Nick Georges General Counsel & Company Secretary

PRINCIPAL ACTIVITIES

Infomedia Ltd is a company limited by shares that is incorporated and domiciled in Australia.

The principal activities during the period of entities within the consolidated group were:

- developer and supplier of electronic parts catalogues and service systems for the automotive industry globally; and
- information management, analysis and creation for the domestic automotive and oil industries.

There have been no significant changes in the nature of those activities during the half year.

DIRECTORS' REPORT

REVIEW AND RESULTS OF OPERATIONS

For the six months ended 31 December 2013:

- Sales revenue was \$28,012,000, representing an increase of \$4,555,000 or 19% over the previous corresponding period. In constant currency terms, sales revenue increased by \$1,895,000 or 8%.
- Profit before tax was \$7,030,000, an increase of \$1,180,000 or 20% over the previous corresponding period. This resulted from growth in sales revenue combined with continued management of operating costs and a currency exchange loss of \$1,157,000.
- A tax expense of \$1,276,000 was \$546,000 higher than the previous corresponding period representing a more
 normalised position as the prior half-year number included a one off tax credit relating to expenditure in
 research and development.
- Net profit after tax (NPAT) was \$5,754,000 representing an increase of \$634,000 over the previous
 corresponding period or 12%. In constant currency terms net profit increased \$677,000 or 13% due to a
 favourable foreign exchange variance resulting from weaker spot rates for the Australian dollar offset by a
 similarly sized currency exchange loss.
- Cash flow from operations increased \$2.7m or 73% to \$6.4m due to increased profit and a reduction in working capital.
- Revenue from the Company's Superservice solutions (excluding EPC) grew by 24% over the previous reporting period and 14% in constant currency terms.
- Subscription equivalents increased by 3,585 over the corresponding period to a record 75,049.
- The balance sheet remains strong with no debt and \$10.9m of cash. Net assets increased to \$39.9m.

During the second half of FY2014, the Company anticipates an increase in sales revenue and more favourable currency exchange effects combined with an increase in operational costs and amortisation expense. Consequently, the Company reconfirms its FY2014 NPAT guidance of \$11.0m to \$12.0m.

An interim half year dividend of 1.89 cents per share (franked to 0.5 cents) has been declared (FY13: 1.27 cents per share (franked to 0.5 cents)). The record date to determine entitlements to the dividend distribution is 4 March 2014 and will be payable on 18 March 2014. There is no foreign conduit income attributed to the dividend.

ROUNDING

The amounts contained in this report and in the financial report have been rounded to the nearest \$1,000 (where rounding is applicable) under the option available to the Company under ASIC Class Order 98/0100. The Company is an entity to which the Class Order applies

AUDITOR'S INDEPENDENCE DECLARATION

The Directors received an auditor's independence declaration from the auditor of the Company (refer next page). Signed in accordance with a resolution of the directors.

31 December 2013

1. CORPORATE INFORMATION

The financial report of Infomedia Ltd for the half-year ended 31 December 2013 was authorised for issue in accordance with a resolution of the directors on 19 February 2014. Infomedia Ltd is a company incorporated in Australia and limited by shares, which are publicly traded on the Australian Stock Exchange.

The nature of the operations and principal activities of the consolidated entity are described in the Directors' Report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

The half-year financial report should be read in conjunction with the annual Financial Report of Infomedia Ltd as at 30 June 2013.

It is also recommended that the half-year financial report be considered together with any public announcements made by Infomedia Ltd and its controlled entities during the half-year ended 31 December 2013 in accordance with the continuous disclosure obligations arising under the *ASX listing rules*.

a) Basis of preparation

The half-year consolidated financial report has been prepared in accordance with the requirements of the *Corporations Act 2001*, AASB 134 *Interim Financial Reporting* and other mandatory professional reporting requirements as appropriate for profit orientated entities. The half-year financial report has been prepared on a historical cost basis, except for derivative financial instruments that have been measured at fair value. Compliance with AASB 134 ensures compliance with international financial reporting standard IAS 34 Interim Financial Reporting.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

The financial report is presented in Australian dollars.

b) Significant accounting policies

The half-year consolidated financial statements have been prepared using the same accounting policies as used in the annual financial statements for the year ended 30 June 2013.

c) Basis of consolidation

The financial statements comprise the financial statements of Infomedia Ltd and its subsidiaries ('the Consolidated Entity'). The financial statements of subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. Adjustments are made to bring into line any dissimilar accounting policies that may exist. All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full. Unrealised losses are eliminated unless costs cannot be recovered. Subsidiaries are consolidated from the date on which control is transferred to the Consolidated Entity and cease to be consolidated from the date on which control is transferred out of the Consolidated Entity. Where there is loss of control of a subsidiary, the consolidated financial statements include the results for the part of the reporting period during which Infomedia Ltd has control.

d) Changes in accounting policies

The Consolidated Entity has not elected to early adopt any new standards or amendments that are issued but not yet effective.

e) Restatement of comparatives

Over recent years the Company has invested significant resources in changing the way customers use its software by migrating users from physical DVD discs and applications installed on end user infrastructure (Disc based), to products accessible online via internet browsers (Software as a Service or 'SaaS').

As customers increasingly migrate to the online 'SaaS' versions, the Company has seen a change to the nature of its business in certain areas. In accordance with the provisions of AASB101 Presentation of Financial Statements which requires classification of items of income and expense on the most reliable and relevant basis, the Company has now adopted a functional approach to presenting its Statement of Profit or Loss and Other Comprehensive Income showing Research & Development expenses, Sales & Marketing expenses and General & Administrative expenses which it believes gives readers a more intuitive view of the Company's activities. The approach adopted by the Company for creation and maintenance of the Software as a Service products has led to the lack of distinction between 'Direct Wages' and 'Employee benefits expense (Salary and wages). These costs are now included within the three functional areas of expense listed above. Consequently 'Cost of Sales' is no longer presented.

| Employee Option Plan | | | |
| There were 750,000 options issued, 1,376,300 exercised and 120,000 options cancelled during the period. | | | |

7. SEGMENT INFORMATION

Identification of reportable segments

The group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (identified as the chief operating decision makers or 'CODM') in assessing performance and in determining the allocation of resources.

The operating segments are identified by management based on the region in which the product is sold. Discrete financial information about each of these operating businesses is reported to the Board of Directors regularly.

The reportable segments are based on aggregated operating segments determined by the similarity of the products produced and sold as these are the sources of the Group's major risks and have the most effect on the rates of return.

Accounting policies and inter-segment transactions

The accounting policies used by the Group in reporting segments internally are the same as those contained in note 2 to the accounts and in the prior period.

The group accounting policies for segments are applied to the respective segments up to the segment result level.

Major customers

The Group has many customers to which it provides products. There is no significant reliance on any single customer.

9. SUBSEQUENT EVENTS

1,420,000 share options with an exercise price of 56.5cents were issued to employees on 17 January 2014. The options vest in three equal tranches over 3 years and have an expiry date of 31 December 2016. Other than this, there has been no matter or circumstance that has arisen since the end of the period that has significantly affected the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity.

10. FAIR VALUES OF FINANCIAL INSTRUMENTS

Recurring fair value measurements

The following financial instruments are subject to recurring fair value measurements:

31-Dec-13 \$'000

Foreign exchange contracts - Level 2

2,708

Fair value hierarchy

AASB 13 Fair Value Measurement requires disclosure of fair value measurements by level in the fair value measurement hierarchy as follows:

- Level 1 the instrument has quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 a valuation technique is used using inputs other than quoted prices within level 1 that are observable for the financial instrument, either directly (i.e. as prices), or indirectly (i.e. derived from prices)
- Level 3 a valuation technique is used using inputs that are not observable based on observable market data (unobservable inputs).

Transfers

During the half-year ended 31 December 2013, there were no transfers of available-for-sale equity securities or derivatives between levels 1 and 2 of the fair value hierarchy. There were also no transfers into or out of level 3 during the period.

Valuation techniques used to derive level 2 fair values

Derivative instruments use valuation techniques other than quoted prices in active markets with only observable market inputs for the asset or liability, either directly (as prices) or indirectly (derived from prices) to determine the fair value of foreign exchange contracts.

Fair values of financial instruments not measured at fair value

Due to their short-term nature, the carrying amounts of cash and cash equivalents, current receivables and current trade and other payables is assumed to approximate their fair value.

DIRECTOR'S DECLARATION

In accordance with a resolution of the Directors of Infomedia Ltd, I state that:

- (1) In the opinion of the Directors
 - (a) the financial statements and notes of the consolidated entity are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the period ended on that date; and
 - (ii) complying with Accounting Standard AASB134 Interim Financial Reporting, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5) of the Corporations Act 2001.

On behalf of the Board

Richard David Graham Non-Executive Chairman

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Infomedia Ltd

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Infomedia Ltd, which comprises the statement of financial position as at 31 December 2013, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act* 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Infomedia Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Infomedia Ltd, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Infomedia Ltd is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001
