Resolution 1 – Adoption of Remuneration Report

The Board has spent considerable time focusing on the Company's remuneration framework, reflecting on past feedback and the current strategic direction of the business to determine how remuneration can best support the future needs of the Company.

Remuneration framework

During 2011/2012, a comprehensive remuneration framework review of the Company's remuneration practices was undertaken, and as part of this process, PricewaterhouseCoopers

Australia was commissioned by the Board to design and implement a new remuneration framework in line with current market practices for the Company's size and stature.

As such, the components of total annual remuneration for senior executives for the financial year ended 30 June 2013 (FY13) onwards will include fixed remuneration (comprised of base salary, superannuation and non-monetary benefits), target short-term incentive (STI) and target long-term incentive (LTI). The introduction of an annual LTI grant serves to place a large portion of an executive's remuneration at risk and focuses on long-term Shareholder value generation.

Full details of the remuneration framework are provided in the Remuneration Report.

Fixed remuneration

The fixed remuneration levels of senior executives remain relatively conservative when compared to market peers.

Short-term incentive

The maximum value of STI awards for senior executives is set at 50% of their fixed remuneration. The remuneration report for FY13 includes considerable detail on the Key Performance Indicators that are used to assess performance.

Long-term incentive

Historically, the Company has made use of a standard employee share option plan (**Option Plan**). However the Option Plan was suspended last year and it is the current intention to make no further grants to senior executives under the Option Plan. As the Company is a mature gold producer it was felt that a new equity scheme was required that was more reflective of an ASX 200 company and focused on aligning senior executives to long-term Shareholder value generation.

As such, it was determined that the Option Plan was not fit for this purpose and was no longer effective in meeting the Company's needs in rewarding, retaining and motivating senior executives. Consequentially, in 2012, the Company moved to the Performance Rights Plan. Grants made under the Performance Rights Plan will vest subject to a relative Total Shareholder Return (TSR) hurdle and a gold Reserve and Resource growth hurdle. More detail on the Performance Rights Plan is disclosed in the Remuneration Report.

The Company, with the introduction of the Performance Rights Plan, has aligned remuneration practices with other ASX200 Companies.

Non-binding resolution

In accordance with subsection 250R(2) of the Corporations Act, the Company must put the Remuneration Report to the vote of Shareholders. The Directors' Report contains the Remuneration Report which sets out the remuneration policy for the Company and the remuneration arrangements for the executive Directors, specified executives and non-executive Directors.

In accordance with subsection 250R(3) of the Corporations Act, Resolution 1 is advisory only and does not bind the Directors of the Company. If Resolution 1 is not passed, the Directors will not be required to alter any of the arrangements in the Remuneration Report.

A reasonable opportunity will be given to Shareholders at the meeting to ask questions about, or make comments on, the remuneration report.

The Corporations Act to provide that Shareholders will have the opportunity to remove the whole Board except the managing director if the Remuneration Report receives a 'no' vote of 25% or more (**Strike**) at two consecutive annual general meetings.

Where a resolution on the Remuneration Report receives a Strike at two consecutive annual general meetings, the Company will be required to put to Shareholders at the second annual general meeting a resolution on whether another meeting should be held (within 90 days) at which all Directors (other than the managing director) who were in office at the date of approval of the applicable Directors' Report must stand for re-election.

The Company's Remuneration Report did not receive a Strike at the 2012 annual general meeting. If the Remuneration Report receives a Strike at this Meeting, Shareholders should be aware that if a second Strike is received at the 2014 annual general meeting, this may result in the re-election of the Board.

Chairman's intentions

Resolution 1 is an ordinary resolution.

The Chairman intends to exercise all available proxies in favour of Resolution 1.

If the Chairman is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 1, by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention, even though the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

Resolution 2 – Election of Mr (Bill) Henry Thomas Stuart Price as Director

In accordance with Listing Rule 14.4, a Director must not hold office (without re-election) past the third annual general meeting following the Director's appointment, or 3 years, whichever is longer.

Article 3.6 of the Constitution requires one third of all Directors, or if their number is not a multiple of three, then the number nearest one-third (rounded upwards in case of doubt) to retire at each annual general meeting.

Article 3.6 of the Constitution also provides that a Director who retires under this article is eligible for re-election.

Resolution 2 therefore provides that Mr (Bill) Henry Thomas Stuart Price retires by rotation and seeks re-election.

A brief resume of Mr Price is contained in the Annual Report.

The Chairman intends to exercise all available proxies in favour of Resolution 2.

The Board (excluding Mr Price) recommends that Shareholders vote in favour of Resolution 2.

Resolution 2 is an ordinary resolution.

Resolution 3 – Issue of Performance Rights to Mr Peter Sullivan

Background

Resolution 3 seeks Shareholder approval for the issue of 1,225,455 Performance Rights to Mr Peter Sullivan (and/or his nominee). The issue of Performance Rights is subject to the terms of the Performance Rights Plan approved by shareholders in 2012.

The LTI forms a key component of Mr Sullivan's total remuneration. A significant portion of his total remuneration is placed at-risk to better align his interests with those of Shareholders, to encourage the production of long-term sustainable growth, and to assist with his retention.

The proposal to issue Performance Rights to Mr Peter Sullivan is subject to the Shareholders approving Resolution 3.

Quantum

The appropriate quantum to be issued for the FY14 LTI grant has been determined with reference to current market practice. For FY14, the dollar value of the LTI grant to Mr Sullivan will be equivalent to 75% of his fixed remuneration which equals \$525,000.

Allocation methodology

In determining the number of Performance Rights to be granted, the LTI quantum is divided by the fair value (FV) of one Performance Right (as determined by a valuation performed on the grant date of 1 July) as follows:

$$\frac{\text{LTI quantum (\$)}}{\text{FV of one Performance Right}} = \text{Number of Performance Rights to be granted}$$

Performance period

Performance is tested over a period of 3 years to ensure that sustainable Shareholder growth has been created.

Notwithstanding that a particular tranche may have passed the relative total shareholder return (TSR) and/or reserve/resource growth hurdles, no Performance Rights will vest unless the relevant senior executive remains employed with the Company for the full 3 year period. It is only if one or both of these hurdles are passed and the 3 year service condition is met that the Performance Rights can be exercised into Shares. If a senior executive ceases employment before the 3 year service condition is passed then they will forfeit their Performance Rights, unless otherwise determined by the Board.

Vesting conditions and performance hurdles

Performance Rights are allocated to participants, with vesting subject to meeting performance hurdles (measured over the performance period) and remaining employed with Resolute.

Performance hurdle	Description	Weighting
Relative Total Shareholder Return (TSR)	- TSR is calculated by taking into account the growth in a company's share price over the performance period (i.e. 3 years) as well as the dividends received during that period. - Resolute's TSR will be ranked against a peer	75%

	group of companies (refer below for the current peer group). To measure performance and to determine the vesting outcome: • TSR of the companies in the peer group is calculated; • A percentile analysis is done to determine the percentile performance of the group in terms of median to 75th percentile performance; • Resolute's TSR is calculated to determine what percentile in the peer group it relates to; • This percentile determines how many Performance Rights will vest.	
Reserves and Resources Growth	• The Reserves and Resource Growth performance measures the change in Resolute's Reserves and Resource level at the end of the performance period as compared to the commencement of the performance period, net of mining depletion. • Resolute's overall change as at the end of the performance period will determine how many Performance Rights will vest.	25%
Service	• Participants must remain employed with Resolute until the end of the performance period. The Performance Rights will not vest until both the Performance Hurdles and Service Condition are met.	

For the FY14 LTI grant, relative TSR performance will be assessed against the performance of a custom peer group of the following 15 ASX listed gold production companies of a similar size to Resolute as follows:

- Alacer Gold Corporation
- Evolution Mining Ltd
- Perseus Mining Ltd
- Regis Resources Ltd
- Medusa Mining Ltd
- Kingsgate Consolidated Ltd
- Endeavour Mining Ltd
- St Barbara Ltd
- OceanaGold Corporation
- Teranga Gold Corporation
- Silver Lake Resources Ltd
- Beadell Resources Ltd
- Gold One International Ltd
- Ramelius Resources Ltd
- Saracen Mineral Holdings Ltd

The vesting schedule for the portion of the LTI linked to the relative TSR performance is as follows:

Relative TSR performance	Performance Vesting Outcomes
Less than 50 th percentile	0% vesting
At the 50 th percentile	50% vesting

Between 50 th and 75 th percentile	Between 50% and 100% vesting, calculated on a linear basis.
At or above 75 th percentile	100% vesting

Note that Performance Rights that satisfy the relative TSR performance hurdle will be performance-qualified only and will not vest and become exercisable until the third anniversary of the grant date.

The vesting schedule for the portion of the LTI linked to the reserves/resource growth performance is as follows:

Reserves and Resources Growth performance	Performance Vesting Outcomes
Reserves and Resources depleted	0% vesting
Reserves and Resources maintained	50% vesting
Reserves and Resources grown by up to 30%	Between 50% and 100% vesting, calculated on a linear basis.
Reserves and Resources grown by 30% or more	100% vesting

No Performance Rights will vest unless Resolute's Reserves and Resources are maintained or grown as at the end of the relevant performance period.

There will be no retesting of performance. Any Performance Rights that fail to become exercisable due to a failure to satisfy the vesting conditions and performance hurdles will lapse and be forfeited.

Chapter 2D of Corporations Act

In accordance with section 200B of the Corporations Act, the Company must not give a benefit in connection with a person's retirement from an office unless it obtains Shareholder approval.

The Performance Rights may, subject to the Board's discretion, vest upon termination of Mr Sullivan's employment. The Board has formed the view should this occur, the affected Performance Rights may constitute a benefit in connection with Mr Sullivan's retirement from office under section 200B.

Section 200B applies where the benefit is given to a person whose details were included in the Director's Report for the previous financial year. Mr Sullivan's details were included in the 2012 Director's Report of the Company.

Listing Rule 10.14

In accordance with Listing Rule 10.14, the Company must not permit a Director and any of his associates to acquire securities under an employee incentive scheme unless it obtains Shareholder approval.

As Shareholder approval is sought under Listing Rule 10.14, approval under Listing Rule 7.1 is not required.

Specific information required by Listing Rule 10.15 is provided as follows:

- a) The Performance Rights will be granted to Mr Sullivan (Chief Executive Officer) (and/or his nominee).
- b) Subject to Shareholder approval being obtained, the number of Performance Rights granted to Mr Peter Sullivan has been determined by the allocation methodology formula as outlined above, with 1,225,455 Performance Rights to be issued to Mr Peter Sullivan.
- c) No consideration is payable by Mr Sullivan at the time of grant of the Performance Rights or upon the allocation of Shares to which he may become entitled to on the vesting of some or all of the Performance Rights. The grant of Performance Rights has performance hurdles attached to it.
- d) Apart from the grant of Performance Rights to Mr Sullivan on 27 November 2012 relating to FY13, there have been no grants of Performance Rights to directors or associates of directors since shareholder approval was received at the 2012 Annual General Meeting.
- e) The person presently entitled to participate in the Performance Rights Plan, and whose grant of Performance Rights is subject to Shareholder approval under Resolution 3 is Mr Sullivan.
- f) Full details of Mr Sullivan's holdings of Resolute Mining Shares, Performance Rights and options are set out on pages 106 to 109 of the Annual Report.
- g) No loans will be made by the Company in connection with the acquisition of the Performance Rights.
- h) It is expected that the Performance Rights will be issued to Mr Sullivan as soon as practicable after Shareholder approval is received and in any event no later than 12 months from the date of the Annual General Meeting without obtaining further Shareholder approval.
- i) Under the accounting standard AASB 2 Share based Payments, the Company will recognise an expense in the income statement based on the fair value of the Performance Rights over the period from the grant date to the vesting date. The total of the fair value of the Performance Rights on the grant date of 1 July 2013 subject to shareholder approval is \$525,000.
- j) A voting exclusion statement for this resolution is included in the Notice.
