Directors' Report

The Directors present their report together with the financial report of the entity, being Lovisa Pty Limited ("the Company"), for the period ended 30 June 2013 and the Auditor's report thereon.

DIRECTORS AND COMPANY SECRETARY

The names of the Director and Company Secretary in office during the financial period and until the date of this report are as follows. Directors and Company Secretary were in office for the entire period unless otherwise stated.

Mr Shane Fallscheer – CEO, Executive Director. Appointed Director 3 March 2010.

Mr Iain Sadler – CFO, Company Secretary. Appointed Company Secretary on 30 November 2010.

CORPORATE STRUCTURE

The Company is limited by shares, incorporated and domiciled in Australia.

PRINCIPAL ACTIVITIES

The principal activity of the Company during the financial period was the retail sale of fashion jewellery and accessories.

The business has 166 retail stores in operation.

REVIEW AND RESULTS OF OPERATIONS

The profit before tax for the period ended 30 June 2013 was \$6,033,317 (2012: loss of (before tax) \$4,994,510).

DIVIDENDS

There were no dividends paid or declared by the Company during the financial period.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

On 30 June 2013 the Company entered into an agreement to sell Lovisa New Zealand Pty Ltd, Lovisa Singapore Pty Lte and Lovisa Malaysia Sdn Bhd to Lovisa International Pty Lte.

This has resulted in the Company being required to report a Consolidated Profit and Loss and Other Comprehensive income and a Balance Sheet for the Australian operations only for the 2013 financial year.

EVENTS SUBSEQUENT TO REPORTING DATE

There has not arisen in the interval between the end of the financial period and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company, to affect significantly the operations, or the state of affairs of the Company in future periods.

Directors' Report

LIKELY DEVELOPMENTS

The entity expects growth in sales and profit in the business.

Further information about likely developments in the operations of the Company and the expected results of these operations in future financial years has not been included in this report because disclosure of the information would be likely to result in unreasonable prejudice to the Company.

ENVIRONMENTAL REGULATION

The Company's operations are not subject to any significant environmental regulations under either Commonwealth or State legislation. However, the Director believes that the Company has adequate systems in place for the management of its environmental management requirements and is not aware of any breach of these environmental requirements as they apply to the consolidated entity.

INDEMNIFICATION

Since the end of the previous period financial period, the Company has not indemnified or made a relevant agreement for indemnifying against a liability any person who is or has been an officer or auditor of the Company.

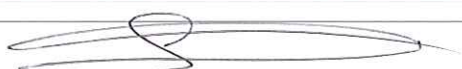

INSURANCE OF DIRECTORS

No insurance premiums have been paid during the financial year by the Company in respect of the director's and officers' liability and legal expenses insurance contracts for the year ended 30 June 2013.

LEAD AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration is set out on page 5 and forms part of the Directors' Report for the financial year ended 30 June 2013.

Signed in accordance with a resolution of the directors.

Shane Fallscheer
Director

Melbourne
18 October 2013

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To: the directors of Lovisa Pty Limited

I declare that, to the best of my knowledge and belief, in relation to the audit for the financial period ended 30 June 2013 there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

The statement of cash flows are to be read in conjunction with the notes to the financial statements set out on pages 10 to 22.

Notes to the Financial Statements

For the period ended 30 June 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting entity

Lovisa Pty Limited (the "Company") is a company domiciled in Australia. The address of the Company's registered office is 41 – 45 Camberwell Road, Hawthorn East, Victoria 3123. The Company is a for-profit entity and primarily involved in the retail sale of fashion jewellery and accessories.

In the opinion of the directors, the Company is not a reporting entity. This special purpose financial report has been prepared for distribution to the members to fulfil the directors' financial reporting requirements under the *Corporations Act 2001*.

(b) Statement of compliance

The special purpose financial report has been prepared in accordance with the requirements of the *Corporations Act 2001* and the recognition, measurement and classification aspects of all applicable Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB).

The financial report does not include the disclosure requirements of all AASBs except for the following minimum requirements:

AASB 101 Presentation of Financial Statements

AASB 107 Statement of Cash Flows

AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1031 Materiality

AASB 1048 Interpretation and Application of Standards

AASB 1054 Australian Additional Disclosures

The financial periods of the Company end on the Sunday closest to 30 June of each year. The financial period of the Company ended on 30 June, representing a 52 week period (2012: 52 week period).

The financial statements were approved by the board of directors on 17 October 2013

New standards and interpretation not yet adopted

From 1 July 2012 the Company applied amendments to AASB 101 Presentation of Financial Statements outlined in AASB 2011-9 Amendments to Australian Accounting Standards – Presentation of Items of Other Comprehensive Income. The change in accounting policy only relates to disclosures and has had no impact on consolidated earnings per share or net income. The changes have been applied retrospectively and require the Company to separately present those items of other comprehensive income that may be reclassified to profit or loss in the future from those that will never be reclassified to profit or loss. These changes are included in the statement of profit or loss and other comprehensive income.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Going concern basis of accounting

The financial statements have been prepared on a going concern basis of accounting, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business. At the balance sheet date, the consolidated entity's total liabilities exceeded total assets by \$11,909,064 (2012: \$17,667,748). This is primarily due to related party loans amounting to \$13,171,728 (2012: \$14,410,469) (refer note 11). The shareholders of the Company, have agreed to provide a Letter of Undertaking to the Company not to call upon the Shareholder loan for at least 12 months from the date that the Company's Directors sign the Financial Report, if in doing so will cause the Company to be unable to meet its liabilities as and when they fall due. Accordingly, the going concern basis of preparation is considered appropriate by the Directors.

(c) Basis of preparation

The financial statements have been prepared on a historical cost basis except for the following:

- derivative financial instruments are measured at fair value
- financial instruments at fair value through profit or loss are measured at fair value
- available for sale financial assets are measured at fair value.

Non-current assets are stated at the lower of carrying amount and fair value less costs to sell.

These financial statements are presented in Australian dollars, which is the Company's functional currency.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are reported in Note 12.

The accounting policies set out below have been applied consistently to all periods and by each entity presented in the consolidated financial report.

The consolidated entity has applied amendments to the *Corporations Act (2001)* that remove the requirement of the consolidated entity to lodge parent entity financial statements.

Numbers disclosed in the report, have been rounded to the nearest dollar.

(d) Basis of consolidation

Subsidiaries

Subsidiaries are entities controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable or convertible are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Investments in subsidiaries are carried at their cost of acquisition less impairment losses in the Company's financial statements.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Basis of consolidation (continued)

Transactions eliminated on consolidation

Intragroup balances and any unrealised gains and losses or income and expenses arising from intragroup transactions, are eliminated in preparing the consolidated financial statements.

Acquisitions from entities under common control

The Company accounts for transactions under common control are at book value of the transferor entity. Any difference between the cost of investment and consideration received is recorded in merger reserve.

(e) Foreign currency

Translation of foreign currency transactions

Transactions in foreign currencies are converted to Australian dollars at the rate of exchange ruling at the date of the transaction. Foreign currency monetary items and amounts receivable and payable in foreign currency at balance date (other than monetary items arising under foreign currency contracts where the exchange rate for that monetary item is fixed in the contract) are translated using the spot rate of exchange ruling on that date.

Exchange differences arising are brought to account as exchange gains or losses in the statements of Profit and loss and Other Comprehensive Income in the period in which the exchange rates change.

Translation of financial reports of overseas operations

The revenues and expenses of foreign operations are translated to Australian dollars at rates approximating to the foreign exchange rates ruling at the dates of the transactions.

(f) Property, plant and equipment

Owned Assets

Items of property, plant and equipment are stated at cost less accumulated depreciation. Cost includes expenditures that are directly attributable to the acquisition of the assets. The cost of acquired assets includes estimates of the costs of dismantling and removing the items and restoring the site on which they are located where it is probably that such costs will be incurred.

Subsequent costs

The consolidated entity recognises in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable that the future economic benefits embodied within the item will flow to the consolidated entity and the cost of the item can be measured reliably. All other costs are recognised in the income statement as an expense as incurred.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Property, plant and equipment (continued)

Depreciation

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful life on all property, plant and equipment. Land is not depreciated.

The estimated useful lives in the current and comparative periods are as follows:

Major depreciation periods are:

	2013	2012
Leasehold improvements	Life of lease	Life of lease
Hardware and Software	3 years	3 years
Furniture and Fittings	3 years	3 years

The residual value, the useful life and the depreciation method applied to an asset are re-assessed at least annually.

(g) Trade and other receivables

Trade and other receivables are stated at their amortised cost less impairment losses.

(h) Inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. Cost includes the product purchase cost, import freight and duties together with other costs incurred in bringing inventory to its present location and condition using the weighted average cost method.

(i) Cash and cash equivalents

Cash and cash equivalents comprise cash balances, and cash in transit and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the consolidated entity's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

(j) Impairment

The carrying amounts of the consolidated entity's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(k) Calculation of recoverable amount

The recoverable amount of the consolidated entity's receivables carried at amortised cost is calculated as the present value of estimated future cash flows, discounted at the original effective interest rate (ie the effective interest rate computed at initial recognition of these financial assets). Receivables with a short duration are not discounted.

Significant receivables are individually assessed for impairment. Impairment testing of receivables that are not assessed individually is performed by placing them into portfolios of significant receivables with similar risk profiles and undertaking a collective assessment of impairment based on objective evidence from historical experience adjusted for any effects of conditions existing at each balance date.

The recoverable amount of other assets or cash-generating units is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

(l) Leases

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement so as to reflect the risks and benefits incidental to ownership.

Operating leases

The minimum lease payments of operating leases, where the lessor effectively retains substantially all of the risks and benefits of ownership of the leased item, are recognised as an expense on a straight-line basis.

The lease incentive liability in relation to the non-cancellable operating leases is being offset against lease rental expense on a straight line basis over the lease terms (generally 5 years).

(m) Contributed equity

Initially, share capital is recognised at the fair value of the consideration received by the Company. Where shares are issued in conjunction with a business combination involving the acquisition of an entity under common control (refer to accounting policy Note 1(c)), the amount of share capital recognised by the Company is equal to the amount previously recorded in share capital of the acquired entity.

Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(n) Interest-bearing borrowings

Interest bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest bearing borrowings are stated at amortised cost with any difference between costs and redemption value being recognised in the income statement over the period of the borrowings on an effective interest basis.

(o) Employee benefits

Long-term service benefits

The consolidated entity's net obligation in respect of long-term service benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using expected future increases in wage and salary rates including related on-costs and expected settlement dates, and is discounted using the rates attached to the Commonwealth Government bonds at the balance sheet date which have maturity dates approximating to the terms of the consolidated entity's obligations.

Short Term Benefits

Liabilities for employee benefits for wages, salaries, annual leave and sick leave that are expected to be settled within 12 months of the reporting date represent present obligations resulting from employees' services provided to reporting date, are calculated at undiscounted amounts based on remuneration wage and salary rates that the consolidated entity expects to pay as at reporting date including related on-costs, such as workers compensation insurance and payroll tax.

(p) Provisions

A provision for dividends is not recognised as a liability unless the dividends are declared, determined or publicly recommended on or before the reporting date.

Site restoration provision

In accordance with the consolidated entity's legal requirements, a provision for site restoration in respect of make good of leased premises is recognised when the premises are occupied.

The provision is the best estimate of the present value of the expenditure required to settle the restoration obligation at the reporting date, based on current legal requirements and technology. Future restoration costs are reviewed annually and any changes are reflected in the present value of the restoration provision at the end of the reporting period.

The amount of the provision for future restoration costs is capitalised and is depreciated in accordance with the policy set out in note 1(e). The unwinding of the effect of discounting on the provision is recognised as a finance cost.

(q) Trade and other payables

Liabilities for trade creditors and other amounts are carried at their amortised cost.

Payables to related parties are carried at the principal amount. Interest, when charged by the lender, is recognised as an expense on an accrual basis.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(r) Revenue recognition

Revenue is recognised at fair value of the consideration received net of the amount of goods and services tax (GST) payable to the taxation authority and to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised.

Sale of Goods

Revenue from the sale of fashion jewellery is recognised when the significant risks and rewards of ownership have been transferred to the buyer. For stock on consignment to franchisees, the significant risks and rewards of ownership are transferred to the buyer at the point of sale.

(s) Expenses

Net financing income/costs

Interest income is recognised in the income statement as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established which in the case of quoted securities is ex-dividend date.

(t) Income tax

Income tax on the income statement for the periods presented comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following differences are not provided for: changes to the valuation of the put option, goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Additional income taxes that arise from the distribution of dividends are recognised at the same time as the liability to pay the related dividend is recognised.

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(u) Determination of fair values

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and / or disclosure purposes based on the following methods.

Derivatives

The fair value of interest rate swaps is based on broker quotes. Those quotes are tested for reasonableness by discounting estimated future cash flows based on the terms and maturity of each contract and using market interest rates for a similar instrument at the measurement date.

Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

Notes to the Financial Statements

For the period 30 June 2013	Notes	2013 \$	2012 \$

Notes to the Financial Statements

For the period 30 June 2013

	2013 \$	2012 \$
9. Trade and other payables		
Trade payables and accrued expenses	2,623,487	730,632
Non-trade payables and accrued expenses	1,609,828	1,121,652
Total trade and other payables	4,233,315	1,852,284
10. Employee benefits		
Management bonus accrual	-	230,000
Liability for annual leave	972,079	501,485
Liability for long service leave	83,486	-
Total employee benefits - current	1,055,565	731,485
11. Loans and borrowings		
Shareholder loans	13,171,728	14,410,469

Shareholder loans are provided interest free and are repayable on demand.

	2013 \$	2012 \$
12. Put option		
Opening balance – non-current	11,388,130	-
Change in value during the period	300,345	11,388,130
Closing balance – non-current	11,688,475	11,388,130

Lovisa Pty Ltd has a liability for a share buy-back in FY15 and FY20. The valuation of the liability is a multiple of FY15 and FY20 earnings before interest and tax, discounted at Lovisa Pty Ltd's weighted average cost of capital. The estimate is sensitive to assumptions around FY15 and FY20 earnings, the exchange rate of the A\$ to the U\$ and the cost of equity.

	2013 \$	2012 \$
13. Provisions		
<i>Site restoration (make good)</i>		
Opening balance – non-current	269,000	239,000
Provisions made during the year	516,331	30,000
Closing balance – non-current	785,331	269,000
<i>Straight line rent</i>		
Opening balance – non-current	582,975	318,544
Provisions made during the year	246,232	264,432
Closing balance – non-current	829,207	582,976
<i>Income Tax Provision</i>		
Opening balance – non-current	-	-
Provisions made during the year	647,454	-
Closing balance – non-current	647,454	-
Total non-current provision	2,261,992	851,976

Notes to the Financial Statements

For the period 30 June 2013

	2013 \$	2012 \$
14. Share Capital		
Ordinary shares		
On issue at the beginning of the period	822,567	822,567
Issued for cash	-	-
Converted to B class shares	-	-
On issue at the end of the period	<u>822,567</u>	<u>822,567</u>
B Class shares		
On issue at the beginning of the period	177,433	177,433
Converted from ordinary shares	-	-
On issue at the end of the period	<u>177,433</u>	<u>177,433</u>
Total	<u>1,000,000</u>	<u>1,000,000</u>

All issued shares are fully paid.

B class shares have no right to vote in any circumstances. B class shares have the same rights as the holder of an ordinary share to receive payment out of profits of the Company of a dividend, and the same rights as the holder of an ordinary share in a winding up of the Company.

15. Leases

Non-cancellable operating lease rentals are payable as follows;

	2013 \$	2012 \$
Less than one year	7,653,699	6,059,982
Between one and five years	15,344,955	15,741,688
More than five years	245,228	155,158
	<u>23,243,882</u>	<u>21,956,826</u>

The Company leases a number of stores. The leases typically run for a period of five years.

During the year an amount of \$12,375,816 (2012: \$6,542,639) was recognised as an expense in the statement of comprehensive income in respect of operating leases.

16. Income Tax

As disclosed, the Company obtained a profit before tax of \$6,033,317 in 2013 (2012: loss of \$4,994,510) and consequently an income tax provision totalling \$647,454 (2012: nil) has been raised in the 2013 Financial Year, given the company does not have sufficient tax losses to offset total income tax payable.

17. Auditors remuneration

	2013 \$	2012 \$
Audit services		
Auditors of the Company : KPMG Australia Audit and review of financial reports	43,000	45,000
Other services provided by KPMG: Taxation services	20,000	10,000

19. Former Controlled Entities

Controlled Entities	Country of incorporation	Ownership interest 2013	Ownership interest 2012	Ownership interest 2011
Lovisa (New Zealand) Pty Ltd	New Zealand	0%	100%	100%
Lovisa Singapore Pte Ltd	Singapore	0%	100%	-
Lovisa Malaysia Sdn Bhd	Malaysia	0%	100%	-

Lovisa (New Zealand) Pty Ltd was incorporated on 5th March 2010. Share capital is NZ \$100.
 Lovisa Singapore Pte Ltd was incorporated on 27th April 2012. Share capital is S\$ 300,000.
 Lovisa Malaysia Sdn Bhd was incorporated on 11th May 2012. Share capital is RM 900,000.

The above controlled entities were sold to Lovisa International Pty Lte on 30 June 2013.

20. Commitments and contingencies

There are no capital commitments or contingent liabilities that exist at 30 June 2013 (2012: Nil).

21. Subsequent events

There has not arisen in the interval between the end of the financial period and the date of this report any item, transaction or event of a material nature likely to affect significantly the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future years.

Directors' Declaration

In the opinion of the directors of Lovisa Pty Limited ("the Company"):

- (a) the Company is not a reporting entity;
- (b) the financial statements and notes, set out on pages 6 to 22, are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the financial position of the Company as at 30 June 2013 and of its performance, as represented by the results of its operations and its cash flows, for the financial year ended on that date in accordance with the statement of compliance and basis of preparation described in Notes 1; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) to the extent described in Notes 1, and the *Corporations Regulations 2001*; and
- (c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors.

Shane Fallscheer

Independent audit report to the members of Lovisa Pty Limited

Report on the financial report

We have audited the accompanying financial report, being a special purpose financial report, of Lovisa Pty Limited (the company), which comprises the statement of financial position as at 30 June 2013, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period ended on that date, notes 1 to 21 comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Notes 1 to 21 to the financial report is appropriate to meet the requirements of the *Corporations Act 2001* and is appropriate to meet the needs of the members. The directors' responsibility also includes such internal control as the directors determine necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In note 1, the directors also state, in accordance with Australian Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with the basis of accounting described in Notes 1 to 21 to the financial statements so as to present a true and fair view which is consistent with our understanding of the company's financial position, and of its performance.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's opinion

In our opinion the financial report of Lovisa Pty Limited is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company's financial position as at 30 June 2013 and of its performance for the period ended on that date;
- (b) complying with Australian Accounting Standards to the extent described in Note 1 and the Corporations Regulations 2001; and
- (c) the financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose.
