**DICKER DATA APPOINTED MICROSOFT 2-TIER CLOUD SOLUTION PROVIDER (CSP) PARTNER**  
**Appointment Grants Access to Full Range of Microsoft CSP Products**

The Board of Directors of Dicker Data Limited (ASX: DDR) are pleased to announce our recent appointment as a Microsoft 2-Tier Cloud Solution Provider (CSP) distribution partner. The appointment grants Dicker Data full access to sell the entire range of Microsoft CSP products including Office 365, Azure, Enterprise Mobility Suite (EMS) and more.

Chairman and CEO, David Dicker, said “Our appointment as a Microsoft 2T CSP distribution partner not only reinforces the strength of our partnership with Microsoft, but comes at a time when many of our reseller partners and their end-users are pivoting their businesses towards consumption-based billing. Our access to the CSP program will take centre stage on our CloudPortal platform to support our partners who are moving towards these OPEX models.”

“I want to congratulate Dicker Data on being selected as one of the newest cloud wholesalers in Microsoft’s Cloud Solution Provider Program,” said Phil Goldie, Director, Partner Business and Development, Microsoft Australia. “Dicker Data will help grow their Cloud ready channel and offer our broad partner network the opportunity to deepen customer relationships and expand business opportunities in the cloud.”

Dicker Data Australia will commence offering the CSP products in July/August 2016.

For and on behalf of the Board,

David Dicker  
Chairman & CEO
