Unless you are an Excluded Foreign Shareholder, you are eligible to participate in the Buy-Back in respect of Shares registered in your name on the Buy-Back Record Date, and in accordance with the Settlement Rules, those Shares confer an entitlement to receive this Invitation.

If you tender your Shares into the Buy-Back, you make a formal offer to sell those Shares on the terms and conditions set out in the Buy-Back Documents. If Caltex accepts your Tender, a Buy-Back Contract is formed and your tendered Shares will be sold to Caltex on those terms and conditions.

How to participate

The Buy-Back is an opportunity for you to offer to sell some or all of your Shares to Caltex (on the terms of the Buy-Back Documents) by submitting a Tender.

It is entirely your choice whether or not to participate in the Buy-Back. If you choose not to participate in the Buy-Back, you do not need to take any action, and the number of Shares you hold will not change as a result of the Buy-Back (however, your proportional shareholding in the Company will increase if other shareholders participate in the Buy-Back).

The following provides a summary of the steps you need to follow if you do choose to participate in the Buy-Back. Further details regarding each of these steps are set out in Section 1.

Step 1: Decide how many Shares you wish to sell	<ul style="list-style-type: none">• If you hold 50 Shares or less and want to participate, you must Tender all of your Shares in one parcel at one of the specified Tender Discounts or as a Final Price Tender• If you hold more than 50 Shares, you can tender different parcels of Shares at different Tender Discounts and/or as a Final Price Tender
Step 2: Select your Tender Discount(s) and/or a Final Price Tender	<ul style="list-style-type: none">• You can select the Tender Discount(s) between 10% and 14% at which you are willing to sell some or all of your Shares (your Tender price):<ul style="list-style-type: none">– if the Buy-Back Price is higher than your Tender price, you will receive the higher Buy-Back Price for all of your Shares that are bought back by Caltex;– if the Buy-Back Price is less than your Tender price, Caltex will not buy back your Shares. Under no circumstances will your Shares be bought back at a price lower than your Tender price• Alternatively, you can choose to Tender some or all of your Shares as a Final Price Tender. This means you are willing to sell your Shares at the Buy-Back Price determined by Caltex following the tender process
Step 3: Select your Minimum Price (optional)	<ul style="list-style-type: none">• Determine whether you wish to make your Tender conditional on one of the Minimum Prices set out on your Tender Form. This means your Tender will not be accepted if the Buy-Back Price is less than the Minimum Price you select
Step 4: Submit your Tender(s)	<ul style="list-style-type: none">• If you are an Issuer Sponsored Holder, you can lodge your Tender online at www.caltex.com.au or you can complete and sign the applicable Tender Form that accompanies this booklet• If you are a CHESS Holder, you should instruct your broker to process your Tender via CHESS or you can lodge your Tender online at www.caltex.com.au• Tenders must be received by the Registry, or processed by your broker through CHESS, by no later than 7.00pm (Sydney time) on the Closing Date

If you choose not to participate

If you choose not to participate in the Buy-Back (or are ineligible to participate), you do not need to take any action. The number of Shares you hold will not change; however, your proportional shareholding in Caltex will increase if other shareholders participate in the Buy-Back. As a shareholder, you will benefit from any improvement in Caltex's EPS and ROE, and you will continue to be subject to the normal benefits and investment risks associated with share ownership.

Definitions

Section 5 of this booklet defines the capitalised words used in this booklet and sets out other rules of interpretation.

Chairman's letter

Dear Shareholder,

In late 2014, Caltex undertook a capital management review, with a focus on maximising shareholder returns. While our priority is to continue to invest in the business and in growth initiatives to deliver those returns, we committed to considering capital management opportunities to return our surplus franking credits to shareholders. We also committed to ensuring we would maintain sensible debt levels, including maintaining sufficient headroom to capitalise on growth opportunities, and to respond to changes to the operating environment and major liquidity events.

I am pleased to advise that as a result of the review, we are undertaking an off-market Buy-Back and invite you to participate. This option was selected because while we are focused on investing in the business and exploring growth initiatives to generate sustainable long term earnings growth, we are also focused on the efficient allocation of capital and maximising total shareholder returns. The Buy-Back is aimed at achieving a balance between returning capital to shareholders, retaining sufficient flexibility to invest capital for growth and maintaining a strong balance sheet. We believe that the Buy-Back will benefit all our shareholders, whether or not you choose to participate. This is because the Buy-Back is expected to improve earnings per share and return on equity.

We are aiming to buy back around \$270 million worth of Shares which represents approximately 3.2%⁽¹⁾ of our outstanding Shares. If you decide that you would like to participate, you can either offer to sell your Shares in Caltex:

- at specified discounts of between 10% and 14% (inclusive) to the Market Price; or
- as a Final Price Tender (which is an election to receive the Buy-Back Price determined by Caltex through the tender process).

For details of the buy-back tender process and how to participate, please refer to Section 1 of this booklet.

Caltex has obtained a draft Class Ruling from the Australian Taxation Office, indicating that for Australian tax purposes, the Buy-Back Price will comprise a Capital Component of \$2.01⁽²⁾, with the remainder of the price being deemed to be a fully franked dividend. We expect this Class Ruling to be confirmed by the ATO after completion of the Buy-Back.

As the Buy-Back will have different tax consequences for different shareholders, your decision to participate will be determined by your own personal circumstances. In some circumstances (particularly if you are on a low marginal tax rate), selling your Shares under the Buy-Back may be more advantageous to you than selling your Shares on market. General information on the Australian tax consequences for participants is provided in Section 2 of this booklet.

Participation in the Buy-Back is entirely optional. If you wish to submit a Tender, please follow the instructions in Section 1.13 of this booklet. Tenders must be received by the Registry or, if you are a CHESS holder, you must ensure that your broker processes your Tender by no later than 7.00pm (Sydney time) on Friday, 8 April 2016. If you have any questions on how the Buy-Back operates, please contact the Buy-Back Information Line on 1300 783 056 from within Australia or on +613 9415 4216 from outside Australia.

This is an exciting time for Caltex, and the Board and I are pleased to be able to present this opportunity for your consideration.

I urge you to consider this document carefully. In deciding whether or not to participate in the Buy-Back, you should discuss your particular circumstances with your professional adviser.

Yours sincerely

Greig Gailey
Chairman

(1) Based on 270 million Caltex Shares on issue, an assumed Market Price of \$36.00 and an assumed 14% Buy-Back Discount.

This booklet invites you to offer to sell your Shares to Caltex by submitting a Tender in the Buy-Back. It sets out the terms of the Buy-Back and other information to assist you in making a decision on whether to participate in the Buy-Back.

Overview of the Buy-Back

1.1 What is an off-market buy-back tender?

Under an off-market buy-back tender, a company invites eligible shareholders to offer to sell some or all of their shares to the company by way of a tender process. If the company accepts the offer, then a buy-back agreement is formed on the applicable terms. Any shares bought back are cancelled, which reduces the number of shares on issue.

1.2 Why is Caltex implementing the Buy-Back?

While our priority is to continue to invest in the business and in growth initiatives, Caltex's strong balance sheet and cash flows means we can return capital to shareholders in conjunction with investing for future earnings growth.

Caltex is implementing the Buy-Back to efficiently distribute surplus capital and franking credits to shareholders.

1.3 Why is the Buy-Back considered the most efficient strategy for returning capital?

The Board considered various alternatives for returning capital to shareholders and determined that the Buy-Back, conducted as an off-market tender, is the most efficient and value-enhancing strategy to distribute the Company's surplus capital and franking credits because:

- the Buy-Back maximises total shareholder returns by enabling Caltex to buy back Shares at a discount of 10% to 14% to the Market Price. This is likely to enable Caltex to buy back a greater number of Shares (for the same amount of capital) than under an on-market buy-back and it maximises the reduction in the number of Shares on issue;
- both participating and non-participating shareholders are expected to benefit from the Buy-Back as:
 - for some shareholders, depending on their tax status, the after-tax return from participating in the Buy-Back may be greater than the sale of their Shares on-market;
 - the Buy-Back is expected to improve EPS and ROE for shareholders who continue to hold Shares;
- the targeted amount of capital can be bought back within a relatively short period of time;
- Caltex is able to determine the most appropriate number of Shares to buy back based on shareholder demand;
- participation is optional and shareholders who choose to participate can tailor their participation to suit their own circumstances. In particular, you can choose:
 - whether to tender your Shares into the Buy-Back;
 - how many Shares to be tendered (other than if you own 50 Shares or less, in which case you must tender all of your Shares); and
 - the basis on which to tender your Shares (for example, at what Tender Discount(s) or as a Final Price Tender, with the option to make your Tender conditional on a Minimum Price);
- all eligible shareholders have an equal opportunity to participate in the Buy-Back;

- shareholders with a Small Holding are able to sell all of their Shares into the Buy-Back so as not to be left with a small parcel of Shares (see Section 1.19 for full details of Small Holding Tenders);
- shareholders should not have to pay any brokerage to sell their Shares into the Buy-Back.

The Board believes that the Buy-Back can be undertaken without prejudicing Caltex's ability to maintain its ordinary dividend payout of 40-60% of RCOP NPAT. While the Buy-Back will result in a reduction of the Company's available franking credits, the Board does not expect the Buy-Back to have any material impact on Caltex's ability to fully frank its dividends in future years. Further information on the effect of the Buy-Back on Caltex is set out in Section 3.

The Board believes that there would be no material impact from the Buy-Back on the control of Caltex or the relative voting power of shareholders in Caltex.

1.4 What is the size of the Buy-Back?

Caltex currently intends to buy back around \$270 million worth of Shares equivalent to approximately 3.2% of issued capital⁽¹⁾ based on an assumed Market Price of \$36.00 and an assumed 14% Buy-Back Discount. However, Caltex may, in its complete discretion, choose to buy back a lower amount or no Shares at all, depending on a number of factors including shareholder demand, market conditions and future capital requirements.

Under the Corporations Act, Caltex has the ability to buy back (without shareholder approval) any number of Shares up to a maximum of 10% of the smallest number of Shares it has had on issue over the 12 months preceding the Buy-Back. This limit would permit Caltex to buy back up to 27 million Shares under the Buy-Back. Caltex will not buy back more than 27 million Shares under the Buy-Back.

1.5 How long will the Buy-Back be open?

The Buy-Back will be open from Monday, 14 March 2016 to Friday, 8 April 2016. Shareholders may only lodge Tenders within this period. Caltex, in its absolute discretion, may change this period, but does not expect to do so. If the Tender Period is extended, the new Closing Date will be announced to the ASX and disclosed on Caltex's website.

1.6 How will the Buy-Back be conducted?

Caltex is conducting the Buy-Back through an off-market tender process. All shareholders eligible to participate in the Buy-Back will be able to submit offers to sell their Shares at specified discounts in the Tender Discount Range from 10% to 14% (at 1% intervals) to the Market Price, or as a Final Price Tender.

At the end of the Tender Period, Caltex will consider the Tenders and determine the Buy-Back Price. All successful Tenders will receive the Buy-Back Price for each Share bought back, even if Shares were tendered at a Tender Discount greater than the Buy-Back Discount. Any Shares tendered at a Tender Discount lower than the Buy-Back Discount will not be accepted. If the number of Shares tendered at or above the Buy-Back Discount (including Final Price Tenders) exceeds the number of Shares Caltex determines to buy back, a scale back will operate on the basis set out in Section 1.19.

(1) Caltex currently has 270 million shares on issue.

Your participation in the Buy-Back

1.7 Can I participate in the Buy-Back?

If you are not an Excluded Foreign Shareholder, you may offer to sell Shares in the Buy-Back if:

- Shares are registered in your name on the Buy-Back Record Date (being 7.00pm (Sydney Time), Tuesday, 1 March 2016); and
- in accordance with the Settlement Rules, those Shares confer an entitlement to participate in this Buy-Back. The maximum number of Shares you may tender is set out on your personalised Tender Form which accompanies the copy of the booklet that is provided to you and is also stated via the online tendering process.

Shares acquired on the ASX on or after the Ex-Entitlement Date (Friday, 26 February 2016) generally will not be registered in your name by the Buy-Back Record Date and therefore will not carry an entitlement to participate in the Buy-Back. An Excluded Foreign Shareholder is a person who resides outside of Australia and New Zealand, including any person who is (or who is acting on behalf of or for the account of a person who is) in the United States, a US Person or a resident of Canada. Excluded Foreign Shareholders are not eligible to participate in the Buy-Back (other than in the limited circumstances described in Section 4.1).

1.8 Do I have to participate in the Buy-Back?

No, participation in the Buy-Back is optional. If you do not want to sell any of your Shares into the Buy-Back, you do not need to take any action.

1.9 What if I do not participate in the Buy-Back?

If you do not participate in the Buy-Back, or you participate but none of your Shares are bought back, the number of Shares you hold will not change as a result of the Buy-Back, although your proportional shareholding in Caltex will increase slightly if the Buy-Back proceeds, as there will be fewer shares on issue (as shown in Section 3.7). You will also benefit from any improvement in EPS and ROE and you will continue to be subject to the normal investment risks associated with share ownership.

1.10 Why would I participate in the Buy-Back?

Reasons you may choose to participate in the Buy-Back include:

- all of the Buy-Back Price above \$2.01⁽¹⁾ is expected to be treated as a fully-franked dividend (refer to Section 2). Depending on your individual taxation circumstances and the Australian income taxation consequences for you, this may provide a greater after-tax return than selling your Shares on the ASX;
- no brokerage fee should be payable and there is no need to appoint a stockbroker in order to participate in the Buy-Back; and
- if you have a Small Holding, it may be an efficient method of selling all of your Shares.

Generally, Australian resident shareholders on low marginal tax rates (including individuals, tax exempt charities and complying superannuation funds) are more likely to wish to sell their Shares in the Buy-Back because the after-tax outcome may exceed the after-tax outcome of selling Shares on the ASX.

Refer to Section 2.4 of this booklet for an illustrative example of the total after-tax proceeds if you sell your Shares under the Buy-Back and if you sell your Shares on the ASX.

The market price of Shares on the ASX may be, or may move, higher than the Buy-Back Price during the Tender Period. It may also change materially in the future. By making the Invitation, and in setting the Tender Discount Range, Caltex is not making any recommendation or giving any advice on the value of its Shares, or whether (or how) you should sell your Shares. **Before you decide what to do with your Shares, we strongly recommend you seek your own professional advice (including taxation and financial advice) having regard to your individual circumstances.**

1.11 Why might I not participate in the Buy-Back?

Reasons you may choose not to participate in the Buy-Back include:

- you do not wish to dispose of any of your Shares;
- participating in the Buy-Back may not suit your individual tax circumstances (this might be the case for non-resident shareholders and Australian resident shareholders on high marginal tax rates);
- you may be able to sell your Shares for a higher price on the ASX and may receive a higher after-tax return depending upon your tax position. Caltex's share price on the ASX may be, or may move higher, than the Buy-Back Price during, or after, the Tender Period. It may also change materially in the future;
- you may wish to retain your Shares to benefit from an increased percentage shareholding in Caltex, and potential increased EPS and ROE after completion of the Buy-Back; and
- there is no assurance that the Buy-Back will be completed or that your Tender will be accepted and not significantly scaled back.

1.12 Can I participate if I am a foreign shareholder?

Shares held by Excluded Foreign Shareholders, including any person who is (or who is acting on behalf of or for the account of a person who is) in the United States, a US Person or a resident of Canada, may not be tendered into the Buy-Back. It is anticipated that this Buy-Back may be less favourable for non-Australian residents. **You will need to seek professional advice on the taxation implications of the Buy-Back in your country of residence.**

The tendering process

1.13 How do I participate in the Buy-Back?

Step 1—Decide how many Shares you wish to sell

To participate in the Buy-Back, you first need to consider how many Shares you wish to sell. If you are submitting your Tender online, you should log into www.caltex.com.au and follow the instructions. If you have chosen to tender by completing the personalised Tender Form, then Box A on your personalised Tender Form accompanying this booklet sets out the maximum number of Shares you may tender.

If you hold more than 50 Shares (as at the Buy-Back Record Date), you may tender any number of your Shares into the Buy-Back (up to your maximum but not less than 50 Shares).

If you hold 50 Shares or less (as at the Buy-Back Record Date) and you wish to participate in the Buy-Back, you may only tender all (or none) of your Shares into the Buy-Back.

You must not, before the Buy-Back Date, sell or offer to sell to others the Shares you have offered to sell to Caltex, unless you have withdrawn or amended your Tender (see Section 1.14).

(1) This amount is subject to ATO approval (see Section 2).

Step 2—Select Your Tender Discount(s) and/or a Final Price Tender

Once you have determined the number of Shares you wish to sell, you need to indicate the Tender Discount(s) to the Market Price at which you are willing to sell those Shares.

You may tender your Shares at any of the specified discounts in the range of 10% to 14% inclusive (at 1% intervals) to the Market Price as set out on the Tender Form and/or as a Final Price Tender. The discount at which you tender your Shares will represent the lowest price (i.e. the largest discount to the Market Price) at which the Company will buy back your Shares if your Tender is successful).

If you hold more than 50 Shares, you may tender different parcels of your Shares at different Tender Discounts and/or as a Final Price Tender. However, you must tender a minimum of 50 Shares in aggregate. Further, you may not tender the same Shares at different Tender Discounts (or at both a specified Tender Discount and as a Final Price Tender). Each parcel of Shares tendered at a different Tender Discount or as a Final Price Tender is a separate Tender. The total number of Shares you tender into the Buy-Back must not exceed the number of Shares you held as at the Buy-Back Record Date (as set out on your Tender Form).

If you hold 50 Shares or less, you may only submit one Tender in respect of all of your Shares and your Tender must be at one of the specified Tender Discounts or as a Final Price Tender. Your Tender will only be successful if it is at a Tender Discount greater than or equal to the Buy-Back Discount or is a Final Price Tender. Therefore, you will have a greater chance of having your Shares bought back in the Buy-Back if you tender your Shares at a 14% Tender Discount or as a Final Price Tender.

What is a Final Price Tender?

Shareholders wishing to increase the likelihood that their Tender will be successful should submit a "Final Price Tender". Final Price Tenders are designed to make it easier for retail shareholders to participate successfully in the Buy-Back.

A Final Price Tender means the shareholder is willing to sell Shares at whatever Buy-Back Price is ultimately determined under the tender process. The Buy-Back Price could be as low as a 14% discount to the Market Price.

Final Price Tenders will only be scaled back if the Buy-Back Price is set at a 14% discount to the Market Price and the total number of Shares tendered at that discount and as Final Price Tenders is more than Caltex determines to buy back (see Section 1.19 for more details on the scale back process).

Step 3—Select Your Minimum Price (Optional)

In addition to choosing to tender your Shares at the specified Tender Discounts and/or as a Final Price Tender, you may also elect to impose a Minimum Price condition on your Tender. There are three Minimum Price options set out on the Tender Form from which you can choose. The Minimum Price can only be one of these three options. Selecting a Minimum Price on your Tender Form is an option available to you, but it may impact on the success of your Tender.

What is a Minimum Price?

If you are concerned that movements in the Caltex share price after you lodge your Tender may result in your Tender corresponding to a lower Buy-Back Price than you are willing to sell your Shares for, then you may wish to specify a Minimum Price below which you are not prepared to sell your Shares. If the Buy-Back Price is below your Minimum Price, then your Tender will be rejected and your Shares will not be bought back.

If you select a Minimum Price, you must ensure that you still nominate a Tender Discount or a Final Price Tender. If you fail to nominate a Tender Discount or a Final Price Tender, and only make your Tender conditional on a specified Minimum Price, your Tender will be invalid and will not be accepted by Caltex.

If you do not wish to specify a Minimum Price, leave the Minimum Price section on the Tender Form blank.

Step 4—Submission of Tenders

Once you have determined:

- the number of Shares you wish to sell;
- your Tender Discount(s) and/or any Final Price Tender; and
- if you so choose, your Minimum Price,

you need to submit your Tender if you wish to participate. The way you complete Step 4 and submit your Tender will depend on the type of holding you have. This will be specified on your Tender Form.

Tenders must be received no later than 7.00pm (Sydney time) on the Closing Date.

(a) Issuer Sponsored Holdings

If you have an Issuer Sponsored Holding (that is, you have a Securityholder Reference Number (SRN) which starts with an "I"), you can choose to submit your Tender online or you can complete and submit your personalised blue Tender Form.

If you wish to submit your Tender online, please visit the Caltex website at www.caltex.com.au and follow the instructions. You will require your SRN which is located in the top right hand corner of your personalised Tender Form (or any shareholder forms previously sent to you). Select the "Tender" option and submit your Tender. You will receive a confirmation of submission of your Tender via email.

If you wish to submit your Tender using a Tender Form, you need to complete and sign your personalised blue Tender Form and mail (using the reply paid envelope if posting in Australia) to:

Caltex Australia Limited Buy-Back

1 OVERVIEW OF THE BUY-BACK AND THE TENDER PROCESS CONTINUED

Your completed Tender Form, whether mailed or submitted online, must be received by the Registry no later than 7.00pm (Sydney time) on the Closing Date. Caltex will not accept your Tender Form unless it is actually received at the specified address before the Tender Period closes at 7.00pm (Sydney time) on the Closing Date. You should allow sufficient time for this if you are sending your Tender Form by mail.

If you have any questions in relation to the processing of your Tender Form, please call the Buy-Back Information Line on 1300 783 056 from within Australia or on +613 9415 4216 from outside Australia between 8.30am and 5.30pm (Sydney time), Monday to Friday. Alternatively, information on the Buy-Back is also available on the Caltex website at www.caltex.com.au.

(b) CHESS Holdings

If you have a CHESS Holding (that is, you have a Holder Identification Number (HIN) which starts with an "X"), you can choose to submit your Tender online or contact your controlling participant (usually your broker).

If you wish to submit your Tender online, please visit the Caltex website at www.caltex.com.au and follow the instructions. You will require your HIN which is located in the top right hand corner of your personalised Tender Form (or any shareholder forms previously sent to you). Select the "Tender" option and submit your Tender. You will receive a confirmation of submission of your Tender via email. Caltex strongly recommends that you submit your Tender online by no later than 5.00pm (Sydney time) on the Closing Date as the Registry requires your controlling participant to confirm acceptance of any online submission of your Tender before it is taken as validly submitted. There may not be sufficient time for the Registry to do this for any online Tenders submitted by CHESS holders after 5.00pm (Sydney time) on the Closing Date. Neither Caltex nor the Registry will be responsible if your controlling participant does not acknowledge and confirm your Tender in sufficient time.

If submitting your Tender through your controlling participant, you should contact them in sufficient time for your controlling participant to process your Tender no later than 7.00pm (Sydney time) on the Closing Date. The name of the controlling participant who manages your CHESS Holding as at the Buy-Back Record Date is printed on your green Tender Form.

Do not send your green Tender Form to the Registry.

If you have a CHESS Holding, you will be sent written confirmation from CHESS of the Tenders made on your holding or Tenders withdrawn by your controlling participant. Irrespective of its wording, this confirmation is not an acceptance by Caltex of any Tender.

1.14 Can I withdraw or amend my Tender?

Once you have submitted a Tender, you may only withdraw or amend your Tender by following the procedures set out below.

(a) Issuer Sponsored Holdings

If you have an Issuer Sponsored Holding, you can withdraw or amend a Tender that has been received by the Registry by submitting a Withdrawal/Amendment Form, which can be accessed from the Caltex website at www.caltex.com.au or obtained by calling the Buy-Back Information Line. Complete and submit the Withdrawal/Amendment Form in accordance with the instructions below. You cannot submit a withdrawal or amendment of your Tender online.

Any amendment or withdrawal will not be effective unless it is received no later than 7.00pm (Sydney time) on the Closing Date.

By submitting a Withdrawal/Amendment Form, you will withdraw all of your previous Tenders and (where applicable) replace them with the Tenders detailed on that Withdrawal/Amendment Form.

Completing and submitting a Withdrawal/Amendment Form Withdrawal of Tenders

You may withdraw all of your Tenders by ticking the "Withdrawal" box on the Withdrawal/Amendment Form (which can be accessed from the Caltex website at www.caltex.com.au or obtained by calling the Buy-Back Information Line), completing your shareholder details, signing the form and sending it to the Registry at the address provided so that it is received no later than 7.00pm (Sydney time) on the Closing Date. You may not withdraw any of your Tenders after this time.

Amendment of Tenders

If you wish to change the terms of some or all of your Tenders, you must tick the "Amendment" box on the Withdrawal/Amendment Form (which can be accessed from the Caltex website at www.caltex.com.au or obtained by calling the Buy-Back Information Line), complete your shareholder details, complete the details of all your Tenders on that form in accordance with the instructions shown on it and send it to the Registry as specified above.

The effect of amending your Tenders, by submitting a Withdrawal/Amendment Form, will be to withdraw all of your previous Tenders and replace them with the Tenders detailed on the Withdrawal/Amendment Form. If you wish to change some but not all of your previous Tenders, then you will still need to complete the details of all of your Tenders that you wish to submit as if you had not previously submitted any.

You must ensure that your Withdrawal/Amendment Form is received by the Registry no later than 7.00pm (Sydney time) on the Closing Date.

(b) CHESSE Holdings

If you have a CHESSE Holding, you will need to contact your controlling participant in sufficient time for them to process your withdrawal or amendment by no later than 7.00pm (Sydney time) on the Closing Date.

If you have a CHESSE Holding, you must not send a Withdrawal/Amendment Form to the Registry and you cannot submit a withdrawal or amendment of your Tender online.

The effect of your controlling participant withdrawing or amending one or more of your Tenders will be to withdraw those Tenders and, in the case of an amendment, to replace the amended Tenders with new Tenders. You will need to give your controlling participant instructions in relation to your replacement Tender (if any) as if you had not previously submitted a Tender.

If you are a CHESSE Holder, you will receive written confirmation from CHESSE of the withdrawals/amendments made in relation to your holding. Irrespective of its wording, this confirmation is not an acceptance by Caltex of your withdrawal or amendment of any Tender.

Determining the Buy-Back Price and successful Tenders

1.15 What price will Caltex pay to buy back my Shares?

All Shares successfully tendered will be bought back at the Buy-Back Price. The Buy-Back Price will be calculated by applying the Buy-Back Discount to the Market Price (see below). The Buy-Back Discount is the largest Tender Discount in the range of 10% to 14% inclusive (at 1% intervals) to the Market Price that will allow Caltex to purchase the amount of capital it determines to buy back.

For each Share purchased from you under the Buy-Back, you will receive a cash payment determined in accordance with the following formula:

A = B x (1 - C); where:

A = Buy-Back Price (that is, the price per Share, rounded to the nearest cent, to be paid for all Shares bought back under the Buy-Back)

B = Market Price

C = Buy-Back Discount (expressed as a decimal to 2 places)

For example, if the relevant Market Price is \$36.00 and the Buy-Back Discount is 14%, then the Buy-Back Price would be \$30.96 (i.e. \$36.00 x (1-0.14)).

Caltex will not set the Buy-Back Price at a level above the Tax Market Value. The Tax Market Value is the price used by the ATO for Australian tax purposes to determine the deemed market value of the relevant Shares when the Buy-Back occurs. See Section 2.2 for a detailed explanation of the method for determining the Tax Market Value.

1.16 How will I know what the Market Price is?

The Market Price means the VWAP of Caltex ordinary shares on the ASX over the five trading days up to and including the Closing Date, calculated to four decimal places (see definitions of VWAP and Market Price in Section 5 for further details).

Caltex plans to announce the Market Price as soon as possible after 4.30pm (Sydney time) on the Closing Date. The announcement will be available on the ASX website (www.asx.com.au) and Caltex's website or by calling the Buy-Back Information Line.

1.17 Will all the Shares I tender be bought back?

Whether all or any of the Shares you tender are bought back by Caltex will depend on the Tender Discount at which you offer to sell your Shares and the number of Shares and Tender Discounts set out in the Tenders lodged by you and other shareholders. Successful Tenders and the scale back process will be determined as follows:

- if your Tender Discount is equal to or greater than the Buy-Back Discount or if you lodged a Final Price Tender, your Tender will be successful and your Shares will be bought back, subject to any scale back and, if applicable, any Minimum Price condition you have nominated;
- if your Tender Discount is less than the Buy-Back Discount, your Tender will be rejected and your Shares will not be bought back; and
- if you have chosen a Minimum Price and the Buy-Back Price is below that price, your Tender will be rejected and your Shares will not be bought back.

1.18 How will I know if my Tender has been successful?

Caltex intends to announce the Buy-Back Price and other Buy-Back details to the ASX as soon as possible after the Tender Period closes. The proposed date of announcement is Monday, 11 April 2016. The announcement will be effective notice to you of Caltex's acceptance of valid Tenders falling within the Buy-Back details, adjusted in accordance with the terms and conditions set out in the Buy-Back Documents (including any scale back). You can access the announcement from the Caltex website (www.caltex.com.au) or from the ASX website (www.asx.com.au). Also, by Friday, 15 April 2016, Caltex will send all shareholders who have tendered Shares in the Buy-Back, a statement notifying them of the number of their Shares (if any) that have been bought back and the price paid for them. Where Tenders have been successful, the notification will be accompanied by a direct credit confirmation advice or cheque for the Buy-Back proceeds as outlined in Section 1.24. If you have a CHESSE Holding, CHESSE will provide you with written confirmation of the successful Tenders made on your holding or Tenders withdrawn by your controlling participant.

1 OVERVIEW OF THE BUY-BACK AND THE TENDER PROCESS CONTINUED

1.19 How will a scale back affect my Tender?

There is no assurance that any Tender will be successful in the Buy-Back, or that successful Tenders will be accepted in full. Caltex will need to apply a scale back if the number of Shares tendered at Tender Discounts greater than or equal to the Buy-Back Discount and as Final Price Tenders exceeds the total number of Shares that Caltex determines to buy back. The scale back will be undertaken on a pro-rata basis after taking into account Small Holding Tenders and Priority Allocations. When the scale back is calculated, all fractions of Shares to be bought back will be rounded down to the nearest Share.

The details of any scale back will be announced as soon as possible after the Closing Date. Caltex expects to make this announcement on Monday, 11 April 2016.

What is a Small Holding Tender?

A Small Holding Tender is a Tender submitted by a shareholder who has tendered all of their Shares at one of the Tender Discounts greater than or equal to the Buy-Back Discount and/or as a Final Price Tender and who would otherwise be left with 50 Shares or less as a result of the scale back. No scale back will apply to Small Holding Tenders.

However, if you become the registered holder of additional Shares after the Buy-Back Record Date and, as a result, you are the registered holder of more Shares at the Closing Date than you held on the Buy-Back Record Date, then your Tender will not be a Small Holding Tender and the scale back will apply to your Tender as it would any other Tender, notwithstanding that the total number of Shares you can tender into the Buy-Back cannot exceed the number of Shares you held as at the Buy-Back Record Date (as set out in the Tender Form).

What is a Priority Allocation?

In the event of a scale back, Caltex will buy back the first 130 Shares successfully tendered by each shareholder, or such lesser number of Shares determined by Caltex to be the Priority Allocation. The scale back will only apply to the tendered Shares remaining after the Priority Allocation has been acquired.

If you successfully tender less than the Priority Allocation, all your Shares so tendered will be bought back without any scale back.

1.20 How will successful Tenders be determined?

If the Buy-Back Discount is set between 10% and 13% inclusive:

Tender submitted	Outcome
Final Price Tender ⁽¹⁾	<ul style="list-style-type: none">• Tenders accepted in full
The Tender Discount you select is greater than the Buy-Back Discount ⁽¹⁾	<ul style="list-style-type: none">• Tenders accepted in full
The Tender Discount you select is equal to the Buy-Back Discount ⁽¹⁾	<ul style="list-style-type: none">• Tenders (other than Final Price Tenders, Priority Allocations and Small Holding Tenders) will be accepted but may be scaled back on a pro-rata basis⁽²⁾• A Priority Allocation will be bought back from each successful tendering shareholder• Small Holding Tenders will be accepted in full
The Tender Discount you select is smaller than the Buy-Back Discount	<ul style="list-style-type: none">• Tenders will be rejected

If the Buy-Back Discount is set at 14%:

Tender submitted	Outcome
Final Price Tender and/or the Tender Discount you select is equal to the Buy-Back Discount ⁽¹⁾	<ul style="list-style-type: none">• Tenders (other than Priority Allocations and Small Holding Tenders) will be accepted but may be scaled back on a pro-rata basis⁽²⁾• A Priority Allocation will be bought back from each successful tendering shareholder• Small Holding Tenders will be accepted in full
The Tender Discount you select is smaller than the Buy-Back Discount	<ul style="list-style-type: none">• Tenders will be rejected

(1) If a Minimum Price has been specified in addition to the Tender Discount or Final Price Tender, and the Buy-Back Price is below the Minimum Price, then the Tender will be rejected in full and none of the Shares tendered will be bought back.

(2) Fractions of Shares to be bought back will be rounded down to the nearest Share.

Example: 14% Buy-Back Discount and a 50% scale back (illustrative example only)

In the example, it is assumed that the Market Price is \$36.00 and the Buy-Back Discount is 14%, resulting in a Buy-Back Price of \$30.96. It is also assumed that the Priority Allocation is 130 Shares, the Small Holding Tender is 50 Shares, there is a 50% scale back and shareholders have not specified a Minimum Price condition. In these circumstances, the outcome of each Tender would be as follows:

Shareholder	Total Holding of Shares	Shares Tendered	Tender Discount (%)	Price Represented by Tender Discount (\$)	Outcome
A	3,600	1,800	–	Final Price Tender	Partially successful, 965 Shares bought back
		1,800	13%	\$31.32	Not successful, no Shares bought back
B	1,000	1,000	14%	\$30.96	Partially successful, 565 Shares bought back
C	150	150	–	Final Price Tender	Successful, all 150 Shares bought back
D	170	120	14%	\$30.96	Successful, all 120 Shares bought back
		50	13%	\$31.32	Not successful, no Shares bought back
E	500	500	12%	\$31.68	Not successful, no Shares bought back

- **Shareholder A** tendered 1,800 Shares as a Final Price Tender and 1,800 Shares at a 13% Tender Discount. The Final Price Tender would be successful but only 965 of the 1,800 Shares tendered would be bought back as a result of the Priority Allocation first being bought back and the 50% scale back applying to the balance of 1,670 Shares, meaning that only 965 of these Shares are bought back. The Tender submitted at a 13% Tender Discount would not be successful. Following the Buy-Back, Shareholder A would be left with 2,635 Shares.
- **Shareholder B** tendered 1,000 Shares at a 14% Tender Discount. The Tender would be successful but only 565 of the 1,000 Shares tendered would be bought back as a result of the Priority Allocation first being bought back and the 50% scale back applying to the balance of 870 Shares, meaning that only 565 of these Shares are bought back. Following the Buy-Back, Shareholder B would be left with 435 Shares.
- **Shareholder C** tendered 150 Shares as a Final Price Tender. Shareholder C would have the entire Tender accepted in full as 130 Shares would be bought back under the Priority Allocation and after the 50% scale back, the residual Small Holding of 10 Shares would be bought back under the Small Holding Tender.
- **Shareholder D** tendered 120 Shares at a 14% Tender Discount and 50 Shares at a 13% Tender Discount. Shareholder D would only have the 120 Shares tendered at the Buy-Back Discount bought back under the Priority Allocation. Even though Shareholder D is left with a Small Holding of 50 Shares after the 120 Shares are bought back, the residual Small Holding would not be bought back because Shareholder D submitted the Tender at a Tender Discount less than the Buy-Back Discount.
- **Shareholder E** tendered 500 Shares at a 12% Tender Discount which is less than the Buy-Back Discount. Hence, Shareholder E would have the entire Tender rejected.

Example: Scale back table (illustrative example only)

Shareholder	Shares tendered at a 14% Tender Discount or as Final Price Tenders	Shares subject to scale back ⁽¹⁾	Scale back ⁽²⁾ (%)	Tender post scale back and Priority Allocation ^{(2),(3)}	Shares remaining ⁽⁴⁾	Small Holding Tender? ⁽⁵⁾	Shares that are bought back ⁽⁶⁾
A	1,800	1,670	50%	965	835	No	965
B	1,000	870	50%	565	435	No	565
C	150	20	50%	140	10	Yes	150
D	120	0	–	120	–	No	120
E	–	–	–	–	–	Scale back not applicable	

- (1) Under the Priority Allocation, the first 130 Shares are bought back from each shareholder who tenders Shares at the Buy-Back Discount (including Shares tendered as a Final Price Tender) before the scale back applies.
- (2) A scale back of 50% means 50% of the Shares subject to scale back would be bought back (not including Priority Allocations and Small Holding Tenders).
- (3) When the scale back is calculated, fractions of Shares to be bought back will be rounded down to the next Share.
- (4) Shares remaining refer only to Shares remaining from those Shares which were tendered at a 14% Tender Discount or as Final Price Tenders.
- (5) Shareholder C tendered all of their Shares as a Final Price Tender. As a result of the Priority Allocation and scale back, Shareholder C would be left with a Small Holding Tender (i.e. 50 Shares or less).
- (6) Shares that are bought back refers only to Shares that are bought back from those Shares which were tendered at a 14% Tender Discount or as a Final Price Tender.

Other questions

1.21 Can I trade my Shares after submitting a Tender?

Once you have tendered Shares in the Buy-Back, you must not sell or offer to sell those Shares before the Buy-Back Date unless you first withdraw or amend your Tender. In addition, you must not convert the Shares you tender from an Issuer Sponsored Holding to a CHES Holding or vice versa or move them between CHES Holdings (i.e. you may not change your controlling participant).

Any Shares which you have not tendered into the Buy-Back may be sold or otherwise dealt with in the ordinary manner.

Once you have submitted a Tender, the number of Shares you have tendered will be removed from your holding and placed in a "sub-position" in Caltex's share register. You will not be able to deal with those Shares unless those Shares have been released from the sub-position. For the Shares to be released from that sub-position before the end of the Tender Period, you must withdraw or amend your Tender in accordance with the procedures set out in Section 1.14 of this booklet.

Withdrawals or amendments made in accordance with these procedures may not take immediate effect. You should take this into consideration if you wish to sell any of the Shares which you have tendered. If, at the Buy-Back Date, you do not hold at least the number of Shares you successfully tendered, Caltex may, in its absolute discretion, reject your Tender(s) or treat the Tender(s) as if you had tendered the number of Shares held by you at the Closing Date (see Sections 4.11 and 4.13 for further details).

1.22 How does the Buy-Back compare to selling my Shares on the ASX?

Depending on your individual circumstances, if you sell your Shares on the ASX, the Australian income taxation implications of doing so may be different from selling your Shares in the Buy-Back (see Section 2 for more details in relation to Australian tax implications).

In addition, to execute a share sale on the ASX, you may need to pay brokerage whereas you should not need to pay brokerage to participate in the Buy-Back.

However, if you were to sell your Shares on the ASX, it is likely that you would be able to sell your Shares for a higher price than the Buy-Back Price. This is because the prices at which shareholders can tender Shares into the Buy-Back are at a discount of between 10% and 14% to the Market Price. Accordingly, it is likely that the Company's share price on the ASX, during and possibly after the Tender Period, will be higher than the Buy-Back Price.

However, please note that Caltex is not making any recommendation to you as to whether to participate in the Buy-Back, or giving any advice on the value of your Shares.

Before you decide what to do with your Shares, Caltex recommends that you seek your own professional advice.

1.23 How have Caltex Shares performed over recent times?

The closing price of Caltex shares on the ASX on Monday, 22 February 2016, being the last trading day before the Company announced details of the Buy-Back, was \$35.74.

The highest and lowest market sale prices of Caltex shares during each of the preceding six months were as follows:

Period	Low (\$) ⁽¹⁾	High (\$) ⁽¹⁾	VWAP ⁽²⁾
September 2015	\$29.94	\$32.33	\$31.01
October 2015	\$31.33	\$33.73	\$32.28
November 2015	\$30.60	\$34.32	\$32.25
December 2015	\$33.28	\$38.15	\$35.31
January 2016	\$35.25	\$38.64	\$36.49
February 2016 ⁽³⁾	\$35.10	\$37.77	\$36.08

(1) Based on the closing prices for Shares on the ASX.

(2) As per the definition of VWAP in Section 5.

(3) February 2016 figures represent month to date figures as at 22 February 2016.

1.24 How will I receive payment for Shares bought back?

Caltex will send you a cheque for your Buy-Back proceeds, unless you have a valid direct credit authority in place before 7.00pm (Sydney time) on the Closing Date.

If you have an existing direct credit authority for the payment of dividends, by submitting your Tender Form you authorise Caltex to pay your Buy-Back proceeds (if any) into your nominated account.

If you do not currently have a direct credit authority in place for the receipt of dividends but wish to receive your Buy-Back proceeds (if any) by direct credit into a nominated account, or if you already have a direct credit authority in place for the receipt of dividends but wish to receive your Buy-Back proceeds by direct credit to a new or different bank account, you may change your current direct credit instructions online at www.computershare.com.au/easyupdate/ctx. In order to be effective for the Buy-Back, you must make this change before 7.00pm (Sydney time) on the Closing Date.

Please note that if you alter your nominated bank account details, the updated details will be taken to be your nominated bank account for future Caltex dividend payments.

Cheques and direct credit advices will be mailed, at your risk, to your address as shown on the Caltex Share Register at 7.00pm (Sydney time) on the Closing Date. It is your responsibility to inform the Registry of any changes to your contact details, including your postal address. Payments to bank accounts and dispatch of cheques are expected to be completed by Friday, 15 April 2016. Payments to the accounts and the dispatch of cheques to the addresses on the Caltex Share Register will satisfy Caltex's obligation to pay you for any Shares bought back.

1.25 What if I have more than one holding of Shares?

You will receive a personalised Tender Form for each separate holding of Shares (for example, if you hold some Shares in your name and some Shares jointly with your spouse, you will receive two Tender Forms). You may tender Shares in the Buy-Back from any or all of your separate holdings provided that you complete the Tender Form and follow the instructions on each Tender Form for each holding you wish to tender.

1.26 Will I still receive the Final Dividend if my Shares are bought back?

Yes. All shareholders with an entitled registered holding on 10 March 2016 will receive the fully franked final dividend of \$0.70 per Share in respect of those Shares, whether or not they participate in the Buy-Back.

1.27 What happens if I purchase more Shares?

Shareholders who tender their Shares into the Buy-Back should be able to purchase additional shares in the Company on or after Friday, 26 February 2016 (on an ex-entitlement basis) without compromising their Australian tax position on Shares sold into the Buy-Back. This is because:

- those additional shares will not confer an entitlement to participate in the Buy-Back; and
- the ATO has provided indicative confirmation that shares acquired on an ex-entitlement basis on or after Friday, 26 February 2016 (and so do not carry a Buy-Back entitlement) will be excluded from the "last-in-first-out" rule contained in the 45-day rule and therefore, will not affect shareholders' ability to receive franking credits on Shares acquired before that date which are bought back in the Buy-Back (see Section 2.3).

General information on the Australian tax implications for shareholders participating in the Buy-Back is included in Section 2, although eligible shareholders will need to consider their own particular tax circumstances.

1.28 Can I still vote if a general meeting is held during the Tender Period?

Yes. Shareholders who tender their Shares to Caltex will still be entitled to vote (in accordance with the voting rights attached to their Shares) at any general meeting of Caltex held during the Tender Period. There is currently no intention to hold a general meeting of Caltex during the Tender Period. Any Shares bought back under the Buy-Back will not be able to be voted at the Company's next annual general meeting, which is expected to be in May 2016 and therefore after the Closing Date.

The tax outcomes of participating in the Buy-Back will vary depending on your circumstances. It is therefore recommended that you consult with your taxation professional regarding your particular circumstances.

2.1 Introduction

This summary has been prepared as a general guide based on Australian tax legislation and practices current as at the date of this booklet. It assumes that the income tax consequences of disposing of your Shares are determined under the CGT provisions – this will not be the case, for example, if you are a share trader, hold your Shares as revenue assets or have made certain elections under the “taxation of financial arrangements” provisions.

Has the ATO issued a ruling about the Buy-Back?

Caltex has requested an ATO Class Ruling on your behalf in relation to the tax implications of the Buy-Back and has received a draft Class Ruling from the ATO which provides indicative confirmation of a number of the statements contained in this summary. The Class Ruling cannot be given until after the Buy-Back has closed. However, this summary accords with what Caltex anticipates the Class Ruling will say, based on the (non-binding) draft Class Ruling that Caltex has received.

How will I be able to see a copy of the ruling?

After the Class Ruling is issued, it will be available on the ATO website. A link to it will also be posted on the Caltex website at www.caltex.com.au.

Tax allocation

For tax purposes, the amount you receive from selling a Share in the Buy-Back will comprise:

- the Sale Consideration (explained below); and
- the Dividend Component – which is the Buy-Back Price less the \$2.01 capital component. The Dividend Component will be fully franked.

2.2 Sale Consideration – capital gains tax

The Sale Consideration will be taken into account for tax purposes in determining whether you make a capital gain or loss on the sale of your Shares.

The Sale Consideration is the greater of:

- \$2.01; and
- the Tax Market Value (explained below), less the Dividend Component.

It should be noted that the Sale Consideration may be significantly different from the capital gains tax consideration which would result from an on-market sale of Shares, as illustrated in the table in Section 2.4.

What is the Tax Market Value?

The ATO view on how the Tax Market Value is determined is set out in Taxation Determination TD 2004/22, which can be obtained from the ATO website at <http://law.ato.gov.au/pdf/td04-022.pdf>.

Consistent with that ATO view, the Tax Market Value will be determined in accordance with the following formula:

$$A \times \frac{\text{Closing level of S\&P/ASX 200 Index on the Closing Date}}{B}$$

where:

- A = the VWAP of Shares over the last five trading days before the announcement of the Buy-Back on 23 February 2016, adjusted to take into account the Final Dividend; and
- B = the opening level of the S&P/ASX 200 Index on 23 February 2016.

If the movement in the S&P/ASX 200 Index differs significantly from the movement in the Share price on the ASX over the relevant period, Caltex may seek ATO approval to vary the methodology used in determining the Tax Market Value.

Must I calculate the Tax Market Value or the Sale Consideration?

No. The Tax Market Value and the Sale Consideration will be determined by Caltex and confirmed by the ATO in the Class Ruling.

Where can I find the Tax Market Value and the Sale Consideration?

Preliminary determinations of the Tax Market Value and the Sale Consideration will be included in Caltex’s announcement to the ASX of the Buy-Back results on Monday, 11 April 2016. The announcement will also be posted on Caltex’s website.

Alternatively, Caltex’s preliminary determination of the Tax Market Value and the Sale Consideration can be obtained by calling the Buy-Back Information Line on or after Monday, 11 April 2016.

The Class Ruling will confirm the Tax Market Value and Sale Consideration.

Why are the Tax Market Value and the Sale Consideration amounts not in this booklet?

The Tax Market Value and the Sale Consideration both depend in part on the movement of the S&P/ASX 200 Index up to the Closing Date and so they cannot be determined until the Closing Date.

Resident individuals

How do I calculate a capital gain or capital loss?

You will make a capital gain to the extent that the Sale Consideration exceeds the cost base of your Shares.

The cost base of a Share will generally be your original or deemed cost of acquisition, plus certain non-deductible incidental costs of acquisition and disposal.

You will make a capital loss to the extent that the reduced cost base of your Shares exceeds the Sale Consideration. You may only use a capital loss to offset a capital gain, either in the same or a later year.

Will I be able to discount a capital gain?

If, at the time you sell your Shares in the Buy-Back, you have held the Shares for at least 12 months, then you will be entitled to the CGT discount. This means that you can discount by 50% any capital gain arising on disposal of your Shares under the Buy-Back. Any current or prior year capital losses that you have not applied against other capital gains must be applied against the capital gain before it is discounted.

Alternatively, if your Shares were acquired before 11.45am (ACT time) on 21 September 1999 you have the option of obtaining indexation relief, in which case you will not be able to discount your capital gain.

If, at the time you sell your Shares in the Buy-Back, you have held the Shares for less than 12 months, the assessable amount of the capital gain (net of capital losses) cannot be discounted.

At what time will a capital gain or capital loss arise?

For capital gains tax purposes, any capital gain or capital loss will occur on completion of the Buy-Back, which is anticipated to occur on Monday, 11 April 2016.

Complying superannuation funds

An Australian complying superannuation fund without current pension liabilities participating in the Buy-Back will be treated the same as a resident individual, except that the CGT discount is one-third, rather than 50%.

This means that a complying superannuation fund shareholder that has held the Shares for at least 12 months only needs to include in its assessable income two-thirds of any net capital gain referable to that capital gain (after applying any current or prior year capital losses).

Shares held by an Australian complying superannuation fund to meet current pension liabilities are not subject to CGT. To that extent, a complying superannuation fund shareholder will not make either a capital gain or a capital loss on disposal of Shares under the Buy-Back.

Resident companies

A resident company will typically only make a capital loss on disposal of Shares under the Buy-Back if the reduced cost base of each of its Shares exceeds the Tax Market Value.

A resident company will make a capital gain on disposal of Shares under the Buy-Back to the extent that the Sale Consideration exceeds the cost base of each of those Shares.

Companies are not entitled to discount a capital gain.

Non-residents

Caltex believes that its Shares are not "indirect Australian real property interests".

Accordingly, you will not make a capital gain or capital loss for Australian tax purposes on the sale of your Shares in the Buy-Back unless you have used your Shares at any time in carrying on a business through a permanent establishment in Australia or unless you were formerly an Australian tax resident, held the Shares when you ceased to be an Australian tax resident, and elected not to recognise a capital gain or loss on the Shares when you ceased to be an Australian tax resident.

Pre-CGT shares

Any capital gain or loss you make from the Buy-Back is disregarded if you acquired your Shares before 20 September 1985.

2.3 Dividend – taxable income

For income tax purposes, the Dividend Component will be treated in the same way as any other dividend.

Resident individuals and complying superannuation funds

How much dividend income must I include in my assessable income?

You must include in your assessable income, for each Share disposed of under the Buy-Back:

- a deemed dividend equal to the Dividend Component; plus
- the attached franking credit (see Section 2.4).

The Dividend Component of Shares held by an Australian complying superannuation fund to meet current pension liabilities will be tax exempt. To that extent, a complying superannuation fund shareholder need not include either the Dividend Component or the attached franking credit in its assessable income.

Will I be entitled to the franking credits?

Yes. If you satisfy the holding period rules, you will be entitled to a tax offset equal to the amount of the franking credit.

A tax offset reduces the tax payable on your taxable income and, if your tax offset exceeds the total tax payable in the year the Buy-Back occurs, you will be entitled to a refund of the excess.

Resident companies

A company must include in its assessable income for each Share that it sells:

- a deemed dividend equal to the Dividend Component; plus
- the attached franking credit.

If the company satisfies the holding period rules, the franking credit will generate a credit in its franking account and it can be used to frank dividends that the company pays.

The company will be entitled to a tax offset equal to the amount of the franking credit. A tax offset reduces the tax payable on the company's taxable income but the company will not be entitled to a refund of any excess.

Requirements for franking credits

There are a number of provisions that restrict entitlement to franking credits. Anti-streaming rules apply to a company's shareholders generally, and holding period rules apply to particular shareholders according to their circumstances.

Will the anti-streaming rules deny me franking credits?

The (non-binding) draft Class Ruling indicates that the anti-streaming rules will not deny you tax offsets in respect of franking credits on the deemed dividend arising under the Buy-Back. Caltex expects that this will be confirmed in the Class Ruling.

What are the holding period rules?

You will qualify for tax offsets/franking credits attaching to the deemed dividend arising under the Buy-Back if you hold the Shares that you sell in the Buy-Back for 45 clear days:

- at risk; and
- free of related payment obligations.

If you do not satisfy the holding period rules you are not entitled to the franking credit.

Are my Shares held at risk and free of related payment obligations?

Whether you hold your Shares at risk depends on your own particular circumstances, including whether you have any risk reduction arrangements or related payment obligation arrangements in place.

Examples of risk reduction arrangements would be certain put option or hedging arrangements.

An example of a related payment obligation would be a dividend swap agreement.

Will the Shares that I sell in the Buy-Back be held for 45 clear days?

The 45 day holding period will be counted back from Sunday, 10 April 2016, being the day prior to the date that the Buy-Back contract is formed. To satisfy this holding period, you must either have acquired, or have contracted to acquire, your Shares no later than Thursday, 25 February 2016, which is before the Buy-Back Record Date (Tuesday, 1 March 2016).

If I buy more Shares on the ASX on or after the Ex-Buy-Back Entitlement Date on Friday, 26 February 2016, will the “last-in-first-out” rule treat them as the Shares I sell in the Buy-Back?

The (non-binding) draft Class Ruling indicates that the “last-in-first-out” rule applicable for the 45 day holding period rule will not treat you as selling in the Buy-Back any Shares purchased on the ASX on or after the Ex-Entitlement Date.

Caltex expects that this will be confirmed in the Class Ruling.

Are there any exemptions from the holding period rules?

An exemption from the risk reduction rule, but not the related payment obligation rule, should be available to an individual shareholder who has a total franking credit/tax offset entitlement of \$5,000 or less (aggregating all dividends) for the income year in which the Buy-Back occurs.

An exemption from the risk reduction rules should be available to complying superannuation funds and widely held trusts that comply with certain “benchmark portfolio” rules.

Non-residents

The Dividend Component will be 100% franked and so will not be subject to Australian dividend withholding tax when paid to non-residents.

2.4 Worked tax example for resident individuals and complying superannuation funds

The following table provides an illustrative example of the potential Australian tax consequences for Australian resident individuals and Australian complying superannuation funds from disposing of their Shares in the Buy-Back.

- on-market sale at \$36.00; and
- a cost base of \$22.80.

Example: sample tax calculations for selling into the Buy-Back at \$30.96 and selling on the ASX at \$36.00 and the Tax Market Value is \$36.00

Note: All figures have been rounded to two decimal places.

The table applies for Australian resident individual shareholders and complying superannuation funds. Figures assume:

- (1) The marginal tax rate includes the Medicare Levy at a rate of 2.0%. The liability of an individual to pay the Medicare Levy depends on the individual's own particular circumstances. The marginal tax rate used for Australian resident individuals with taxable income over \$180,000 includes an additional 2% for the Temporary Budget Repair Levy.
- (2) Tax Market Value of the Shares is \$36.00. The Tax Market Value will change depending on the movement in the S&P/ASX 200 Index up to the close of the Buy-Back (see Section 2.2).
- (3) Shareholders receive full entitlement to the franking benefits.
- (4) Any capital loss made on the Buy-Back should be able to be applied to offset capital gains made in the 2016 income year or later years. For the purpose of this example, we have assumed that the capital loss will be applied against a capital gain to which the CGT discount applies. The table also assumes that capital gains are subject to discount relief and are not subject to indexation.
- (5) No brokerage fees have been included when selling on the ASX.

3.1 Summary of FY2015 full year results and outlook

Historic cost profit

On an historic cost profit basis, Caltex recorded an after tax profit of \$522 million for the 2015 full year, including a gain relating to significant items of \$29 million after tax. This compares favourably to the 2014 full year profit of \$20 million, which included a loss relating to significant items of \$112 million after tax.

The 2015 full year includes a product and crude oil inventory loss of approximately \$135 million after tax, reflecting the fall in Brent crude oil prices and the offsetting impact of the lower Australian dollar. This compares with an inventory loss of \$361 million after tax in 2014.

Replacement cost operating profit

On a replacement cost of sales operating profit (RCOP) basis, Caltex's after tax profit was \$628 million, excluding significant items, for the 2015 full year. This compares with an RCOP after tax profit of \$493 million for the 2014 full year, excluding significant items.

Strong cash flows and balance sheet

The successful closure of the Kurnell refinery in October 2014 and the Company's continued evolution into an integrated transport fuels supply chain business, enhanced by the Company's ongoing cost and efficiency program, has resulted in significantly improved cash flows.

Net debt at 31 December 2015 was \$432 million, compared with \$715 million at 30 June 2015 and \$639 million at 31 December 2014. This equates to a gearing ratio of 13% (net debt/net debt plus equity). On a lease adjusted basis, gearing was 28%. Caltex's strong balance sheet has provided the financial flexibility to enable Caltex to continue to invest in growth opportunities and undertake an off-market share buy-back.

Management continues to actively pursue options to grow the business based on the Company's core capabilities. The Company's priority remains growth but, over the long term, investment in growth opportunities and/or capital management are expected to play a role in delivering our aspiration of top quartile shareholder returns.

A copy of the complete FY2015 full year results announcement can be accessed on the Caltex website at www.caltex.com.au.

Electronic copies of Caltex's 2015 full year results and annual report (including full audited financial statements for the year ended 31 December 2015) can be found on its website at www.caltex.com.au.

3.2 Material developments

Shareholders should be aware that from time to time, Caltex may be involved in strategic initiatives and potential corporate transactions. If a significant initiative or corporate transaction develops, Caltex may make an announcement to the ASX. However, where it is not appropriate to immediately disclose the transaction, it may become necessary to terminate or extend the Buy-Back to ensure that the Buy-Back only proceeds in circumstances where shareholders are fully informed of all

material information. Any decision to terminate or extend the Buy-Back will only be made after due consideration of the best interests of Caltex's shareholders and would be announced to the ASX.

Announcements made by Caltex in relation to any material developments in its business are released to the ASX and can also be found on the Caltex website at www.caltex.com.au under "Investor Centre".

3.3 How will the Buy-Back be funded?

It is intended that the Buy-Back will be funded from cash reserves and existing credit facilities. Given Caltex's strong financial position, it will continue to remain well capitalised after completion of the Buy-Back. See Section 3.6 for the pro-forma impact of the Buy-Back on Caltex's balance sheet as at 31 December 2015.

3.4 Impact of the Buy-Back on key financial indicators and credit ratings

Although the precise impact of the Buy-Back cannot be determined until the Buy-Back Price and the size of the Buy-Back is known, the Buy-Back is expected to improve Caltex's EPS and ROE in FY2016 and later years, while gearing and interest cover are expected to remain at prudent levels.

Caltex believes that the Buy-Back will have no immediate impact on the Company's credit ratings. It is Caltex's intention to maintain a capital structure that is consistent with a stable investment grade credit rating.

3.5 Impact of the Buy-Back on Caltex's franking account

The amount of franking credits that will be utilised under the Buy-Back will not be known until the Buy-Back Price and the size of the Buy-Back are determined. By way of illustration, if the Buy-Back proceeds, Caltex will distribute to shareholders around \$108 million of franking credits, assuming a Buy-Back size of \$270 million and a Buy-Back Price of \$30.96 (a discount of 14% to a Market Price of \$36.00). On these assumptions, at the completion of the Buy-Back, and after taking into consideration the final fully franked dividend of \$0.70 per Share, Caltex would be expected to have a franking credit balance of approximately \$894 million.

While the Buy-Back will result in a reduction of the Company's available franking credit balance, the Board believes that the Buy-Back can be undertaken without prejudicing Caltex's ability to maintain its ordinary dividend payout of 40-60% of RCOP NPAT and does not expect the Buy-Back to have any material impact on Caltex's ability to fully frank its dividends in future years.

3.6 Impact of the Buy-Back on Caltex's balance sheet

The table below sets out Caltex's Consolidated Balance Sheet as at 31 December 2015 and a Consolidated Pro-forma Balance Sheet post the Buy-Back (assuming \$270 million worth of Shares are bought back). The amount by which the Buy-Back Price exceeds the amount debited to share capital (\$2.01 per Share) will be debited to retained earnings.

(1) Pro-forma calculations assume the Buy-Back Price is \$30.96 (assuming a 14% Buy-Back Discount to an assumed Market Price of \$36.00), the number of shares bought back is 8.72 million and \$270 million worth of Shares are bought back. You should not rely on this price as being the Buy-Back Price as this is an example only. See Section 1.15 for an explanation on how the Buy-Back Price will be determined.

(2) Assuming a Buy-Back Price of \$30.96, \$2.01 per Share of the Buy-Back Price will be debited to issued capital and the assumed balance of \$28.95 per Share will be debited to retained earnings.

3 EFFECT OF THE BUY-BACK ON CALTEX CONTINUED

3.7 Impact of the Buy-Back on Caltex's issued Shares

Caltex currently has on issue 270 million Shares. The table below sets out the number of Shares and the percentage of total issued Shares which would be bought back at different Buy-Back Prices, assuming a total of \$270 million worth of Shares are bought back. All Shares that Caltex buys back will be cancelled.

Tender Discount	Buy-Back Price assuming a Market Price of \$36.00	Number of Shares bought back (millions)	Percentage of total issued shares (%)
14%	\$30.96	8.72	3.23%
13%	\$31.32	8.62	3.19%
12%	\$31.68	8.52	3.16%
11%	\$32.04	8.43	3.12%
10%	\$32.40	8.33	3.09%

3.8 What effect will the Buy-Back have on the control of Caltex?

Caltex has a diverse shareholder base. Given the percentage of issued Shares being bought back and Caltex's current share register, the Buy-Back is not expected to have any change of control implications for Caltex.

3.9 Forward-looking statements

Certain statements contained in this booklet, including statements regarding the implementation of the Buy-Back and its effect on our business and securities, may constitute "forward-looking statements" for the purposes of applicable securities laws. Caltex undertakes no obligation to revise the forward-looking statements included in this booklet to reflect any future events or circumstances.

Caltex's actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences include the number of Shares bought back, the Buy-Back Price and general trading and economic conditions affecting Caltex.

Further information about Caltex, its business and factors affecting its operations is contained in Caltex's full year results for FY2015 and other reports, which can be accessed from Caltex's website.

This section sets out further information regarding the terms of the Buy-Back, including important information for foreign shareholders, joint shareholders, trustees, and nominees.

4.1 Excluded Foreign Shareholders

An Excluded Foreign Shareholder is not entitled to participate in the Buy-Back. This Invitation is not made to any Excluded Foreign Shareholder.

An Excluded Foreign Shareholder is any person who resides outside of Australia and New Zealand and also includes any person who is (or who is acting for the account or benefit of a person who is) in the United States, a US Person or a resident of Canada (or any other jurisdiction outside of Australia and New Zealand).

Without limiting the rights that Caltex otherwise has in relation to Tenders, a Tender submitted by an Excluded Foreign Shareholder will not be accepted by Caltex unless that shareholder can demonstrate to the satisfaction of Caltex that its participation in the Buy-Back will not breach the laws of any jurisdiction. If the Excluded Foreign Shareholder is able to prove this to the satisfaction of Caltex, it may make a Tender.

This Invitation will not be sent to any shareholder who has a registered address in the United States or Canada. Copies of the Buy-Back Documents are not being mailed to or otherwise distributed or sent into the United States or Canada.

Any person receiving any of the Buy-Back Documents must not, directly or indirectly, distribute or send them into any jurisdiction, or otherwise make them available to any person in any jurisdictions, where to do so would breach the laws of that jurisdiction.

Caltex will treat as invalid any Tender known or reasonably known to have been sent from the United States or Canada, or by a US Person or Canadian resident. Further, Caltex will not accept Tender Forms:

- from any person who does not represent that they are not an Excluded Foreign Shareholder; or
- that have been postmarked in the United States or Canada, or that otherwise appear to Caltex or its agents to have been sent from the United States or Canada.

By submitting a Tender Form, you warrant that you are not an Excluded Foreign Shareholder.

4.2 Shares held by trustees and nominees

Trustees and nominees who hold Shares should inform the beneficial owners of the Shares about the Buy-Back, subject to any legal restrictions in the countries where such beneficial owners are resident and provided such persons are not Excluded Foreign Shareholders, and then aggregate all Tenders received from beneficial owners who are not Excluded Foreign Shareholders. It is the responsibility of the trustee or nominee to complete one aggregated Tender Form on behalf of all beneficial owners.

Trustees or nominees who hold Shares on behalf, or for the account, of a US Person or a person located in the United States, or a resident of Canada, or any other person who is an Excluded Foreign Shareholder, must not inform any such person of the Buy-Back. It is the responsibility of the trustee or nominee to ensure that when completing an aggregated Tender Form, it does not include any Tender on behalf of such persons.

Any scale back that applies to Shares tendered by trustees and nominees will be performed on a registered shareholder basis. It is the responsibility of the trustee or nominee to aggregate all instructions received from any underlying beneficial owners, and submit one combined Tender Form (if any) no later than 7.00pm (Sydney time) on the Closing Date.

4.3 Margin lending arrangements

If you hold Shares under margin lending arrangements or if they are held as security for a loan or as ASX Clear Pty Limited collateral, you should ensure that your participation in the Buy-Back is permitted by those margin lending arrangements, the terms and conditions of the particular loan or by ASX Clear Pty Limited.

4.4 Shareholders with more than one holding of Shares

You will receive a personalised Tender Form for each separate registered holding of Shares. For example, if you hold some Shares in your name and some Shares jointly with your spouse, you will receive two Tender Forms. You may tender Shares into the Buy-Back from any or all of your separate registered holdings provided that you make separate online lodgements or complete a Tender Form for each holding you wish to tender. Any scale back that applies to Shares tendered from more than one of your registered holdings of Shares will be applied to each of those registered holdings as if they were held by different persons.

4.5 Joint shareholders

If you hold your Shares jointly with another person (for example, your spouse) and you have an Issuer Sponsored Holding, you must complete and return the Tender Form in accordance with the instructions for joint holdings on the Tender Form.

4.6 Shareholders who receive a government pension or allowance

The effect your participation in the Buy-Back will have on your government pensions or allowances (or those of your dependants) will depend on the value of the Shares bought back and on the level of your other income and assets. It is possible that your pension or allowance payments will not be affected at all because the social security income and assets tests allow you to have income and assets up to certain amounts without any reduction in payment. It will depend upon your particular circumstances. **If you are in any doubt as to the action you should take, you should obtain advice specific to your circumstances.**

If you would like information about the effect of participating in the Buy-Back on your pension or allowance, you should consult a professional adviser or contact Centrelink or the Department of Veterans' Affairs directly.

4.7 Restrictions on Tender acceptances

Caltex will not accept any Tender which it may not lawfully accept or which, if accepted, would give rise to an illegal or unenforceable Buy-Back Contract or a Buy-Back Contract which Caltex cannot otherwise perform.

4.8 Restrictions on the payment of Buy-Back proceeds

Caltex will pay shareholders the Buy-Back Price for each of their Shares that are bought back, unless it is prohibited from doing so by law or the terms of the Buy-Back as set out in this booklet. The Company is currently prohibited from making payments to certain political regimes, terrorist organisations and their sponsors under a number of acts, rules and regulations, including under the *Banking (Foreign Exchange) Regulations 1959* (Cth), the *Charter of the United Nations Act 1945* (Cth) and the *Charter of the United Nations (Dealings with Assets) Regulations 2008* (Cth).

4.9 Rights under the Buy-Back cannot be transferred

This Invitation is personal to you. You cannot transfer your rights under this Invitation.

4.10 The effect of submitting a Tender

A Tender constitutes an offer to sell the tendered Shares to Caltex on the terms and conditions set out in the Buy-Back Documents. A Tender does not, of itself, constitute a binding contract for the sale of the tendered Shares and cannot be enforced against Caltex. Caltex retains the discretion to accept or reject any Tender, and may choose to reject all Tenders.

If Caltex accepts your Tender, a binding Buy-Back Contract is formed between you and Caltex, and you must sell the tendered Shares to Caltex on the terms and conditions set out in the Buy-Back Documents, including the terms and conditions set out below.

By submitting a Tender Form, you:

- agree to the terms and conditions set out in the Buy-Back Documents;
- offer to sell to Caltex on the Buy-Back Date the number of Shares nominated for sale on your Tender Form (adjusted in accordance with the terms and conditions set out in the Buy-Back Documents) at your Tender Discount(s) and/or as a Final Price Tender (subject to any Minimum Price you may have chosen);
- agree to any scale back announced by Caltex;
- agree that Caltex's announcement to the ASX on the Buy-Back Date in relation to the Buy-Back Price and other details is:
 - effective notice or communication of Caltex's acceptance of your Tenders that are submitted either:
 - at a Tender Discount equal to or greater than the Buy-Back Discount; or
 - as a Final Price Tender, in either case, adjusted in accordance with the terms and conditions set out in the Buy-Back Documents, and which are submitted in accordance with the Buy-Back Documents (or treated by the Company as being so submitted) at a price which is not less than your Minimum Price (if you have chosen one) and which are not rejected by Caltex; and
 - effective notice of Caltex's rejection of any of your Tenders submitted at a Tender Discount less than the Buy-Back Discount or where your Minimum Price (if you have chosen one) is greater than the Buy-Back Price;
- agree that a Buy-Back Contract is formed for the purchase of the relevant Shares upon Caltex accepting your Tender in accordance with the terms and conditions of this Buy-Back and posting an announcement to the ASX on the Buy-Back Date in relation to the Buy-Back Price and other details, and that the purchase of the relevant Shares is taken to occur at that time;
- waive any requirement to receive further notice or communication from Caltex of its acceptance or rejection of any Tender submitted by you and agree that the postal acceptance rule does not apply to Tenders;
- warrant to Caltex that:
 - at all times after you tender your Shares for sale into the Buy-Back, and on the Buy-Back Date, you are the registered holder of the Shares that you have tendered and that they are fully paid up, free from any mortgage, charge, lien or other encumbrance or security interest (whether legal or equitable) and from any third-party rights and otherwise able to be sold freely by you;
 - you are a person to whom the Invitation may lawfully be made, can receive the proceeds of the sale of your Shares and whose participation in the Buy-Back is permitted under the laws of the jurisdiction in which you are resident;
 - you are not (nor are you acting on behalf of or for the account of) a person located in the United States, a US Person, a resident of Canada or a person who is otherwise an Excluded Foreign Shareholder;
 - warrant that you have not distributed or sent any Buy-Back Documents or other document referring to the Buy-Back into the United States, to any US Person, or to any Canadian resident; and
 - you have not utilised in connection with the Buy-Back, directly or indirectly, mail or any means of instrumentality (including without limitation, facsimile transmission, telephone and internet) of interstate or foreign commerce of, or any facility of a national securities exchange of, the United States;

- authorise Caltex (and its officers, agents, contractors or advisers) to correct any error in or omission from your Tender Form and/or Withdrawal/Amendment Form, and to insert any missing details;
- acknowledge that neither Caltex nor any other party involved in the Buy-Back has provided you with financial product advice, or any securities recommendation, or has any obligation to provide this advice or recommendation, concerning your decision to participate in the Buy-Back or the manner of any such participation;
- undertake not to sell or offer to sell Shares to any other person if, as a result, you will at any time after you submit your Tender until the Buy-Back Date hold fewer Shares than the number of Shares you have tendered;
- authorise Caltex to make payment by cheque posted to your address or by direct credit to your nominated bank account where you have directed that your dividend payments are to be made in this manner, in either case, as recorded at 7.00pm (Sydney time) on the Closing Date and acknowledge that payments made in accordance with such instructions will satisfy Caltex's obligations to you for any Shares bought back;
- agree that damages are not an adequate remedy for breach of these covenants, undertakings, agreements and warranties. If you sell Shares in breach of these terms, you will be deemed to have appointed Caltex or its agent as your attorney to purchase Shares in your name and at your expense to satisfy your obligations under the Buy-Back and you will indemnify Caltex for all costs incurred by it in connection with such purchase;
- undertake that if you breach any of these covenants, undertakings, agreements or warranties you will indemnify Caltex for all its costs or losses arising from the breach; and
- agree that any obligation of Caltex to buy back Shares tendered by you is conditional on your compliance with the covenants, undertakings, agreements and warranties listed above.

You will be taken to have submitted a Tender when the Registry receives your online Tender or your validly completed Tender Form or, if you have a CHESS Holding, your Tender from your controlling participant through CHESS.

4.11 Caltex's rights to accept or reject Tenders and Tender Forms

At any time, Caltex may (at its sole discretion):

- accept or reject any Tender or Tender Form; and/or
- accept or reject a Tender not made on the terms and conditions set out in the Buy-Back Documents, or a Tender Form not submitted in accordance with the procedures set out in the Buy-Back Documents.

Caltex will not accept any Tender or Tender Form that has been postmarked in the United States or Canada, or that otherwise appears to Caltex or its agents to have been sent or lodged from the United States or Canada or by an Excluded Foreign Shareholder.

Caltex may do each of these things in relation to all or some of the Tenders or the Tender Forms it receives, in its absolute discretion.

4.12 Caltex's rights to vary dates and times or to terminate the Buy-Back

While Caltex does not anticipate changing any of the dates and times set out in the Buy-Back Documents (including, without limitation, the Closing Date and the Buy-Back Date), it reserves the right to vary them. Any change in date or time will take effect from the time it is authorised by the Board and will be publicly announced on the ASX as soon as practicable following the Board's authorisation. Any such change will be taken to amend this booklet (and the other Buy-Back Documents) accordingly.

Caltex may also decide not to proceed with the Buy-Back. Without limitation, Caltex reserves the right to terminate the Buy-Back at any time prior to the date on which Caltex enters into Buy-Back Contracts by making an announcement to the ASX to that effect.

4.13 Caltex's rights to adjust Tenders

Caltex may, in its absolute discretion and at any time, deem any Tender it receives to be a valid Tender, disregard any Tender it believes should be disregarded and may waive any or all of the requirements for making, amending or withdrawing a Tender. It may do each of these things in relation to some, all or any number of Tenders it receives.

If you are an eligible shareholder, you are entitled to sell into the Buy-Back the lesser of:

- the number of Shares registered in your name on the Buy-Back Record Date (and which, in accordance with the applicable Settlement Rules, confer an entitlement to participate in the Buy-Back); and
- the number of Shares you hold on the Closing Date, (your "Entitled Shares").

If you submit one Tender of more than your Entitled Shares and Caltex accepts your Tender, Caltex will buy back only the number of your Entitled Shares.

If you submit more than one Tender and, in aggregate, you have tendered more than your Entitled Shares, Caltex will buy back only the number of your Entitled Shares in the following order of priority:

- first acquiring that number of Entitled Shares as forms part of your Tender with the largest Tender Discount, which is equal to or greater than the Buy-Back Discount or submitted as a Final Price Tender (and, if you have chosen one, where your Minimum Price is satisfied); and
- then, if after the application of the above you have Entitled Shares remaining, acquiring the remaining number of your Entitled Shares from your Tender with the second highest Tender Discount, which is equal to or greater than the Buy-Back Discount (and, if you have chosen one, where your Minimum Price condition is satisfied) and will repeat this process until all of your Entitled Shares successfully tendered are bought back.

The above provisions are subject to any scale back.

If you select more than one Minimum Price, your Tender will be deemed conditional on the highest Minimum Price you have specified.

4 ADDITIONAL INFORMATION ON THE BUY-BACK CONTINUED

4.14 Duty

Stamp, transaction or other duty will not be payable on the cancellation of your Shares following acceptance of your Tender(s).

4.15 Unsuccessful Tenders

Shares that have been tendered into the Buy-Back but are not bought back will be released to shareholders' holdings as soon as practicable after processing of the Buy-Back has been completed after the Closing Date.

4.16 Participation by directors and senior management

The Board has determined that the directors and members of senior management involved in determining the final pricing and size of the Buy-Back must not participate in the Buy-Back in respect of Shares held legally or beneficially by them.

4.17 ASIC and ASX Relief

ASIC Relief

ASIC has granted Caltex an exemption under subsection 257D(4) of the Corporations Act. This exemption essentially permits Caltex (without the requirement for shareholder approval):

- to conduct the Buy-Back in substantially the same manner as an equal access buy-back, in accordance with Division 2 of Part 2].1 of the Corporations Act;
- to use the scale back mechanism described in Section 1.19;
- to invite all shareholders to offer for sale Shares in accordance with the terms and conditions of the Invitation;
- to invite shareholders with 50 Shares or less to offer to sell Shares only if they submit one Tender for all their Shares at the same Tender Discount or as a Final Price Tender; and
- not to accept any Tender received from an Excluded Foreign Shareholder,

provided certain conditions are met, including that the Buy-Back Price is calculated by applying the Tender Discount selected by Caltex following the end of the Tender Period to the Market Price and that eligible shareholders are permitted to lodge a Tender conditional on a Minimum Price.

ASX Relief

The ASX has granted Caltex the following:

- a waiver from Listing Rule 7.40 to permit Caltex to dispatch the Buy-Back Documents to shareholders no later than four business days after the Buy-Back Record Date; and
- a waiver from Listing Rule 3.8A to permit Caltex to lodge an Appendix 3F on the second business day after the Closing Date.

The ASX has also confirmed that it will treat the Buy-Back as an equal access buy-back and will not require daily buy-back notifications (under Appendix 3E) to ASX during the Tender Period.

4.18 Privacy

Caltex is carrying out the Buy-Back in accordance with the Corporations Act. This involves the personal information contained in Tender Forms being collected to enable Caltex to determine the quantum of Shares, if any, and the price at which it will buy back Shares under the Buy-Back. If you do not provide this information, Caltex and its agents may be hindered in, or prevented from, processing your Tender.

The personal information collected by Caltex will only be disclosed to Computershare Investor Services Pty Limited in its capacity as share registrar of Caltex and a print and mail service provider(s), to Caltex's advisers in relation to the Buy-Back and to financial institutions in respect of payments to you in connection with the Buy-Back or as required or authorised by law.

You may access the individual information collected by Caltex in relation to your shareholding by writing to Caltex, c/- Computershare Investor Services at the mailing address set out on the Tender Form.

4.19 Applicable law

This Invitation, your Tender, and the Buy-Back generally, are governed by the laws of New South Wales, Australia.
