Energy One Limited enters into multi-year agreement with Alinta for the provision of its Wholesale Energy Trading Suite.

Energy One Limited (ASX: EOL) is pleased to announce it has executed an agreement with Alinta Energy (www.alintaenergy.com.au), a leading Australian integrated generation-and-retail energy company, for the supply, implementation and multi-year support of Energy One's *Wholesale Energy Trading Suite*. The Suite provides a series of best-of-breed software solutions for the management of wholesale energy trading operations, including:

- Energy Trading and Risk Management (ETRM)
- Spot bidding of energy, gas and services
- B2B physical energy logistics and trading
- Reporting, dashboards and analytics

The Suite supports energy market operations in all Australian States, including the National Electricity Market (NEM), Wholesale Electricity Market (WEM in WA), VicGas and the Short Term Trading Markets (STTM).

Energy One's proposed solution was selected after a competitive process and this result emphasises its credentials as the state of the art in wholesale energy trading operations software for the Australian market.

The project is in the final stages of planning and will be delivered over the next 12-18 months.

In addition to this project, elements of the product range are currently being trialled at other energy companies. Energy One is confident of the prospects for these projects to proceed to full implementation in the near term.

These transactions are expected to have a beneficial effect on the earnings of the Company. Earnings guidance for the current year will be issued when the implementation timing of the project is finalised.

Over the last two years, Energy One has been investing in, expanding, marketing and installing its range of industry leading solutions. The Company is pleased with this development, which further demonstrates its commitment to developing and delivering quality enterprise business tools to major energy sector clients.
