Direct relationship with oil sands companies to improve utilization visibility</li><li>♦ Grow on-site maintenance services creating additional rental opportunities</li></ul> | <ul style="list-style-type: none"><li>♦ Focus on miners with advanced mining practices to ensure high monthly hours</li><li>♦ Bring Emeco's maintenance expertise to enhance mine productivity</li></ul> |

## Revenue by customer type:

# Managing the Business Through the Cycle

Range of business levers available to ensure Emeco's financial health across mining cycles

Celebrating  
1972-2012 **40 YEARS**

## Growth Capital:

- No capital commitment outside FY13 growth capex announced
- Flexibility to change investment plans according to outlook

## Sustaining Capital:

- High correlation between utilisation and sustaining capex
- Disciplined approach to maintain integrity of assets
- Optionality to “right size” an asset class by not replacing

## Working Capital:

- Continued internal focus on efficient working capital levels
- Further working capital release expected to be moderate

## Operating Costs:

- Parts & labour costs variable, with immediate focus on contractors
- Taking prudent and disciplined approach to overheads

## Australia:

- ◆ Customers focused on improving cost & productivity
  - ✓ Shorter contract tenure
  - ✓ Rate structure & maintenance responsibilities
- ◆ Increasingly competitive environment
- ◆ Emeco very active in pursuing new projects in cautious environment

## Canada:

- ◆ Significant improvement on Q1 utilization on expanded asset base
- ◆ Customer strategy improving visibility

## Indonesia:

- ◆ Coal producers well placed on cost curve, but monitoring global trends
- ◆ \$30m growth capital deployed in Q1 with long term contracts in place

Global utilisation %

## Chile:

- ◆ Copper fundamentals intact, volume growth expected
- ◆ \$55m of FY13 growth capital now under contract

# Financial Overview

# Financial summary

Strong performance in Australia with offshore businesses picking up steam

|              | FY12  | FY11  |   | Var % |
|--------------|-------|-------|---|-------|
| REVENUE      | 565.2 | 502.5 | ▲ | 12.5% |
| EBITDA       | 261.7 | 223.3 | ▲ | 17.2% |
| EBIT         | 126.0 | 101.2 | ▲ | 24.5% |
| NPAT         | 71.1  | 56.0  | ▲ | 27.0% |
| ROC %        | 13.2% | 11.3% | ▲ | 16.7% |
| OP. CASHFLOW | 214.3 | 159.7 | ▲ | 34.2% |
| GEARING      | 1.47  | 1.38  | - | 6.5%  |
| DIVIDENDS    | 6.0   | 5.0   | ▲ | 20.0% |

Note: Gearing calculated as Normalised R12 EBITDA divided by Net Debt

Earthmoving equipment solutions

# Cash Flow & Capital Expenditure

Strong operating cash flow provides flexibility

Celebrating  
1972-2012 **40 YEARS**

## Free Cash Flow Generation (ex Growth Capex)

- ◆ EBITDA performance delivered 34.2% growth in operating cash flow in FY12
- ◆ Working capital efficiency remains a focus
- ◆ +\$100M available cash flow after net sustaining capex
- ◆ FY13 SIB capex expected to be lower than previous guidance of \$110m - \$120m
- ◆ Targeting positive free cash flow despite \$80M<sup>1</sup> payment for growth investment in FY13

# Balance Sheet & Capital Management

Balance sheet provides certainty and flexibility

Celebrating  
1972-2012 **40 YEARS**

- ◆ Strong balance sheet with quality assets and secure debt portfolio
- ◆ Bank debt refinancing and USPP provides average maturity profile of ~5 years
- ◆ Gearing towards bottom of target range
- ◆ Cash flow levers ensures gearing can be comfortably managed across the cycle
- ◆ Ongoing consideration of capital management:
  - Special dividend (5.0cps) in 1H11
  - FY12 ordinary dividends up 20% yoy
  - Executing share buy-back program

Emeco's Debt Maturity Profile

Gearing

Note:

Facilities headroom comprises of Senior Debt, USPP notes, finance leases and working capital facility; Net debt comprises drawn senior debt, USPP notes & finance leases, less cash on hand

Earthmoving equipment solutions

# Return on Capital

## Quality in the earnings growth

Celebrating  
1972-2012 **40 YEARS**

- ♦ Strategy has focused on:
  - ✓ Exiting low returning assets/businesses
  - ✓ Invest in production focused fleet
  - ✓ Target highly productive customers
  - ✓ Leverage fixed cost and goodwill
- ♦ **Australia** – incremental investments to generate acceptable long term returns
- ♦ **Canada & Indonesia** - Foundations in place for further improvements in returns
- ♦ **Chile** - Organic growth entry expected to benefit ROC in the near term

ROC, ROFE & INVESTED CAPITAL

EBIT PERFORMANCE

ROC calculated as R12 operating EBIT divide average Invested Capital  
Invested capital = 'Equity plus Net Debt'

| <b>Culture:</b>                                          | Focussing on building a positively engaged workforce                                                                                                      |

---

## Improving our core businesses

- ◆ Contract renewals & project sites a priority for Australia
- ◆ Build on new customer relationships in Canada & Indonesia
- ◆ Execute business improvement initiatives

## Executing on organic growth

- ◆ Securing contracts for new fleet into Chile over FY13
- ◆ Consolidate contract wins in Indonesia
- ◆ Grow maintenance opportunity in Canada

## Identify value creating opportunities aligned with strategy

- ◆ Maintain strong balance sheet including ongoing funding strategy
- ◆ Capital allocation continually reviewed based on shareholder returns

# Emeco Outlook

A diversified portfolio to provide benefits in the year ahead

- ♦ Changing environment in **Australian** market with focus on operating costs by customers
  - Recent contract wins in **gold** and **iron ore**
  - Renewed large contracts with **coal** customers late in 2H12
  - Number of contracts with some coal customers concluding mid FY13 as expected, but visibility on extension limited
- ♦ Expected to build on solid summer with strong winter in **Canadian oil sands**
- ♦ Low cost producers expected to provide further opportunities in **Indonesian coal**
- ♦ **Copper** expansion projects in **Chile** supportive of market entry strategy
- ♦ **Emeco's cost and capital** continually being reviewed to ensure the business remains in shape to manage volatility and capture opportunities

# Disclaimer

## **Reliance on third party information**

The information and views expressed in this Presentation were prepared by Emeco Holdings Ltd (the **Company**) and may contain information that has been derived from publicly available sources that have not been independently verified. No representation or warranty is made as to the accuracy, completeness or reliability of the information. No responsibility or liability is accepted by the Company, its officers, employees, agents or contractors for any errors, misstatements in or omissions from this Presentation.

## **Presentation is a summary only**

This Presentation is information in a summary form only and does not purport to be complete. It should be read in conjunction with the Company's 2011/12 financial report. Any information or opinions expressed in this Presentation are subject to change without notice and the Company is not under any obligation to update or keep current the information contained within this Presentation.

## **Not investment advice**

This Presentation is not intended and should not be considered to be the giving of investment advice by the Company or any of its shareholders, directors, officers, agents, employees or advisers. The information provided in this Presentation has been prepared without taking into account the recipient's investment objectives, financial circumstances or particular needs. Each party to whom this Presentation is made available must make its own independent assessment of the Company after making such investigations and taking such advice as may be deemed necessary.

## **No offer of securities**

Nothing in this Presentation should be construed as either an offer to sell or a solicitation of an offer to buy or sell Company securities in any jurisdiction.

## **Forward looking statements**

This Presentation may include forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, these statements are not guarantees or predictions of future performance, and involve both known and unknown risks, uncertainties and other factors, many of which are beyond the Company's control. As a result, actual results or developments may differ materially from those expressed in the statements contained in this Presentation. Investors are cautioned that statements contained in the Presentation are not guarantees or projections of future performance and actual results or developments may differ materially from those projected in forward-looking statements.

## **No liability**

To the maximum extent permitted by law, neither the Company nor its related bodies corporate, directors, employees or agents, nor any other person, accepts any liability, including without limitation any liability arising from fault or negligence, for any direct, indirect or consequential loss arising from the use of this Presentation or its contents or otherwise arising in connection with it.
