

ASX ANNOUNCEMENT

First Coal at Isaac Plains Coking Coal Mine

HIGHLIGHTS

- First coal was processed through the restarted Isaac Plains wash plant today
- Achieved within the targeted timeframe for the restart of the mine (April)
- Logistic arrangements in place for first shipment early May

Stanmore Coal Limited (**Stanmore** or the **Company**) (**ASX:SMR**) is pleased to announce that first product coal has been processed by the coal handling and preparation plant (**CHPP**) at the recently acquired Isaac Plains Coking Coal Mine.

Nick Jorss, Managing Director of Stanmore, said “It is my great pleasure to announce the production of our first coal at the restarted Isaac Plains coking coal mine. First production marks a significant milestone for the Company and signifies our recent transition from explorer to producer.

We have a steady flow of run-of-mine (**ROM**) coal from mining operations and stockpiles to deliver the first shipments to our top tier Asian steel mill customers; the first of which is planned for early May.

This milestone represents the culmination of a significant effort by the Stanmore team. The Board would like to thank the employees, key consultants and contractors to the Company for their hard work as we enter the next exciting phase of growth for the business.”
