Australian Rare Earths company **Arafura Resources Limited (ASX: ARU)** ("**Arafura**" or the "**Company**") is pleased to advise it has received A\$3.4 million as a tax refund for eligible research and development ("**R&D**") expenditure in relation to the development of its 100 percent-owned Nolans Rare Earths Project in the Northern Territory.

The ongoing support by the Australian Government in the form of the R&D Tax Incentive program brings the total cash receipts from the rebate incentive to A\$30.0 million.

The R&D Tax Incentive program is jointly administered by the AusIndustry business services group of the Department of Industry and Science, and the Australian Taxation Office.
