FlexiGroup Limited ("FlexiGroup") (ASX:FXL) today announced it has entered into a sale and purchase agreement ("SPA") to acquire ThinkSmart Ltd's ("ThinkSmart") (ASX: TSM) Australian and New Zealand businesses ("RentSmart ANZ") for A\$43 million. The purchase price represents 9x times FY15 Cash NPAT after synergies and pre-financing costs.

The acquisition, to be funded by a combination of cash and debt facilities is expected to be Cash EPS accretive as of FY15.

Established in 1996, Perth based RentSmart ANZ is a provider of POS financing solutions in Australia and New Zealand with established, long-term exclusive relationships with retail partners such as JB Hi-Fi, Dick Smith Electronics and Officeworks. Its primary products are RentSmart, which provides POS lease finance solutions to SMEs and consumers; and Fido, a "no interest ever" payment plan product, similar to FlexiGroup's Certegy offering.

RentSmart ANZ's patented online platform provides FlexiGroup with a proprietary online POS credit capability, enabling FlexiGroup to deliver online POS financing and capture online credit growth. The online application process and assessment platform has been developed to cater for all retail environments (online, multi-channel and direct) and provides capacity to assess transactions quickly and efficiently, resulting in on-the-spot approval processing. FlexiGroup has acquired intellectual property rights related to the Smartcheck software that supports RentSmart ANZ's platform as part of the transaction.

Tarek Robbiati, CEO and Managing Director of FlexiGroup said: "RentSmart ANZ provides access to new relationships, enhances our distribution channels and provides strong growth potential from selling FlexiGroup product into new retailers. The acquisition strengthens our online capabilities and delivers on FlexiGroup's strategy to selectively acquire and grow consumer and commercial finance businesses to achieve scale, and introduce new channels."

The transaction is subject to customary conditions and is expected to be completed on 31 January 2014.
