1. DETAILS OF THE OFFER

1.1 The Offer

Viculus Ltd ("**Viculus**" or "**the Company**") is making a fully underwritten non-renounceable pro rata offer of Shares at an issue price of \$0.08 each to Eligible Shareholders on the basis of 1 Share for every 1 Share held at 5:00 pm (AEST) on the Record Date ("**the Offer**"). A maximum of 5,086,930 Shares will be issued pursuant to this Prospectus, to raise a total of \$406,954.

Shareholders should be aware of the risks associated with the Offer, details of which are set out in Section 3 of this Prospectus. A summary of the rights attaching to the Shares is contained in section 5.1. The Offer is fully underwritten by Mercer Capital Pty Ltd – refer to sections 1.6 and 5.8 for a summary of this underwriting arrangement.

1.2 Entitlement

This Offer is made to Eligible Shareholders, being the registered shareholders of ordinary fully paid shares in Viculus at the Record Date, **8 August 2013**. As an Eligible Shareholder you are entitled under the Offer to subscribe for 1 new Share on the basis of every 1 Share held by you at the Record Date.

Your Entitlement has been calculated and is shown in the accompanying Entitlement and Acceptance Form.

The Offer is being made on a non-renounceable basis, meaning that Entitlements cannot be transferred or sold.

Acceptances must not exceed your entitlement as shown on the Entitlement and Acceptance Form, although you may accept all or only part of your entitlement. If your acceptance exceeds your entitlement, acceptance will be deemed to be for your maximum entitlement and any surplus

Application Monies will be returned.

1.3 Entitlement and Acceptance Form

Acceptance of a completed Entitlement and Acceptance Form by the Company creates a legally binding contract between the Applicant and the Company for the number of Shares accepted. The Entitlement and Acceptance Form does not need to be signed to be a binding acceptance of Shares.

If the Entitlement and Acceptance Form is not completed correctly it may still be treated as valid. The Directors' decision as to whether to treat an Entitlement and Acceptance Form as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final.

1.4 Opening and Closing Dates

The Company will accept Entitlement and Acceptance Forms from the Record Date until 5.00pm AEST on the Closing Date, being 26 August 2013 or such other date as the Directors in their absolute discretion shall determine, subject to the requirements of the Listing Rules.

1.5 Purpose of the Offer

Completion of the issue of Shares offered by this Prospectus will result in an increase in the cash on hand of up to approximately \$406,954 (before payment of associated costs).

The funds raised under the Offer are proposed to be expended as follows:

Description of Cash Outflows	Offer A\$
1. Pay down debt that is due	\$250,000
2. General working capital and due diligence to identify and acquire a new business	\$150,454
3. Estimated Costs of Offer	\$6,500
Total funds raised under the Offer	\$406,954

Actual expenditure may differ significantly from the above estimates due to a number of factors including market conditions, the development of new opportunities and other factors (including the risk factors outlined in Section 3).

The Company also intends to consider other opportunities as they arise which may result in costs being incurred which are not included in the above estimates. To capitalise on future opportunities and depending on the success of its activities the Company may require further equity fund raisings.

The working capital may be utilised by the Company to pay for non-budgeted expenditures (if any), acquisition of new opportunities and the administration of the Company.

1.6 Underwriting of the Offer

The Offer is fully underwritten by Mercer Capital Pty Ltd ("**the Underwriter**") pursuant to an Underwriting Agreement entered into with the Company on 18 July 2013.

The sole director of the Underwriter (Ms Emily D'Cruz) is also a director of the Company which means the Underwriting Agreement will constitute a related party transaction. The terms of the Underwriting Agreement are summarised in Section 5.8, along with disclosure of the Board's handling of this related party transaction.

Mercer Capital Pty Ltd as agreed not to accept a fee for its underwriting services.

As the Offer is fully underwritten, Shareholders will not be offered the opportunity to apply for any shortfall shares.

1.7 No rights trading

The rights to Shares under the Offer are non-renounceable. Accordingly, there will be no trading of rights on ASX and you may not dispose of your rights to subscribe for Shares to any other party. If you do not take up your entitlement to Shares under the Offer by the Closing Date, the Offer to you will lapse.

1.8 Issue and dispatch

All Shares offered by this Prospectus are expected to be issued, and security holder statements dispatched, on or before the date specified in the Timetable.

It is the responsibility of Applicants to determine their allocation prior to trading in the Shares. Applicants who sell Shares before they receive their holding statements will do so at their own risk.

1.9 Application Monies held on trust

All Application Monies received for the Shares will be held in trust in a bank account maintained solely for the purpose of depositing Application Monies received pursuant to this Prospectus until the Shares are issued. All Application Monies will be returned (without interest) if the Shares are not issued.

1.10 No brokerage and stamp duty payable on subscription under Entitlement

No brokerage or stamp duty will be payable by you in respect of a subscription for New Shares under your Entitlement.

1.11 No ASX quotation

Importantly, the Shares offered under this Prospectus will not initially be quoted on the ASX. However, it is intended these shares will become quoted sometime in the future when all of the ordinary shares of the Company are subjected to an application for quotation pursuant to

Chapters 1 and 2 of the ASX Listing Rules. Despite this intention to apply for quotation of the Shares on the ASX at a later date, the Board cannot provide any guarantee that the Shares issued under this Prospectus will become tradable on the ASX in the future.

1.12 CHESS

The Company will not be issuing share certificates or option certificates. The Company will apply to the ASX to participate in CHESS, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHESS will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of New Shares and Options allotted to them under this Prospectus. The notice will also advise holders of their Holder Identification Number ("HIN") or Shareholder Reference Number ("SRN") and explain, for future reference, the sale and purchase procedures under CHESS and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

1.13 Overseas Shareholders

The Offer is not being extended to any Shareholders whose registered address is outside Australia or New Zealand. The Company is of the view that it is unreasonable to make the Offer to shareholders outside Australia and New Zealand, having regard to:

- (a) the number of those Shareholders;
- (b) the number and value of Shares to be offered to those persons; and
- (c) the cost of complying with overseas legal requirements.

The Prospectus does not constitute an offer in any place in which, or to any person to whom, it would not be lawful to make such an offer other than for Shareholders in Australia and New Zealand. The Company is not required to make offers under the Prospectus to Shareholders other than in Australia and New Zealand. Where the Prospectus has been dispatched to Shareholders domiciled outside Australia or New Zealand and where the country's securities code or legislation prohibits or restricts in any way the making of the offers contemplated by the Prospectus, the Prospectus is provided for information purposes only.

1.14 Risk factors

An investment in Shares should be regarded as speculative. In addition to the general risks applicable to all investments in listed securities, there are specific risks associated with an investment in the Company which are in Section 3.

It is important that Eligible Shareholders understand the risks associated with not accepting their

Entitlement.

If you elect not to accept your Entitlement in full under this Prospectus, your Shareholding in the Company will be diluted. Please carefully consider whether to accept your Entitlement and, if you are in doubt as to whether to accept, you should consult your independent professional investment adviser.

1.15 Tax implications

The Company makes no representation and provides no advice in relation to the tax consequences for any Shareholder of taking up their Entitlement under the Offer. Shareholders should seek professional taxation advice about the tax consequences of taking up the Entitlement.

1.16 Major activities and financial information

A summary of the major activities and financial information relating to the Company for the half year ended 31 December 2012 is in the Half Yearly Report which was lodged with ASX on 21 June 2013.

The Company's continuous disclosure notices (i.e. ASX announcements) since 1 January 2012 are listed in Section 5.3.

Copies of these documents are available free of charge from the Company. Directors strongly recommend that Shareholders review these and all other announcements prior to deciding whether or not to participate in the Offer.

3. Risk Factors

Activities in the Company, as in any business, are subject to risks which may impact on the Company's future performance. The Company has implemented appropriate strategies, actions, systems and safeguards for known risks. However, some are outside its control.

The Directors consider that the following summary, which is not exhaustive, represents some of the major risk factors which Shareholders need to be aware of in evaluating the Company and the risks of increasing your investment in the Company. Shareholders should carefully consider the following factors in addition to the other information presented in this Prospectus.

The principal risks include, but are not limited to, the following:

3.1 Specific Risks associated with the Company

(a) **Operations Status**

Viculus does not currently own or operate a business. Since the effectuating of the Company's deed of company arrangement in 2010, the Board has been overseeing a search for an acquisition of a suitable business by which to support reinstatement of the Shares to Official Quotation. The Company's Shares are currently suspended from trading and are likely to remain suspended until the Company successfully acquires a business and complies with the requirements in an application to ASX under Chapters 1 & 2 of the ASX Listing Rules.

This process poses significant challenges for the Company in terms of finding an appropriate business to acquire, followed by raising sufficient new capital to complete the acquisition and to satisfy the requirements of the ASX Listing Rules with regard to having the prescribed amount of net tangible assets (a minimum of \$3 million) and having the requisite number of shareholders that each possess a marketable parcel of Shares (a minimum of \$2000 per parcel).

To bolster the Company's skill set with regard to completing a successful business acquisition, the Board recently announced Viculus would focus on investigating opportunities in the biotechnology field, since negotiations to acquire a number of mining projects became untenable in light of the downturn in market sentiment in this sector.

To support this change in focus the Board recently appointed a new director, Ms Emily D'Cruz. Ms D'Cruz past experience and accomplishments in the biotechnology sector are described in the Company's market release dated 11 June 2013 titled "Letter to Shareholders / Director Appointment".

(b) **Liquidity / No quotation of Shares on ASX**

Please refer to the explanation contained in Section 1.11 of this Prospectus. None of the Shares, existing and to be issued under the Offer will be quoted on the ASX until such time as the Company successfully applies for re-quotation of the shares under Chapters

1 & 2 of the ASX Listing Rules. Accordingly, there will be little or no liquidity in the Shares for the foreseeable future.

(c) **New Projects and Acquisitions**

The Company has to date and will continue to actively pursue and assess other new business opportunities particularly those in the “biotech” sector. These new business opportunities may take the form of business acquisitions, project acquisitions, joint ventures, or equity participation.

The acquisition of new business opportunities (whether completed or not) may require the payment of monies (as a deposit and/or exclusivity fee) after only limited due diligence and prior to the completion of comprehensive due diligence. There can be no guarantee that any proposed acquisition will be completed or be successful. If the proposed acquisition is not completed, monies already advanced may not be recoverable, which may have a material adverse effect on the Company.

If an acquisition is completed, the Directors will need to reassess at that time, the funding allocated to current businesses and new businesses, which may result in the Company reallocating funds from other businesses and/or the raising of additional capital (if available). Furthermore, notwithstanding that an acquisition may proceed upon the completion of due diligence, the usual risks associated with the new business activities will remain.

Furthermore, any new business acquisition may change the risk profile of the Company, particularly if the new business is located in another jurisdiction, involves a new technology and/or changes the Company’s capital/funding requirements.

Should the Company propose or complete the acquisition of a new business activity, investors should re-assess their investment in the Company in light of the new project/business activity.

(d) **Future Capital Requirements**

The Company’s activities may require significant expenditures. There can be no assurances that the funds raised through the Offer will be sufficient to successfully achieve all the objectives of the Company’s overall business strategy. If the Company is unable to use debt or equity to fund expansion after the substantial exhaustion of the net proceeds of the Offer, there can be no assurances that the Company will have sufficient capital resources for that purpose, or other purposes, or that it will be able to obtain additional resources on terms acceptable to the Company or at all. Any additional equity financing may be dilutive to Shareholders and any debt financing, if available, may involve restrictive covenants, which may limit the Company’s operations and business strategy. The Company’s failure to raise capital if and when needed could delay or suspend the Company’s business strategy and could have a material adverse effect on the Company’s activities.

(e) **Competitive Activity**

The Company is likely to face a variety of competitive challenges. The inability of the Company to achieve a share of the chosen market may have a material impact on its future operations and the ultimate viability of the Company.

(f) **Development Risk**

The Company is targeting opportunities that will require exposure to product development and research into new bio-technologies. There is a risk that development of these new products will require costs beyond those budgeted and even if developed there is no guarantee that the products will be successfully commercialised and exploited.

3.2 General Risks

(a) **Securities Investments**

There are risks associated with any securities investment. The value of the Shares may fluctuate in response to a number of factors.

Furthermore, the stock market, and in particular the market for “cleantech” companies, has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of such companies. There can be no guarantee that these trading prices will be sustained. These factors may materially affect the market price of the Shares regardless of the Company’s operational performance.

(b) **Share Market Conditions**

Share market conditions may affect the value of Shares regardless of the Company’s operating performance. Share market conditions are affected by many factors such as:

- (i) general economic outlook;
- (ii) interest rates and inflation rates;
- (iii) changes in investor sentiment toward particular market sectors;
- (iv) the demand for, and supply of, capital; and
- (v) terrorism or other hostilities.

The market price of the Shares may fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general and “cleantech” stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company, or any return on an investment in the Company.

(c) **Economic Risk**

Changes in the general economic climate in which the Company operates may adversely affect the financial performance of the Company. Factors that may contribute to that general economic climate include the level of direct and indirect competition against the Company, industrial disruption, the rate of growth of gross domestic product in Australia, or any other country in which the Company operates, interest rates and the rate of inflation.

(d) **Changes in Government Policies & Legislation**

Any material adverse changes in government policies or legislation of Australia or any other country where the Company may acquire economic interests may affect the viability and future profitability of the Company.

3.3 Investment Speculative

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Shares offered under this Prospectus. Therefore, the Shares to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those Shares. Potential investors should consider that an investment in the Company is speculative and should consult their professional adviser before deciding whether to apply for Shares pursuant to this Prospectus.

4.5 Dividend policy

5. Additional information

5.1 Rights attaching to Shares

The Shares to be issued pursuant to this Prospectus will rank equally in all respects with Existing Shares in the Company. Full details of the rights attaching to the Shares are set out in the Company's Constitution, a copy of which can be inspected at the Company's registered office.

The following is a summary of the rights which attach to the Company's existing Shares:

(a) Voting

Subject to any restriction on voting imposed due to a breach of the Listing Rules relating to restricted shares or any escrow agreement entered into by the Company and a member, every holder of Shares present in person or by proxy, attorney or representative at a meeting of Shareholders has one vote on a vote taken by a show of hands and, on a poll, every holder of Shares who is present in person or by proxy, attorney or representative has one vote for every Share held by him or her, but, in respect of partly- paid shares, shall have a fraction of a vote for each partly-paid share.

A poll may be demanded before a vote is taken, or before or immediately after the declaration of the result of the show of hands by the chairperson of the meeting, by at least five Shareholders present in person or by proxy, attorney or representative, or by any one or more Shareholders who are together entitled to not less than 5% of the total voting rights of all those Shareholders having the right to vote on the resolution.

(b) Dividends

Dividends are payable out of the Company's profits and are declared by the Directors. Dividends declared will (subject to the rights of any preference shareholders and to the right of the holders of any shares created or raised under any special arrangement as to dividend) be payable on the Shares in accordance with the Corporations Act.

(c) Transfer of Shares

A Shareholder may transfer Shares by a market transfer in accordance with any computerised or electronic system established or recognised by ASX or the Corporations Act for the purpose of facilitating transfers in shares or by an instrument in writing in a form approved by ASX or in any other usual form or in any form approved by the Directors.

The Directors may refuse to register any transfer of Shares, other than a market transfer, where permitted by the Listing Rules or the ASTC Settlement Rules. The Company must comply with such obligations as may be imposed on it by the Listing Rules and where appropriate the ASTC Settlement Rules in connection with any market transfer and may not prevent, delay or in any way interfere with the registration of a market transfer where to do so would be contrary to the provisions of any of the Listing Rules or the ASTC Settlement

Rules.

(d) Meetings and Notice

Each Shareholder is entitled to receive notice of, and to attend, general meetings for the Company and to receive all notices, accounts and other documents required to be sent to Shareholders under the Constitution of the Company, the Corporations Act or the Listing Rules.

(e) Winding Up

The Company has only issued one class of Shares, which all rank equally in the event of liquidation. A liquidator may, with the authority of a special resolution of Shareholders divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders.

The liquidator can, with the sanction of a special resolution of the Company's Shareholders, vest the whole or any part of the assets in trust for the benefit of Shareholders as the liquidator thinks fit, but no Shareholder of the Company can be compelled to accept any Shares or other shares in respect of which there is any liability.

(f) Shareholder Liability

As the Shares under the Prospectus are fully paid shares, they are not subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(g) Alteration to the Constitution

The Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. At least 28 days written notice, specifying the intention to propose the resolution as a special resolution, must be given.

(h) ASX Listing Rules

Notwithstanding anything in the Constitution of the Company, if the Listing Rules prohibit an act being done, the act must not be done. Nothing in the Constitution prevents an act being done that the Listing Rules require to be done. If the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be). If the Listing Rules require the Constitution to contain a provision or not to contain a provision the Constitution is deemed to contain that provision or not to contain that provision (as the case may be). If a provision of the Constitution is or becomes inconsistent with the Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.

5.7 Interests of Named Persons

Except as disclosed in this Prospectus, no expert, promoter or other person named in this Prospectus as performing a function in a professional, advisory or other capacity:

- (a) has any interest, nor has had any interest in the last two years prior to the date of this Prospectus, in
- (i) the formation or promotion of the Company; or

Mercer Capital has been appointed as underwriter to the Offer. Refer to Section 5.8 for further details of the terms of the underwriting agreement.

5.8 Underwriting

The Company has entered into an underwriting agreement with Mercer Capital Pty Ltd dated 18 July 2013 (**Underwriting Agreement**) pursuant to which Mercer Capital has agreed to underwrite a total of \$814,153 through the issuance of Shares at eight cents each (**Underwritten Amount**).

As a first step towards fulfilling the Underwritten Amount, Mercer Capital has agreed to underwrite the Offer for the full amount of \$406,173. Mercer Capital has agreed to forego a fee for provision of the underwriting services.

The obligations of Mercer Capital to underwrite the Offer pursuant to the Underwriting Agreement are unconditional.

Mercer Capital may procure any person to sub-underwrite such portion of the Offer as Mercer Capital, in its discretion, thinks fit.

As disclosed in Section 1.6 of this Prospectus, Ms Emily D'Cruz is a director of both Viculus and Mercer Capital (the underwriter to the Offer).

The Board (excluding Ms Emily D'Cruz) have met and made a careful determination in their opinion that the Underwriting Agreement contains terms that are sufficiently less favourable to Mercer Capital than would be obtained in an otherwise arms' length transaction. In these circumstances the Board is confident that the Underwriting Agreement is not a related party transaction requiring approval from members under Section 208 of the *Corporations Act 2001*. The Board is confident in this position based on the fact Mercer Capital will not be paid a fee for performing the underwriting services and, furthermore, the performance of those services is unconditional and not subject to the range of conditions and pre-requisites that usually apply to a commercial underwriting with respect to offers similar in nature to the Offer.

5.9 Expenses of Offer

The estimated expenses of the issue are as follows:

ASIC lodgement fee	\$2,500
Printing, mailing and other expenses	<u>\$4,000</u>
