THE ROYAL AUSTRALIAN COLLEGE OF GENERAL PRACTITIONERS JOINS THE ZIPMONEY PLATFORM

zipMoney Limited (ASX:ZML) ("**zipMoney**") is pleased to announce that it has entered into a consumer finance agreement with The Royal Australian College of General Practitioners ("RACGP") to deliver simple, digital, interest free payment plans for general practitioners.

The RACGP has been in operation in Australia since 1958 and has more than 32,000 members. The RACGP is responsible for setting standards for quality clinical practice, education and training, and advocating on behalf of the general practice profession. The RACGP has the largest membership of any medical college in Australia, representing urban, regional and rural communities.

The zipMoney payment technology allows the RACGP to deliver a pay later offer for membership fees. The digital experience and payment plan option is a key component, providing GPs with the ability to 'pay later' on interest free terms.

zipMoney Director of Merchant Services Mr Jonathan Kelly stated "Bringing on such a reputable organisation as the RACGP exemplifies the diversification and practicality of our products and solutions across the Australian payments and financial services landscape. Ultimately we are giving GPs a more attractive way to pay and the RACGP is a very innovative and adaptive organisation looking to add value and flexibility to its members."

The relationship enhances zipMoney's exposure to the health services industry.
