Philip Trueman  
**Company Secretary**

## ASX RELEASE

2 March 2015

### Monadelphous Concludes Acquisition of Water Infrastructure Business

Leading engineering company Monadelphous Group Limited (ASX: MND) (“Monadelphous” or “the Company”) is pleased to announce it has concluded the purchase agreement with Water Infrastructure Group Pty Ltd (“WI Group”) to acquire the contracts and net assets of its design, build and maintain business which was announced in December 2014.

WI Group is a leading provider of water infrastructure solutions across Australia and New Zealand and will provide Monadelphous with strong capability in water design solutions. It has well established customer relationships with councils, utilities and the private sector and supports the Company’s long term market growth strategy through the diversification of revenue sources.

Monadelphous Managing Director, Rob Velletri, said that the acquisition was a milestone in the Company’s growth strategy. “The WI Group business will expand our presence in the Australian and New Zealand water markets as well as providing significant opportunities in the growing infrastructure maintenance sector.”

As previously announced, the earnings impact of the acquisition to Monadelphous for the 2014/15 financial year is not expected to be material.
