Since listing on the ASX in 2002, Cooper Energy has built a portfolio of near term low risk development and appraisal projects as well as high impact exploration prospects. Cooper Energy produces upwards of 500,000 barrels of oil per year from operations in the Cooper Basin, South Australia and the Sukananti KSO in the South Sumatra Basin, Indonesia. Cooper also has prospective exploration licenses in Australia (Cooper, Otway and Gippsland Basins), Indonesia and Tunisia. Cooper enjoys a solid balance sheet, good production earnings, and has a clear strategy to enhance shareholder return. www.cooperenergy.com.au
