The strong Q1 sales result exceeded the previous record from Q1FY15 by 28%.

The Company notes there was an even spread of orders across all geographies it operates in, including approximately 40% coming from emerging markets. As a result, Catapult experienced a lower mix of subscription units for the quarter (38% vs 49% in PCP).

Shaun Holthouse, Chief Executive Officer, commented "Q1 is historically one of the quieter periods for sales, but in this case the strong growth achieved meant Q1FY15 was in fact our 2nd highest quarterly sales result on record – a tremendous achievement by our team"

Continued growth across all key metrics

The record sales period has resulted in strong growth across all other key metrics including:

- ☐ Total units under subscription: 4,986 (up 12% on previous quarter)
- □ Subscription revenue per month: \$696k¹ (up 14% on previous quarter)
- □ Annualised Run Rate (ARR) from subscription revenue exiting Q1 FY16 is now at \$8.4m
