Executive Appointments – Focus on Accelerated Growth

1stAvailable Limited (ASX:1ST) Australia's leading provider of on-line healthcare bookings is pleased to announce the appointment of four key executives to join its senior leadership team.

These executives will make a critical contribution to the company's plans for growth. The executive team will help deliver on the company's strategy and goal to establish 1stAvailable as the healthcare industry's online booking service of choice, and to continue building the company's national footprint through direct and indirect sales.

The appointments follow 1stAvailable's successful IPO and the completion of the three acquisitions set out in the company's prospectus. The executive appointments include:

James Sully - Commercial Director

The CEO and founder of recently acquired Clinic Connect, James will continue to build the 1stAvailable sales channels in his new role as Commercial Director. A primary focus of this role will be on securing, maintaining, and expanding relationships with channel partners.
