LEGEND ANNOUNCES SHARE BUY BACK

The Directors advise that Legend Corporation Limited (ASX:LGD) will undertake an on-market share buy-back ("buy-back") enabling the company to buy-back up to a maximum 21.9 million shares over a 12 month period commencing 24 December 2015. The buy-back forms part of the company's capital management strategy.

Managing Director Brad Dowe said: "The buy-back is an effective means of returning capital to shareholders whilst the directors see the company's share price trading much below the underlying value of the company. Legend expects the buy-back to be earning per share accretive, funded from existing cash reserves and debt facilities and will be prudently managed to maintain appropriate balance sheet capacity to fund further acquisitions"

The total number of shares purchased under the buy-back will depend on business and market conditions, the prevailing share price, available cash reserves and market volumes. In accord with ASX rules; the price paid for the shares purchased under the buy-back will be no more that 5% above the volume weighted price of LGD over the 5 trading days prior to purchase.

Legend will only buy back shares at volumes, times and in such circumstances as the Directors consider beneficial to the efficient capital management of the company.

The appendix 3C relating to the buy-back is attached to this announcement.
