**DICKER DATA APPOINTED AS DISTRIBUTOR FOR NUANCE
Marks Entry Into Document Management Space**

The Board of Directors of Dicker Data Limited (ASX: DDR) are pleased to announce our appointment as a distributor for Nuance Communications. DDR will provide software solutions including Power PDF, OmniPage, PaperPort and Dragon to channel partners and software resellers in Australia.

“Nuance provides a range of products that unlock opportunities for our existing resellers to increase the breadth of their partner engagement and achieve strong margins at the same time,” Dicker Data Chairman and CEO, David Dicker, said.

Nuance Asia-Pacific director of channels and OEM, Nathan Taylor, said the growth of its licensing business has led to the development of its distribution strategy and partnership with Dicker Data. ““After reviewing our distribution strategy and conducting due diligence on potential distributors, what clearly emerged from our channel partners was that we should talk to Dicker Data. I am really looking forward to seeing Dicker Data help take our business with the channel in Australia to the next level.”

For and on behalf of the Board,

David Dicker
Chairman & CEO
