About Data#3

Data#3 Limited (ASX: DTL) is one of Australia's leading business technology solutions companies servicing customers across a wide range of industries throughout Australia and the Asia Pacific.

The company was established in 1984 and listed on the ASX in 1997.

Working with its customers' business and technology teams, Data#3 addresses the **Hybrid IT** environment from **on-premise to outsourced to cloud**, through its consulting, software, infrastructure and managed solutions. These solutions leverage market-leading technologies from global vendors and Data#3's knowledge, expertise and experience to accelerate the achievement of customer business objectives:

- Consulting: for strategic and transformational services that enhance returns from business technology solutions
- Software Solutions: for software licensing; software customisation, deployment and management; asset management; and business productivity
- Infrastructure Solutions: for hardware lifecycle management; maintenance; and datacentre, network and desktop infrastructure
- Managed Solutions: for staffing; outsourcing; essential support; 'as a service'; and cloud brokerage and integration.

Data#3 reported revenues of \$771 million in the 2013 financial year. The company is headquartered in Brisbane with offices across Australia, and has approximately 1,000 permanent and contracted employees.

More information about Data#3 and its solution offerings is available at <http://www.data3.com.au>
