

# 1stAvailable's booking platform goes live across the Primary Health Care dental network

## HIGHLIGHTS

- 1stAvailable's booking platform is now live across 54 of Primary Health Care's (Primary) dental centres, moving from pilot phase into full production
- Primary's dental centres are now taking appointments online through the 1stAvailable platform, the Primary dental website and the Primary dental app.

1st Available Limited (ASX: **1ST**) ('The **Company**', '**1stAvailable**', or '**1ST**'), is pleased to announce that it has entered the next phase of its commercial agreement with Primary Health Care's dental network, with the Company's booking platform now live across 54 of Primary's dental centres.

1stAvailable is an Australian online health services community platform that simplifies and facilitates interaction between health service stakeholders to enhance consumer choice, access and outcomes.

Primary is one of Australia's largest healthcare companies, with a national network of multi-disciplinary medical and dental centres, pathology laboratories and diagnostic imaging centres.

The launch follows the signing of a commercial agreement with Primary's dental network business in February this year. As a result, the agreement has moved from the pilot phase into full production.

Primary is now taking appointments online through the 1stAvailable portal, 1stAvailable mobile app, the Primary dental website and the Primary custom 1stAvailable dental app. The commitment is for a minimum of six months, and like all 1stAvailable customers, will undergo regular monthly, six-monthly or annual renewals depending on agreed commercial terms.

1stAvailable's Managing Director, Klaus Bartosch, said: "I am pleased about the continued growth and adoption of the 1stAvailable solution among major Australian companies which demonstrates that our solutions meet the complex needs of major corporations, but also service the requirements of individual practices or indeed sole practitioners."
