InterMet Resources Limited ("InterMet")(ASX: ITT) is pleased to announce BevMO!, a leading alcoholic beverage-lifestyle specialty retailer with over 150 stores and over 5,000 employees in the United States, renewed its annual contract with 1-Page to continue leveraging its ability to help them hire better people faster and cheaper. Additionally this year they are expanding their usage to tap into open-source innovation by leveraging the 1-Page Idea Sourcing platform.

Over the last year, BevMo! was able to increase their quality of hire and increase retention, while at the same time reducing time and cost per hire. BevMo!'s usage of the platform increased over 1000% throughout the year filling roles starting with the Sales Vice President and Managerial levels and quickly scaling into their more high volume jobs at the store level employees.

"1-Page is pleased and excited to continue this journey with BevMO!, driving innovation with next generation talent acquisition and employees engagement. It has been a terrific year working with BevMo! to be a company where every employee is there to make a difference and excel BevMo!'s quickly growing company. We are looking forward to another successful year." Joanna Weidenmiller, CEO of 1-Page says.

Following the successful implementation of the Hiring platform, BevMO! not only has renewed their annual contract, but has already started working with 1-Page to implement the Idea Sourcing platform for internal employees. This solution will enable every department to engage current employees in the Head Office as well as across every other location, to provide ideas and solutions to specific company's challenge and/or opportunities. The internal open-source platform will unlock employee's potential, enabling them to showcase their unique value proposition and provide ideas and insights beyond their job description.

Yours Sincerely,

SCOTT MISON  
DIRECTOR
