Review of Operations

The improvement in the Group result for the first half was predominantly due to a strong performance by existing businesses and the contribution from the Presidian, UFS and Anglo Scottish acquisitions.

The key points from the last six months are:

- Consolidated (UNPATA) of \$41.8m, which was a 33.6% increase over the prior period, was attributable to both strong performance from existing business and the contribution in the period from acquired businesses. The growth in existing businesses was underpinned by new business wins, increased penetration levels, strong cost control and realisation of efficiency benefits from investment in IT platforms.
- Group Remuneration Services UNPATA of \$28.3m was \$3.7m or a 15% increase over the prior period. Revenue increased by 10.4% over the prior period whilst total expenses were well controlled.
- Assets under management in our Asset Management segment grew by 3% during the half, driven largely by our UK operations and also reflects the level of price competition that remains in the Australian market. Asset growth was achieved in the UK notwithstanding a portion of the fleet (\$27.4m) was moved off balance sheet as part of the principal and agency arrangements with a number of funding providers. Our UK operations will be strengthened by the acquisition of Anglo Scottish on 4 November 2015 which provided an UNPATA contribution of \$0.4m since acquisition date in the half.
- The Company announced the completion of the acquisition of UFS on 31 July 2015 to augment the Presidian acquisition in February 2015 in forming the Retail Financial Services segment (RFS). This segment contributed UNPATA of \$7.1m in the half.
- Cash generation before investment in fleet and financing activities was strong at \$54.3m.
- Cash at bank as at 31 December 2015 was \$67.2m. Excluding debt associated with funding fleet assets, the Group had net cash of \$11.6m at 31 December 2015.
- 733,008 shares were issued in relation to the vesting of executive options (proceeds to the Group of \$5.4m).
- Return on equity was 23.0% and return on capital employed was 20.5%.
- Basic and diluted earnings per share were 47.1 cents and 47.0 cents respectively.
- The company declared an interim fully franked dividend of 29 cents per share (1H15: 25.0 cents per share). The record date is 1 April 2016 and it will be paid on 15 April 2016.

13. BUSINESS COMBINATION

(a) Subsidiaries acquired

The Group completed its acquisition of 100% of United Financial Services Pty Ltd, United Financial Services Network Pty Ltd and United Financial Services (Queensland) Pty Ltd (collectively known as "UFS") on 31 July 2015. The UFS companies are incorporated in Australia and specialises in the delivery of consumer and commercial finance and insurance products in the Australian sector. The acquisition consolidates MMS' position in the auto financing sector and builds on the investment in Presidian that was completed in February 2015. The addition of UFS will enhance the Retail Financial Services business segment and brings numerous cross selling opportunities across the businesses in MMS and the realisation of corporate and operational synergies.

On 4 November 2015, the Group completed the acquisition of 100% of Anglo Scottish Asset Finance ("Anglo Scottish"). Anglo Scottish is incorporated in the UK and provides integrated asset finance and asset management business in the UK sector. Anglo Scottish brings a comprehensive network of funder relationships and will complement the existing CLM business in the UK. The addition of Anglo Scottish to the Asset Management segment is anticipated to facilitate the cross-sharing of service capabilities to enhance operational efficiencies and a broader range of asset finance solutions. Its addition to existing UK operations also strengthens business capability and reach through wider geographic access across the UK.

(b) Consideration transferred

Consideration for the UFS acquisition was \$43.1m, less cash assumed of \$2.1m, funded by \$25.7m of cash and 1,342,926 of fully paid ordinary shares that were fair valued at \$17.4m on completion. Fair value was determined as the volume weighted average closing price of the Company's shares for the 30 days to completion date. The shares issued are free from encumbrances but will be held in escrow for various periods up to 24 months.

Anglo Scottish was acquired for a consideration of \$26.7m (£12.8m) that comprised upfront cash payments of \$18.9 (£9.0m) less cash assumed of \$4.5m (£2.2m) and a contingent consideration that has been fair valued at \$7.9m (£3.8m). The contingent consideration is based on the cumulative EBITDA of Anglo Scottish over the three year period from 1 January 2016 to 31 December 2018. The earn-out payment up to a maximum of £7.0m is determined from the following cumulative EBITDA targets.

EBITDA Earn-out consideration

Equal to or exceeds £8.1m; and £4.0m

Equal to or exceeds £9.4m; and £1.0m

Equal to or exceeds £12.5m

£2.0m

It has been estimated that a potential undiscounted earn-out consideration of £4.0m (\$8.4m) is payable under the sale agreement. The fair value is based on a probability weighted assessment of projected EBITDA under the existing business plan and present valued using the segment's incremental borrowing rate of 2.8%.
