Emphasis on Stable, Low Risk Growth

MaxiTRANS' Parts & Service Segment has:	FY08	FY13
Increased its share of revenue	16%	35%
Increased its NPBT margin*	5.8%	10.2%
Increased its contribution to segment NPBT	11%	36%

- Against a backdrop of strong trailer sales
- Successful integration of QDS has provided scale and supports future growth opportunities.

* Based on external revenue

Major Achievements in FY13

- Successful integration of FY12 acquisitions
 - QDS (acquired April, 2012)
 - Now fully integrated into MaxiPARTS
 - Added product ranges
 - Added market sectors
 - Purchasing and distribution synergies
 - AZMEB (acquired May 2012)
 - Expanded product range and industry sector participation
 - Increased production
 - New branding and promotion implemented
 - Expanded (national) distribution network
 - Improved operational efficiency and safety
- Acquired 80% Transport Connection (October 2012) - provides a strengthened distribution point for all of our trailer brands in SA
- Consolidated existing Parts brands (Colrain, QDS and Gladstone Air Cleaner Services) under a single brand, “MaxiPARTS”
- Continued to invest in manufacturing facilities to improve safety, quality, capacity and productivity.

Trailers & Vans

- Unit sales up 26% on pcp
- Maxi-CUBE unit sales up 8% on pcp
- Freighter unit sales up 31% on pcp
- Strong demand from resources sector driving up sales of semi-trailers and road trains
- Container movement growth drove demand for skeletal trailers
- Volume production capability assisted in winning contracts.

Tipppers

- Unit sales up 36% on pcp (with the inclusion of AZMEB in FY13)
- Demand depressed by poor agricultural season and soft housing and construction sectors
- Demand was strong in the resources sector for Lusty EMS and AZMEB products until late FY13
- AZMEB has improved our reach into the resources and waste transfer sectors
- Appointed Trailer Sales (36.67% owned by MaxiTRANS) as HxW dealer for all of Queensland.

New Zealand

- Unit sales down 9% on pcp
- Challenging market environment:
 - uncertainty surrounding new road user charges
 - generally soft economic climate
- New Freighter products have broadened customer base and sales potential
- Strong order bank at year end
- New manufacturing facility (Nov, 2011) beginning to realise efficiencies.

Parts & Service

- External revenue up 40% on pcp
- Parts & Service contributes 35% of MaxiTRANS revenue and 36% of segment profit before tax
- Successful integration of QDS provides:
 - platform for future growth in Qld
 - opportunities to service current and future projects in the resources sector
- New Mackay retail store to open by December 2013
- MaxiPARTS Re-Branding:
 - 17 wholesale and retail outlets
 - Simplified sales and marketing
 - Umbrella for future acquisitions.

Rebranded Stores

Maxi-CUBE Tong Composites (MTC) - Yangzhou, China

New MTC Panels factory

- Revenue and profit in line with pcp
- Transition to new factory
- Demand for panel in local China market remains strong
- Burgeoning middle class:
 - Expanding western style supermarkets
 - Demand for western style distribution
 - Demand for temp. controlled trailers and bodies
- New manufacturing facility is three times larger than old site and is well placed to cater for local and export growth
- Commissioning expected to be complete 2nd Qtr. FY14.

Dealerships & Joint Ventures

Transport Connection (80%)

- Acquired October 2012
- Integration successfully completed
- Originally our Hamelex White dealer in South Australia
- All MXI trailer brands now under one roof in South Australia
- Strong sales gains since acquisition

Trailer Sales (36.67%)

- Qld dealer for Freighter and Maxi-CUBE
- Awarded distribution rights for Hamelex White in all of Queensland
- 40% profit growth on pcp
- Strong performance in:
 - trailer sales
 - parts
 - repairs and service
- Remains well placed to service the resources industry with good sales to the coal / gas exploration industries.

Outlook FY14

- Low business confidence and political uncertainty causing short term customer caution in the trailer business
- Good rains and low grain reserves in the agriculture sector should have a positive impact on the tipper business in the 1H FY14
- Parts & Service business expected to continue to benefit from rebranding, new product ranges and potential growth opportunities
- New, larger China panel factory expected to boost sales by capitalising on strong domestic demand in China in 2H FY14
- Expanded product ranges should see MaxiTRANS New Zealand improve its results in FY14 as the economy improves.
