CHAIRMAN'S LETTER

Dear Warrnambool Cheese & Butter Shareholders,

On behalf of Bega Cheese I am pleased to present you with an offer to acquire all of Your Warrnambool Cheese & Butter Shares. This Offer will enable you to become a Bega Cheese Shareholder and receive a combination of cash and Bega Cheese Shares for Your Warrnambool Cheese & Butter Shares¹.

For each of Your Warrnambool Cheese & Butter Shares, we are offering 1.2 Bega Cheese Shares and \$2.00 cash. This Offer values each Warrnambool Cheese & Butter Share at \$5.78², a premium of 28%³. The Offer values Warrnambool Cheese & Butter company at \$319 million⁴. By way of an example, if you own 10,000 Warrnambool Cheese & Butter Shares and you accept the Offer for all of those shares, you will receive 12,000 Bega

Cheese Shares plus \$20,000 cash under the Bega Cheese Offer¹.

The Offer has been formulated to enable a merger of Warrnambool Cheese & Butter and Bega Cheese. Of course our ability to achieve a Successful Merger will depend on the level of acceptances received.

We believe that a merger between Bega Cheese and Warrnambool Cheese & Butter is the next logical progression to create a strong, Australian owned, ASX Listed dairy company with history and shared values that stretch back over 100 years.

Like Warrnambool Cheese & Butter, Bega Cheese and the recently merged Tatura Milk Industries have a history steeped in their local communities. The origin of each of the organisations reflects a vision to source and process milk from local dairy farmer suppliers to produce and deliver quality dairy products to local and international markets.

Bega Cheese and Warrnambool Cheese & Butter still have a large number of shareholders who are dairy farmers, or have roots in dairy farming communities, and each have constitutions that recognise the importance of dairy farmer representation on their boards. While both companies value their heritage, each has also looked to the future in terms of corporate structure and invited investment from other shareholders who recognise the opportunity that exists to create value and respond to the growing global demand for quality dairy products.

At Bega Cheese we have always believed that Australian dairy products have a competitive advantage and that focused business leadership and investment will result in better outcomes for everyone in the dairy supply chain including customers, suppliers and shareholders. Bega Cheese's history and performance over the last decade is an example of what can be achieved if the right strategy and skills are adopted and pursued.

From small beginnings Bega Cheese has become the largest cheese cutting and packaging company in Australasia and in FY13 sales exceeded \$1 billion for the first time. We have expanded to five sites with capabilities that include the manufacture of cheddar, mozzarella and processed cheese, infant formula, milk and whey protein concentrate, cream cheese, butter, milk powders and nutraceuticals.

Importantly we have demonstrated a record of investment to continuously build a better business. This is particularly true of our merger with Tatura Milk Industries. When Bega Cheese first invested in the company, Tatura Milk Industries had a high level of debt, volatile earnings and was struggling to provide a competitive milk pay-rate to its farmers. Bega Cheese's expertise, management and strategy has transformed the Tatura Milk Industries business into a reliable, profitable, highly competitive business with a focused and clear strategy to be a leading payer for milk used in the manufacture of dairy products.

¹ Subject to the Offer becoming unconditional. If you are an Ineligible Foreign Shareholder you will receive cash and will not become a Bega Cheese Shareholder.

² Implied Offer Price of \$5.78.

³ Based on the Warrnambool Cheese & Butter share price as at close of trading on ASX on 11 September 2013, being the trading day immediately before the Announcement Date.

⁴ Equity value based on 55,246,173 Warrnambool Cheese & Butter Shares outstanding and an Implied Offer Price of \$5.78.

The combined Bega Cheese, Tatura Milk Industries and Warrnambool Cheese & Butter would create a business that would operate over seven sites, produce 353,000 tonnes⁵ of dairy products, generate revenues of \$1.5 billion⁶ from customers in Australia and around the world, process approximately 1.6 billion⁵ litres of milk from Australian dairy farmers (many of whom are shareholders) and employ approximately 2,000 people in regional Australia.

Bega Cheese recognises the importance of heritage and the significant role that businesses like Bega Cheese, Tatura Milk Industries and Warrnambool Cheese & Butter play in their local communities and with their dairy farmer suppliers. As was the case with Tatura Milk Industries, it will be our endeavour to complete this merger in a way that ensures that the Warrnambool Cheese & Butter name, a Warrnambool Cheese & Butter Board, the Warrnambool Cheese & Butter operating sites and the Warrnambool, Sungold and Great Ocean Road brands are retained.

Upon a Successful Merger, we will invite a number of existing Warrnambool Cheese & Butter directors to remain on the Warrnambool Cheese & Butter Board to ensure a seamless transition and representation for Warrnambool Cheese & Butter suppliers. We would apply Bega Cheese's policy of always endeavouring to be a leading manufacturing milk pay-rate company and being the company of choice for dairy farmer suppliers.

If you accept this Offer, you will become a shareholder in Australia's largest ASX Listed dairy company⁷.

Change brings great opportunity and, in our view, the combining of Bega Cheese, Tatura Milk Industries and Warrnambool Cheese & Butter will create an Australian dairy company with significant market presence in a number of key dairy platforms. Bringing together capacities and capabilities, creating efficiencies, synergies and value while retaining the knowledge and heritage of each business is something that all shareholders can look forward to and embrace.

I encourage you to read this Bidder's Statement carefully and I hope that you will conclude that this Offer represents both excellent value for Your Warrnambool Cheese & Butter Shares and an opportunity to participate in an exciting future for the Combined Group.

I look forward to the opportunity to welcome you as a new shareholder of Bega Cheese.

Regards,

Barry Irvin

Bega Cheese's philosophy of being a demand driven organisation is the foundation on which its success is built. The culture, capacity and capability of being responsive to customer needs have seen Bega Cheese build substantial long-term value and relationships with its customers in Australia and around the world.

Since 2007 Bega Cheese has invested in excess of \$150 million on dairy business acquisitions and spent an additional \$130 million in capital expenditure, ensuring its production and value-adding facilities are relevant, reliable, at scale and globally competitive. Bega Cheese's record of integrating and creating value within the businesses it aligns with is demonstrated best by its consistent financial performance, even through periods of great market change and acquisition integration. Bega Cheese has been able to navigate through rapidly changing dynamics since dairy de-regulation in 2000 by consistently identifying opportunities and relationships that build value.

- 2001** – Bega Cheese brand licensed to Fonterra for cheese and butter in the Australian market in conjunction with a long-term product supply agreement and a major upgrade of the Ridge Street facility at Bega

Bega Cheese's acquisition of Tatura Milk Industries demonstrates the capacity of Bega Cheese's management to create value through refocusing and improving business performance. Not unlike Warrnambool Cheese & Butter, Tatura Milk Industries is an export focussed dairy ingredients business.

- In 2007 Bega Cheese acquired 70% of Tatura Milk Industries for \$38.8 million

- In 2011, the increase in value of Tatura Milk Industries was demonstrated when Bega Cheese paid \$40.8 million (implied offer price based on a Bega Cheese Share price of \$1.70 as at 4 October 2011) to acquire the remaining 30% it did not own, nearly the same value it paid to acquire the initial 70%

6. Bega Cheese’s Approach on Farm Gate Milk Pricing

A cornerstone of the development of the Bega Cheese business has been the organisation’s understanding of, and focus on, retaining and growing milk supply.

The careful management and recognition of the changing environment dairy farmers operate in has seen Bega Cheese develop a close association with its 440 Farmer Suppliers. The organisation’s capacity to respond to Farmer Supplier concerns, deliver appropriate market signals and provide support on key issues is a core competency for Bega Cheese.

A long term, sustainable supply of milk ensures Bega Cheese’s manufacturing facilities operate efficiently and competitively to meet the short and long-term needs of its customers.

Bega Cheese endeavours to be the company of choice for dairy farmers in South Eastern Australia for the sale of their milk. The combination of a leading manufacturing milk price and innovative farm extension programs will be the key to Bega Cheese attracting and retaining milk supply and keeping its Farmer Suppliers viable.

7. Warrnambool Cheese & Butter's Identity Will be Retained

Bega Cheese recognises the importance of heritage and the significant role that businesses like Bega Cheese, Tatura Milk Industries and Warrnambool Cheese & Butter play in their local communities and with their dairy farmer suppliers.

As was the case when Bega Cheese merged with Tatura Milk Industries, Bega Cheese will endeavour to complete the merger with Warrnambool Cheese & Butter in a way that ensures that the Warrnambool Cheese & Butter name, a Warrnambool Cheese & Butter Board, the Warrnambool Cheese & Butter operating sites and the Warrnambool Cheese & Butter brands including, Warrnambool, Sungold and Great Ocean Road are retained.

Bega Cheese believes that the key to its successful merger with Tatura Milk Industries was in building on the existing strengths of the Tatura Milk Industries business from an infrastructure and personnel point of view, while adding new skills and investment to the business. Bega Cheese is confident that this approach will also be successful with Warrnambool Cheese & Butter. Bega Cheese is very conscious of creating value in businesses by building on their strengths and addressing their weaknesses.

Bega Cheese is always keen to build on strengths and invest to ensure its businesses are efficient, competitive and able to deliver value to customers, dairy farmer suppliers and shareholders. When considering the benefits of merging with Warrnambool Cheese & Butter, Bega Cheese has identified a number of potential synergies. If a Successful Merger results, these synergies would be implemented through cost savings in administration, corporate services and procurement, as well as through efficiency gains in the operation and co-ordination of the manufacturing and packaging sites. Further particulars of the synergies are set out in Section 4.5.

Bega Cheese's long term behaviour in the communities it operates in should give Warrnambool Cheese & Butter Shareholders confidence that Bega Cheese will be able to deliver on its endeavour to ensure that it is a well regarded and valued member of the Warrnambool Cheese & Butter community.

In order to ensure the Combined Group maintains close links with the Warrnambool Cheese & Butter dairy farmer suppliers and the community, Bega Cheese intends to maintain a Warrnambool Cheese & Butter Board and invite a number of existing Warrnambool Cheese & Butter directors to remain on that board. Going forward, Bega Cheese will endeavour to ensure that there is strong representation on the Warrnambool Cheese & Butter Board from farmer suppliers to Warrnambool Cheese & Butter.

It is important to note that Bega Cheese has a constitutional requirement for dairy Farmer Supplier representation on the Bega Cheese Board. There are currently six Supplier Directors on the Bega Cheese Board and, upon a Successful Merger, supplier shareholders from the Warrnambool Cheese & Butter region may be nominated as candidates not only for the Warrnambool Cheese & Butter Board but also the Bega Cheese Board. Further information on Bega Cheese's intentions is set out in Section 3 of this Bidder's Statement. All statements of Bega Cheese's intentions in this Bidder's Statement, including those set out in this Section, should be read in the context outlined in Section 3.1.

1. PROFILE OF BEGA CHEESE

1.1 Background

Bega Cheese is a company registered under the Corporations Act, which was admitted to the official list of the ASX on 16 August 2011 (ASX Code: BGA).

Bega Cheese was formerly The Bega Co-operative Society Limited, a co-operative registered under the *Co-operatives Act 1992* (NSW). On 23 April 2008, The Bega Co-operative Society Limited was registered as a company under the Corporations Act as Bega Cheese Limited.

Since its establishment in 1899, Bega Cheese has grown from a small farmer-owned co-operative based in Bega NSW to an Australian dairy company Listed on ASX and generating annual sales revenue of over \$1 billion.

In 2007, Bega Cheese acquired a 70% shareholding in Tatura Milk Industries and in December 2011, acquired the balance of its shares. With five sites across New South Wales and Victoria, its offices and factories in Bega, Strathmerton, Coburg, Tatura and Melbourne employ over 1,600 staff. The Bega Cheese Group has strong long-term relationships with its Farmer Suppliers. In FY13, milk intake was approximately 700 million litres, most of which was sourced directly from farmers, many of whom are also shareholders.

Bega Cheese is a significant retail and business-to-business supplier of dairy products. It exports its products to over forty countries worldwide and has sales or supply contracts with global food and dairy companies such as Fonterra, Mondelez Foods (Kraft), Snow Brand and Mead Johnson and retailers such as Coles and ALDI.

Bega Cheese has a proven management team with significant experience in the dairy sector. Executive Chairman, Barry Irvin, leads an experienced Bega Cheese Board that has foundations and insights into the dairy industry from farming to processing, marketing, sales and financial management. The management team, led by Chief Executive Officer, Aidan Coleman, has a strong combination of international marketing and manufacturing expertise, knowledge of the history and culture of the organisation and a diverse skill set with a proven capability of executing and implementing business improvement initiatives and growth strategies.

Bega Cheese's customer focus, product range, infrastructure and supplier relationships see it well positioned for growth. Significant opportunity exists to continue to grow Bega Cheese's presence in the Australian market and many of the forty international markets it currently exports to. It has been well documented that demand for dairy products continues to grow, particularly in the Asian market. Bega Cheese, through its wholly owned subsidiary Tatura Milk Industries, has been producing and selling high quality infant formula milk powders and cream cheese to these markets for over two decades.

Bega Cheese has several strategic investments outside of its core manufacturing businesses. These assets and interests include its investment of approximately 18% in Warrnambool Cheese & Butter and a 25% interest in Capitol Chilled Foods in Canberra, a joint venture with Lion Dairy.

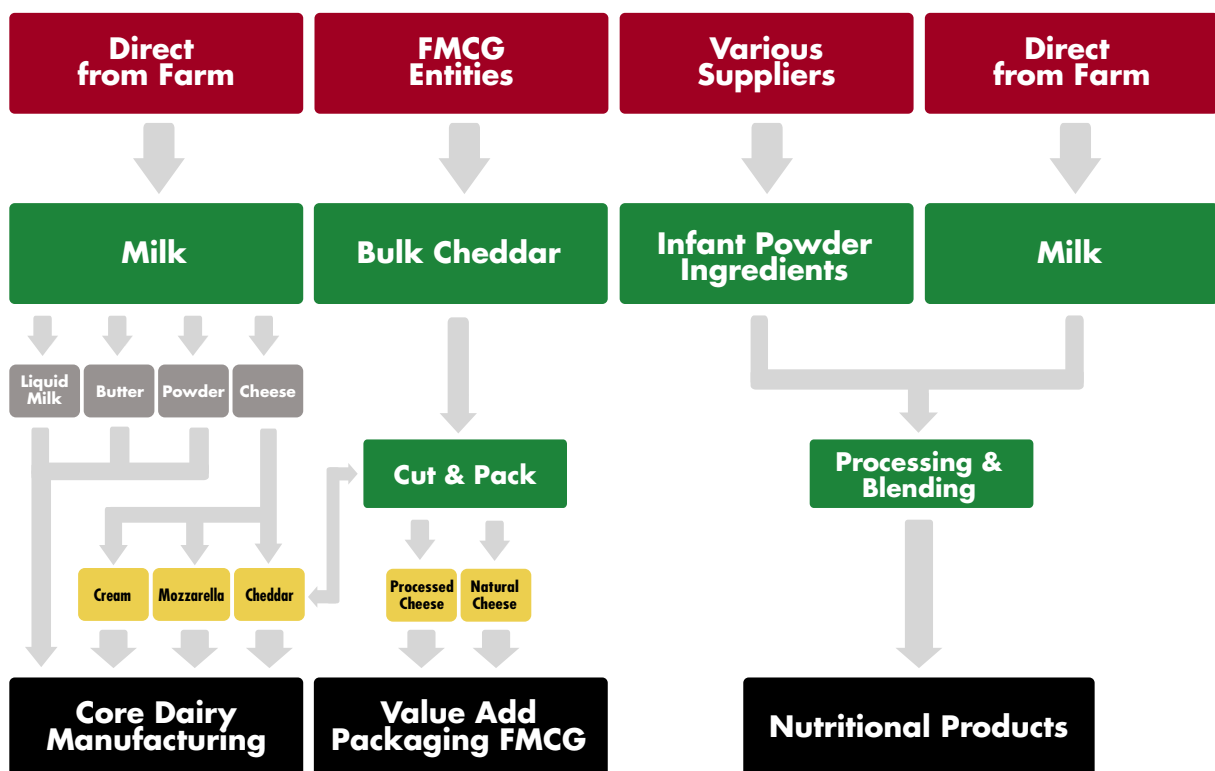

In recent years, Bega Cheese has demonstrated business stability, financial performance and share value appreciation:

- Increase in net asset value from \$177.6 million in FY10 to \$262.0 million in FY13
- Growth in revenue of 21.8% from \$829.0 million to \$1.0 billion between FY10 and FY13
- Growth in EBITDA of 17.3% from \$54.8 million²⁹ to \$64.3 million between FY10 and FY13
- Consistent dividend payments of 6.5 and 7.5 cents per share in FY12 and FY13 respectively

1.3 Business highlights

The Bega Cheese Group has an enviable position in the Australian dairy industry. Its strength comes from a unique set of capabilities, the combination of which has proven to deliver enduring competitive advantage and strong shareholder returns in changing market conditions.

Brand strength and leadership

The Bega brand is one of the most widely recognised and respected food brands in Australia and, as the country's number one cheddar cheese brand, has been built under the consistent stewardship of Bega Cheese and its long term Australian licensee, Fonterra. This market winning brand position has been leveraged internationally into more than twenty six countries.

Bega Cheese has also built a formidable corporate brand reputation in Tatura Milk Industries. Tatura Milk Industries is a supplier of high quality cream cheese and nutritional products in Asian markets.

Long term major customer relationships

Bega Cheese has developed long term, cost plus, supply commitments over a significant proportion of its manufacturing capacity, with customers such as Fonterra, Mondelez Foods (Kraft) and Coles in cheese products, and Mead Johnson in nutritional powders. This gives secured capacity utilisation and protection of core profitability in times of market volatility, as well as continuously improving capability, through collaboration with its long term partners on innovation and cost initiatives.

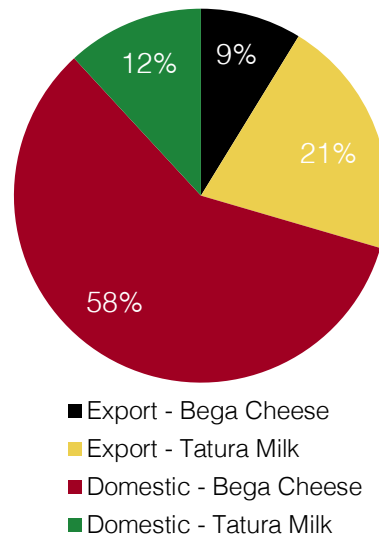

Diversified earnings across businesses and geographies

With strong market share positions across a number of channels and geographies in cheese products and nutritional powders, Bega Cheese has a diversified earnings base with multiple pathways for future growth. Cheese products are sold to industrial, food service and retail customers, balancing the different channel growth rates and maximising sales from similar products. Its broad geographical spread in Oceania, Asia and the Middle East has enabled Bega Cheese to leverage its domestic scale into emerging countries and be well positioned to capture the growing Asian demand for quality dairy products.

Integrated infrastructure and value add products generate stable business performance

Bega Cheese's infrastructure and milk management planning systems allow it to direct milk to higher returning products and respond quickly to changes in market demand and customer requirements. This, combined with a focus on value adding and long term business to business contracts, contribute to a more stable business performance and growth profile.

Investment in technology and capability for sustainability and global competitiveness

To maintain global competitiveness and sustainability, Bega Cheese has continuously reinvested in its plants, processes and people. Technology investment in the five production plants, including robotics and automated processing lines, has ensured a high level of production and cost efficiency. Working collaboratively with farmers to audit and continuously improve on farm practices has ensured a high quality milk supply and assisted farmers with environmental sustainability.

1.4 Milk supply and pricing

The annual milk intake by the Bega Cheese Group is approximately 700 million litres, which is about 7.5% of total Australian milk production.

The Bega Cheese Group receives milk from around 440 Farmer Suppliers. The largest single Farmer Supplier represents just over 1% of milk delivered. Traditionally, Farmer Suppliers do not have written, long term contracts relating to the supply of their milk, but effectively commit to a buyer on an annual basis.

The Bega Cheese Group also acquires milk from third party suppliers as and when required and available.

Milk pricing is traditionally set on a July to June financial year or 'season' basis. Milk prices are set in a highly competitive environment. In NSW, the major competitors for milk are dairy companies supplying the liquid milk market. In Victoria, the competitors for milk are predominantly processing milk into dairy products, including milk powders cheese and butter, primarily for export markets. Milk prices therefore reflect global commodity prices and competition for product. Bega Cheese intends to maintain its objective of paying leading manufacturing milk prices. Milk price decisions are made by the Bega Cheese Board based on recommendations by management. Bega Cheese believes that it is in the interests of shareholders that all Bega Cheese Board members (including those who are Farmer Suppliers) are involved in milk pricing decisions due to its critical importance. To ensure that the milk price paid by the Bega Cheese Group is appropriate, the Bega Cheese Board has adopted the following milk price policy.

Bega Cheese Group Milk Price Policy

1. Introduction

A cornerstone of the development of the Bega Cheese Group business has been its understanding of, and focus on, retaining and growing milk supply.

The careful management and recognition of the changing environment dairy farmers operate in has seen the Bega Cheese Group develop a close association with its suppliers. Its capacity to respond to supplier concerns, deliver appropriate market signals and provide support on key issues is a core competency for Bega Cheese.

A long term, sustainable supply of milk ensures the Bega Cheese Group's manufacturing facilities operate efficiently and competitively to meet the short and long-term needs of its customers.

2. Milk Price Policy and Milk Prices in Various Regions

Bega Cheese will consider the following issues when setting milk prices for the various supply regions:

- (a) the significance of the place of origin of the milk used in manufacture of particular dairy products (for example, milk used in the manufacture of Bega branded cheese);
- (b) the financial return expected to be earned from dairy products manufactured using milk supplied by the relevant regions;
- (c) the need to ensure the long term sustainability of dairy farming in the relevant region; and
- (d) the competitive farm gate milk prices in each region.

3. Company of Choice

Bega Cheese endeavours to be the company of choice for dairy farmers in South Eastern Australia for the sale of their milk. The combination of a leading manufacturing milk price and innovative farm extension programs is the key to attracting and retaining milk supply and keeping our Farmer Suppliers viable.

1.16 Rights and liabilities attached to Bega Cheese Shares

Bega Cheese Shares are quoted on ASX. The rights and restrictions attaching to Bega Cheese Shares are set out in the Bega Cheese Constitution and, in certain circumstances, are regulated by the Corporations Act, ASX Listing Rules, ASX Settlement Operating Rules and general law. Under section 140(1) of the Corporations Act, the Bega Cheese Constitution has effect as a contract between Bega Cheese and each member and between a member of Bega Cheese and each other member. Accordingly, if you accept the Offer and you are issued Bega Cheese Shares³⁰, you will, as a result, become liable to comply with the Bega Cheese Constitution.

The following is a summary of the principal rights attaching to Bega Cheese Shares. It does not purport to be exhaustive or to constitute a definitive statement of the rights and liabilities of shareholders of Bega Cheese.

Further details of the rights attaching to the Bega Cheese Shares are set out in the Bega Cheese Constitution. The Offer is conditional, amongst other things, on the adoption of the Shareholding Limit Constitutional Amendments by a special resolution of the Bega Cheese Shareholders at the 2013 annual general meeting of Bega Cheese. If the Shareholding Limit Constitutional Amendments are adopted by special resolution, the Bega Cheese Constitution will be modified with effect from the special resolution being passed to incorporate the Shareholding Limit Constitutional Amendments.

ASX has notified Bega Cheese, based solely on information provided to it, that it considers:

- the Shareholding Limit provisions incorporating the Shareholding Limit Constitutional Amendments (**Modified Shareholding Limit Provisions**) to be appropriate for the purposes of Listing Rules 6.1 and 12.5; and
- the disenfranchisement and divestment provisions in the Modified Shareholding Limit Provisions to be appropriate and equitable for the purposes of Listing Rules 6.10.5 and 6.12.3 respectively.

As required by ASX, if the Shareholding Limit Constitutional Amendments are adopted and an adjustment to the Shareholding Limit occurs under the Modified Shareholding Limit Provisions, Bega Cheese will announce the new Shareholding Limit to the market.

A copy of the Bega Cheese Constitution as at the date of this Bidder's Statement is available, and a copy of the modified Bega Cheese Constitution incorporating the Shareholding Limit Constitutional Amendments will be available, on Bega Cheese's website (www.begacheese.com.au) or can be inspected at Bega Cheese's registered office at 23-45 Ridge Street, Bega NSW, Australia during normal business hours.

1. PROFILE OF BEGA CHEESE (CONTINUED)

Voting rights

At a general meeting, every registered holder of a Bega Cheese Share present in person, or by proxy, attorney or representative, has one vote on a show of hands and one vote per Bega Cheese Share on a poll.

Dividend rights

Bega Cheese Shares participate in all dividends that have a record date after their issue. Dividends are determined by the Bega Cheese Directors at their discretion and, subject to any special rights (at present there are none), are payable on all Bega Cheese Shares in proportion to the amount of the issue price paid up on those Bega Cheese Shares.

Rights on winding-up

On a winding-up of Bega Cheese, all holders of Bega Cheese Shares are entitled to participate in the distribution of surplus property in proportion to the Bega Cheese Shares held by them.

Transfers of Bega Cheese Shares

Bega Cheese Shares are transferable, subject to the requirements of the Bega Cheese Constitution (including the Shareholding Limit) and the ASX Listing Rules.

Shareholding Limit

The following summarises the Shareholding Limit provisions of the Bega Cheese Constitution as at the date of this Bidder's Statement:

No person, together with his or her Associates, may hold or have a Relevant Interest in a number of Bega Cheese Shares that exceeds the Shareholding Limit.

For the first two years from the Listing of Bega Cheese (**Bega Cheese Listing**), the Shareholding Limit was 5% of the total number of Shares on issue. Bega Cheese Listing occurred on 16 August 2011, and therefore this two year period has expired. The Shareholding Limit from the end of this two year period up to the fifth anniversary of Bega Cheese Listing is 10% of the total number of Shares on issue. This is the Shareholding Limit which is applicable as at the date of this Bidder's Statement.

The Shareholding Limit must be put to Bega Cheese Shareholders for renewal for another five years by way of ordinary resolution by no later than the fifth anniversary of Bega Cheese Listing. If the Shareholding Limit is not renewed, it will automatically cease. If the Shareholding Limit is renewed, the Shareholding Limit will increase to 15% of the total number of Shares on issue and will automatically cease at the tenth anniversary of Bega Cheese Listing.

The Shareholding Limit will cease to have effect on the earlier of:

- (a) the Bega Cheese Constitution being amended by special resolution of Bega Cheese Shareholders to remove the Shareholding Limit;
- (b) the fifth anniversary of Bega Cheese Listing if the continuation of the Shareholding Limit is not approved by shareholders; or
- (c) the tenth anniversary of Bega Cheese Listing if the continuation of the Shareholding Limit is approved by shareholders by the fifth anniversary of Bega Cheese Listing.

If a person acquires Bega Cheese Shares in excess of the Shareholding Limit, the right to vote and be paid dividends in relation to the Bega Cheese Shares held in excess of the Shareholding Limit will be suspended. Further, the Bega Cheese Directors may require the disposal of the Bega Cheese Shares held in excess of the Shareholding Limit. If that disposal is not made within the period set out in the Bega Cheese Constitution, the Bega Cheese Directors may proceed to sell those Bega Cheese Shares and distribute the proceeds of the sale, after paying relevant costs and expenses, to the holder.

The following summarises the modifications to the Shareholding Limit provisions of the Bega Cheese Constitution if the Shareholding Limit Constitutional Amendments are adopted by special resolution of the Bega Cheese Shareholders:

Under the current Shareholding Limit provisions of the Bega Cheese Constitution, the Bega Cheese Board cannot issue Bega Cheese Shares if a breach of the Shareholding Limit would occur as a result of that issue. The Shareholding Limit Constitutional Amendments will, if adopted by special resolution of the Bega Cheese shareholders, establish a qualification to the Shareholding Limit so as to permit the Bega Cheese Board to issue Bega Cheese Shares under a takeover offer, including compulsory acquisition, or scheme of arrangement (**Exempt Transaction**). If a person (**Affected Person**) is issued with a number of Bega Cheese Shares under an Exempt Transaction that results in it exceeding the Shareholding Limit in force immediately before the issue, then the Shareholding Limit will automatically increase to accommodate the issue to the Affected Person. The resultant percentage shareholding of the Affected Person (together with his or her Associates), rounded up to the nearest half per cent, will then become the new Shareholding Limit for all Bega Cheese Shareholders. Subject to this right in the Bega Cheese Board to issue Bega Cheese Shares under an Exempt Transaction and the potential resulting adjustment to the percentage figure that constitutes the Shareholding Limit, the Shareholding Limit provisions of the Bega Cheese Constitution will continue to operate in the current manner, as described above.

Directors

The Bega Cheese Board comprises up to eight directors of whom four must be Supplier Directors. There are currently six Supplier Directors on the Bega Cheese Board, including two Directors who supply milk to Tatura Milk Industries. The Supplier Directors supply milk to the Bega Cheese Group on the same terms as other suppliers in the same region. However the Bega Cheese Board recognizes that there may be a perception that the milk supply relationship between the Bega Cheese Group and the Supplier Directors may influence the decision making of those Directors. Accordingly, while they are able to bring an independent judgment to bear on board decisions, the Supplier Directors have not been characterised as independent for the purposes of the ASX Corporate Governance Principles and Recommendations (ASX Recommendations). This means that the Bega Cheese Board does not include a majority of independent directors for the purposes of ASX Recommendations 2.1 and 2.2.

Remuneration of Directors

The Bega Cheese Directors are entitled to be remunerated for their services as directors of Bega Cheese. The total annual remuneration must not exceed \$900,000 or such other amount approved by Bega Cheese Shareholders. The total annual remuneration amount is divided between the Bega Cheese Directors in the manner agreed or, in default of agreement, equally.

1.17 Dividend Reinvestment Plan

Bega Cheese has in place a dividend reinvestment plan (**Bega Cheese DRP**). Participation by Bega Cheese Shareholders in the Bega Cheese DRP is governed by the Dividend Reinvestment Plan Rules dated 22 June 2011.

Participation is optional and is generally open to all Bega Cheese Shareholders, with the exception of Bega Cheese Shareholders having a registered address or being resident in a jurisdiction other than Australia who may not be able to participate because of legal requirements in the applicable jurisdiction.

Bega Cheese has not offered the Bega Cheese DRP for the previous three dividends paid in September 2012, March 2013 and September 2013.

For further information and for a copy of the Dividend Reinvestment Plan Rules please see the Bega Cheese's website (www.begacheese.com.au).

At the date of this Bidder's Statement, 1,417,684 performance rights have been granted under long term incentive plans to the Chief Executive Officer, Aidan Coleman, each of which entitles him to one Bega Cheese Share for no monetary payment upon certain performance hurdles and vesting conditions being satisfied.

3. BEGA CHEESE'S INTENTIONS

3.1 Overview

This Section 3 sets out the intentions of Bega Cheese in relation to the following:

- the continuation of the business of Warrnambool Cheese & Butter;
- any major changes to be made to the business of Warrnambool Cheese & Butter, including any redeployment of fixed assets of Warrnambool Cheese & Butter; and
- the future employment of the present employees of Warrnambool Cheese & Butter,

on the basis of the facts and information concerning Warrnambool Cheese & Butter which were publicly available to Bega Cheese at the time of the preparation of this Bidder's Statement.

At the conclusion of the Offer Period, Bega Cheese will, to the extent which it is able, conduct reviews of Warrnambool Cheese & Butter's assets, strategies, operations and organisation to evaluate Warrnambool Cheese & Butter's performance, profitability and prospects.

Final decisions will only be reached after those reviews and in light of all material facts known to Bega Cheese and the circumstances at the relevant time. Accordingly, any statements set out in this Bidder's Statement referring to intentions are current intentions and may vary as new information becomes available or circumstances change.

Some of the intentions anticipate cost synergies available to the Combined Group on a Successful Merger which are not currently available in isolation to Bega Cheese or Warrnambool Cheese & Butter. The extent and timing of these benefits is currently uncertain, and the ability of the Combined Group to capture these synergy benefits will depend on, amongst other things, whether or not Bega Cheese is able to acquire 100% of Warrnambool Cheese & Butter and the results of the operational review referred to above.

Bega Cheese's analysis and review of publicly available information of Warrnambool Cheese & Butter has led it to conclude that, if a Successful Merger is achieved, synergies of approximately \$7.5 million (pre-tax excluding one-off integration costs) should be realised in the first full year following the Successful Merger. These potential synergies are addressed in more detail in Section 4.5.

Combining two substantial, complex businesses like Bega Cheese and Warrnambool Cheese & Butter carries significant integration risk. Bega Cheese will endeavour to mitigate these risks with a comprehensive integration plan, but not all risks can be eliminated. Integration risk is discussed in further detail in Section 6.4(a).

3.2 Rationale for the Offer

The Offer is designed to enable a merger of Bega Cheese and Warrnambool Cheese & Butter to create a leading Australian dairy products and ingredients business. On a Successful Merger, the Combined Group would benefit from increased product diversification, geographic diversification, scale and financial strength. Bega Cheese is confident that customers of both Bega Cheese and Warrnambool Cheese & Butter will gain from greater depth of resourcing, improved operational efficiency and access to a broader range of services and products.

Bega Cheese is familiar with the type of activities comprising of the Warrnambool Cheese & Butter business. Bega Cheese successfully owns and operates Tatura Milk Industries, a dairy ingredients focussed business similar to Warrnambool Cheese & Butter, as well as a successful cheese value-adding business supplying major supermarkets such as Coles and ALDI. Bega Cheese is also a partner in the successful market milk joint venture, Capitol Chilled Foods, with Dairy Farmers Pty Ltd (a wholly owned subsidiary of Lion Dairy).

Bega Cheese believes that its experience will enable it to quickly understand Warrnambool Cheese & Butter's customer base and the domestic and international markets Warrnambool Cheese & Butter operates in. Bega Cheese also understands the importance of milk suppliers to the Warrnambool Cheese & Butter business.

3.3 Intentions upon ownership of 90% or more of Warrnambool Cheese & Butter

This Section 3.3 sets out Bega Cheese's current intentions if it acquires a Relevant Interest in at least 90% of Warrnambool Cheese & Butter Shares (including the 18% Relevant Interest that it already holds) and is entitled to proceed to compulsory acquisition of the outstanding Warrnambool Cheese & Butter Shares.

(a) Compulsory acquisition of Warrnambool Cheese & Butter Shares

Bega Cheese intends to proceed with the compulsory acquisition of any Warrnambool Cheese & Butter Shares not acquired under the Offer, in accordance with section 661A of the Corporations Act.

(b) Directors and corporate structure

Bega Cheese intends to amend the constitution of Warrnambool Cheese & Butter to reflect its status as a wholly-owned subsidiary of Bega Cheese. The current name of Warrnambool Cheese & Butter will be retained. Bega Cheese will appoint some new directors nominated by Bega Cheese to the Warrnambool Cheese & Butter Board. Barry Irvin, the Executive Chairman of Bega Cheese will be one of the Bega Cheese nominated directors. Bega Cheese intends to invite a number of the existing Warrnambool Cheese & Butter directors to remain on the Warrnambool Cheese & Butter Board. Going forward, Bega Cheese will endeavour to ensure there is strong representation on the Warrnambool Cheese & Butter Board from farmer suppliers to Warrnambool Cheese & Butter.

(c) ASX listing

As part of the compulsory acquisition process, Bega Cheese will arrange for Warrnambool Cheese & Butter to be removed from the official list of the ASX in accordance with the requirements of the ASX.

(d) Warrnambool Cheese & Butter's operations and assets

Bega Cheese intends to continue the current business of Warrnambool Cheese & Butter and, in particular:

- retain the Warrnambool Cheese & Butter name and corporate identity;
- seek to retain a number of existing Warrnambool Cheese & Butter Directors on the Warrnambool Cheese & Butter Board;
- continue to operate its facilities at Allansford and Mil Lel; and
- retain the Warrnambool, Sungold and Great Ocean Road brands.

Bega Cheese does not intend to redeploy any of Warrnambool Cheese & Butter's fixed assets. Bega Cheese does, however, intend to conduct a review of Warrnambool Cheese & Butter's operations and personnel on both a strategic and financial level to determine mechanisms for improving the performance of the Warrnambool Cheese & Butter business generally and realise any potential operational and financial synergies and cost savings available to the Combined Group.

Bega Cheese will formulate an integration plan to identify and facilitate specific integration objectives and actions required to merge the businesses of Bega Cheese and Warrnambool Cheese & Butter. Bega Cheese's management has significant integration experience and anticipates that the integration of the Bega Cheese and Warrnambool Cheese & Butter businesses will be conducted within a reasonable time frame with minimum disruption.

3. BEGA CHEESE'S INTENTIONS (CONTINUED)

(e) Milk supply

As outlined in Section 1.4, Bega Cheese's policy is to maintain a strong relationship with its Farmer Suppliers with a goal of paying leading manufacturing milk prices and implementing innovative farm extension programs. Bega Cheese will support the continuation of the strong relationship between Warrnambool Cheese & Butter and its milk suppliers.

Bega Cheese will endeavour to retain all Warrnambool Cheese & Butter's existing milk suppliers. The goal of a Successful Merger will be to improve returns across the supply chain, including to dairy farmer suppliers while retaining existing milk payment structures. Bega Cheese will endeavour to ensure that it has the capacity to accommodate any growth in milk supply from existing suppliers and will add new suppliers as a consequence of the growth and success of the Combined Group.

(f) Employees

Bega Cheese intends to conduct a review of the employment requirements of the Combined Group as part of determining its proposed operating model. This will be done with input from management of both Bega Cheese and Warrnambool Cheese & Butter. The Combined Group is expected to provide advancement opportunities for a number of people and it is intended that the Combined Group will place an emphasis on the ongoing improvement of skills and competencies of key staff of both businesses.

Bega Cheese anticipates some duplication in administrative and corporate functions, for example senior executive and positions associated with ASX Listing. Bega Cheese will aim to identify suitable alternative roles for employees adversely affected by integration, however where this is not possible, individuals will receive redundancy payments and other benefits in accordance with their entitlements.

Commitment to employees will remain a high priority for Bega Cheese and further details of the integration process will be shared with employees as they become available.

One of the Combined Group's objectives will be to provide an attractive and rewarding place to work and to maintain a high level of employee engagement and commitment. The Combined Group will also have in place strategies to encourage the retention of staff with key skills, knowledge and experience. The Combined Group, by virtue of its scale and breadth, will be able to provide expanded career and development opportunities for both Bega Cheese and Warrnambool Cheese & Butter employees.

3.4 Intentions upon ownership of less than 90% but more than 50% of Warrnambool Cheese & Butter

Set out below are Bega Cheese's current intentions if Bega Cheese acquires effective control of Warrnambool Cheese & Butter, but does not acquire a Relevant Interest in at least 90% of Warrnambool Cheese & Butter Shares (including the 18% Relevant Interest that it already holds) and is therefore not entitled to compulsorily acquire the remaining Warrnambool Cheese & Butter Shares.

(a) Compulsory acquisition of Warrnambool Cheese & Butter Shares

If Bega Cheese does not become entitled to compulsorily acquire Warrnambool Cheese & Butter Shares under section 661A of the Corporations Act, it may nevertheless become entitled to exercise the general compulsory acquisition power under Part 6A.2 of the Corporations Act if it later becomes a 90% holder as defined in that part. Bega Cheese intends to exercise that power in respect of Warrnambool Cheese & Butter Shares if it becomes entitled to do so.

(b) Directors

Depending on the level of ownership achieved and subject to the Corporations Act and Warrnambool Cheese & Butter's constitution, Bega Cheese will seek to further enhance the skills and capabilities of the Warrnambool Cheese & Butter Board while maintaining the number of supplier directors required by Warrnambool Cheese & Butter's constitution.

(c) Intentions with respect to matters at Section 3.3 above

Bega Cheese will endeavour to implement the intentions set out in Sections 3.3(d), (e) and (f) above. The ability of Bega Cheese to implement any of these intentions will be subject to the limitations identified in Section 3.6.

(d) ASX listing

The ongoing listing of Warrnambool Cheese & Butter on the ASX will be subject to Warrnambool Cheese & Butter satisfying the ongoing requirements under the ASX Listing Rules (including there being the required spread of shareholders). ASX may delist Warrnambool Cheese & Butter if it does not meet these requirements. In the event Bega Cheese obtains greater than 80% of Warrnambool Cheese & Butter it will seek to delist Warrnambool Cheese & Butter from the ASX. Any proposal to delist Warrnambool Cheese & Butter from the ASX will require ASX consent and maybe subject to conditions imposed by the ASX.

Therefore, if Bega Cheese obtains greater than 80% of Warrnambool Cheese & Butter, Warrnambool Cheese & Butter Shareholders should be aware that, if they do not accept the Offer, the liquidity and market value of their Warrnambool Cheese & Butter Shares may be reduced.

(e) Dividends

Future dividends will be determined by the Warrnambool Cheese & Butter Board consistent with the company's policy, being dependent on various matters, including Warrnambool Cheese & Butter's financial performance, the contributions of its joint ventures, its capital structure and cash position.

3.5 Intentions upon ownership of 50% or less of Warrnambool Cheese & Butter

If Bega Cheese does not obtain control of Warrnambool Cheese & Butter, then Bega Cheese will endeavour to implement its intentions set out in Section 3.4 to the extent to which it is able to do so, subject to the limitations identified in Section 3.6.

3.6 Limitation on intentions

The implementation of Bega Cheese's intentions in the event of Bega Cheese controlling less than 100% of Warrnambool Cheese & Butter, will be subject to the Corporations Act, the ASX Listing Rules, the Competition and Consumer Act 2010 (Cth), Warrnambool Cheese & Butter's constitution and the obligations of Warrnambool Cheese & Butter's directors to act in the best interests of Warrnambool Cheese & Butter and all Warrnambool Cheese & Butter Shareholders.

In particular, if Bega Cheese does not obtain a Relevant Interest in at least 90% of the Warrnambool Cheese & Butter Shares and therefore cannot compulsorily acquire the balance of Warrnambool Cheese & Butter Shares, the related party provisions of the Corporations Act (and the ASX Listing Rules) will apply.

Bega Cheese will only make a decision on its courses of action in these circumstances after it receives appropriate legal and financial advice on such matters, where required, including in relation to any requirements for Warrnambool Cheese & Butter Shareholder approval.

4. OUTCOME OF THE OFFER

4.1 Overview of the Combined Group

The creation of the Combined Group through a Successful Merger is, in Bega Cheese's opinion, the next logical step in the consolidation of the Australian dairy industry. The Combined Group will have a product range, manufacturing capabilities, scale and investment capacity that will be better positioned to meet the growing demand for high quality, efficiently produced, value-added dairy products for markets in Australia and around the world.

In Bega Cheese's view, the opportunity to create a globally relevant, well structured, financially secure dairy business that understands both the importance of the customer and the dairy farmer in a sustainable dairy supply chain should not be missed. As the Combined Group comes together and grows, a truly integrated value-adding dairy supply chain will be formed. 4. OUTCOME OF THE OFFER (CONTINUED)

4.2 Key variables and scenario analysis

The Offer Conditions are set out in Section 9.2 and do not include a minimum acceptance condition. In addition, the number of Warrnambool Cheese & Butter Performance Rights that will vest as a result of the Offer, and entitle the holders to be issued with Warrnambool Cheese & Butter Shares is uncertain (refer to Section 8.1 for further details) and the number of Warrnambool Cheese & Butter Shares to be issued under the Warrnambool Cheese & Butter Dividend Reinvestment Plan is unknown as at the date of the Offer. As such Bega Cheese cannot reasonably predict the number of acceptances under the Offer.

The key financial metrics that will be affected by the actual number of acceptances received under the Offer include:

- the actual number of Bega Cheese Shares on issue at completion of the Offer, as consideration for the purchase of the Warrnambool Cheese & Butter Shares includes the issue of Bega Cheese Shares;
- the total amount of cash Bega Cheese will be required to pay at completion of the Offer as consideration for the purchase of the Warrnambool Cheese & Butter Shares, which will directly impact borrowings and interest costs of the Combined Group;
- whether or not Bega Cheese will have control or have significant influence over Warrnambool Cheese & Butter, both from a structural and accounting perspective; and
- the dollar amount and timing over which synergy benefits can be implemented.

Bega Cheese has undertaken a sensitivity analysis of the relevant financial outcomes that may arise under three scenarios driven by the number of acceptances received under the Offer. The scenarios under which pro forma financial information of the Combined Group have been analysed are as follows: full control (100% Relevant Interest), attaining control (50.1% Relevant Interest), and significant influence (30% Relevant Interest).

4.3 Effect on Bega Cheese's capital structure, financial position and accounting treatment

The table below summarises the major factors impacting Bega Cheese's capital structure, financial position and the basis on which its investment in Warrnambool Cheese & Butter is to be accounted for under the three scenarios:

	SCENARIO 1		SCENARIO 2		SCENARIO 3	
	Obtains a Relevant Interest in 100% ^(a)		Obtains a Relevant Interest in 50.1% ^(a)		Obtains a Relevant Interest in 30% ^(a)

Note: (a) The above table excludes the effect of any Warrnambool Cheese & Butter Shares issued as part of the Warrnambool Cheese & Butter Dividend Reinvestment Plan and assumes that all of the Warrnambool Cheese & Butter Performance Rights are vested. If all Warrnambool Cheese & Butter Shareholders were to participate fully in the Warrnambool Cheese & Butter Dividend Reinvestment Plan for the Warrnambool Cheese & Butter Final FY13 Dividend, the number of Warrnambool Cheese & Butter Shares on issue would increase by 1.4 million and, the maximum total consideration paid by Bega Cheese would increase by \$6.8 million split as to \$2.4 million cash (which would incur additional net interest expense of \$0.1 million) and 1.4 million additional Bega Cheese Shares.

(b) Assumes Bega Share price of \$3.15 and Implied Offer Price of \$5.78.

Pro forma profit after tax attributable to the equity holders of the Combined Group	\$33,760,232	\$29,192,621	\$26,071,827
Total Bega Cheese Shares on issue following completion of the Offer	206,235,062	173,112,560	159,770,630
Basic earnings per Bega Cheese Share on issue	16.4 cents	16.9 cents	16.3 cents

Note: *(a) The above table excludes the effect of any Warrnambool Cheese & Butter Shares issued as part of the Warrnambool Cheese & Butter Dividend Reinvestment Plan and assumes that all of the Warrnambool Cheese & Butter Performance Rights are vested. If all Warrnambool Cheese & Butter Shareholders were to participate fully in the Warrnambool Cheese & Butter Dividend Reinvestment Plan for the Warrnambool Cheese & Butter Final FY13 Dividend, the number of Warrnambool Cheese & Butter Shares on issue would increase by 1.4 million and basic earnings per Bega Cheese Share would decrease by approximately 0.1, 0.2 and 0.1 cents under scenario 1, 2 and 3 respectively.*

4.5 Estimated synergies

Bega Cheese management's analysis and review of publicly available information on Warrnambool Cheese & Butter and its experience with previous industry integration has led it to conclude that, if a Successful Merger is achieved, potential synergies of approximately \$7.5 million (pre-tax excluding one-off integration costs) should be realised in the first full year following the Successful Merger. The potential synergies have been assessed by Bega Cheese management as potentially realisable through:

- removing duplication of costs across the operations of the Combined Group including such areas as head office senior executive and corporate services;
- removing costs associated with Warrnambool Cheese & Butter being listed on ASX;
- leveraging scale benefits of non-milk supplier services and inputs procurement;
- enhanced milk flow management;
- improved milk solids management;
- better alignment of the production of dairy products to enhance the performance of the manufacturing facilities of Bega Cheese, Tatura Milk Industries and Warrnambool Cheese & Butter;
- improved transport management; and
- leveraging best practice processes and systems.

The potential synergies are based on estimates by Bega Cheese management. Bega Cheese has not discussed its analysis of achievable synergies with Warrnambool Cheese & Butter management and does not have available to it (based on the publicly available information) sufficient information to develop a detailed integration plan to achieve the synergies. The extent and timing of the benefit of the potential synergies is currently uncertain and will depend on, amongst other things,

whether or not Bega Cheese is able to acquire a Relevant Interest in 100% of Warrnambool Cheese & Butter and the results of the operational review that Bega Cheese intends to conduct following the conclusion of the Offer, as referred to in Section 3.1. The risks associated with the implementation of the potential synergies are dealt with in more detail in Section 6.4(a).

The full benefit of the potential synergies would not be available if Bega Cheese acquired a Relevant Interest in less than 100% of Warrnambool Cheese & Butter. In circumstances where Bega Cheese acquires a Relevant Interest in more than 50% but less than the 90% of the Warrnambool Cheese & Butter Shares required to proceed to compulsory acquisition, Bega Cheese management has estimated that the value of the potential synergies will be reduced to one half of the estimate above, being \$3.75 million (pre-tax excluding one-off integration costs). In circumstances where Bega Cheese attains a Relevant Interest in 50% or less of the Warrnambool Cheese & Butter Shares, Bega Cheese management has formed the view that no synergy benefits would be achieved. This position is reflected in the pro forma historical financial information.

4.6 Prospective financial information

Apart from the estimated synergies of up to \$7.5 million described above, this Bidder's Statement does not include any financial forecasts or projections for revenue or profit in relation to Bega Cheese, Warrnambool Cheese & Butter or the Combined Group.

Bega Cheese has given careful consideration as to whether a reasonable basis exists to produce reliable and meaningful forecast financial information in relation to Bega Cheese and the Combined Group following the Offer. The Bega Cheese Board has concluded that forecast financial information would be misleading to provide, as a reasonable basis does not exist for producing forecasts that would be sufficiently meaningful and reliable, particularly considering Warrnambool Cheese & Butter's recent financial performance and the large effect that variations in key inputs, most of which are outside the control of Bega Cheese, may have on the future financial position of Bega Cheese and the Combined Group following the Offer. Key variable inputs include prevailing foreign exchange rates, milk supply and pricing and costs related to development and operating activities. In addition, as Bega Cheese has not undertaken due diligence on Warrnambool Cheese & Butter, Bega Cheese is not in a position to provide forecasts of the financial performance of the Combined Group.

4.7 Information used in preparing pro forma financial information

The pro forma historical financial information included in Section 4 is based on the latest publicly available information for Bega Cheese and Warrnambool Cheese & Butter, which comprises the following:

- audited consolidated financial statements of Bega Cheese for the year ended 30 June 2013;
- the ASX announcement by Warrnambool Cheese & Butter dated 28 August 2013, including Appendix 4E Preliminary Final Report for the year ended 30 June 2013; and
- such other publicly available information as was considered necessary to reflect the effect of the Offer on Bega Cheese in the pro forma historical financial information.

The pro forma historical financial information has been prepared in order to give Warrnambool Cheese & Butter Shareholders an indication of the scale and size of the Combined Group following acceptance of the Offer under each of the three scenarios modelled. It is not intended to illustrate the financial position that would have been obtained or the financial performance which would have occurred had the completion of the Offer occurred on or before 30 June 2013. Bega Cheese and Warrnambool Cheese & Butter classify certain expenses differently in their statement of comprehensive income and in other disclosures in their annual reports. Accordingly a high level summary of financial performance (**Pro Forma Profit & Loss**) has been prepared rather than a more detailed combined pro forma statement of comprehensive income. In addition, a pro forma balance sheet has been included as part of the pro forma historical financial information (**Pro Forma Balance Sheet**).

4. OUTCOME OF THE OFFER (CONTINUED)

The Bega Cheese Directors have drawn their conclusions based on the known facts and other information publicly available as at the date of this Bidder's Statement. Bega Cheese will undertake a comprehensive assessment of fair value of the assets and liabilities acquired and a review of accounting policies of Warrnambool Cheese & Butter after the Offer has been completed. If the facts, circumstances, assumptions or other information should prove different to that described, the conclusions may change accordingly.

4.8 Basis of preparation of the pro forma financial information

Application of generally accepted accounting standards

The source for the pro forma historical financial information described above is assumed to have been prepared in accordance with the measurement and recognition requirements of Australian Accounting Standards. Further information regarding the accounting policies and compliance of the relevant Bega Cheese and Warrnambool Cheese & Butter financial reports with the measurement and recognition requirements of Australian Accounting Standards can be obtained by reviewing the latest publicly available financial statements of each company.

The basis used to prepare the pro forma historical financial information in Section 4 is as follows:

- the pro forma historical financial information is in summary form and as such is not intended to comply with all of the presentation and disclosure requirements of Australian Accounting Standards applicable to statutory annual reports prepared in accordance with the Corporations Act;
- the pro forma historical financial information of Bega Cheese and Warrnambool Cheese & Butter has been combined based on Australian Accounting Standards, mainly AASB 3 Business Combinations, AASB 127 Consolidated and Separate Financial Statements and AASB 128 Investments in Associates and Joint Ventures (**Consolidation Principles**);
- under the Consolidation Principles, the acquirer is identified as the entity that obtains control of or significant influence over the other entity. It is assumed that Bega Cheese will be the acquirer for the purpose of preparing the Combined Group's pro forma financial information;
- in addition to the adjustments made in accordance with the Consolidation Principles, adjustments as described in the notes to the pro forma historical financial information have also been made to better illustrate the pro forma impact of the acquisition on the Combined Group;
- the Pro Forma Profit & Loss illustrates the pro forma historical performance of the Combined Group (excluding the impact of any one-off items) and assumes the proposed transaction occurred on 1 July 2012; and
- the Pro Forma Balance Sheet has been prepared as at 30 June 2013 to illustrate the financial position of the Combined Group after taking into account the impact of the Offer and associated funding requirements.

Accounting for Goodwill

It will not be possible to ascertain the fair values of Warrnambool Cheese & Butter's identifiable assets and liabilities or the intangible assets that might be recognised on acquisition until after completion of the Offer. Accordingly, for the purposes of calculating goodwill under scenarios 1 and 2, for inclusion in the pro forma historical financial information Bega Cheese has assumed that the book value of Warrnambool Cheese & Butter's relevant assets and liabilities as set out in their results announcement for 30 June 2013 represents their fair value for purposes of calculating the goodwill on acquisition under the Offer. Therefore, it is possible that the final calculation of goodwill and any consequential impacts on earnings following acquisition may differ from that applied in the pro forma historical financial information.

Pro forma net interest expense

For the purposes of calculating pro forma net interest expense, it has been assumed that the proposed transaction occurred on 1 July 2012 and that the appropriate debt facilities were available throughout the year ended 30 June 2013 to finance the cash portion of the Offer Consideration, facility establishment and transaction costs. Interest expense is calculated at an effective rate of 4.3%, which is consistent with the agreed terms of the Facility Agreement and includes amortisation of the establishment costs relating to the Facility Agreement.

Transaction costs

Transaction costs relating to the Offer have been treated as follows for the purposes of preparing the Pro Forma Profit & Loss:

- costs relating to the merger have been treated as one-off and non-recurring in nature and as such have not been reflected in the Pro Forma Profit & Loss, although for statutory reporting purposes these costs will be expensed to profit and loss in the period they relate;
- costs relating to the issuing of share capital by Bega Cheese as consideration for Warrnambool Cheese & Butter Shares have been offset against the increase in equity; and
- the cost of establishing new debt facilities has been amortised over the expected maturity of the new facilities and included in the pro forma interest costs, which is consistent with statutory reporting requirements.

Income tax expense

The pro forma income tax expense for the Combined Group has been calculated assuming a 30% Australian corporate tax rate.

Bega Cheese's existing investment in Warrnambool Cheese & Butter

Bega Cheese has an existing equity interest in Warrnambool Cheese & Butter, which may need to be re-stated at acquisition date to fair-value, with the resulting gain or loss, if any, recognised in profit and loss for statutory reporting purposes. However, as the impact of this accounting treatment will be one off and non-recurring in nature no adjustment has been made for this re-statement in preparing the Pro Forma Profit & Loss.

Other factors to consider

The pro forma historical financial information set out in this Section should be read in conjunction with the following additional information:

- the risk factors described in Section 6;
- the notes regarding the adjustments incorporated into the Combined Group's Pro Forma Profit & Loss and Pro Forma Balance Sheet;
- other information contained in this Section 4 of the Bidder's Statement;
- synergy adjustments are estimated based on factors identified in Section 4.5 and do not include the one-off implementation costs incurred to achieve these benefits; and
- the pro forma historical financial information has not been subject to audit.

4. OUTCOME OF THE OFFER (CONTINUED)

SCENARIO 1 - 100% ownership

Notes to the Pro Forma Profit & Loss

Overview: The aggregation reflects the combined profit & loss of Bega Cheese and Warrnambool Cheese & Butter for the year end 30 June 2013 and the following pro forma adjustments.

Revenue: Intercompany sales and purchases between Bega Cheese and Warrnambool Cheese & Butter estimated at \$18 million have been eliminated, which has no effect on profit after tax. The dividend paid by Warrnambool Cheese & Butter to Bega Cheese of \$1 million during the year ended 30 June 2013 has been eliminated.

EBITDA: EBITDA increased by inclusion of synergies of \$7.5 million (refer Section 4.5 for further details as to synergies). EBITDA reduced by the elimination of the dividend paid by Warrnambool Cheese & Butter to Bega Cheese during the year ended 30 June 2013.

Net interest expense: The increase in interest is due to the estimated annual impact of interest arising from additional funding for the transaction.

Tax expense: Tax expense is based on the tax effect of all adjustments, excluding the dividend adjustment which is assumed to be franked.

Notes to the Pro Forma Balance Sheet

Overview: The aggregation reflects the combined balance sheets of Bega Cheese and Warrnambool Cheese & Butter as at 30 June 2013 and the following pro forma adjustments.

Trade and other receivables: Reflects the capitalisation of a portion of the facility establishment fees.

Other financial assets: The cost of the investment in Warrnambool Cheese & Butter in Bega Cheese's accounts has been eliminated as it is replaced by the inclusion of the assets and liabilities from the balance sheet of Warrnambool Cheese & Butter in the consolidated accounts of the Combined Group.

Deferred tax assets: The adjustment to deferred tax reflects an increase in the potential tax liability from the current investment by Bega Cheese in Warrnambool Cheese & Butter Shares, offset by deferred tax benefits arising from facility establishment and transaction costs.

Goodwill: This adjustment of \$145 million represents the fair value of the consideration paid for all shares in Warrnambool Cheese & Butter of \$307 million less the fair value of the net amounts of the identifiable assets acquired and the liabilities assumed on the date of acquisition, being \$162 million.

For the purposes of preparing the Pro Forma Balance Sheet it has been assumed that the fair value of Warrnambool Cheese & Butter's assets and liabilities is as set out in the results reported for the year ended 30 June 2013. In finalising the actual calculation of goodwill it will be necessary to take into account the latest Bega Cheese Share Price and to undertake a review of the actual fair value of Warrnambool Cheese & Butter's assets and liabilities as at the relevant date Bega Cheese is in a position to assume control for consolidation purposes.

Borrowings: This adjusts for the additional borrowings of \$96 million needed to fund the cash component of the Offer and related facility establishment and transaction costs.

Contributed equity: Contributed equity has been adjusted by \$171 million to reflect the value of additional Bega Cheese Shares issued to Warrnambool Cheese & Butter Shareholders, being \$3.15 per Bega Cheese share at 11 September 2013, net of equity raising costs of \$0.7 million. Contributed equity has also been adjusted by \$70 million to eliminate the value of contributed equity in Warrnambool Cheese & Butter at the date of acquisition.

Reserves: The adjustment reflects:

- reversing out the reserves of Warrnambool Cheese & Butter, consistent with Consolidation Principles; and
- elimination of the fair value reserve that Bega Cheese held at 30 June 2013 relating to shares held in Warrnambool Cheese & Butter.

Retained earnings: The adjustment reflects:

- reversing out the retained earnings of Warrnambool Cheese & Butter at the date of acquisition, consistent with the Consolidation Principles;
- recognition of the profit net of tax on shares already held by Bega Cheese in Warrnambool Cheese & Butter before the date of acquisition; and
- the proportion of the facility establishment and transaction costs related to the merger net of tax of \$2 million that will be expensed at the date of acquisition.

4. OUTCOME OF THE OFFER (CONTINUED)

SCENARIO 2 - 50.1% ownership

Notes to the Pro Forma Profit & Loss

Overview: The aggregation reflects the combined profit & loss of Bega Cheese and Warrnambool Cheese & Butter for the year end 30 June 2013 and the following pro forma adjustments.

Revenue: Intercompany sales and purchases between Bega Cheese and Warrnambool Cheese & Butter estimated at \$18 million have been eliminated, which has no effect on profit after tax. The dividend paid by Warrnambool Cheese & Butter to Bega Cheese of \$1 million during the year ended 30 June 2013 has been eliminated.

EBITDA: EBITDA increased by inclusion of synergies of \$3.75 million (refer Section 4.5 for further details as to synergies). EBITDA reduced by the elimination of the dividend paid by Warrnambool Cheese & Butter to Bega Cheese during the year ended 30 June 2013.

Net interest expense: The increase in interest is due to the estimated annual impact of interest arising from additional funding for the transaction.

Tax expense: Tax expense is based on the tax effect of all adjustments, excluding the dividend adjustment which is assumed to be franked.

Non-controlling interests: Under Consolidation Principles, profit or loss is attributed to the owners of the parent and to the non-controlling interests. In the Pro Forma Profit and Loss, the non-controlling interest represents the share of profit attributed to shareholders in Warrnambool Cheese & Butter after the acquisition date that are not Bega Cheese, which is 49.9%.

Notes to the Pro Forma Balance Sheet

Overview: The aggregation reflects the combined balance sheets of Bega Cheese and Warrnambool Cheese & Butter as at 30 June 2013 and the following pro forma adjustments.

Trade and other receivables: Reflects the capitalisation of a portion of the facility establishment fees.

Other financial assets: The cost of the investment in Warrnambool Cheese & Butter in Bega Cheese's books has been eliminated as it is effectively replaced by the inclusion of the assets and liabilities from the balance sheet of Warrnambool Cheese & Butter in the consolidated accounts.

Deferred tax assets: The adjustment to deferred tax reflects an increase in the potential tax liability from the current investment by Bega Cheese in Warrnambool Cheese & Butter Shares, offset by deferred tax benefits arising from facility establishment and transaction costs.

Goodwill: This adjustment of \$66 million represents the fair value of the consideration paid for 50.1% of the shares in Warrnambool Cheese & Butter of \$147 million less the fair value of the net amounts of the identifiable assets acquired and the liabilities assumed on the date of acquisition, being \$81 million.

For the purposes of preparing the Pro Forma Balance Sheet it has been assumed that the fair value of Warrnambool Cheese & Butter's assets and liabilities is as set out in the results reported for the year ended 30 June 2013. In finalising the actual calculation of goodwill it will be necessary to take into account the latest Bega Cheese Share Price and to undertake a review of the actual fair value of Warrnambool Cheese & Butter's assets and liabilities as at the relevant date Bega Cheese is in a position to assume control for consolidation purposes.

Borrowings: This adjusts for the additional borrowings of \$39 million needed to fund the cash component of the Offer and related facility establishment and transaction costs.

Contributed equity: Contributed equity has been adjusted by \$67 million to reflect the value of additional Bega Cheese Shares issued to Warrnambool Cheese & Butter Shareholders, being \$3.15 per Bega Cheese share at 11 September 2013, net of equity raising costs of \$0.4 million. Contributed equity has also been adjusted by \$70 million to eliminate the value of contributed equity in Warrnambool Cheese & Butter at the date of acquisition.

Reserves: The adjustment reflects:

- reversing out the reserves of Warrnambool Cheese & Butter, consistent with the Consolidation Principles; and
- elimination of the fair value reserve that Bega Cheese held at 30 June 2013 relating to shares held in Warrnambool Cheese & Butter.

Retained earnings: The adjustment reflects:

- reversing out the retained earnings of Warrnambool Cheese & Butter at the date of acquisition, consistent with the Consolidation Principles;
- recognition of the profit net of tax on shares already held by Bega Cheese in Warrnambool Cheese & Butter before the date of acquisition; and
- the proportion of the facility establishment and transaction costs related to the merger net of tax of \$1 million that will be expensed at the date of acquisition.

Non-controlling interests: Under Consolidation Principles, non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the parent's ownership interests in them. In the pro formas, this equals 49.9% of the net assets of Warrnambool Cheese & Butter as at 30 June 2013, being \$81 million.

4. OUTCOME OF THE OFFER (CONTINUED)

SCENARIO 3 - 30% ownership

Notes to the Pro Forma Profit & Loss

Overview: The Bega Cheese Pro Forma Profit & Loss for the year ending 30 June 2013 has been adjusted to reflect the equity method of accounting and the following pro forma adjustments:

Revenue: The dividend paid by Warrnambool Cheese & Butter to Bega Cheese of \$1 million during the year ended 30 June 2013 has been eliminated.

EBITDA: EBITDA increased to reflect the inclusion of a 30% share in Warrnambool Cheese & Butter's profit after tax, being \$2 million. EBITDA decreased to reflect the elimination of the dividend paid by Warrnambool Cheese & Butter to Bega Cheese during the year ended 30 June 2013.

Net interest expense: The increase in interest is due to the estimated annual impact of interest arising from additional funding for the transaction.

Tax expense: No additional tax expense has been allowed for:

- the share of Warrnambool Cheese & Butter's profit result as it is brought into the consolidation post tax; and
- the dividend adjustment, which is assumed to be franked.

Notes to the Pro Forma Balance Sheet

Overview: The Bega Cheese Pro Forma Balance Sheet as at 30 June 2013 has been adjusted to reflect the equity method of accounting and the following pro forma adjustments:

Trade and other receivables: Reflects the capitalisation of a portion of the facility establishment fees.

Other financial assets: The increase recognises the additional cost of investment in Warrnambool Cheese & Butter by Bega Cheese of \$38 million and the revaluation of Bega Cheese's existing investment, being \$6 million.

Borrowings: This adjusts for the additional borrowings of \$15 million needed to fund the cash component of the Offer and related facility establishment and transaction costs.

Contributed equity: Contributed equity has been adjusted by \$25 million to reflect the value of additional Bega Cheese Shares issued to Warrnambool Cheese & Butter Shareholders, being \$3.15 per Bega Cheese share at 11 September 2013, net of equity raising costs of \$0.3 million.

Reserves: The adjustment reflects elimination of the fair value reserve that Bega Cheese held at 30 June 2013 relating to shares held in Warrnambool Cheese & Butter.

Retained earnings: The adjustment reflects:

- recognition of the profit net of tax on shares already held by Bega Cheese in Warrnambool Cheese & Butter before the date of acquisition; and
- the proportion of the facility establishment and transaction costs related to the merger net of tax of \$0.7 million.

5. AUSTRALIAN TAXATION CONSIDERATIONS

5.1 Introduction

This Section provides a general summary of the Australian tax consequences for Warrnambool Cheese & Butter Shareholders who accept the Offer and dispose of their Warrnambool Cheese & Butter Shares in accordance with the Offer.

The summary is based upon Australian taxation law and administrative practice in effect at the date of this Bidder's Statement. It does not anticipate changes in the taxation law after this time nor take into account the taxation laws of countries other than Australia. Overseas Warrnambool Cheese & Butter Shareholders should consider the tax consequences of the Offer under the laws of their countries of residence as well as under Australian law.

This summary is not intended to be an authoritative or comprehensive analysis of the taxation laws of Australia and does not consider any specific facts or circumstances that may apply to particular Warrnambool Cheese & Butter Shareholders and does not purport to be a complete analysis of all the potential Australian income tax consequences that may arise on accepting the Offer.

Warrnambool Cheese & Butter Shareholders are advised to consult their own tax advisers regarding Australian tax consequences from accepting the Offer in light of their personal circumstances.

The Australian tax consequences of the disposal of Warrnambool Cheese & Butter Shares to Bega Cheese will depend on a number of factors. This summary only addresses those Warrnambool Cheese & Butter Shareholders that:

- are residents of Australia for Australian tax purposes;
- hold their Warrnambool Cheese & Butter Shares on capital account and not as revenue assets or trading stock for Australian tax purposes;
- are not employees of Warrnambool Cheese & Butter for Australian tax purposes;
- are not 'life insurance companies';
- are not 'temporary residents' for Australian tax purposes; and
- are not 'significant stakeholders' or 'common stakeholders'.

Prima facie, a capital gains tax liability will arise for those Warrnambool Cheese & Butter Shareholders who own Warrnambool Cheese & Butter Shares acquired after 19 September 1985 (refer to comments in Section 5.2 below) but partial capital gains tax roll-over relief may arise where certain conditions are satisfied (refer to Section 5.3 below). In particular, partial roll-over relief may arise if Bega Cheese and members of Bega Cheese's wholly-owned group obtain a holding of at least 80% of the voting shares in Warrnambool Cheese & Butter as a result of the Offer.

Bega Cheese will seek a class ruling from the Australian Taxation Office (ATO) to confirm the capital gains tax consequences for Warrnambool Cheese & Butter Shareholders who accept the Offer. The class ruling, when issued, will be available to view on the ATO website at www.ato.gov.au and, following acceptance of the Offer, on the Bega Cheese website at www.begacheese.com.au.

5.2 Disposal of Warrnambool Cheese & Butter Shares held on capital account

Outlined below are the general tax (CGT) consequences for Australian resident shareholders who hold their Warrnambool Cheese & Butter Shares on capital account.

(a) Shares acquired before 20 September 1985

No capital gains tax (CGT) implications should arise on the disposal of Warrnambool Cheese & Butter Shares that were acquired, or deemed to have been acquired, before 20 September 1985. In summary, the treatment of Warrnambool Cheese & Butter Shares acquired before 20 September 1985 will be as follows:

5. AUSTRALIAN TAXATION CONSIDERATIONS (CONTINUED)

- no capital gain will arise on disposal of these shares; and
- Bega Cheese Shares received will be a post-CGT asset which will be subject to CGT on any future disposal.

The date of acquisition of Bega Cheese Shares will be the date the Warrnambool Cheese & Butter Shareholder accepts the Offer. Alternatively, if the Warrnambool Cheese & Butter Shares are compulsorily acquired, the date of acquisition will be the date at which the Warrnambool Cheese & Butter Shareholder receives compensation in respect of the compulsory acquired Warrnambool Cheese & Butter Shares.

(b) Shares acquired after 20 September 1985

If Warrnambool Cheese & Butter Shares were acquired on or after 20 September 1985, their disposal will generally have CGT implications. The disposal of such Warrnambool Cheese & Butter Shares pursuant to acceptance of the Offer will constitute a CGT event for CGT purposes. The CGT implications of disposing of the Warrnambool Cheese & Butter Shares will depend on a number of factors including:

- the date when the Warrnambool Cheese & Butter Shares were acquired;
- the status of the Warrnambool Cheese & Butter Shareholder; that is, whether the Warrnambool Cheese & Butter shareholder is an individual, trust, superannuation fund or company;
- the length of time for which the Warrnambool Cheese & Butter Shareholder has held the Warrnambool Cheese & Butter Shares; and
- whether or not the Warrnambool Cheese & Butter Shareholder is entitled to scrip-for-scrip rollover relief – see Section 5.3.

If Warrnambool Cheese & Butter Shares were acquired on or after 20 September 1985, a capital gain or loss will arise being the difference between:

- the value of the capital proceeds (the cash consideration received plus the value of the Bega Cheese Shares received); and
- the cost base of the Warrnambool Cheese & Butter Shares (which would generally include the amount paid to acquire the relevant Warrnambool Cheese & Butter Shares plus any incidental costs of acquisition such as brokerage fees and stamp duty). If Warrnambool Cheese & Butter Shareholders have received a return of capital while holding Warrnambool Cheese & Butter Shares, the cost base of those Warrnambool Cheese & Butter Shares should be appropriately adjusted.

A Warrnambool Cheese & Butter Shareholder will make a capital gain if the capital proceeds from the disposal of their Warrnambool Cheese & Butter Shares to Bega Cheese exceeds the cost base of those Warrnambool Cheese & Butter Shares, or a capital loss if the value of the capital proceeds is less than the cost base.

The value of the Bega Cheese Shares will be their market value on the date when the contract for their disposal is entered into (being the date the Warrnambool Cheese & Butter Shareholder accepts the Offer).

(i) Shares acquired after 20 September 1985 but before 11.45 am on 21 September 1999

If the Warrnambool Cheese & Butter Shares were acquired before 11.45 am (legal time in the Australian Capital Territory or “ACT time”) on 21 September 1999, for the purpose of calculating a capital gain (but not a capital loss), the cost base of the shares can be indexed for inflation to 30 September 1999.

Alternatively, provided the Warrnambool Cheese & Butter Shares were held for at least one year, and the Warrnambool Cheese & Butter Shareholder does not choose to apply this indexation, the discount capital gain provisions set out below may apply. This means that:

- for an individual or trust, only one-half of the capital gain (without any allowance for indexation for inflation in the cost base of the shares) will be taxable;

- for complying superannuation funds, only two-thirds of the capital gain (without any allowance for indexation for inflation in the cost base of the Warrnambool Cheese & Butter Shares) will be taxable; or
- in respect of the trustee of a trust, the discount capital gains provisions may also apply to a distribution of the capital gain to beneficiaries in the trust (other than beneficiaries that are companies).

Note that the discount capital gain provisions do not apply to shareholders and trust beneficiaries that are companies.

The 'choice' to apply indexation rather than the discount capital gain provisions must be made by the Warrnambool Cheese & Butter Shareholder on or before the day they lodge their income tax return for the income year in which the disposal occurs.

A capital loss may be used to offset capital gains derived in the same or subsequent years of income (subject to satisfying certain conditions) but cannot be offset against ordinary income nor carried back for offset against net capital gains arising in earlier income years.

If a Warrnambool Cheese & Butter Shareholder chooses to use the discount capital gain method, any available capital loss will be applied to reduce the realised nominal gain before discounting the resulting net amount by either the 50% or 33 1/3% discount (as applicable) to calculate the capital gain that is assessable. Alternatively, if the indexation option is chosen, capital losses are applied after calculating the capital gain using the indexed cost base.

(ii) Shares acquired after 11.45 am on 21 September 1999

Warrnambool Cheese & Butter Shareholders that acquire Warrnambool Cheese & Butter Shares after 11.45 am (ACT time) on 21 September 1999 are not entitled to choose indexation of the cost base when calculating any capital gain on disposal.

For individuals, trusts or complying superannuation funds that have held Warrnambool Cheese & Butter Shares for 12 months or longer at the time the Offer is accepted, the discount capital gain provisions described above will automatically apply in calculating any capital gain on disposal.

As explained above, any available capital loss will be applied to reduce the realised nominal gain before discounting the resulting net amount by the 50% or 33 1/3% discount (as applicable) to calculate the discounted capital gain that is assessable.

For Warrnambool Cheese & Butter Shareholders that have held their Warrnambool Cheese & Butter Shares for less than 12 months or are another category of shareholder (for example, a company), the discount capital gain method is not available. A capital gain on the Warrnambool Cheese & Butter Shares, being any excess of the value of the capital proceeds over the unindexed cost base of the shares, will be assessable in full.

5.3 Roll-over relief for scrip portion – new Bega Cheese Shares

(a) Capital Gain partially disregarded

Scrip-for-scrip roll-over relief enables a shareholder to choose to disregard a capital gain that the shareholder would have made from exchanging shares in one company for shares in another company (for example, as part of a takeover or merger), but only to the extent that the shareholder receives replacement shares (and not to the extent that they receive cash for the disposal of the shares).

Whether scrip-for-scrip roll-over relief is available in a particular case will depend on whether the relevant arrangement satisfies certain requirements and also whether the particular shareholder satisfies certain requirements. In particular, roll-over relief will only be available if Bega Cheese and members of Bega Cheese's wholly-owned group obtain a holding of at least 80% of the voting shares in Warrnambool Cheese & Butter as a result of the Offer.

A Warrnambool Cheese & Butter Shareholder may, to the extent that Bega Cheese Shares are received in consideration for the disposal of its Warrnambool Cheese & Butter Shares to Bega Cheese, be entitled to scrip-for-scrip roll-over relief if the following conditions are satisfied:

5. AUSTRALIAN TAXATION CONSIDERATIONS (CONTINUED)

- (i) the Warrnambool Cheese & Butter Shares are exchanged for replacement shares in Bega Cheese under the terms of the Offer and that exchange is considered to be in consequence of a “single arrangement”;
- (ii) the Warrnambool Cheese & Butter Shareholder would otherwise make a capital gain on the disposal of its Warrnambool Cheese & Butter Shares to Bega Cheese;
- (iii) all of the owners of voting shares in Warrnambool Cheese & Butter can participate in the Offer and participation in the Offer is on substantially the same terms for all of the owners of interests of a particular type in Warrnambool Cheese & Butter;
- (iv) Bega Cheese and members of Bega Cheese’s wholly-owned group obtain a holding of at least 80% of the voting shares in Warrnambool Cheese & Butter as a result of the Offer; and
- (v) the Warrnambool Cheese & Butter Shareholder chooses to obtain the roll-over.

Bega Cheese will seek a class ruling from the ATO to confirm whether scrip-for-scrip roll-over relief is available to Australian resident Warrnambool Cheese & Butter Shareholders who dispose of their Warrnambool Cheese & Butter Shares to Bega Cheese under the Offer. Bega Cheese expects that the ATO’s ruling will confirm that, if certain requirements as noted above are satisfied, Australian resident Warrnambool Cheese & Butter Shareholders should be able to choose to disregard any capital gain that arises as a result of their disposing of their Warrnambool Cheese & Butter Shares to Bega Cheese under the Offer to the extent that the capital gain is attributable to Warrnambool Cheese & Butter Shares for which they receive new Bega Cheese Shares. Any capital gain that is attributable to cash received should be taxable.

A Warrnambool Cheese & Butter Shareholder does not need to document its choice to claim the scrip-for-scrip roll-over relief for Australian tax purposes, other than to complete its income tax return in a manner that is consistent with that choice.

(b) New Bega Cheese Shares received

The cost base of the new Bega Cheese Shares received by Warrnambool Cheese & Butter Shareholders as consideration for the transfer of Warrnambool Cheese & Butter Shares to Bega Cheese is worked out by attributing, on a reasonable basis, the cost base of the original Warrnambool Cheese & Butter Shares that were exchanged for new Bega Cheese Shares under the Offer.

The cost base of the new Bega Cheese Shares is determined under the following formula:

$$= \text{Cost base of Warrnambool Cheese \& Butter Shares at time of event} \quad \times \quad \frac{\text{Market value of new Bega Cheese Shares received}}{\text{Market value of new Bega Cheese Shares plus cash consideration}}$$

(c) Capital gain from cash consideration

Where a Warrnambool Cheese & Butter Shareholder chooses scrip-for-scrip roll-over, any capital gain that would arise to the Warrnambool Cheese & Butter Shareholder that is attributable to the receipt of cash consideration cannot be disregarded.

The capital gain or loss from the cash component of the consideration received arising from the disposal of Warrnambool Cheese & Butter Shares to Bega Cheese is determined by attributing to the cash consideration a reasonably attributable portion of the cost base of the original Warrnambool Cheese & Butter Shares for which the cash consideration is received.

The portion of the cost base of the Warrnambool Cheese & Butter Shares that is reasonably attributable to the cash component can be calculated as follows:

$$= \text{Cost base of Warrnambool Cheese \& Butter Shares at time of event} \quad \times \quad \frac{\text{Cash consideration}}{\text{Market value of new Bega Cheese Shares plus cash consideration}}$$

5.4 No scrip-for-scrip roll-over relief

Where a capital gain is not disregarded (that is, a Warrnambool Cheese & Butter Shareholder does not qualify for scrip-for-scrip roll-over relief or chooses not to apply the scrip-for-scrip roll-over relief to a capital gain, or when a capital gain is made on any cash consideration received), the following treatment applies:

(a) Capital gain

If a Warrnambool Cheese & Butter Shareholder is an individual, trust or complying superannuation fund, and the Warrnambool Cheese & Butter Shares have been held for at least one year, the discount capital gain provisions apply. As a result:

- A. If the Warrnambool Cheese & Butter Shareholder is an individual or trust, any capital gain made in relation to the Offer is reduced by 50%; or
- B. If the Warrnambool Cheese & Butter Shareholder is a trustee of a complying superannuation fund, any capital gain made in relation to the Offer is reduced by 33 1/3%.

The discount capital gain provisions do not apply to shareholders and trust beneficiaries that are companies.

If a Warrnambool Cheese & Butter Shareholder makes a discount capital gain, any of its available capital losses must be applied to reduce the gross capital gain (that is, the capital gain before the discount) before either the 50% or 33 1/3% discount (as applicable) is applied.

(b) Capital loss

If a shareholder makes a capital loss, this may be offset against any capital gain made in the same or subsequent years but cannot be offset against ordinary income nor carried back to be offset against capital gains arising in earlier income years.

(c) New Bega Cheese Shares received

The cost base of the new Bega Cheese Shares received by the Warrnambool Cheese & Butter Shareholder should include the market value of the part of the Warrnambool Cheese & Butter Shares for which it receives new Bega Cheese Shares (and not cash) under the Offer. The part of the market value of the Warrnambool Cheese & Butter Shares exchanged that is reasonably attributable to the new Bega Cheese Shares can be calculated as follows:

$$= \text{Market value of Warrnambool Cheese \& Butter Shares transferred} \times \frac{\text{Market value of new Bega Cheese Shares}}{\text{Market value of new Bega Cheese Shares plus cash consideration}}$$

5.5 GST

The disposal of the Warrnambool Cheese & Butter Shares to Bega Cheese will not be a taxable supply for GST purposes. Any Warrnambool Cheese & Butter Shareholders who are registered or required to be registered for GST may need to consider the availability of input tax credits on any costs they incur (such as legal and adviser costs) in respect of advice sought relating to the disposal.

5.6 Stamp duty

Warrnambool Cheese & Butter Shareholders who accept the Offer will not be required to pay stamp duty (if any) on the disposal of their Warrnambool Cheese & Butter Shares under the Offer or the acquisition of Bega Cheese Shares under the Offer or on a subsequent disposal of Bega Cheese Shares.

6. RISK FACTORS

6.1 Overview

Warrnambool Cheese & Butter Shareholders are currently exposed to various risks arising from their shareholding in Warrnambool Cheese & Butter. If the Offer becomes unconditional, Warrnambool Cheese & Butter Shareholders who accept the Offer (other than Ineligible Foreign Shareholders) will become Bega Cheese Shareholders. The value of Bega Cheese Shares will depend on a number of factors including the future financial performance of Bega Cheese as well as more general risks associated with an investment in a listed company.

This Section outlines risks that may affect the future operating and financial performance of the current business of the Bega Cheese Group. **Many of these risks are common to dairy manufacturing businesses and are therefore also applicable to the current Warrnambool Cheese & Butter business.**

This Section 6 also addresses other risks relevant to the value of Bega Cheese Shares as well as risks relating to the Offer and the achievement of operational synergies within the Combined Group.

In deciding whether or not to accept the Offer, you should carefully consider these risks as well as the other information contained in this Bidder's Statement, information in Warrnambool Cheese & Butter's Target Statement and other publicly available information. It should be noted that the risks outlined in this Section 6 have been identified on a general basis and do not take account of individual circumstances, financial situations or investment objectives. The Bega Cheese Group has implemented systems and controls to mitigate and manage many of the risks relating to its business. However, there is no certainty that these systems and controls will completely protect the Bega Cheese Group from these risks. There are also a number of risks that are outside of the Bega Cheese Group's control.

Additional risks not currently known to Bega Cheese may also arise and materially affect Bega Cheese and the Combined Group. In particular, Bega Cheese is not in a position to identify all of the risks that may affect Warrnambool Cheese & Butter and, consequently, the Combined Group. Accordingly, the information set out in this Section does not purport to be a complete list of all of the risks affecting Bega Cheese or the Combined Group.

6.2 Risk factors relevant to Bega Cheese Group Business

The following risks currently affect the business of the Bega Cheese Group and many of these risks are common to dairy manufacturing businesses and are therefore also applicable to the current Warrnambool Cheese & Butter business and will continue to apply to the Combined Group.

(a) Milk supply and pricing

The Bega Cheese Group relies on ongoing milk supply from its Farmer Suppliers. In turn, the Farmer Suppliers need suitable climatic conditions in order to produce pastures and source grain and hay/fibre to feed their dairy herds. Farmer Suppliers are not under long term supply contracts, and milk prices are usually set and communicated to Farmer Suppliers on an annual basis.

Farmer Suppliers are free to supply alternative buyers if they so wish. The price paid to Farmer Suppliers for their milk is a key factor in being able to attract and retain supply. Milk prices paid are a function of the returns that the Bega Cheese Group can achieve for its dairy products. If the Bega Cheese Group cannot achieve a return that enables it to be competitive there is the potential to lose some supply of milk from its Farmer Suppliers.

(b) International dairy commodity prices and foreign exchange risk

Dairy commodity prices fluctuate in accordance with global supply and demand. The market prices of core products of the Bega Cheese Group such as cheddar cheese, cream cheese, milk powders and butter are all affected by the global commodities market. To some extent, even those products not exported but traded within the domestic market are similarly affected. There is a risk that a decline in commodity prices may reduce the prices at which the Bega Cheese Group is able to sell its products, thereby adversely impacting Bega Cheese Group earnings unless input prices for raw materials, including milk, can be adjusted to reflect this change.

Where dairy commodities are sold into export markets the predominant currency is the US dollar. Fluctuations in the Australian dollar as compared to foreign currencies have the potential to impact the revenue and returns of the Bega Cheese Group.

(c) Reliance on major customers and exports

The Bega Cheese Group has a number of significant customer relationships. While these major customer relationships represent a strength, the loss of a major customer or a significant reduction in terms or volume, could result in significant, adverse financial consequences, as it is likely to take some time to replace a major customer.

Approximately 30% of the Bega Cheese Group's sales are exports, into various markets. Any imposition of trade barriers or regulations in these markets that restrict world trade may impact the Bega Cheese Group's business.

(d) Commercial and operational risk

The Bega Cheese Group is subject to general commercial and operational risks including changes to market competition and events that interrupt production. Such events could adversely affect Bega Cheese Group's financial performance. Like many businesses, the Bega Cheese Group depends on the ongoing and efficient operation of its business systems, good employee relations, infrastructure and supply chain. The Bega Cheese Group faces inherent risks including failure of machinery, energy supplies, computer equipment, industrial action and natural disasters. The Bega Cheese Group maintains appropriate insurance policies in respect of most insurable risks in accordance with normal commercial practice.

(e) Product risk

As with all dairy food processors, the Bega Cheese Group is exposed to the risk of product contamination and product recalls. The Bega Cheese Group manages this risk by:

- testing and monitoring milk intake and other products on a sample basis continually during and on completion of the production process;
- quality review procedures during manufacturing;
- external audit of operations systems by NSW Food Authority, Dairy Food Safety Victoria, Australian Quarantine and Inspection Service and some customers;
- Bega Cheese auditing of external product suppliers for quality and traceability; and
- maintaining insurance cover against any third party claim where appropriate and cost effective to do so.

(f) Key personnel

The Bega Cheese Group's success depends to a significant extent on its key personnel, in particular the senior management team. These individuals have extensive experience in and knowledge of the Australian dairy industry and the Bega Cheese Group's business. Changes that adversely affect the Bega Cheese Group's ability to retain key personnel or an inability to recruit or retain suitable replacement or additional personnel could materially impact Bega Cheese Group's business, operational performance and financial results.

(g) Environmental risk

The Bega Cheese Group generates air, noise, odour and waste emissions in the course of its activities. These emissions are regulated by statute, licences and agreements that the Bega Cheese Group has to comply with. The Bega Cheese Group is also a major energy user and is subject to legislation that requires it to review and seek to reduce its intensity of energy usage.

While the Bega Cheese Group has implemented initiatives and strategies to address waste management and emission issues, it may be required to take further action. Further expense will be incurred in the future to meet commitments to minimise the adverse impact on the environment or comply with future requirements from environmental authorities and to changes to environmental regulations. There is a risk that production events could breach environmental/discharge licences.

6. RISK FACTORS (CONTINUED)

(h) Interest paying debt

The Bega Cheese Group's ability to service its existing and new debt, and refinance debt, will depend on the future financial performance of the Bega Cheese Group as well as factors outside of Bega Cheese's control, such as interest rates and general economic conditions. While Bega Cheese has no reason to expect that it will not be able to renew its facilities as and when this is required, there is a risk of non-renewal or that the terms and conditions of renewal may be less favourable than they are currently.

(i) Credit risk

The Bega Cheese Group conducts business with its domestic and international customers on normal commercial terms. These terms include trade credit for varying periods from payment up front to settlement up to 90 days after dispatch of goods.

The Bega Cheese Group has policies and procedures in place to manage credit risk, including risk assessments and/or credit checks on its customers. For some trade receivables, the Bega Cheese Group may also obtain security in the form of letters of credit. In addition, the Bega Cheese Group obtains insurance over export debtors and Australian customers where appropriate and cost effective to do so.

(j) Regulatory risk

The Bega Cheese Group is required to comply with a range of laws and regulations, including laws and regulations specific to the dairy industry, competition, environmental, occupational health and safety, customs and tariff and taxation laws. Future changes to laws and regulations or accounting standards which apply to the Bega Cheese Group could materially adversely affect the Bega Cheese Group's future financial performance.

(k) General economic conditions

The operating and financial performance of the Bega Cheese Group is influenced by a variety of general domestic and world economic and business conditions, inflation, interest rates, exchange rates, access to debt and equity capital markets, and government fiscal, monetary and regulatory policies. A prolonged deterioration in any number of the above factors may have a material adverse effect on the financial performance, financial position, cash flows, distributions and growth prospects of the Bega Cheese Group and the market price of Bega Cheese Shares.

6.3 Other risks relating to the value of Bega Cheese Shares

In addition to the business risks outlined Section 6.2, the following additional risks relate to the ownership and value of Bega Cheese Shares.

(a) Background as a co-operative business

Bega Cheese has a long history as a successful supplier co-operative business. Although Bega Cheese became an ASX Listed company on 16 August 2011, the Bega Cheese Constitution includes a number of features reflecting Bega Cheese's co-operative background, namely the requirement that the Bega Cheese Board will comprise at least four Supplier Directors (out of a maximum of eight) and maximum limits on individual shareholdings. There are currently six Supplier Directors on the Bega Cheese Board, including the Executive Chairman.

The Supplier Directors have not been classified as independent within the terms of the ASX Corporate Governance Principles and Recommendations. Accordingly, Bega Cheese does not comply with ASX Corporate Governance Recommendation 2.1, which provides that a majority of directors should be independent directors, or ASX Corporate Governance Recommendation 2.2, which provides that the chairperson of the board of directors should be an independent director.

The Bega Cheese Constitution sets a maximum Shareholding Limit. As at the date of this Bidder's Statement, the Shareholding Limit is 10% until 16 August 2016. If the Bega Cheese Shareholders approve the continuation of the Shareholding Limit, it will be 15% from 17 August 2016 until 16 August 2021, at which time it will cease to apply. These maximum percentages will potentially change if Bega Cheese Shareholders pass the special resolution to adopt the

Shareholding Limit Constitutional Amendments at the 2013 annual general meeting of Bega Cheese. If this special resolution is passed, then the Bega Cheese Constitution will be amended such that the Shareholding Limit will be automatically increased to accommodate any person who would, together with their Associates, hold more than the then current Shareholding Limit as a result of an issue to that person of shares by Bega Cheese under the Offer or any other off-market takeover bid undertaken by Bega Cheese, a compulsory acquisition or buy-out following an off-market takeover bid or a Court approved scheme of arrangement, that may be undertaken in the future (**Exempt Transactions**). Please refer to Section 1.16 for a summary of the current Shareholding Limit provisions and the modified Shareholding Limit provisions if the Shareholding Limit Constitutional Amendments are adopted.

The purpose of the Shareholding Limit is to provide shareholding stability for Bega Cheese for a minimum period following its Listing on ASX and ensure that a controlling interest can only be acquired with the approval of a special resolution (75% vote) of Bega Cheese Shareholders prior to the Shareholding Limit ceasing to apply, or pursuant to an Exempt Transaction. However, the existence of the Shareholding Limit is unusual for a Listed company and may adversely affect the value ascribed to Bega Cheese Shares. If a person acquires Bega Cheese Shares in excess of the Shareholding Limit, the right to vote and receive dividends in respect of the excess shares will be suspended and the Board may require the excess shares to be sold.

(b) Issue of Bega Cheese Shares as consideration

Warrnambool Cheese & Butter Shareholders are being offered consideration under the Offer that consists of a specified number of Bega Cheese Shares, rather than a number of Bega Cheese Shares with a specified market value. As a result, the market price of the Bega Cheese Shares component of the Offer Consideration will fluctuate.

There is an ongoing risk, which exists generally for listed shares and other securities, that the price of Bega Cheese Shares issued to you (and therefore the value of the non-cash component of the Offer Consideration received by accepting Warrnambool Cheese & Butter Shareholders) may fall in the future.

(c) No guarantee of dividends

There is no guarantee that dividends will be paid on Bega Cheese Shares in the future as this is a matter that depends on the financial performance of Bega Cheese Group.

(d) Stock market risks

The price at which Bega Cheese shares may trade on ASX may vary depending on the financial performance of Bega Cheese and various external factors. The market price of Bega Cheese Shares will be affected by often unpredictable factors influencing the stock markets generally. These factors include movements in international share markets, interest rates, domestic and international economic conditions, domestic and international political stability, investor sentiment, and the demand for equities generally.

6.4 Risks relating to the Offer

The following risks relate to or may arise from the Offer.

(a) Uncertainty regarding the level of integration that may be achievable

The extent to which synergy benefits and cost savings are realisable depends upon a range of factors including the level of acceptances received under the Offer. Bega Cheese has not included a minimum acceptance condition in the Offer and therefore it is possible that it will not achieve a level of shareholding in Warrnambool Cheese & Butter that will enable Bega Cheese to exert the necessary influence or control over Warrnambool Cheese & Butter to implement operational synergies. Further, if Bega Cheese is not able to acquire 100% of Warrnambool Cheese & Butter, its ability to implement operational synergies will be subject to legal considerations, including the provisions of competition laws, the Corporations Act, and ASX Listing Rules applicable to related party transactions and the fiduciary and statutory duties of the Warrnambool Cheese & Butter directors.

6. RISK FACTORS (CONTINUED)

There is also a risk that the synergies expected to arise from the combination of Bega Cheese and Warrnambool Cheese & Butter may fail to materialise or take longer than expected to materialise. Bega Cheese may also incur greater than anticipated implementation costs during the integration of the businesses of Bega Cheese and Warrnambool Cheese & Butter. This may affect the future earnings performance of the Bega Cheese Group and therefore the value of Bega Cheese Shares.

(b) ACCC risk

The Offer is subject to a condition that the ACCC has consented, or has stated that it will not object, to Bega Cheese's acquisition of Warrnambool Cheese & Butter under section 50 of the Competition and Consumer Act 2010 (Cth). Bega Cheese has sought the non-binding, preliminary view of ACCC. While ACCC's preliminary view is that the proposed acquisition of Warrnambool Cheese & Butter does not appear to raise competition concerns, the ACCC intends to conduct an informal review of the proposed acquisition. Bega Cheese will provide information to ACCC to assist ACCC to undertake that review.

(c) Funding for the cash component of the Offer Consideration

The cash component of the Offer Consideration will be funded Bega Cheese drawing under the Phase 1 Facility and Phase 2 Facility pursuant to the Facility Agreement with its primary existing bankers, Westpac and Rabobank, as described in Section 7.1.

The obligation on Westpac and Rabobank to advance funds under the Phase 1 Facility and Phase 2 Facility is, however, subject to certain conditions precedent being met, including those which are set out in Section 7.1(c). These conditions are in addition to, and broader than, the Offer Conditions. If the conditions precedent to the availability and drawdown of funds under the Phase 1 Facility and Phase 2 Facility are not met, there is a risk that Bega Cheese will not be able to fund the cash component of the Offer Consideration.

However, subject to the satisfaction (or waiver, with the consent of Westpac and Rabobank) of the Offer Conditions, Bega Cheese is not aware of any reason why the conditions precedent to availability and drawdown of funds under the Phase 1 Facility and Phase 2 Facility will not be satisfied in time to allow Bega Cheese to draw down the funds required to pay the cash component of the Offer Consideration as and when required by the terms of the Offer and applicable law.

(d) Bega Cheese shareholder approval risk

The Offer is subject to a condition that the Bega Cheese Constitution be modified by the adoption of the Shareholding Limit Constitutional Amendments by special resolution of the Bega Cheese Shareholders. This special resolution is to be considered at the 2013 annual general meeting of Bega Cheese. Each Bega Cheese Director who is entitled to vote on the special resolution to adopt the Shareholding Limit Constitutional Amendments has undertaken to vote in favour of those amendments. As at the date of this Bidder's Statement, Bega Cheese Directors hold or control in aggregate 7.6% of the total Bega Cheese Shares on issue. Notwithstanding this, there is a risk that the special resolution to adopt Shareholding Limit Constitutional Amendments may not be approved by the requisite majority of Bega Cheese Shareholders, in which case, the Offer may not be completed.

(e) Increase in borrowings

Upon a Successful Merger, it is estimated that the Combined Group will have net debt of approximately \$258 million. This represents an adjusted net debt to EBITDA ratio of 2.7 times for the Combined Group based on the Pro Forma Balance Sheet detailed in Section 4.8, compared with 1.3 times for Bega Cheese on a standalone basis. While Warrnambool Cheese & Butter has announced that it anticipates improved financial performance in FY14, the higher leverage of the Combined Group may potentially:

- restrict the ability of the Combined Group to borrow in the future; and
- increase the sensitivity of the Combined Group's earnings to movements in interest rates.

(f) Triggering change of control provisions

Warrnambool Cheese & Butter may be a party to contracts containing provisions that are activated by a change of control of Warrnambool Cheese & Butter. If that is the case and the level of acceptances of the Offer results in a change of control of Warrnambool Cheese & Butter, those provisions may be activated in a way that results in adverse consequences for Warrnambool Cheese & Butter and the Combined Group. While Bega Cheese has no knowledge of any such contractual provisions, based on industry practice, it is possible that the contracts relating to Warrnambool Cheese & Butter's bank borrowing facilities may include provisions that enable the bank to require the borrowings to be repaid or renegotiated if there is a change of control. The Offer Condition referred to in Section 9.2.6 may also be breached in these types of circumstances.

(g) Minority shareholding in Warrnambool Cheese & Butter

If you do not accept the Offer and the Offer becomes unconditional without Bega Cheese holding at least 90% of Warrnambool Cheese & Butter Shares, Bega Cheese will not be entitled to compulsorily acquire the remaining Warrnambool Cheese & Butter Shares and as such, you will be part of a diminished, minority shareholding in Warrnambool Cheese & Butter. In such case, the liquidity of Your Warrnambool Cheese & Butter Shares may be materially reduced.

7. SOURCES OF CONSIDERATION

7.1 Cash consideration

The cash consideration payable under the Offer will be satisfied by payment in Australian dollars.

Based on the number of Warrnambool Cheese & Butter Shares on issue as at the date of this Bidder's Statement, and:

- assuming that there are 68,627 Warrnambool Cheese & Butter Performance Rights on issue as at the date of this Bidder's Statement and all of them vest and are exercised into Warrnambool Cheese & Butter Shares prior to the end of the Offer Period;
- assuming no Warrnambool Cheese & Butter Shares are issued pursuant to the Warrnambool Cheese & Butter Dividend Reinvestment Plan or Warrnambool Cheese & Butter Share Plans prior to the end of the Offer Period; and
- based on the fact that Bega Cheese already has a Relevant Interest in 18% of Warrnambool Cheese & Butter Shares as at the date of this Bidder's Statement,

then the maximum amount of cash consideration that would be payable by Bega Cheese under the Offer if acceptances are received for all Warrnambool Cheese & Butter Shares in which Bega Cheese does not already have a Relevant Interest, is approximately \$90.6 million, not including transaction costs.

Bega Cheese will fund the cash consideration payable under the Offer by drawing under the Facility Agreement.

(a) Facility Agreement

Bega Cheese will fund the cash consideration payable under the Offer by drawing under a syndicated facilities agreement (**Facility Agreement**) provided by its primary existing bankers, namely Westpac Banking Corporation (**Westpac**) and Coöperatieve Centrale Raiffeisen-Boerenleenbank B.A. (Australia Branch) (**Rabobank**) (Westpac and Rabobank being referred to collectively as the **Banks**).

As at 31 March 2013, the Westpac Group employed approximately 36,000 people (full time equivalent basis) in Australia, New Zealand and around the world, and had global assets of A\$677.5 billion³⁵.

The Netherlands-based Rabobank is among the world's 30 largest financial institutions (based on Tier 1 Capital)³⁶.

Prior to Bega Cheese making the Offer, Bega Cheese and the Banks executed a deed the effect of which is to provide for the amendment of the Facility Agreement so that it provides for:

- up to an additional \$100 million in financial accommodation for Bega Cheese to fund the acquisition of Warrnambool Cheese & Butter Shares pursuant to the Offer and any associated transaction costs; and
- a standby facility (as described below) of up to \$80 million to refinance existing Warrnambool Cheese & Butter debt, if required.

The additional \$100 million of financial accommodation for the Offer Consideration is to be made available in two sub-facilities:

- an initial facility agreement including a Facility of \$50 million which is available to fund the acquisition of Warrnambool Cheese & Butter Shares (including transaction costs) until Bega Cheese holds 50% of the total Warrnambool Cheese & Butter Shares on issue (**Phase 1 Facility**); and
- a subsequent facility (**Phase 2 Facility**) which includes:
 - o a facility of \$50 million which is available to fund the acquisition of Warrnambool Cheese & Butter Shares (including transaction costs) once Bega Cheese has acquired more than 50% of the total Warrnambool Cheese & Butter Shares on issue; and

³⁶ Rabobank website: <http://www.rabobank.com.au/About-Rabobank/Our-story/Pages/Our-story.aspx>

- o a facility of up to \$80 million (**Standby Facility**) if, in certain circumstances, Warrnambool Cheese & Butter's existing primary bank debt is required to be refinanced (**Existing Warrnambool Cheese & Butter Facility**).

Each of Westpac and Rabobank will fund 50% of the Phase 1 Facility, subject to the Banks' rights to syndicate further their obligations under the Facility Agreement.

Each of Westpac and Rabobank will fund 50% of the Phase 2 Facility insofar as it relates to funding the Offer Consideration, subject to the Banks' rights to syndicate further their obligations under the Facility Agreement.

Westpac has committed to underwrite 100% of the funding in respect of the Standby Facility, subject to rights to allow sub-underwriters to take up parts of such commitment.

(b) Availability

Phase 1 Facility

The Phase 1 Facility will be available for drawdown from the date the conditions precedent to the availability of the Phase 1 Facility (as outlined below) are satisfied (**Phase 1 Effective Date**) until the earliest to occur of:

- (a) 31 March 2014;
- (b) the date on which the Phase 1 Facility limit is cancelled in full or permanently reduced in accordance with the Facility Agreement (for example, by Bega Cheese);
- (c) the date on which the Phase 1 Facility matures, is cancelled in full (for example, by Bega Cheese or as a result of an event of default) or on which all monies owing under the Facility Agreement become due and payable; and
- (d) the first date upon which Bega Cheese holds an interest in at least 50% of the Warrnambool Cheese & Butter Shares on issue,

(Phase 1 Facility Availability Period).

Following the Phase 2 Effective Date (as defined below), the Phase 1 Facility will continue to be available for drawing up to its \$50 million limit to fund the Offer Consideration and transaction costs associated with the Offer, notwithstanding paragraph (d) above.

Phase 2 Facility

The Phase 2 Facility will be available for drawdown from the date of the conditions precedent to the availability of the Phase 2 Facility (as outlined below) are satisfied (**Phase 2 Effective Date**) until the earliest to occur of:

- (a) 31 March 2014;
- (b) the date on which the Phase 2 Facility limit is cancelled in full or permanently reduced in accordance with the Facility Agreement (for example, by Bega Cheese); and
- (c) the date on which the Phase 2 Facility matures, is cancelled in full (for example, by Bega Cheese or as a result of an event of default) or on which all monies owing under the Facility Agreement become due and payable,

(Phase 2 Facility Availability Period).

(c) Conditions precedent and certain funds

The material conditions precedent to the availability of funds under the Phase 1 Facility include that:

- (a) certificates are given by Bega Cheese and Tatura Milk Industries that all necessary corporate approvals have been obtained and remain in effect, and certifying the solvency of Bega Cheese and Tatura Milk Industries;
- (b) the Offer has been made in accordance with this Bidder's Statement and in accordance with all laws and regulations;

7. SOURCES OF CONSIDERATION (CONTINUED)

- (c) Bega Cheese provides evidence that this Bidder's Statement was lodged with ASX on or about the date this Bidder's Statement was sent to the holders of Warrnambool Cheese & Butter Shares; and
- (d) each Offer Condition has been satisfied or waived with the Banks' consent, including that there has been no Warrnambool Cheese & Butter Material Adverse Change such as to cause the Offer Condition described in Section 9.2.5 of this Bidder's Statement to permit the withdrawal or suspension of the Offer.

The material conditions precedent to the availability of funds under the Phase 2 Facility include that:

- (a) the Phase 1 Effective Date has occurred;
- (b) certificates are given by Bega Cheese and Tatura Milk Industries that all necessary corporate approvals have been obtained and remain in effect, and certifying the solvency of Bega Cheese and Tatura Milk Industries;
- (c) Bega Cheese provides security over its Warrnambool Cheese & Butter Shares to the Banks;
- (d) there has been no Warrnambool Cheese & Butter Material Adverse Change such as to cause the Offer Condition described in Section 9.2.5 of this Bidder's Statement to permit the withdrawal or suspension of the Offer; and
- (e) either:
 - (i) Bega Cheese has acquired a relevant interest in at least 50% of the Warrnambool Cheese & Butter Shares on issue; or
 - (ii) the Existing Warrnambool Cheese & Butter Facility has either been:
 - (A) voluntarily cancelled by Warrnambool Cheese & Butter; or
 - (B) cancelled or declared due and payable ahead of its stated maturity by reason of a prepayment event or a default arising under the Existing Warrnambool Cheese & Butter Facility solely as a consequence of Bega Cheese acquiring control of Warrnambool Cheese & Butter.

In addition, each drawdown under the Phase 1 Facility and Phase 2 Facility is subject to certain conditions precedent customary for a facility of this nature, including that there are no subsisting breaches of representations and warranties contained in, or defaults under, the Facility Agreement.

During the Phase 1 Facility Availability Period, and during the Phase 2 Facility Availability Period, in each case relating to drawdowns to fund cash consideration under the Offer, there are more limited circumstances in which the Banks may rely on breaches of representations and warranties, or defaults, as grounds for refusing to make advances in response to drawdown requests.

Subject to satisfaction (or waiver, with the Banks' consent) of the Offer Conditions, Bega Cheese is not aware of any reason why the conditions precedent to availability and drawdown of funds under the Phase 1 Facility and Phase 2 Facility will not be satisfied in time to allow the proceeds to be able to be drawn down to fund the cash consideration of the Offer as and when required by the Offer and applicable law, and the refinance of the Existing Warrnambool Cheese & Butter Facility (should that be required).

(d) Undertakings and covenants

In the Facility Agreement, Bega Cheese and Tatura Milk Industries give a number of standard undertakings, including restrictions regarding the creation of security interests over their assets, use of proceeds provided under the Facility Agreement, disposals of assets (other than certain permitted disposals), the incurring of financial indebtedness (other than certain permitted indebtedness) and meeting certain financial covenants. Such undertakings and covenants are generally already binding on Bega Cheese and Tatura Milk Industries, as they were contained within the Facility Agreement prior to its amendment for the inclusion of the Phase 1 Facility and Phase 2 Facility.

If Bega Cheese obtains ownership of 100% of the Warrnambool Cheese & Butter Shares, then Bega Cheese will be obliged to procure Warrnambool Cheese & Butter's compliance with these undertakings and covenants.

In addition, there are some undertakings specific to Bega Cheese's making of the Offer, including that Bega Cheese may not, without the consent of the Banks:

- (a) waive any Offer Condition;
- (b) amend this Bidder's Statement or the Offer in a manner other than to:
 - (i) increase the non-cash consideration payable under the Offer; or
 - (ii) extend the Offer Period until a date which is no later than 21 days before the end of the Phase 1 Availability Period; or
- (c) from the Second Effective Date, to the extent it is able to do so, permit Warrnambool Cheese & Butter to incur new debt outside the course of ordinary trading or grant security interests (other than certain permitted security interests).

(e) Representations and warranties

In the Facility Agreement, Bega Cheese and Tatura Milk Industries give a number of representations and warranties which Bega Cheese considers are customary for facilities of this nature, including as to corporate status, compliance with law, ownership of their assets, the nature and extent of their debt and the accuracy of information provided by them to the Banks. Such representations and warranties are already binding on Bega Cheese and Tatura Milk Industries, as they were contained within the Facility Agreement prior to its amendment for the inclusion of the Phase 1 Facility and Phase 2 Facility.

If Bega Cheese obtains ownership of 100% of the Warrnambool Cheese & Butter Shares, then Bega Cheese will be obliged to give, and procure Warrnambool Cheese & Butter to give, the same representations and warranties concerning Warrnambool Cheese & Butter.

(f) Events of default and review events

The Facility Agreement contains various triggers of the Banks' rights under "event of default" provisions which Bega Cheese considers customary for facilities of this nature. Such events include failure to pay amounts due under the Facility Agreement, other breaches of the Facility Agreement (including the representations and warranties contained in it), insolvency events, defaults under other debt arrangements (subject to certain thresholds) and cessation of business. Such events of default are already binding on Bega Cheese and Tatura Milk Industries, as they were contained within the Facility Agreement prior to its amendment for the inclusion of the Phase 1 Facility and Phase 2 Facility.

In addition, there are certain "review events" which, if triggered, require a period of good faith negotiation between Bega Cheese and the Banks and which, if not resolved, may lead to the Banks' cancelling the Facility Agreement. These include:

- (a) following the Phase 2 Effective Date:
 - (i) a change in control of Warrnambool Cheese & Butter (except under the Offer);
 - (ii) an insolvency event in respect of Warrnambool Cheese & Butter;
 - (iii) Warrnambool Cheese & Butter's debt being accelerated but not refinanced in a manner satisfactory to the Banks; and
 - (iv) a dilution or reduction of 15% or more in the market capitalisation of Warrnambool Cheese & Butter during any 14 day period.

7. SOURCES OF CONSIDERATION (CONTINUED)

(g) Guarantee and security

Each of Bega Cheese and Tatura Milk Industries has provided the Banks with first ranking security over its assets to secure their obligations under the Facility Agreement. Tatura Milk Industries has guaranteed the obligations of Bega Cheese under the Facility Agreement.

If Bega Cheese obtains ownership of 100% of the Warrnambool Cheese & Butter Shares, then in due course Bega Cheese will be obliged to procure that Warrnambool Cheese & Butter also becomes a guarantor under the Facility Agreement and provides first ranking security over its assets (following the obtaining of any necessary financial assistance approvals).

7.2 Bega Cheese Shares consideration

The maximum number of Bega Cheese Shares which would be required to be issued under the Offer if acceptances are received in respect of all the Warrnambool Cheese & Butter Shares (assuming the matters referred to in Section 7.1 above) is approximately 54.4 million Bega Cheese Shares.

Subject to the Bega Cheese Shareholders adopting the Shareholding Limit Constitutional Amendments and the fulfilment or waiver of the other Offer Conditions, there is no restriction on the ability of Bega Cheese to issue the maximum number of Bega Cheese Shares it may be required to issue or provide under the Offer.

If the Shareholding Limit Constitutional Amendments are not adopted by Bega Cheese Shareholders by the end of the Offer Period (unless this Offer Condition is waived by Bega Cheese), the Offer will lapse, Your Warrnambool Cheese & Butter Shares will not be acquired by Bega Cheese and you will not be paid or issued the Offer Consideration.

Please refer to Section 1.16 for a summary of the current Shareholding Limit provisions and the modified provisions if the Shareholding Limit Constitutional Amendments are adopted by Bega Cheese Shareholders.

7.3 Provision of consideration

On the basis of the arrangements described in this Section, Bega Cheese is of the opinion that it has reasonable basis for holding the view, and holds the view, that Bega Cheese will be able to provide the consideration offered under the Offer.

8. OTHER MATERIAL INFORMATION

8.1 Warrnambool Cheese & Butter Performance Rights

At Warrnambool Cheese & Butter's 2012 annual general meeting, Warrnambool Cheese & Butter approved the establishment of the Warrnambool Cheese & Butter Executive Performance Rights Plan, under which Warrnambool Cheese & Butter Performance Rights may be issued to eligible employees, and the issue of up to 68,627 Warrnambool Cheese & Butter Performance Rights to Mr David J Lord.

A Warrnambool Cheese & Butter Performance Right may be exercised at any time during the relevant exercise period subject to the satisfaction or waiver of any exercise conditions. If, during the exercise period applicable to the Warrnambool Cheese & Butter Performance Rights issued to Mr David J Lord, a takeover is made for Warrnambool Cheese & Butter, the Warrnambool Cheese & Butter Board may determine in its discretion to bring forward the vesting date of, and waive or vary any conditions in relation to, his Warrnambool Cheese & Butter Performance Rights.

8.2 Bega Cheese is a disclosing entity

Due to the fact that Bega Cheese is offering Bega Cheese Shares as consideration for the acquisition of Warrnambool Cheese & Butter Shares under the Offer, the Corporations Act requires that this Bidder's Statement must include all information that would be required for a prospectus for an offer of Bega Cheese Shares under sections 710 to 713 of the Corporations Act.

Bega Cheese does not need to issue a prospectus for the Offer of the Bega Cheese Shares as the Offer is occurring under a takeover bid.

Bega Cheese is a "disclosing entity" (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all disclosing entities, Bega Cheese is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of Bega Cheese Shares subject to certain limited exceptions.

Bega Cheese Shares have been quoted on the official list of ASX during the three months prior to the date of this Bidder's Statement. For these reasons, Bega Cheese is only required to disclose information in this Bidder's Statement that would be required under sections 711 and 713 of the Corporations Act.

In general terms, where Bega Cheese Shares are continuously quoted securities, the Bidder's Statement is only required to contain information in relation to the effect of the Offer on Bega Cheese and the rights and liabilities attaching to the Bega Cheese Shares. It is not necessary to include general information in relation to all of the assets and liabilities, financial position and performance, profits and losses or prospects of Bega Cheese unless such information has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules and it is information:

- a) that investors and their professional advisers would reasonably require for the purposes of making an informed assessment of such matters; and
- b) relating to the rights and liabilities attaching to the Bega Cheese Shares.

Having made such enquiries as are reasonable, Bega Cheese believes that there is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules or this Bidder's Statement that Warrnambool Cheese & Butter Shareholders and their professional advisers would reasonably require for the purpose of making an informed assessment of:

- a) the assets and liabilities, financial position and performance, profits and losses and prospects of Bega Cheese; and
- b) the rights and liabilities attaching to the Bega Cheese Shares.

8. OTHER MATERIAL INFORMATION (CONTINUED)

Bega Cheese has paid, or agreed to pay, approximately \$20,000 (ex GST) for these services, as at the date of this Bidder's Statement. Further amounts may be paid to Peter Radford & Co in accordance with its normal time based charge-out rates.

8.5 Interests and benefits of Bega Cheese's directors

Other than as disclosed in this Bidder's Statement (including in Sections 1.9, 1.10 and 1.12), no Bega Cheese Director or proposed Bega Cheese Director holds, at the time of lodgement of the Bidder's Statement with ASIC, or has held in the two years before lodgement of the Bidder's Statement with ASIC, an interest in:

- the formation or promotion of Bega Cheese;
- property acquired or proposed to be acquired by Bega Cheese in connection with its formation or promotion, or in connection with the offer of Bega Cheese Shares under the Offer; or
- offer of Bega Cheese Shares under the Offer.

Other than as disclosed in this Bidder's Statement (including in Sections 1.7, 1.9, 1.10 and 1.12), no amount (whether in cash, shares or otherwise) has been paid or agreed to be paid, nor has any benefit been given or agreed to be given to any Bega Cheese Director:

- to induce a person to become, or qualify as a Bega Cheese Director; or
- for services provided by a Bega Cheese Director in connection with the formation or promotion of Bega Cheese or the offer of Bega Cheese Shares under the Offer.

8.6 Expenses of the Offer

The total costs of the Offer to be borne by Bega Cheese are estimated at approximately \$5.0 million. This includes debt establishment costs, legal, corporate advisory, accounting, tax, share registry, ASIC and other professional fees.

8.7 Broker commission

Bega Cheese may offer to pay a commission to brokers who solicit acceptances of the Offer from their clients. Any commission payments will be paid only in respect of parcels of Warrnambool Cheese & Butter Shares held by retail Warrnambool Cheese & Butter Shareholders who accept the Offer.

If such arrangements are put in place, commission payments will not exceed 0.50% of the value of the consideration payable for parcels of Warrnambool Cheese & Butter Shares held by retail Warrnambool Cheese & Butter Shareholders who accept the Offer, and will be subject to minimum payments of \$50 and maximum payments of \$750 for each acceptance.

8. OTHER MATERIAL INFORMATION (CONTINUED)

If a commission is offered, it will be payable to brokers only and subject to the condition that no part of the fee will be able to be passed on, or paid, to Warrnambool Cheese & Butter Shareholders.

If and when Bega Cheese decides to offer such a commission to any broker, it will make an announcement to the ASX.

It is Bega Cheese's intention that, if and when an offer of commission has been made to any broker by Bega Cheese, the commission arrangement will remain in place for the balance of the Offer Period and the amount of the commission offered will not be increased during the Offer Period.

8.8 Social security and superannuation implications of the Offer

Acceptance of the Offer may have implications under your superannuation or pension arrangements or on your social security entitlements. If in any doubt, Warrnambool Cheese & Butter Shareholders should seek specialist advice before accepting the Offer.

8.9 ASIC modification

(a) Specific relief

Bega Cheese has been granted a modification to the Corporations Act by ASIC, the effect of which is to enable it to include as a condition of the Offer that, before the end of the Bid Period, Bega Cheese adopts the Shareholding Limit Constitutional Amendments.

It is a condition of such modification that this Bidder's Statement says that each Bega Cheese Director who is entitled to vote on the Shareholding Limit Constitutional Amendments has undertaken to vote in favour of the amendments. See Section 8.13.

Bega Cheese has also been granted a modification to the Corporations Act by ASIC to permit the Offer, to the extent necessary, to extend to any Warrnambool Cheese & Butter Shares issued under the Warrnambool Cheese & Butter Dividend Reinvestment Plan between the Register Date and the end of the Offer Period.

(b) Class Orders

ASIC has published various 'Class Order' instruments providing for modifications and exemptions that apply generally to all persons, including Bega Cheese, in relation to the operation of Chapter 6 of the Corporations Act. Bega Cheese has relied on some of these instruments, including as specified elsewhere in this Bidder's Statement.

8.10 Ineligible Foreign Shareholders

If you are an Ineligible Foreign Shareholder and you accept the Offer, you will not receive any Bega Cheese Shares. Instead, you will receive in respect of Your Accepted Warrnambool Cheese & Butter Shares a cash amount calculated under Section 9.1.11.

8.11 Potential for waiver of Offer Conditions

The Offer is subject to a number of conditions set out in Section 9.2. Under the terms of the Offer and the Corporations Act, any or all of those Offer Conditions may be waived by Bega Cheese.

If an event occurs which results (or would result) in the non-fulfilment of an Offer Condition, Bega Cheese might not make a decision as to whether it will either rely on that occurrence, or instead waive the Offer Condition in respect of that occurrence, until the date for giving notice as to the status of the conditions of the Offer under section 630(3) of the *Corporations Act* (being 20 November 2013) (see Section 9.1.17). If Bega Cheese decides that it will waive an Offer Condition it will announce that decision to ASX in accordance with section 650F of the Corporations Act.

If any of the Offer Conditions are not fulfilled, and Bega Cheese decides to rely on that non-fulfilment, then any contract resulting from acceptance of the Offer will become void at (or, in some cases, shortly after) the end of the Offer Period, and the relevant Warrnambool Cheese & Butter Shares will be returned to the holder.

8.12 No objection by ACCC

The Offer is conditional on the ACCC consenting, or stating that it does not object, to the acquisition of Warrnambool Cheese & Butter under section 50 of the *Competition and Consumer Act 2010* (Cth) (see Section 9.2.1).

Bega Cheese has sought the non-binding preliminary view of the ACCC. While the ACCC's preliminary view is that the proposed acquisition of Warrnambool Cheese & Butter does not appear to raise competition concerns, the ACCC intends to conduct an informal review of the proposed acquisition. Bega Cheese may provide information to the ACCC to assist the ACCC undertake that review.

8.13 Approval of Shareholding Limit Constitutional Amendments

The Offer is also conditional on Bega Cheese Shareholders adopting, by special resolution, the Shareholding Limit Constitutional Amendments (see Section 9.2.2). The Shareholding Limit Constitutional Amendments are required to enable Bega Cheese to issue to all Warrnambool Cheese & Butter Shareholders who accept the Offer, their full entitlement of Bega Cheese Shares under the Offer in consideration for that acceptance.

This special resolution will be considered at Bega Cheese's 2013 annual general meeting.

Each Bega Cheese Director who is entitled to vote on the special resolution to adopt the Shareholding Limit Constitutional Amendments has undertaken to vote in favour of the amendments.

8.14 Status of other Offer Conditions

At the date of this Bidder's Statement, Bega Cheese is not aware of any events which would result in a breach or inability to satisfy the other Offer Conditions.

8.14A Undertakings in relation to equal access and no break fees Offer Conditions

Bega Cheese undertakes to Warrnambool Cheese & Butter that it will not rely on the Offer Condition set out in Section 9.2.12 in the circumstances where:

- (a) Warrnambool Cheese & Butter receives a request for non-public information of Warrnambool Cheese & Butter in connection with a third party formulating, developing or finalising, or assisting in the formulation, development or finalisation of a competing proposal (**Competing Proposal**); and
- (b) the Warrnambool Cheese & Butter Board, acting in good faith, determines (after having taken written advice from its external financial and legal advisers) that:
 - (i) the Competing Proposal is or may reasonably be expected to lead to a superior proposal having regard to the steps which the Warrnambool Cheese & Butter Board proposes to take;
 - (ii) failing to provide any non-public information to a third party would be likely to constitute a breach of the Warrnambool Cheese & Butter Board's fiduciary or statutory duties; and
 - (iii) the provision of the same non-public information to Bega Cheese, being a competitor of Warrnambool Cheese & Butter's business, would expose Warrnambool Cheese & Butter to competitive detriment if the Competing Proposal succeeds or if neither the Competing Proposal nor Bega Cheese's bid succeeds.

Bega Cheese also undertakes to Warrnambool Cheese & Butter that it will not make an application to the Takeovers Panel (**Panel**) that Warrnambool Cheese & Butter has engaged in frustrating action by entering into an arrangement that involves the payment of a break fee or other amount referred to in Section 9.2.13, provided that the arrangement is consistent with the Panel's guidance as enunciated in its *Guidance Note 7 – Lock-up devices*.

8.15 Withholding of consideration

Bega Cheese is not currently aware of any amounts that are or would be treated as Withholding Amounts under Section 9.1.8(e). However, it is possible that Bega Cheese may become aware of an obligation in this regard after the date of this Bidder's Statement.

For example, under section 255 of the *Income Tax Assessment Act 1936* (Cth), the ATO may notify Bega Cheese that

8. OTHER MATERIAL INFORMATION (CONTINUED)

all or part of the consideration otherwise payable under the Offer to Warrnambool Cheese & Butter Shareholders who are non-residents of Australia is to be retained by Bega Cheese, or paid to the ATO, instead of being paid to the relevant Warrnambool Cheese & Butter Shareholders. Similarly, under section 260-5 of Schedule 1 to the *Taxation Administration Act* 1953 (Cth), the ATO may require Bega Cheese to pay to the ATO all or part of the consideration otherwise payable under the Offer to Warrnambool Cheese & Butter Shareholders who owe tax-related debts to the Australian Government.
