LiveTiles adds 1.1m LiveTiles Mosaic users in Asia

LiveTiles Limited (“LiveTiles”) (ASX:LVT) is pleased to announce that LiveTiles Mosaic will be deployed to 1.1 million students and teachers under an agreement with the Department of Education and Training, Ho Chi Minh City, Vietnam.

LiveTiles Mosaic enables K-12 teachers to easily create modern, touch-friendly digital classrooms which seamlessly integrate with Office 365.

LiveTiles Mosaic is currently a free product. LiveTiles’ key objective with LiveTiles Mosaic is to achieve substantial scale in the global K-12 education market ahead of exploring potential monetisation paths.

Including the Vietnam transaction, LiveTiles Mosaic has now been deployed to schools and school districts with a student and teacher base of over 3.6 million (up from 2.1 million since LiveTiles’ ASX listing in September 2015).

CEO and Co-Founder Karl Redenbach said: “This is our first major deployment of LiveTiles Mosaic in Asia and marks another step on our path to becoming the leading digital classroom software tool.”
