ANNOUNCEMENT

SKY Television today confirms that it has agreed with Telecom NZ Limited not to renew the current agreement for resale of SKY's services to Telecom customers.

SKY is working closely with Telecom to minimise any impact to Telecom customers with a SKY TV bundle, ensuring continuity of television services as they are migrated back to SKY. The migration is anticipated to be complete by the end of May 2014.

While the non-renewal of the reselling agreement will effectively end Sky's current contractual relationship with Telecom, Sky and Telecom both remain open to working together in the future.
