## **Directors' Report**

The directors of Australand Funds Management Limited ACN 122 477 776 ("AFML"), the responsible entity of Australand Wholesale Property Trust No. 6 ("Trust" or "AWPT6"), present their report on the consolidated entity, being AWPT6 and its controlled entities, for the year ended 30 June 2012.

### **Stapling of Australand Wholesale Property Trust No. 6 ("AWPT6") and Australand Wholesale Property Trust No. 6A ("AWPT6A")**

On 29 June 2007, the units of AWPT6 and AWPT6A were stapled. As the stapling of the Trust and AWPT6A occurred after the introduction of International Financial Reporting Standards ("IFRS"), AASB Interpretation 1002 *Post date of transition stapling arrangements* applied. For the purposes of AASB interpretation 1002, AWPT6 has been identified as the acquirer and the results and equity of AWPT6A are presented as a non-controlling interest in the consolidated financial statements on the basis that AWPT6 has not obtained a direct ownership interest as a result of the stapling.

The responsible entity of AWPT6 is an entity incorporated in New South Wales. The immediate parent entity of the responsible entity is Australand Holdings Limited (ABN 12 008 443 696), incorporated in New South Wales, and its ultimate parent entity is CapitaLand Limited, a company incorporated in Singapore.

### **Directors**

The following persons were directors of the responsible entity during the financial year and up to the date of this report:

<b>Name</b>
-------------

---

Ian Kenneth Payne (Chairman)
Brendan Patrick Crotty
John Victor McCarthy, AO
Michael Bowden Newsom

---

### **Principal activities**

The principal activity of the consolidated entity is investment in income producing commercial and industrial properties within Australia.

The responsible entity holds an Australian Financial Services Licence No. 312108 issued pursuant to section 913B of the *Corporations Act 2001* and AWPT6 was registered as a Managed Investment Scheme on 20 June 2007.

No significant change in the nature of these activities occurred during the year.

## **Directors' Report (cont'd)**

### **Review of operations and future likely developments**

The consolidated entity's net profit was \$11,439,000 for the year ended 30 June 2012 (30 June 2011: \$12,378,000).

During the year ended 30 June 2012, the consolidated entity continued to hold the following eight investment properties:

- Building A, 1 Homebush Bay Drive, Rhodes, NSW
- Building C, 1 Homebush Bay Drive, Rhodes, NSW
- 34 Australis Drive, Derrimut, VIC
- 80-96 South Park Drive, Dandenong South, VIC
- 32-40 Garden Street, Kilsyth, VIC
- 89 West Park Drive, Derrimut, VIC
- 5 Butler Boulevard, Adelaide Airport, Adelaide, SA
- 140 Sharps Road, Tullamarine, VIC

Information on future likely developments and expected results of the consolidated entity has not been included as the directors believe it would be likely to result in unreasonable prejudice to the consolidated entity.

Subject to there being no Australand Property Trust ("APT") exit strategy proposal being implemented by 28 February 2013, a unitholder meeting is required to be held by 30 June 2013 to determine if the Responsible Entity should wind up the Fund. AWPT 6 and AWPT6A do not have fixed lives and winding up of the Fund requires an Extraordinary Resolution be passed at a unitholder meeting, otherwise the Fund will continue for a further term five years, at which point another unitholder meeting will be call and so on. As the decision to continue or wind up the fund has not yet been taken and is at the discretion of unitholders, the financial statements continue to be prepared on a going concern basis.

### **Distributions**

Distributions of \$10,104,000 were paid or declared by the consolidated entity to unitholders during the year ended 30 June 2012 (30 June 2011: \$9,749,000).

### **Significant changes in the state of affairs**

There were no significant changes in the state of affairs of the consolidated entity that occurred during the financial year.

### **Matters subsequent to the end of the financial year**

There have been no significant events or transactions that have arisen since 30 June 2012 which, in the opinion of the directors, would significantly affect the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity.

### **Interests of related entities**

The responsible entity is a controlled entity of Australand Holdings Limited ("Australand"). At 30 June 2012, APT held 27.89% (30 June 2011: 27.89%) of the stapled units of the consolidated entity.

**Directors' Report (cont'd)**

**Directors' and officers indemnity insurance**

Article 19 of the AWPT6 constitution provides: "The responsible entity is entitled to be indemnified out the assets of AWPT6 for any liability incurred by it in properly performing or exercising any of its powers or duties in relation to AWPT6. To the extent permitted by the *Corporations Act 2001*, the indemnity includes any liabilities incurred as a result of any act or omission of a delegate or agent appointed by the responsible entity. This indemnity is in addition to any indemnity allowed by law. It continues to apply after the responsible entity retires or is removed as trustee of AWPT6."

Australand Funds Management Limited in its capacity as the responsible entity of AWPT6 has executed deeds of access, insurance and indemnity in terms of Article 19 in favour of each director of the Company.

**Auditor's Independence Declaration**

A copy of the external auditor's independence declaration, as required under section 307C of the *Corporations Act 2001*, is set out on page 6.

**Rounding of amounts**

The consolidated entity is an entity of the kind referred to in Class Order 98/100 issued by the Australian Securities and Investments Commission relating to the rounding of amounts in the financial report and directors' report. In accordance with that Class Order, amounts in the directors' report and financial report have been rounded to the nearest thousand dollars, unless otherwise stated.

Signed in accordance with a resolution of the directors.

## Auditor's Independence Declaration

As lead auditor for the audit of Australand Wholesale Property Trust No.6 for the year ended 30 June 2012, I declare that to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Australand Wholesale Property Trust No.6 and the entities it controlled during the period.

A handwritten signature in black ink, appearing to read 'N R McConnell', is written over a light blue horizontal line.

## **Notes to the Consolidated Financial Statements**

**For the year ended 30 June 2012**

### **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies adopted in the preparation of the consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial report includes financial statements for the consolidated entity consisting of Australand Wholesale Property Trust No. 6 ("Trust" or "AWPT6") and its subsidiaries and controlled entities as defined in note 1(b). Separate financial statements for AWPT6 as an individual entity are not presented, however, limited financial information for AWPT6 as an individual entity is included in Note 16.

AWPT6 and its controlled entities are part of the stapled group which also includes Australand Wholesale Property Trust No. 6A ("AWPT6A"). The units in AWPT6 and the units in AWPT6A are stapled together and may not be traded separately.

The financial report as at and for the year ended 30 June 2012 was authorised for issue by the directors of the responsible entity on 16 August 2012

#### **(a) Basis of preparation**

This general purpose financial report has been prepared in accordance with Australian Accounting Standards, and interpretations issued by Australian Accounting Standards Board ('AASB'), and the *Corporations Act 2001*.

*Compliance with International Financial Reporting Standards ('IFRS')*

The financial report of the consolidated entity complies with IFRS as issued by the International Accounting Standards Board ('IASB').

*Historical cost convention*

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and liabilities (including derivative instruments) at fair value through profit or loss and investment property.

*Critical accounting estimates*

The preparation of these financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The resulting estimates will, by definition, seldom equal the related actual results. The material estimates and assumptions in these financial statements include the estimate of fair value of investment properties. Refer to Note 7 for further details.

*Going Concern*

There is a current asset deficiency in the consolidated entities at 30 June 2012 of \$4,381,000 (30 June 2011: \$1,581,000); however the consolidated entity has access to \$8,700,000 (30 June 2011: \$7,100,000) of undrawn debt facilities, as detailed in Note 10. This facility does not expire until August 2013 and the consolidated entity has the option to extend the facility to August 2014. Based on the consolidated entity's forecast cash flows and access to these facilities if required the directors believe that the consolidated entity will continue to be able to pay its debts as and when they become due and payable.

Subject to there being no Australand Property Trust ("APT") exit strategy proposal being implemented by 28 February 2013, a unitholder meeting is required to be held by 30 June 2013 to determine if the Responsible Entity should wind up the Fund. AWPT 6 and AWPT6A do not have fixed lives and winding up of the Fund requires an Extraordinary Resolution be passed at a unitholder meeting, otherwise the Fund will continue for a further term five years, at which point another unitholder meeting will be call and so on. As the decision to continue or wind up the fund has not yet been taken and is at the discretion of unitholders, the financial statements continue to be prepared on a going concern basis.

**AUSTRALAND WHOLESALE PROPERTY TRUST NO. 6 AND ITS CONTROLLED ENTITIES  
FINANCIAL REPORT 30 JUNE 2012**

**Notes to the Consolidated Financial Statements (Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(a) Basis of preparation (Continued)**

*Functional and presentation currency*

These financial statements are presented in Australian dollars, which is the consolidated entity's functional currency.

**(b) Principles of consolidation**

*(i) Subsidiaries and controlled entities*

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries and controlled entities of AWPT6, including Australand Wholesale Property Trust No. 6A ('AWPT6A'), at 30 June 2012 and the results of all subsidiaries and controlled entities for the year then ended. AWPT6 and its subsidiaries and controlled entities are referred to in this financial report as the Group or the consolidated entity.

Subsidiaries and controlled entities are all those entities (including special purpose entities) over which the Group has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries and controlled entities are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

Inter-entity transactions, balances and unrealised gains on transactions between Group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. The accounting policies adopted by the subsidiaries are consistent with those of the Group.

*(ii) Application of AASB Interpretation 1002 Post-Date-of-Transition Stapling Arrangements ('AASB 1002')*

Under AASB 1002, AWPT6 has been identified as the parent entity in relation to the post-date of transition stapling with AWPT6A. In accordance with AASB 1002 the results and equity, not directly owned by AWPT6 of AWPT6A have been treated and disclosed as a non-controlling interest. Whilst the results and equity of AWPT6A are disclosed as a non-controlling interest, the unitholders of AWPT6 are the same as the unitholders of AWPT6A.

**(c) Revenue recognition**

*Rental income*

Rental income from operating leases is recognised in income on a straight-line basis over the lease term. An asset is recognised to represent the portion of operating lease income in a reporting period relating to fixed increases in operating lease rentals in future periods. Such assets are recognised as a component of the carrying amount of investment properties in the balance sheet.

*Interest income*

Interest income is recognised under the effective interest rate method.

**(d) Investment properties**

Investment properties comprise investment interests in land and buildings held for long term rental yields and not occupied by the Group. Investment properties are carried at fair value which is based on active market prices, adjusted if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods such as recent prices in less active markets or discounted cash flow projections. Each property is valued annually by external independent valuers. Any resultant changes in fair value are shown separately in the consolidated income statement as net gains/(losses) from fair value adjustments on investment property.

The carrying amount of investment properties recorded in the balance sheet includes components relating to lease incentives and assets relating to fixed increases in operating lease rentals in future periods.

## Notes to the Consolidated Financial Statements (Continued)

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (e) Receivables

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

Collectability of trade receivables is reviewed on an ongoing basis. Receivables that are known to be uncollectible are written off. A provision for any impairment of receivables is established when there is objective evidence that the consolidated entity will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. Cash flows relating to short term receivables are not discounted if the effect of discounting is immaterial.

#### (f) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

#### (g) Derivatives and hedging activities

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting date. The method of recognising the resulting gain or loss depends on whether the derivative is designed as a hedging instrument, and if so, nature of the item being hedged. The consolidated entity designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges).

The consolidated entity documents at the inception of the transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The consolidated entity also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions have been and will continue to be highly effective in offsetting changes in cash flows of hedged items.

##### *Cash flow hedges*

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated in equity in the hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in the income statement.

Amounts accumulated in equity are recycled in the income statement in the period when the hedged item will affect profit or loss (for instance when the forecast sale that is hedged takes place). However, when the forecast transaction that is hedged results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously deferred in equity are transferred from equity and included in the measurement of the initial cost or carrying amount of the asset or liability.

When a hedging instrument expires or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the income statement. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in equity is immediately transferred to the income statement.

#### (h) Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation or depreciation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

**AUSTRALAND WHOLESALE PROPERTY TRUST NO. 6 AND ITS CONTROLLED ENTITIES  
FINANCIAL REPORT 30 JUNE 2012**

**Notes to the Consolidated Financial Statements (Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(i) Payables**

These amounts represent liabilities for goods and services provided prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

**(j) Provisions**

Provisions are recognised when the consolidated entity has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of time value of money and the risks specific to the liability. The increase in the provision due to passage of time is recognised as interest expense.

**(k) Lease incentives**

Prospective lessees may be offered incentives as an inducement to enter into non-cancellable operating leases. These incentives may take various forms including, up front cash payments, rent free periods, or a contribution to certain lessee costs such as fit-out or relocation costs. As these incentives are repaid out of future lease payments, they are recognised as an asset in the consolidated balance sheet as a component of the carrying amount of investment properties and amortised over the lease period.

**(l) Borrowings and borrowing costs**

Borrowings are initially recognised at fair value including transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between proceeds (net of transaction costs) and redemption is recognised in the income statement over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities, which are not an incremental cost relating to the actual draw-down of the facility, are recognised as prepayments and amortised on a straight-line basis over the term of the facility. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the income statement as other income or finance costs.

Borrowing costs incurred for construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed. In extended periods where development of a qualifying asset is suspended borrowing costs are expensed as incurred.

**(m) Taxation**

Under current income tax legislation, the consolidated entity is not liable for income tax, provided that the taxable income is fully distributed each year including any taxable capital gain derived from the sale of an asset.

**(n) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the balance sheet.

FINANCIAL REPORT 30 JUNE 2012**

**Notes to the Consolidated Financial Statements (Continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(o) Trust Distributions**

Provision is made for the amount of any distributions declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the financial year but not distributed at balance date.

**(p) Contributed equity**

AWPT6 and AWPT6A form a stapled group in which the unitholders hold direct and equal interest and an equal number of units in AWPT6 and AWPT6A.

Under AASB 1002, AWPT6 has been identified as the parent entity in relation to the post-date of transition stapling with AWPT6A. In accordance with AASB 1002 the results and equity, not directly owned by AWPT6 of AWPT6A have been treated and disclosed as a non-controlling interest. Whilst the results and equity of AWPT6A are disclosed as a non-controlling interest, the unitholders of AWPT6 are the same as the unitholders of AWPT6A.

Incremental costs directly attributable to the issue of new units are shown in equity as a deduction, net of tax, from the proceeds.

**(q) Parent entity financial information**

The financial information for the parent entity, Australand Wholesale Property Trust No. 6, disclosed in Note 16 has been prepared on the same basis as the consolidated financial statements, except for Investments in subsidiaries. Investments in subsidiaries are accounted for at cost in the financial statements of Australand Wholesale Property Trust No. 6

**(r) Segment reporting**

AASB 8 *Operating Segments* ('AASB 8') requires a 'management approach', under which segment information is presented on the same basis as that used for internal reporting purposes. The segments are reported in a manner that is consistent with the internal reporting provided to the chief operating decision maker. The consolidated entity is deemed to have only one operating segment.

**(s) Rounding of amounts**

The consolidated entity is of a kind referred to in Class Order 98/100 issued by the Australian Securities and Investments Commission, relating to the rounding of amounts in the financial report. Amounts in the financial report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

**(t) New Accounting Standards and Interpretations**

Certain new accounting standards and Interpretations have been published that are not mandatory for 30 June 2012 reporting periods. The consolidated entity's assessment of the impact of these new standards is that there is not expected to be any material effect on the consolidated entity in future reporting periods.

**2. FINANCIAL RISK MANAGEMENT**

The consolidated entity's activities expose it to a variety of financial risks; credit risk, liquidity risk and cash flow interest rate risk. It is the responsibility of the Board and Management to ensure that adequate risk identification, assessment and mitigation practices are in place for the effective oversight and management of all of the consolidated entity's core risks. The consolidated entity's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the consolidated entity.

The AFML Board has written principles for overall risk management, as well as written policies covering specific areas, such as mitigating interest rate and credit risks, use of derivative financial instruments and investing excess liquidity.

**Notes to the Consolidated Financial Statements (Continued)**

**2. FINANCIAL RISK MANAGEMENT (Continued)**

**(a) Credit Risk**

Credit risk arises from cash and cash equivalents, derivative financial instruments and deposits with banks and financial institutions, as well as credit exposures to receivables from tenants.

The consolidated entity has policies in place to ensure that lease agreements are entered into with tenants with an appropriate credit history. Derivative counterparties and cash transactions are limited to high credit quality financial institutions. Refer to Note 11 for details of the ageing of receivables.

**(b) Liquidity Risk**

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of committed credit facilities. The consolidated entity manages liquidity risk by continuously monitoring forecast and actual cash flows and matching maturity profiles of financial assets and liabilities.

At 30 June 2012 the consolidated entity had available liquidity relating to its debt facilities of \$8,700,000 (2011: \$7,100,000) and cash of \$1,574,000 (\$2,869,000).

The tables below analyse the consolidated entity's financial liabilities and derivative financial instruments into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows (including estimated interest payments). For interest rate swaps the cash flows have been estimated using forward interest rates applicable at the reporting date.

## Notes to the Consolidated Financial Statements (Continued)

### 2. FINANCIAL RISK MANAGEMENT (Continued)

#### (c) Cash Flow and Fair Value Interest Rate Risk

As the consolidated entity has no significant interest-bearing assets, the consolidated entity's income and operating cash flows are substantially independent of changes in market interest rates.

The consolidated entity's interest rate risk arises from borrowings. Borrowings issued at variable rates expose the consolidated entity to cash flow interest rate risk. This risk is managed through floating-to-fixed interest rate swaps which have the economic effect of converting borrowings from floating rates to fixed rates.

Under the interest rate swaps, the consolidated entity agrees with other parties to exchange, at specified intervals (mainly quarterly), the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional principal amounts. At 30 June 2012 the consolidated entity's borrowings were 98% (2011: 96%) hedged using interest rate swaps. Further details of the interest rate sensitivity are included in Note 11.

#### (d) Fair value estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement and for disclosure purposes. The consolidated entity uses a variety of methods to calculate the value of financial instruments and makes assumptions that are based on market conditions existing at each balance date. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows. The carrying value of trade and other receivables (less impairment provisions) and payables is a reasonable approximation of their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the consolidated entity for similar financial instruments.

AASB 7 *Financial Instruments: Disclosures* (AASB 7) requires disclosure of fair values, for each of the following measurement categories:

- a) where the fair value is measured using quoted prices (unadjusted in active markets for identical assets or liabilities (level 1));
- b) where the fair value is measured using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (level 2); and
- c) where the fair value is measured using inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The fair value of the Group's derivatives (interest rate swaps) as at 30 June 2012 are \$633,000 (2011: \$1,283,000). These are classified as level 2 financial liabilities per AASB 7.

**2. FINANCIAL RISK MANAGEMENT (Continued)**

**(e) Capital risk management**

The consolidated entity's objective when managing capital is to safeguard its ability to continue as a going concern, so that it can continue to provide returns for unitholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of distributions paid to unitholders, return capital to unitholders or sell assets to reduce debt.

Consistent with others in the industry, the consolidated entity monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total assets. Net debt is calculated as interest bearing debt less cash and cash equivalents. The total assets amount is calculated as shown in the balance sheet less cash and cash equivalents.

The gearing ratios at 30 June 2012 and 30 June 2011 were as follows:

	Notes	2012 \$'000	2011 \$'000
Total interest bearing debt	10	66,300	67,900

**7. INVESTMENT PROPERTIES (Continued)**

Valuation Basis

The value of investment properties is measured on a fair value basis being the amounts for which the properties could be exchanged between willing parties in an arm's length transaction, based on current prices in an active market for similar properties in the same location and condition and subject to similar leases.

The fair value of investment property has been adjusted to reflect market conditions at the end of the reporting period. Whilst this represents the best estimates of fair value as at the balance sheet date, if an investment property is sold in the future, the price achieved may be higher or lower than the most recent valuation.

At 30 June 2012 the consolidated entity had a portfolio of 8 properties (2011: 8 Properties). Independent valuations were undertaken on 3 properties at 30 June 2012, and the remaining 5 properties were subject to directors' valuations, these 5 properties were independently valued at 31 December 2011. In assessing the value of the investment properties, the independent valuers considered valuations using both the capitalisation approach and discounted cash flows.

The average market capitalisation rate of the investment property portfolio at 30 June 2012 was 8.72% (Industrial:8.88% Office:8.60% ).(2011: 8.61% (Industrial:8.82% Office:8.45%))

Reconciliations of the carrying amounts of investment properties at the beginning and end of the financial year are set out below:

	2012 \$'000	2011 \$'000
Carrying amount at beginning of the year	199,550	196,750
Additions at cost	565	168
Net gains from fair value adjustments	1,335	2,632
Carrying amount at end of the year	<u>201,450</u>	<u>199,550</u>

**Leasing arrangements**

The investment properties are leased to tenants under long term operating leases. Rentals are receivable from the tenants monthly. Minimum lease payments under non-cancellable operating leases of investment properties not recognised in the financial statements are receivable as follows:

	2012 \$'000	2011 \$'000
Within one year	18,242	17,946
Later than one year but not later than five years	55,663	54,573

As the stapling of the Trust and AWPT6A occurred after the introduction of IFRS, AASB Interpretation 1002 *Post date of transition stapling arrangements* applied. For the purposes of AASB Interpretation 1002, AWPT6 has been identified as the acquirer and the results and equity of AWPT6A are presented as a non-controlling interest in the consolidated financial statements on the basis that AWPT6 has not obtained direct ownership interest as a result of the stapling. Whilst the results and equity of AWPT6A are disclosed as a non-controlling interest, the unitholders of AWPT6 are the same as the unitholders of AWPT6A.

## **Independent auditor's report to the unitholders of Australand Wholesale Property Trust No. 6**

### **Report on the financial report**

We have audited the accompanying financial report of Australand Wholesale Property Trust No. 6 (the trust), which comprises the consolidated balance sheet as at 30 June 2012, and the consolidated income statement, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated cash flow statement for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration for the Australand Wholesale Property Trust No. 6 Group (the consolidated entity). The consolidated entity comprises the trust and the entities it controlled at the year's end or from time to time during the financial year.

#### *Directors' responsibility for the financial report*

The directors of Australand Funds Management Limited (the responsible entity) are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

#### *Auditor's responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

## Independent auditor's report to the unitholders of Australand Wholesale Property Trust No. 6 (continued)

Our procedures include reading the other information in the Annual Report to determine whether it contains any material inconsistencies with the financial report.

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Independence*

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

### *Auditor's opinion*

In our opinion:

- (a) the financial report of Australand Wholesale Property Trust No. 6 is in accordance with the *Corporations Act 2001*, including :
  - (i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2012 and of its performance for the year ended on that date; and
  - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Regulations 2001*; and
- (b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.
