SYDNEY NSW 2000

Dear Sir / Madam

Re: Establishes Lindsay Fresh Logistics

Lindsay Australia has established Lindsay Fresh Logistics based in the Brisbane Produce Markets at Rocklea. Lindsay Fresh Logistics has subleased approximately 5000 square metres of a controlled temperature facility in the Brisbane Produce Markets, and has obtained an unloading licence and transshipping authority from Brisbane Markets Limited.

All Brisbane produce operations of Lindsay Transport are to be shifted to the Lindsay Fresh Logistics facility.

Lindsay Fresh Logistics will:

- Unload market produce deliveries for Lindsay Transport and other Transport Companies
- Transshipping produce for Lindsay Transport and other Transport Companies
- Provide produce ripening service to customers
- Provide produce storage for customers and market agents

The establishment of Lindsay Fresh Logistics provides additional integrated services for our customers in addition to obtaining premises within one of the Transport Division's major delivery destinations.

Yours faithfully

Graham Johnston
Company Secretary
Lindsay Australia Limited
