

FORMULA MANUFACTURER RECEIVES CHINA ACCREDITATION

Bellamy's Australia Limited (**Bellamy's**) is pleased to announce that the Certification and Accreditation Administration of the People's Republic of China has officially registered Tatura Milk Industries (**TMI**) as an overseas production enterprise for infant formula. TMI is Bellamy's organic infant formula manufacturing partner in Australia.

The recent certification of TMI will allow Bellamy's to immediately re-commence exporting to China and strongly positions the company to effectively execute its growth strategies in China, being only one of a handful of companies certified organic by both Australian and Chinese authorities.
