Dear Sandra,

Voluntary Suspension

Rox Resources Limited (ASX: RXL) advises that it entered into its current trading halt pending the receipt of confirmatory assay results for its Mount Fisher nickel project. Those results remain outstanding and as a result the company requests that the company be placed in a voluntary suspension pending an announcement by the Company regarding those results.

We expect to be in a position to announce the results by commencement of trading on Thursday 6 March 2014.

Please contact me if you have any queries in relation to this request.

Yours faithfully,
