PNG LNG PROJECT COMMENCES OPERATIONS AT KOMO AIRFIELD 6 May 2013

Oil Search is pleased to advise that operations at the Komo Airfield have commenced.

Oil Search Managing Director, Peter Botten, said:

'This is a major milestone for the PNG LNG Project. The 3.2 kilometre Komo Airfield provides a gateway for large equipment to be transported to the Project's Hides Gas Conditioning Plant, which will treat natural gas and condensate from the Hides and Angore fields, using Antonov-124 cargo aircraft.

Esso Highlands Limited, the PNG LNG Project operator has confirmed that the PNG LNG Project, which is more than 80% complete, remains on track for first LNG sales in 2014.'

PETER BOTTEN, CBE
Managing Director
