# DIRECTORS' REPORT

31 December 2012

## REVIEW AND RESULTS OF OPERATIONS

The Group earned a net profit of \$23.7 million for the half-year ended 31 December 2012 (December 2011: \$2.4 million). This profit has been calculated in accordance with Australian Accounting Standards and includes certain significant items that need adjustment to enable securityholders to obtain an understanding of the ABP Group's underlying profit of \$42.4 million (December 2011: \$39.8 million).

The underlying profit reflects the statutory profit / loss as adjusted in order to present a figure which reflects the Directors' assessment of the result for the ongoing business activities of the ABP Group, in accordance with the AICD / Finsia principles for reporting Underlying Profit. The consolidated profits / (losses which belong to the securityholders of Abacus Hospitality Fund, Abacus Diversified Income Fund II, Abacus Storage Fund (2011 only) and Abacus Miller Street Holdings Trust are excluded as these profits cannot and do not form part of the distributable income of the ABP Group. The calculation of underlying profit excludes items such as unrealised fair value gains / losses on investment properties, unrealised provision gains / losses, adjustments arising from the effect of revaluing assets / liabilities carried at fair value (such as derivatives, financial instruments and investments), the consolidated profits / (losses) of managed funds which do not form part of the assessable or distributable profits of the ABP Group and other adjustments in the determination of underlying profit including transactions that occur infrequently and those that are outside the scope of the ABP Group's core ongoing business activities. Underlying profit is the basis on which distributions are determined.

The unaudited reconciliation between statutory profit and underlying profit is as follows:

**NOTES TO THE FINANCIAL STATEMENTS****31 DECEMBER 2012****1. CORPORATE INFORMATION**

Abacus Property Group ("APG" or the "Group") is comprised of Abacus Group Holdings Limited ("AGHL") (the nominated parent entity), Abacus Trust ("AT"), Abacus Group Projects Limited ("AGPL"), Abacus Income Trust ("AIT") Abacus Storage Property Trust ("ASPT") and Abacus Storage Operations Limited ("ASOL"). Shares in AGHL, AGPL and ASOL and units in AT, AIT and ASPT have been stapled together so that neither can be dealt with without the other. The securities trade as one security on the Australian Stock Exchange (the "ASX") under the code ABP.

The financial report of the Group for the half-year ended 31 December 2012 was authorised for issue in accordance with a resolution of the directors on 26 February 2013.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the annual financial report

The half-year financial report should be read in conjunction with the Annual Financial Report of Abacus Property Group for the year ended 30 June 2012. It is also recommended that the half-year financial report be considered together with any public announcements made by the Abacus Property Group during the half-year ended 31 December 2012 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001.

**(a) Basis of Preparation**

The half-year general purpose financial report has been prepared in accordance with the requirements of the Corporations Act 2001, AASB 134 "Interim Financial Reporting" and other mandatory professional requirements. Except as otherwise disclosed in notes 2(b), the same accounting policies have been applied as in the last annual financial report.

The half-year financial report has been prepared on a historical cost basis, except for investment properties and derivative financial instruments which have been measured at fair value, interest in joint ventures and associates which are accounted for using the equity method, and certain investments and financial assets measured at fair value.

The financial report is presented in Australian dollars and all values are rounded to the nearest thousand dollars (\$'000) unless otherwise stated under the option available to the Group under ASIC Class Order 98/100. The Group is an entity to which the Class Order applies.

**(b) Changes in accounting policy and disclosures**

The following amending Standards have been adopted from 1 July 2012. Adoption of these Standards did not have any effect on the financial position, performance or accounting policies of the Group:

**AASB 2010-8 Deferred Tax on Investment Properties:** The amendment addresses the determination of deferred tax on investment property measured at fair value and introduces a rebuttable presumption that deferred tax on the basis that the carrying amount will be recoverable through sale rather than use. This amendment will have no impact on the Group as the majority of investment properties are held within the Group's Trusts and where the investment property is held within a company, the Group already had a policy to assess recoverability and record deferred tax where appropriate based on the assessment per property.

**AASB2011-9 Presentation of Other Comprehensive Income:** This standard requires entities to group items presented in other comprehensive income on the basis of whether they might be reclassified subsequently to profit or loss and those that will not.

**(c) Basis of consolidation**

The consolidated financial statements comprise the financial statements of AGHL and its subsidiaries, AT and its subsidiaries, AGPL and its subsidiaries, AIT and its subsidiaries, ASPT and its subsidiaries and ASOL and its subsidiaries collectively referred to as the Group.

**NOTES TO THE FINANCIAL STATEMENTS****31 DECEMBER 2012****2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****(c) Basis of consolidation (continued)**

The adoption of AASB10 has led to the consolidation of Abacus Hospitality Fund, Abacus Diversified Income Fund II and Abacus Miller Street Holding Trust. This is due to the combination of the Group's role as responsible entity and its exposure to variable returns arising from its collective equity and loan investments in these funds and certain guarantees.

Non-controlling interests represent those equity interests in Abacus Hospitality Fund, Abacus Miller Street Holding Trust, Abacus Jigsaw Trust and Abacus Independent Retail Property Trust that are not held by the Group and are presented separately in the income statement and within equity in the consolidated statement of financial position.

**NOTES TO THE FINANCIAL STATEMENTS****31 DECEMBER 2012****3. SEGMENT INFORMATION**

The Group predominately operates in Australia. The Group has the following core operating segments, which are regularly reviewed by the Chief Operating Decision Maker to make decisions about resources allocation and to assess performance:

- (a) Property: the segment is responsible for the investment in and ownership of commercial, retail and industrial properties. This segment also includes the equity accounting of material co-investments in property entities not engaged in development and construction projects;
- (b) Funds Management: the segment includes development, origination, co-investment and fund management revenues and expenses in addition to discharging the Group's responsible entity obligations;
- (c) Property Ventures: provides secured lending and related property financing solutions and is also responsible for the Group's investment in joint venture and associates' development and construction projects, which includes revenue from debt and equity investments in joint ventures and associates. AASB10 – in application of the standard the Group has consolidated the Abacus Hospitality Fund, Abacus Diversified Income Fund II and the Abacus Miller Street Holding Trust. The performances of these entities which are operated as externally managed investment schemes are considered to be non-core segments and are reviewed separately to that of the performance of the Group's core business segments.

Investment properties are carried at the Directors' determination of fair value. The determination of fair value includes reference to the original acquisition cost together with capital expenditure since acquisition and either the latest full independent valuation, latest independent update or directors' valuation. Total acquisition costs include incidental costs of acquisition such as property taxes on acquisition, legal and professional fees and other acquisition related costs.

Investment properties are independently valued on a staggered basis every two years unless the underlying financing requires a more frequent independent valuation cycle. The key underlying assumptions, on a portfolio basis, contained within the independent and director valuations above are as follows:

## 14. CAPITAL MANAGEMENT

### Abacus Property Group\*

The Group seeks to manage its capital requirements through a mix of debt and equity funding. It also ensures that Group entities comply with capital and distribution requirements of their constitutions and/or trust deeds, the capital requirements of relevant regulatory authorities and continue to operate as going concerns. The Group also protects its equity in assets by taking out insurance.

The Group assesses the adequacy of its capital requirements, cost of capital and gearing (i.e. debt/equity mix) as part of its broader strategic plan. In addition to tracking actual against budgeted performance, the Group reviews its capital structure to ensure sufficient funds and financing facilities (on a cost effective basis) are available to implement the Group's strategy that adequate financing facilities are maintained and distributions to members are made within the stated distribution guidance (i.e. paid out of underlying profits).

The following strategies are available to the Group to manage its capital: issuing new stapled securities, activating its distribution reinvestment plan, electing to have the distribution reinvestment plan underwritten, adjusting the amount of distributions paid to members, activating a security buyback program, divesting assets, active management of the Group's fixed rate swaps, directly purchasing assets in managed funds and joint ventures, or (where practical) recalibrating the timing of transactions and capital expenditure so as to avoid a concentration of net cash outflows.

On 10 December 2012 ABP renewed its \$16.5m Metcash portfolio facility with ANZ to May 2014.

The Group manages the cash flow effect of interest rate risk by entering into interest rate swap agreements that are used to convert floating interest rate borrowings to fixed interest rates. Such interest rate swaps are entered into with the objective of hedging the risk of interest rate fluctuations in respect of underlying borrowings. Under the interest rate swaps, the Group agrees with other parties to exchange, at specified intervals (mainly monthly), the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional principal amounts.

Interest rate swap contracts have been recorded on the Statement of Financial Position at their fair value in accordance with AASB 139 Financial Instruments: Recognition and Measurement. The AIFRS documentation, designation and effectiveness requirements cannot be met in all circumstances, as a result derivatives do not qualify for hedge accounting and are recorded at fair value through the Statement of Income.

### **15. OTHER FINANCIAL LIABILITIES**

#### **Abacus Property Group\***

The Group has provided the following guarantees to the ADIFII:

| <b>Unit Type</b> | <b>Cash Distribution Yield Guarantee</b>                                               | <b>Capital Return Guarantee</b>                                                                       |

| Class A \$1.00   |                                                                                        | \$1.00 per unit at 30 September 2013 if the net assets per Unit are less than \$1.00 at 30 June 2013. |
| Class B \$1.00   | 9% pa plus indexation (indexed in line with inflation in each year after 1 July 2011). | \$1.00 per Unit at Fund termination (effective on 30 June 2016).                                      |
| Class C \$0.75   | 9% pa plus indexation (indexed in line with inflation in each year after 1 July 2011). | \$0.75 per Unit at Fund termination (effective on 30 June 2016).                                      |

The Underwritten Distributions will be achieved by deferring the interest on the Working Capital Facility or by deferring any of the fees payable to the Group under the constitution of ADIFII (or a combination of these things) or in any other way the Group considers appropriate. Any interest or fee deferral or other funding support may be recovered if the actual cash distribution exceeds the cash required to meet the underwritten distribution at the expiration of the Fund term or on a winding up of the Fund.

The Underwritten Capital Return will apply to all ADIFII units on issue as at 1 July 2013 (Class A) or on or after 1 July 2016 (Class B and C). At the time the Group will make an offer to acquire each Class A unit for \$1.00, or ensure that each holder of Class B units receives back their \$1.00 initial capital and each holder of Class C units receives back their \$0.75 initial capital. The Underwritten Capital returns can be satisfied at the Group's discretion (Class A) through either a payment in cash or by the Group issuing stapled securities in APG to an equivalent value based on the 10 day volume weighted average price of APG's stapled securities over the period ending on 30 June 2013 or prior to issuing stapled securities as applicable.

After 30 June 2016 the Group will, if required, set off all or part of the principal of the second secured Working Capital Facility loan provided to ADIFII in satisfaction of the Group's obligations in respect of the Underwritten Capital Return in respect of the Class B and Class C units.

As a result of the consolidation of ADIFII under AASB10 the underwritten capital guarantee results in ADIFII's units on issue being classified as a liability and at the end of the period the value was \$56.3 million (30 June 2012: \$56.3 million).

The offer document for ADIFII was closed in December 2011 and no further equity will be raised. The actual guarantee exposure (if any) will be determined at the maturity date of the guarantee in 2013 (c20% of the total guarantee exposure) and between 1 July 2016 and 30 June 2017 (c80% of the total guarantee exposure).

## Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Abacus Group Holdings Limited, which comprises the consolidated statement of financial position as at 31 December 2012, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

### Directors' Responsibility for the Half Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and its performance for the period half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Abacus Group Holdings Limited and the entities it controlled during the Half Year, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

## Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Abacus Group Holdings Limited is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
