(3) Distribution payout ratio = total distribution payments as a percentage of normalised operating cash flow.

(4) Primarily as a result of exclusion of earnings and tax on distributions from Envestra.

# Connected infrastructure creating value and opportunity

- Strengthening our capabilities in a dynamic market
  - Expanding, extending and enhancing our infrastructure portfolio
  - Additional, smart capabilities in our pipeline grid, including storage, interconnection and bi-directional flow
  - Inter-connecting multiple markets with multiple resources
  - Maintaining a strong balance sheet
- Continuing to be innovative and flexible
  - Assisting clients with managing dynamic gas market conditions, particularly through the current LNG ramp up phase
  - Increasing asset utilisation
- Industry leading expertise
  - Comprehensive in-house infrastructure expertise and skills – infrastructure development, engineering, operations, commercial – across all of the assets we own and operate

## HY15 highlights

- ➔ **SWQP and GGP expansions** driving enhanced returns
- ➔ **\$300-400 million p.a. organic growth projects**
- ➔ Strong track record and reputation, evidenced by **contract retention and extension**
- ➔ Successful bid for the **QCLNG Pipeline** – providing a more direct access to LNG component of the east coast market
- ➔ Successful **completion of \$1.8bn equity raising and \$4bn 2-yr bridge debt facility**, demonstrating strong stakeholder confidence in APA's strategy and balance sheet strength

# QCLNG – long term contract gives access to new volumes

- Acquisition complements APA's existing East Coast grid
  - Long term contracts with two highly credit-worthy counterparties
  - Immediate access to new volumes and full revenue upon commissioning
  - Possibility of additional interconnection points with APA's east coast grid
  - Potential for APA to further enhance efficiency with operatorship
  
- Acquisition financing running to plan
  - \$1.8bn equity raising successfully completed in January 2015
  - US\$4bn 2-year bridge debt facility in place at the time of announcement, gives ample time to term out competitively in the global debt capital markets

# Developing growth capital projects across Australia

- Continued expansion and enhancement of APA's gas infrastructure portfolio, with many growth opportunities unique to APA
- Committed projects underwritten by long term revenue contracts and/or regulatory arrangements

# East coast grid – connecting multiple markets with multiple resources

- Provision of flexibility during dynamic market conditions for gas
  - SWQP expansion already delivering
  - NSW – VIC connection expansion under way
  - Flexible services to move gas where it is needed on the east coast
  - Feasibility study continues on NT Link
  - Bi-directional capability being implemented
- QCLNG Pipeline acquisition enhances footprint and provides access to new volumes to Gladstone
  - Connection points with the existing APA grid will provide further flexibility for foundation shippers and future opportunities for APA
