### **Update in Relation to Payroll Tax Matters**

On 18 September 2013 BSA issued an update in relation to an email it received from the NSW Office of State Revenue (**OSR**) concerning a possible payroll tax related liability for the six year period 2008-2013.

BSA advises that it has been cooperating with the OSR to resolve this matter. It has been providing further material and information to the OSR to assist it in understanding BSA's payroll tax position and also providing material and information in response to specific information requests made by the OSR.

BSA is currently awaiting the OSR's response to the information and material provided to it.

BSA will continue to keep the market informed as and when further information becomes available.
