Dear Kate

**Tigers Realm Coal Limited (ASX Code: TIG)
Request for Voluntary Suspension**

Tigers Realm Coal Limited (**TIG**) is currently in a Trading Halt while it looks to finalise a proposed capital raising involving a placement to institutional and sophisticated investors.

In accordance with Listing Rule 17.2 we request ASX to suspend our ordinary shares from trading from 10am Thursday 5 December 2013. In support of this request we advise:

- the suspension is sought because we need further time to complete the capital raising
- we expect the suspension to last five business days
- the additional time should enable the capital raising to be finalised
- we are not aware of any reason why our ordinary shares should not be suspended

Yours sincerely

David Forsyth
Company Secretary
